(108) On December 16, 2002, Lloyd L. Eagan, Director, Wisconsin Department of Natural Resources, submitted revised rules to allow use of NO_x emissions averaging for sources subject to NO_x emission limits in the Milwaukee-Racine area. The revised rules also establish a NO_x emissions cap for sources that participate in emissions averaging, consistent with the emissions modeled in Wisconsin's approved one-hour ozone attainment demonstration for the Milwaukee-Racine area. The rule revision also creates a new categorical emissions limit for new integrated gasification combined cycle units.

AGENCY: Office of Governmentwide Policy, General Services Administration (GSA).

ACTION: Final rule.

SUMMARY: This final rule amends the Federal Travel Regulation (FTR) by increasing the incidental expense allowance under the per diem expenses from \$2.00 to \$3.00 for all per diem localities.

DATES: *Effective Date:* October 1, 2003.

FOR FURTHER INFORMATION CONTACT: The Regulatory Secretariat, Room 4035, GSA Building, Washington, DC 20405, (202) 208-7312, for information pertaining to status or publication schedules. For clarification of content, contact Ms. Umeki G. Thorne, Program Analyst, Office of Governmentwide Policy, Travel Management Policy at (202) 208-7636. Please cite FTR case 2003-306.

SUPPLEMENTARY INFORMATION:

A. Background

An analysis of lodging and meal cost survey data reveals that the listing of maximum per diem rates for locations within the continental United States (CONUS) should be updated to provide for the reimbursement of Federal employees' expenses covered by per diem. As a result of this analysis, the incidental expense under the per diem expenses will be increased from \$2 to \$3 for all per diem localities.

B. Executive Order 12866

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and

Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

C. Regulatory Flexibility Act

This final rule is not required to be published in the **Federal Register** for notice and comment; therefore, the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, does not apply.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FTR do not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

E. Small Business Regulatory Enforcement Fairness Act

This final rule is also exempt from congressional review prescribed under 5 U.S.C. 801 since it relates solely to agency management and personnel.

Medicaid Program; Time Limitation on Price Recalculations and Recordkeeping Requirements Under the Drug Rebate Program

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Final rule with comment period.

SUMMARY: On September 19, 1995, we published a proposed rule in the **Federal Register** that introduced requirements for States and manufacturers pertaining to the Medicaid drug rebate program. We received several comments from States and manufacturers regarding recordkeeping requirements and drug price recalculations. This final rule with comment period finalizes separately, in an accelerated timeframe, two specific provisions of the September 1995 proposed rule. It establishes new recordkeeping requirements for drug manufacturers under the Medicaid drug rebate program. It also sets forth a 3-year time limitation during which manufacturers must report changes to average manufacturer price and best price for purposes of reporting data to us. In addition, it announces the pressing need for codification of fundamental recordkeeping requirements. Furthermore, it announces our intention to continue to work on finalizing the complete drug rebate regulation for the Medicaid drug rebate program.

DATES: *Effective Date:* October 1, 2003.

Comment Date: Comments will be considered if we receive them at the appropriate address, as provided below, no later than 5 p.m. on October 28, 2003.

ADDRESSES: In commenting, please refer to file code CMS-2175-FC. Because of staff and resource limitations, we cannot accept comments by facsimile (FAX) transmission or e-mail. I. Background

A. Overview

We are publishing this final rule with comment period to address the issues of manufacturer recordkeeping requirements and price recalculations under the Medicaid drug rebate program. We decided to issue a final rule with comment period rather than a final rule to give interested parties an additional opportunity to provide comments on these provisions. We believe the additional comment period is appropriate given the time that has elapsed between the publication of the September 19, 1995 proposed rule (60 FR 48442) and the publication of this rule.

We are publishing this rule to address concerns regarding the administration of the Medicaid drug rebate program for manufacturers and States. In the absence of a regulatory recordkeeping requirement, manufacturers are in effect required to retain pricing data for an indefinite period. The 3-year recordkeeping requirement will enable manufacturers to close their books within a reasonable timeframe. This recordkeeping requirement will mirror the 3-year timeframe established for States to retain records at 42 CFR 433.32.

We believe establishing a timeframe for manufacturers to submit revised pricing data to us also streamlines the administration of the Medicaid drug rebate program. Due to recalculations involving hundreds of millions of State and Federal Medicaid dollars and over 10 years of paperwork, we believe it is essential that a standard timeframe be established within which manufacturers and CMS, or States, are permitted to submit revised drug prices. This timeframe will also assist States that would otherwise be required to retain their drug utilization data indefinitely to verify changes in rebate amounts resulting from retroactive manufacturer recalculations. Therefore, as of the effective date of this rule, manufacturers will have 12 quarters from the quarter in which the data were originally due to submit revised pricing data to us. This timeframe is described in further detail in section IV of the preamble, "Provisions of the Final Rule."
