

in this review, Jilin Henghe Pharmaceutical Company Ltd. (“Jilin”) and Shandong Xinhua Pharmaceutical Co., Ltd. (“Shandong”) did not file ministerial error allegations or comment on the petitioner’s allegations.

The petitioner contends that the Department failed to apply the calculated credit rate to Shandong’s U.S. sales and incorrectly calculated the credit period. In the calculation of the surrogate value for acetic acid for Jilin and Shandong, the petitioner contends that the Department incorrectly deducted taxes from the already tax-

exclusive domestic price of acetic acid sold on the Mumbai Market.

In accordance with section 735(e) of the Act, we have determined that ministerial errors were made in our final results margin calculations. Specifically we find that the incorrect calculation of Shandong’s credit expense and that the incorrect calculation of the domestic price of acetic acid constitute clerical errors. For a detailed discussion of all of the ministerial error allegations and the Department’s analysis, see Memorandum to Susan Kuhbach, “Antidumping Duty Administrative Review of Bulk Aspirin from the

People’s Republic of China; Allegations of Ministerial Errors” dated September 12, 2003 which is on file in the Central Records Unit, room B-099 of the main Department building.

In accordance with 19 C.F.R. 351.224(e), we are amending the final results of the antidumping duty administrative review of bulk aspirin from the PRC to correct these ministerial errors. However, the amended weighted-average margins are identical to the weighted-average margins in the final results (see Final Results). The weighted-average dumping margins for Jilin and Shandong are listed below:

Producer//Manufacturer/Exporter	Original Weighted-average margin percentage	Amended Results Weighted-average margin percentage
Jilin Henghe Pharmaceutical Company Ltd.	0.00	0.00
Shandong Xinhua Pharmaceutical Co., Ltd.	0.00	0.00

Cash Deposit Rates

The following deposit rates will be effective upon publication of these final results for all shipments of bulk aspirin from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided for by section 751(a)(1) of the Act: (1) for Shandong and Jilin, which have separate rates, no antidumping duty deposit will be required; (2) for a company previously found to be entitled to a separate rate and for which no review was requested, the cash deposit rate will be the rate established in the most recent review of that company; (3) for all other PRC exporters the cash deposit rate will be 144.02 percent, the PRC-wide rate established in the less than fair value investigation; and (4) for non-PRC exporters of subject merchandise from the PRC, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter. These deposit rates shall remain in effect until publication of the final results of the next administrative review.

These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Assessment Rates

The Department will issue appropriate assessment instructions directly to the Bureau of Customs and Border Protection within 15 days of publication of these amended final results of review.

We are issuing and publishing this determination and notice in accordance

with sections 751(a)(1) and 771(i)(1) of the Act.

Dated: September 12, 2003.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty changed circumstances review.

SUMMARY: The Department has determined that entries of certain softwood lumber products produced and exported by Monterra Lumber Mills Limited (Monterra) shall be subject to the “All Others” cash deposit rate of 8.43 percent as of the date of publication of this notice in the **Federal Register**.

EFFECTIVE DATE: September 19, 2003.

SUPPLEMENTARY INFORMATION

Background

As a result of the antidumping duty order issued following the completion of the less-than-fair-value investigation of certain softwood lumber products from Canada, imports of softwood lumber from Monterra, a subsidiary of respondent company Weyerhaeuser Company Limited (Weyerhaeuser), became subject to a cash deposit rate of 12.39 percent (*See Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Order: Certain Softwood Lumber Products from Canada*, 67 FR 36068 (May 22, 2002)). On February 4, 2003, Monterra notified the Department that effective December 23, 2002, Weyerhaeuser sold its interest in Monterra to 1554545 Ontario, Inc. (1554545 Ontario), a wholly owned subsidiary of Tercamm Corp., a privately owned Canadian investment company. As a result, Monterra requested that the Department conduct a changed circumstances review in order to conclude that, effective December 23, 2002, it should be subject to the “All Others” cash deposit rate of 8.43 percent, rather than Weyerhaeuser’s 12.39 percent rate. On March 27, 2003, the Department published a notice of initiation of a changed circumstances review to determine whether entries naming Monterra as manufacturer and exporter

amended bracketing of business proprietary information from Rhodia.

should receive the "All Others" cash deposit rate of 8.43 percent.

