

DEPARTMENT OF EDUCATION

[CFDA No.: 84.133A-6]

Office of Special Education and Rehabilitative Services; National Institute on Disability and Rehabilitation Research-Disability Rehabilitation Research Projects (DRRP) Program; Notice Inviting Applications for Fiscal Year (FY) 2003

Note to Applicants: This notice is a complete application package. Together with the statute authorizing the program and the Education Department General Administrative Regulations (EDGAR), this notice contains all of the information, application forms, and instructions you need to apply for a grant under this competition.

Purpose of the Program: The purpose of the DRRP program is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973 (the Act), as amended. For FY 2003 the competition for new awards focuses on projects designed to meet the priority we describe in the PRIORITY section of this application notice. We intend this priority to improve rehabilitation services and outcomes for individuals with disabilities.

In order to provide applicants with a 60-day application period and to ensure that this grant is awarded before the end of FY 2003, NIDRR is inviting applications based on the proposed priority. NIDRR will publish the final priority as soon as possible after the comment period closes on May 16, 2003.

Depending upon the comments that NIDRR receives, the final priority may include revisions to the proposed priority. It is generally the policy of the Department of Education not to solicit applications before the publication of a final priority. However, in this case, it is essential to solicit applications on the basis of the proposed priority in order to allow applicants sufficient time to prepare applications of appropriate quality to be funded. Applicants are advised to begin to develop their applications based on the proposed priority. If changes are made in the final priority, applicants will be given an opportunity to revise or resubmit their applications.

The notice of proposed priority for collaborative research for Traumatic Brain Injury Model Systems (TBIMS) requires the applicants to collaborate with the current TBIMS grantees. The National Rehabilitation Information Center has the contact information for the TBIMS grantees at <http://www.naric.com/search/pd/notice>. NIDRR's current TBIMS grantees are:

University of Alabama at Birmingham TBIMS; Northern California TBIMS of Care at Santa Clara Valley Medical Center (SCVMC); Rocky Mountain Regional Brain Injury System (RMRBIS) at Craig Hospital; Spaulding/Partners TBIMS at Harvard Medical School; Southeastern Michigan TBI System (SEMTBIS) at Wayne State University; Mayo Clinic TBIMS; TBIMS of Mississippi (TBIMSM) at Methodist Rehabilitation Center; JFK-Johnson Rehabilitation Institute TBIMS; New York TBIMS (NYTBIMS) at Mount Sinai School of Medicine; Carolinas TBI Rehabilitation and Research System (CTBIRRS) at Charlotte Mecklenburg Hospital Authority; Ohio Regional TBIMS at Ohio State University; Moss TBIMS at Albert Einstein Healthcare Network; University of Pittsburgh Brain Injury Model System (UPBI); North Texas TBIMS (NT-TBIMS) at University of Texas Southwestern Medical Center; TBIMS at Virginia Commonwealth University; and University of Washington TBIMS.

Eligible Applicants: Parties eligible to apply for grants under this program are States; public or private agencies, including for-profit agencies; public or private organizations, including for-profit organizations; institutions of higher education; and Indian tribes and tribal organizations.

Pre-Application Meeting: Interested parties are invited to participate in a pre-application meeting to discuss the funding priorities and to receive technical assistance through individual consultation and information about the funding priorities. The pre-application meeting will be held on May 28, 2003 either in person or by conference call at the Department of Education, Office of Special Education and Rehabilitative Services, Switzer Building, room 3065, 330 C Street, SW., Washington, DC between 10 a.m. and 12 noon. NIDRR staff will also be available from 1:30 p.m. to 4 p.m. on that same day to provide technical assistance through individual consultation and information about the funding priority. For further information or to make arrangements to attend contact Donna Nangle, Switzer Building, room 3412, 330 C Street, SW., Washington, DC 20202. Telephone (202) 205-5880 or via Internet: donna.nangle@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call (202) 205-4475.

