Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: To provide grants or enter into cooperative agreements to improve postsecondary education opportunities by focusing on problem areas or improvement approaches in postsecondary education. This program is a Special Focus Competition under the Fund for the Improvement of Postsecondary Education (Title VII, Part B of the Higher Education Act of 1965, as

amended) to support projects addressing a particular problem area or improvement approach in postsecondary education.

Priority: Under this competition, we are particularly interested in applications that address the following priority.

Invitational Priority: For FY 2004 this priority is an invitational priority. Under 34 CFR 75.105 (c) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority encourages proposals designed to support the formation of educational consortia of American and Brazilian institutions to encourage cooperation in the coordination of curricula, the exchange of students, and the opening of educational opportunities between the United States and Brazil. The invitational priority is issued in cooperation with Brazil. These awards support only the participation of U.S. institutions and students in these consortia. Brazilian institutions participating in any consortium proposal responding to the invitational priority may apply, respectively, to the Coordination of Improvement of Personnel of Superior Level (CAPES), Brazilian Ministry of Education, for additional funding under a separate but parallel Brazilian competition.

Program Authority: 20 U.S.C. 1138–1138d.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 82, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

Pilot Project for Electronic Submission of Applications: We are continuing to expand our pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. The US-Brazil Higher Education Consortia Program—CFDA Number 84.116M is one of the programs included in the pilot project. If you are an applicant under US-Brazil Higher Education Consortia Program, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-Application). If you use e-

Application, you will be entering data online while completing your application. You may not e-mail an electronic copy of a grant application to us. If you participate in this voluntary pilot project by submitting an application electronically, the data you enter online will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- Your participation is voluntary.
- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.

- You will not receive additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.
- You may submit all documents electronically, including the US-Brazil Higher Education Program cover page, US-Brazil Program Budget Information and all necessary assurances and certifications.

- Your e-Application must comply with any page limit requirements described in this notice.
- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).
- Within three working days after submitting your electronic application, fax a signed copy of the US-Brazil Program cover page to the Application Control Center after following these steps:

1. Print the US-Brazil Higher Education cover page from e-Application.
2. The institution's Authorizing Representative must sign the US-Brazil Program cover page.
3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the US-Brazil Program cover page.
4. Fax the signed US-Brazil Program cover page to the Application Control Center at (202) 260-1349.

- We may request that you give us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability: If you elect to participate in the e-Application pilot for the US-Brazil Higher Education Consortia Program and you are prevented from submitting your

application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

1. You are a registered user of e-Application, and you have initiated an e-Application for this competition; and

2.(a) The e-Application system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) The e-Application system is unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 p.m. and 4:30 p.m., Washington, DC time) on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgement of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under For Further Information Contact (see VII. Agency Contact) or (2) the e-GRANTS help desk at 1-888-336-8930.

4. *Performance Measures:* Under the Government Performance and Results Act (GPRA), FIPSE performance is focused on (1) the extent to which funded projects are being replicated—*i.e.*, adopted or adapted—by others; and (2) the manner in which projects are being institutionalized and continued after grant funding. These two results constitute FIPSE's indicators of the success of our program. Consequently, applicants for FIPSE grants are advised to give careful consideration to these two outcomes in conceptualizing the design, implementation, and evaluation of the proposed project. If funded, you will be asked to collect and report data in your project's annual performance report on steps taken toward these goals.
