

a given option once the number of contracts automatically executed exhausts the specified disengagement size for that option within a 15-second time frame.

The Exchange believes that this has enabled specialists in such options to continue to provide fair and orderly markets during peak market activity by manually executing orders at correct market prices and refreshing quotations to reflect market demand.

Finally, the Exchange represents that,²⁰ if the quotation in the option series that exhausts the specified disengagement size is revised (either by Auto-Quote or manually by the specialist) prior to the expiration of the 30-second period during which AUTO-X is disengaged, AUTO-X will automatically re-engage for that option upon such revision. If the quotation in such an option series is not revised during the 30 second period during which AUTO-X is disengaged, the responsible broker or dealer is firm for the disseminated price, up to the disseminated size, pursuant to Exchange Rule 1082. In such a circumstance, AUTO-X is reengaged automatically after 30 seconds. The Exchange currently engages in surveillance for occurrences in which responsible brokers or dealers do not comply with the Firm Quotation requirements of Exchange Rule 1082, including during the 30-second AUTO-X disengagement period that is the subject of this proposed rule change.²¹

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,²² in general, and furthers the objectives of Section 6(b)(5) of the Act,²³ in particular, in that it is designed to perfect the mechanisms of a free and open market and the national market system, protect investors and the public interest and promote just and equitable principles of trade by enabling the Exchange to prepare for the dissemination of option quotes with actual size, and by enabling Exchange specialists.

²⁰ See Amendment No. 1, note 3 *supra*.

²¹ The Commission notes that the Exchange has represented that it will issue a circular to its members, member organizations, participants, and participant organizations explaining the pilot program and the circumstances in which the AUTO-X system will not be available for customer orders. Telephone conversation between Richard S. Rudolph, Counsel, Phlx and Marc McKayle, Special Counsel, Division, Commission, on May 13, 2003.

²² 15 U.S.C. 78f(b).

²³ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Phlx. All submissions should refer to File No. SR-Phlx-2003-29 and should be submitted by June 30, 2003.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.²⁴ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act, which requires that the rules of an exchange be designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national securities system, and protect investors and the public interest.²⁵

²⁴ In approving this proposal, the Commission has considered its impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

²⁵ 15 U.S.C. 78f(b)(5).

The Commission believes that the extension of the pilot should assist specialists in maintaining fair and orderly markets during periods of peak market activity. In this regard, the Commission notes that since the previous extension of the pilot, in response to Commission concerns, the Exchange has automated the re-engaging of AUTO-X for a particular option issue prior to thirty seconds, if the specialist has revised the quote before that time period. The Commission believes that an extension of the pilot program for an additional six months should allow the Exchange to continue its efforts to deploy its new Auto-Quote system to prepare for the dissemination of quotes with actual size.

Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,²⁶ for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission recognizes that, according to the Phlx, no complaints from customers, floor traders, or member firms have been received during the entire period of the pilot program. The Commission believes that granting accelerated approval to extend the pilot program for an additional six months will allow Phlx to continue, without interruption, the existing operation of its AUTO-X system.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,²⁷ that the proposed rule change (SR-Phlx-2003-29), as amended, is hereby approved on an accelerated basis, as a six-month pilot, scheduled to expire on November 30, 2003.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.²⁸

Margaret H. McFarland,

Deputy Secretary.

SMALL BUSINESS ADMINISTRATION

Notice Inviting Application for Funding Under the 7(j) Management and Technical Assistance Program

AGENCY: U.S. Small Business Administration.

ACTION: Notice of invitation for proposals for 7(j) management and technical assistance awards in FY 2003.

SUMMARY: The U.S. Small Business Administration (SBA) plans to issue program announcement No. MTA-03-01, to solicit proposals from public or private organizations, to provide business development assistance and training for nationwide 7(j) eligible client executives. The authorizing legislation for this training is section 7(j) of the Small Business Act, U.S.C. 636(j). SBA will select successful proposals using a competitive process.

Awardees will have responsibility for project oversight, design, marketing, management, execution, monitoring and reporting for the training program. Proposals are being solicited from organizations that have experience in Executive Education or similar Programs and have successfully provided executive level training to small business entrepreneurs on at least 3 occasions during the past five (5) years. Colleges and universities that respond to this solicitation, must have American Assembly for Collegiate Schools of Business (AACSB) accreditation or be a member of the American Indian Higher Education consortium (AIHEC). The applicant must have the qualified faculty, support staff, training and technical materials, equipment and facilities, or access to facilities, as well as an internal financial management system, to provide Executive Education Program (EEP) training services to 7(j) eligible client executives in a classroom environment.

The EEP proposal should present training that will develop and improve the management and business decision skills of the 7(j) eligible clients. The enhancement of these skills should ensure the continued viability and growth of the small business owners in the 21st century. The EEP training curriculum must include the following three core subject matters for small business owners: strategic planning, financial analysis and, e-commerce. Additional subject matters should include some of the following: internal management systems, business alliances, government contracting, information technology, market research, financial reporting, product lines, quality assurance services, human resources, insurance, taxation, legal issues, investments, international business opportunities and etc.

SBA plans to award approximately \$700,000.00, subject to the availability of funds, under this notice. This amount would fund several awards which would provide EEP training to approximately 175 7(j) eligible executives. SBA reserves the right to fund, in whole or in part, any, all, or none of the proposals submitted in
