[DA 03-2716, MM Docket No. 00-64, RM-9117]

Radio Broadcasting Services; Madison, Alabama and Tullahoma, TN

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; denial.

SUMMARY: This document denies a pending petition for rulemaking proposing the reallocation of Channel 227C1 from Tullahoma, Tennessee to Madison, Alabama, and the modification of the Station WUSX(FM) license accordingly. The Audio Division had requested comment on a petition filed by Tennessee Valley Radio, Inc. proposing the reallocation of Channel 227C1. See 65 FR 20,935, April 19, 2000. The petitioner subsequently amended its proposal in reply comments, asking that Channel 227C1 be removed from Tullahoma, Tennessee, and that Channel 227C2 be allotted at Madison, Alabama. In its reply comments, petitioner also revised the proposed reference coordinates for the new allotment at Madison, Alabama. The revised reference coordinates are 34-50-20 North Latitude and 86-30-53 West Longitude. This document denies the petition, based upon the conclusion that the proposed reallocation and

change of community of license would not serve the public interest, and terminates the proceeding.

RIN 2127-A156

Federal Motor Vehicle Safety Standards No. 224; Rear Impact Protection

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: In this document, NHTSA proposes to amend the Federal motor vehicle safety standard (FMVSS) No. 224, "Rear impact protection," to exclude road construction controlled horizontal discharge semitrailers (RCC horizontal discharge trailers) from the standard. The agency has tentatively concluded that the installation of rear impact guards (underride guards), as required by FMVSS No. 224, on RCC horizontal discharge trailers is impracticable due to the unique design and purpose of such vehicles.