On April 29, 2003, Monterra, at the request of the Department, submitted additional information and documentation regarding its sale by Weyerhaeuser to 1554545 Ontario. On May 8, 2003, the petitioner¹ submitted comments on the information provided by Monterra and requested that the Department issue a supplemental questionnaire. On May 21, 2003, the Department issued a supplemental questionnaire requesting further details and documentation surrounding the sale and purchase, which were provided by Monterra in its subsequent submission of June 4, 2003. The petitioner did not comment on Monterra's June 4, 2003, submission.

On July 25, 2003, the Department published the preliminary results of this changed circumstances review and preliminarily determined that entries naming Monterra as manufacturer and exporter should receive the "All Others" cash deposit rate of 8.43 percent. *See Certain Softwood Lumber Products From Canada: Notice of Preliminary Results of Antidumping Duty Changed Circumstances Review*, 68 FR 44048 (July 25, 2003) (Preliminary Results). In addition, we denied Monterra's request to have the cash deposit rate of 8.43 percent made effective as of December 23, 2002. In the Preliminary Results, we stated that interested parties could request a hearing or submit case briefs and/or written comments to the Department no later than 30 days after publication of the Preliminary Results notice in the **Federal Register**, and submit rebuttal briefs, limited to the issues raised in those case briefs, seven days subsequent to this due date. We did not receive any hearing requests or comments on the Preliminary Results.

Scope of the Order

The products covered by this order are softwood lumber, flooring and siding (softwood lumber products) as previously identified and described in the preliminary results of this changed circumstances review.

Final Results of Changed Circumstances Review

Based on the information provided by Monterra and the fact that the Department did not receive any comments during the comment period following the preliminary results of this review, the Department hereby

determines that entries of certain softwood lumber products produced and exported by Monterra shall receive the "All Others" cash deposit rate of 8.43 percent. In addition, because cash deposits are only estimates of the amount of antidumping duties that will be due, changes in cash deposit rates are not made retroactively. Accordingly, we are denying Monterra's request to have the cash deposit rate of 8.43 percent made effective as of December 23, 2002. *See Certain Hot-Rolled Lead and Bismuth Carbon Steel Products From the United Kingdom: Final Results of Changed-Circumstances Antidumping and Countervailing Duty Administrative Reviews*, 64 FR 66,880 (November 30, 1999). The new deposit rate will become effective upon publication of this notice in the **Federal Register**.

Instructions to the U.S. Bureau of Customs and Border Protection (BCBP)

The Department will instruct the BCBP to apply the "All Others" cash deposit rate of 8.43 percent to all shipments of the subject merchandise produced and exported by Monterra entered, or withdrawn from warehouse, for consumption, on or after the publication date of this notice. This cash deposit rate shall remain in effect until publication of the final results of the on-going administrative review.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.216 and 351.221(b)(5).

Dated: September 15, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.

Stainless Steel Plate in Coils From Taiwan: Extension of Time Limit for the Final Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for the final results of antidumping duty administrative review.

EFFECTIVE DATE: September 19, 2003.

FOR FURTHER INFORMATION CONTACT:

Catherine Bertrand, AD/CVD Enforcement, Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone: (202) 482-3207.

Background

On June 4, 2003, the Department of Commerce ("the Department") published the preliminary rescission of the administrative review of the antidumping duty order on stainless steel plate in coils from Taiwan. *See Preliminary Rescission of Antidumping Duty Administrative Review: Stainless Steel Plate in Coils from Taiwan*, 68 FR 33472 (June 4, 2003). The final results of this administrative review are currently due no later than October 2, 2003.

Extension of Time Limit for Preliminary Results

Due to the complexity of issues present in this administrative review, such as complicated affiliation issues and middleman dumping allegations, the Department has determined that it is not practicable to complete this review within the original time period provided in section 751(a)(3)(A) of the Tariff Act of 1930, as amended, and section 351.213(h)(2) of the Department's regulations. Given the complexity of these issues and the large amount of information collected during the review, the Department needs additional time to review the record of this proceeding and make a determination. Therefore, we are extending the due date for the final results by 30 days, until no later than November 1, 2003.