Assistance to Individuals With Disabilities at the Public Meetings

The meeting site is accessible to individuals with disabilities, and a sign language interpreter will be available. If you will need an auxiliary aid or service other than a sign language interpreter in order to participate in the meeting (e.g., other interpreting service such as oral, cued speech, or tactile interpreter; assistive listening device; or materials in alternate format), notify the contact person listed in this notice at least two weeks before the scheduled meeting date. Although we will attempt to meet a request we receive after this date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

Application Procedures

Note: Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications

In FY 2003, the U.S. Department of Education is continuing to expand its pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The Disability Rehabilitation Research Projects (DRRP) Program—CFDA #84.133A is one of the programs included in the pilot project. If you are an applicant under the DRRP, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-Application) portion of the Grant Administration and Payment System (GAPS). Users of e-Application will be entering data on-line while completing their applications. You may not e-mail a soft copy of a grant application to us. If you participate in this voluntary pilot project by submitting an application electronically, the data you enter on-line will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for improvement.

If you participate in e-Application, please note the following:

- Your participation is voluntary.
- You will not receive any additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format. When you enter the e-Application system, you will find information about its hours of operation.
- You may submit all documents electronically, including the Application for Federal Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an

identifying number unique to your application).

- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Assistance (ED 424) to the Application Control Center after following these steps:

(1) Print ED 424 from the e-Application system.

(2) The institution's Authorizing Representative must sign this form.

(3) Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.

(4) Fax the signed ED 424 to the Application Control Center at (202) 260-1349.

- We may request that you give us original signatures on all other forms at a later date.

• *Closing Date Extension in Case of System Unavailability:* If you elect to participate in the e-Application pilot for the DRRP and you are prevented from submitting your application on the closing date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. For us to grant this extension—

(1) You must be a registered user of e-Application, and have initiated an e-Application for this competition; and

(2)(a) The e-Application system must be unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the deadline date; or

(b) The e-Application system must be unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 and 4:30 p.m., Washington, DC time) on the deadline date. The Department must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension you must contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** or (2) the e-GRANTS help desk at 1-888-336-8930.

You may access the electronic grant application for the DRRP at: <http://e-grants.ed.gov>.

Parity Guidelines Between Paper and Electronic Applications: In FY 2003, the U.S. Department of Education is continuing to expand the pilot project that allows applicants to use an Internet-based electronic system for submitting applications. This competition is among those that have an electronic submission option available to all applicants. The system, called e-Application, allows an applicant to

submit a grant application to us electronically, using a current version of the applicant's Internet browser. To see e-Application visit the following address: <http://e-grants.ed.gov>.

Parity Instructions

Users of e-application, a data driven system, will be entering data on-line while completing their applications. This will be more interactive than just e-mailing a soft copy of a grant application to us. If you participate in this voluntary pilot project by submitting an application electronically, the data you enter on-line will go into a database and ultimately will be accessible in electronic form to our reviewers.

This pilot project continues the Department's transition to an electronic grant award process. In addition to e-Application, the Department plans to expand the number of discretionary programs using the electronic peer review (e-Reader) system and to increase the participation of discretionary programs offering grantees the use of the electronic annual performance reporting (e-Reports) system.

To help ensure parity and a similar look between electronic and paper copies of grant applications, we are asking each applicant that submits a paper application to adhere to the following guidelines:

- Submit your application on 8.5" by 11" paper.
- Leave a 1-inch margin on all sides.
- Use consistent font throughout your document. You may also use boldface type, underlining, and italics. However, please do not use colored text.
- Please use black and white, also, for illustrations, including charts, tables, graphs and pictures.
- For the narrative component, your application should consist of the number and text of each selection criterion followed by the narrative. The text of the selection criterion, if included, does not count against any page limitation.

• Place a page number at the bottom right of each page beginning with 1; and number your pages consecutively throughout your document.

Additional Application Procedures

Appendices: Do not attach any appendices if all of your appendices are not in electronic format. Type in the appendices section: "Appendices are being sent separately." and note the date that they are hand delivered or mailed. Put the PR/award number and the word "Appendices" in the upper right hand corner of each page of the appendices.

Send the entire package of appendices to: U.S. Department of Education, Application Control Center, Attention: (CFDA # 84.133A-6)—Appendices, 7th & D Streets, SW., Room 3671, Regional Office Building 3, Washington, DC 20202-4725.

You must clearly label the outside of the envelope with the PR/Award Number and the word "Appendices." You must submit all hard copy appendices according to the **Instructions for Transmitting Applications** found elsewhere in this notice.

