

how this proposed temporary rule might impact tribal governments, even if that impact may not constitute a “tribal implication” under the Order.

Energy Effects

We have analyzed this proposed temporary rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this proposed temporary rule and concluded that, under figure 2–1, paragraph (32) (e), of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. A “Categorical Exclusion Determination” is available in the docket where indicated under

BILLING CODE 4910–15–P

DEPARTMENT OF DEFENSE

48 CFR Part 204 and Appendix G to Chapter 2

[DFARS Case 2003–D005]

Defense Federal Acquisition Regulation Supplement; DoD Activity Address Codes in Contract Numbers

AGENCY: Department of Defense (DoD).

ACTION: Proposed rule with request for comments.

SUMMARY: DoD is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to prescribe the use of DoD activity address codes in the first six positions of solicitation and contract numbers, instead of the current practice of using DoD activity address numbers in the first six positions. This change will provide consistency in the method of identifying DoD activities and will eliminate the need for maintenance of the list of DoD activity address numbers in DFARS Appendix G.

DATES: Comments on the proposed rule should be submitted in writing to the address shown below on or before August 11, 2003, to be considered in the formation of the final rule.

ADDRESSES: Respondents may submit comments directly on the World Wide Web at <http://emissary.acq.osd.mil/dar/dfars.nsf/pubcomm>. As an alternative, respondents may e-mail comments to: dfars@acq.osd.mil. Please cite DFARS Case 2003–D005 in the subject line of e-mailed comments.

Respondents that cannot submit comments using either of the above methods may submit comments to: Defense Acquisition Regulations Council, Attn: Ms. Susan Schneider, OUSD(AT&L)DPAP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301–3062; facsimile (703) 602–0350. Please cite DFARS Case 2003–D005.

At the end of the comment period, interested parties may view public comments on the World Wide Web at <http://emissary.acq.osd.mil/dar/dfars.nsf>.

FOR FURTHER INFORMATION CONTACT: Ms. Susan Schneider, (703) 602–0326.

SUPPLEMENTARY INFORMATION:

A. Background

This rule proposes amendments to DFARS Subpart 204.70 to prescribe the use of a contracting office’s DoD activity address code in the first six positions of a solicitation or contract number, instead of the DoD activity address number found in DFARS Appendix G. DoD is planning to use activity address codes in numbering solicitations and contracts, beginning October 1, 2003. DoD activity address codes are maintained by the Defense Logistics Agency and are available at <https://day2k1.daas.dla.mil/dodaac/dodaac.asp>.

The proposed change will eliminate the need for maintenance of the list of activity address numbers in DFARS Appendix G. However, there will still be a need to maintain the two-position codes, presently found in Appendix G, that contracting offices use when placing an order against another activity’s contract or agreement. These codes will be relocated to the Defense Procurement and Acquisition Policy Web site (<http://www.acq.osd.mil/dpap>), and Appendix G will be removed from the DFARS. The administrative information included in section 204.7005 of this proposed rule is also being considered for a location outside of the DFARS.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because assignment of solicitation and contract numbers is an administrative function performed by the Government. Since the rule makes no change to the number of characters in a solicitation or contract number, it should not have a significant effect on the operation of automated systems. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D005.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection

requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