Application Forms and Instructions

Applicants are advised to reproduce and complete the application forms in this section. Applicants applying in paper copy format are required to submit an original and two copies of each application as provided in this section. However, applicants are encouraged to submit an original and seven copies of each application in order to facilitate the peer review process and minimize copying errors.

Frequent Questions

1. Can I Get an Extension of the Due Date?

No. On rare occasions the Department of Education may extend a closing date for all applicants. If that occurs, a notice of the revised due date is published in the **Federal Register**. However, there are no extensions or exceptions to the due date made for individual applicants.

2. What Should Be Included in the Application?

The application should include a project narrative, vitae of key personnel, and a

budget, as well as the Assurances forms included in this package. Vitae of staff or consultants should include the individual's title and role in the proposed project, and other information that is specifically pertinent to this proposed project. The budgets for both the first year and all subsequent project years should be included.

If collaboration with another organization is involved in the proposed activity, the application should include assurances of participation by the other parties, including written agreements or assurances of cooperation. It is not useful to include general letters of support or endorsement in the application.

If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application.

Many applications contain voluminous appendices that are not helpful and in many cases cannot even be mailed to the reviewers. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant.

3. What Format Should Be Used for the Application?

NIDRR generally advises applicants that they may organize the application to follow the selection criteria that will be used. The specific review criteria vary according to the specific program, and are contained in this Consolidated Application Package.

4. May I Submit Applications to More Than One NIDRR Program Competition or More Than One Application to a Program?

Yes, you may submit applications to any program for which they are responsive to the program requirements. You may submit the same application to as many competitions as you believe appropriate. You may also submit more than one application in any given competition.

5. What Is the Allowable Indirect Cost Rate?

The limits on indirect costs vary according to the program and the type of application. An applicant for an RRTC is limited to an indirect rate of 15 percent. An applicant for Advanced Rehabilitation Research Training project is limited to a training grant indirect rate of 8 percent. An applicant for a RERC, DRRP, or Field Initiated project should limit indirect charges to the organization's approved indirect cost rate. If the organization does not have an approved indirect cost rate, the application should include an estimated actual rate.

6. Can Profitmaking Businesses Apply for Grants?

Yes. However, for-profit organizations will not be able to collect a fee or profit on the grant, and in some programs will be required to share in the costs of the project.

7. Can Individuals Apply for Grants?

No. Only organizations are eligible to apply for grants under NIDRR programs. However, individuals are the only entities eligible to apply for fellowships.

8. Can NIDRR Staff Advise Me Whether My Project Is of Interest to NIDRR or Likely To Be Funded?

No. NIDRR staff can advise you of the requirements of the program in which you propose to submit your application. However, staff cannot advise you of whether your subject area or proposed approach is likely to receive approval.

9. How Do I Assure That My Application Will Be Referred to the Most Appropriate Panel for Review?

Applicants should be sure that their applications are referred to the correct competition by clearly including the competition title and CFDA number, including alphabetical code, on the Standard Form 424, and including a project title that describes the project.

10. How Soon After Submitting My Application Can I Find Out if It Will Be Funded?

The time from closing date to grant award date varies from program to program. Generally speaking, NIDRR endeavors to have awards made within five to six months of the closing date. Unsuccessful applicants generally will be notified within that time frame as well. For the purpose of estimating a project start date, the applicant should estimate approximately six months from the closing date, but no later than following September 30.

11. Can I Call NIDRR to Find Out if My Application Is Being Funded?

No. When NIDRR is able to release information on the status of grant applications, it will notify applicants by letter. The results of the peer review cannot be released except through this formal notification.

12. If My Application Is Successful, Can I Assume I Will Get the Requested Budget Amount in Subsequent Years?

No. Funding in subsequent years is subject to availability of funds and project performance.

13. Will All Approved Applications Be Funded?

No. It often happens that the peer review panels approve for funding more applications than NIDRR can fund within available resources. Applicants who are approved but not funded are encouraged to consider submitting similar applications in future competitions.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the

activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 12 on the ED 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative and insert it immediately following the ED 424 face page.

A. Exempt Research Narrative.

If you marked "Yes" for item 12a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 12a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4248, telephone: (202) 708-8263, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://www.ed.gov/offices/OCFO/humansub.html>
