2002 Farm Bill Regulations—General Credit Provisions

AGENCY: Farm Service Agency and Rural Housing Service, USDA.

ACTION: Final rule.

SUMMARY: This rule amends the Farm Service Agency's (FSA) regulations to comply with provisions of the Farm Security and Rural Investment Act of 2002 (2002 Act). In addition, this rule clarifies direct loan eligibility criteria in accordance with the Department of Agriculture Reorganization Act of 1994. This rule amends the regulations that govern the direct and guaranteed farm loan programs of FSA by revising eligible loan purposes, percentage of loan guarantees, terms for downpayment loans, the direct loan "term limit" and numerous other provisions affecting loan making, servicing and collections. The rule is intended to focus more FSA resources on beginning farmers and ranchers and make more borrowers eligible for FSA farm credit assistance.

DATES: Effective February 18, 2003.

SUPPLEMENTARY INFORMATION:

Notice and Comment

This rule is not being published for public notice or to solicit comment from interested parties as a proposed rule because it implements precise requirements of the Farm Security and Rural Investment Act of 2002 (Pub. L. 107-171)(the 2002 Act) where the Agency has little or no leeway in terms of policy interpretation. Thus, this rule is published as final and is effective immediately. Other provisions of the 2002 Act that involve agency policy considerations in which public participation is required will be published separately according to 5 U.S.C. 553.

Executive Order 12866

This final rule has been determined to be not significant under Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget (OMB).

Regulatory Flexibility Act

In compliance with the Regulatory Flexibility Act, Public Law 96-534, (5 U.S.C. 601), FSA has determined that this rule will not have a significant economic impact on a substantial number of small entities. FSA program participants are predominantly family-size farmers and ranchers and, as defined by the U.S. Small Business Administration, approximately 98 percent of all farmers are classified as small businesses. The provisions in this rule will not impact a substantial number of small entities to a greater extent than large entities. The intent of this rule is to implement legislation. Program participation is voluntary and requires no direct action on the part of small entities. Thus, large entities are subject to these rules to the same extent as small entities. Therefore, a regulatory flexibility analysis was not performed.

Environmental Evaluation

The environmental impacts of this final rule have been considered in

accordance with the provisions of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.*, the regulations of the Council on Environmental Quality (40 CFR parts 1500-1508), and the FSA regulations for compliance with NEPA, 7 CFR parts 799, and 1940, subpart G. FSA completed an environmental evaluation and concluded the rule requires no further environmental review. No extraordinary circumstances or other unforeseeable factors exist which would require preparation of an environmental assessment or environmental impact statement. A copy of the environmental evaluation is available for inspection and review upon request.

Executive Order 12988

This final rule has been reviewed in accordance with Executive Order 12988. This rule preempts State laws to the extent any laws are inconsistent with it, and its provisions are not retroactive. Before legal action may be brought concerning this rule, administrative remedies must be exhausted.

Executive Order 12372

The programs within this rule are not subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials. See the notice related to 7 CFR part 3015, subpart V, published at 48 FR 29115 (June 24, 1983).

Executive Order 13132

The policies contained in this rule do not have any substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Nor does this rule impose substantial direct compliance costs on State and local governments. Therefore, consultation with the States is not required.

Unfunded Mandates

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA), requires Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments or the private sector. The rule contains no Federal mandates, as defined by title II of the UMRA. Thus, this rule is not subject to the requirements of sections 202 and 205 of UMRA.

Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA)

This rule is not a major rule under 5 U.S.C. 804(2) and, therefore, is not subject to the requirements of the SBREFA.

Paperwork Reduction Act

The Agency's information collection requirements, currently approved under OMB control numbers 0560-0154, 0560-0157, 0560-0162, 0560-0166, 0560-0167, 0560-0171, and 0560-0178 are not affected by the final rule.

Federal Assistance Programs

The titles and numbers of the Federal assistance programs, as found in the Catalog of Federal Domestic Assistance, to which this final rule applies are:

- 10.404—Emergency Loans
- 10.406—Farm Operating Loans
- 10.407—Farm Ownership Loans

Discussion of the Final Rule

This rule implements the general credit provisions of title V of the 2002 Act as they apply to FSA's Farm Loan Programs (FLP). The changes to Federal credit policies are relatively minor. The changes focus more FSA resources on beginning farmers and ranchers and make slightly more applicants eligible for FSA farm credit assistance. The effects of the changes are difficult to estimate, but they are expected to boost demand minimally for FSA farm loan programs. The specific regulatory changes are discussed below.

Refinancing Bridge Loans

Section 5002 of the 2002 Act authorizes FSA to refinance a temporary bridge loan that was obtained from a commercial or cooperative lender because a shortage of loan funds prevented FSA from closing an approved direct farm ownership (FO) loan. This rule amends 7 CFR 1943.16 to implement this section.

Amount of Guarantee for Operations on Tribal Land

Section 5003 of the 2002 Act expands the category of loans eligible for a 95 (instead of 90) percent guarantee to include operating loans (OL) made to a farmer or rancher whose land is subject to the jurisdiction of an Indian tribe and whose loan is secured by one or more security instruments that are subject to the jurisdiction of an Indian tribe. This rule amends FSA's guaranteed loan eligibility requirements at 7 CFR 762.129 accordingly.

Term and Loan Percentage Changes for Downpayment Loan Program

Section 5005 of the 2002 Act modifies the terms for loans made under the Downpayment FO Loan Program for qualified beginning farmers and ranchers. Accordingly, this rule amends 7 CFR 1943.14 to specify that loans made under this program will be for 40 (instead of 30) percent of the purchase price or appraised value of the farm or ranch, whichever is less. The term of the loan is limited to 15 (instead of 10) years or less. Also, the time period in which balloon installments are prohibited on loans obtained from other lenders in conjunction with a Downpayment FO loan is increased to 15 (instead of 10) years.

Term Limits on Direct Operating Loans

Section 5101 of the 2002 Act requires the Agency to waive the term limit for a direct OL to a farmer or rancher when their land is subject to the jurisdiction of an Indian tribe and commercial credit is not available. The 2002 Act also provides for a one-time waiver for two years of the direct OL term limit on a case-by-case basis to other borrowers if certain criteria are met. The determination is not subject to administrative appeal. This rule amends 7 CFR 1941.12 to comply with these provisions. One of the statutory requirements for a case-by-case waiver is that the borrower have a "viable farm or ranch operation." The Agency has adopted this requirement by referring to the existing definition of "financially viable operation" at 7 CFR 1941.4 and 1924.54. Another statutory requirement is that the borrower has successfully completed, or will complete within one year, borrower training under section 359 of the Consolidated Farm and Rural Development Act (CONACT). The other statutory requirements for a case-by-case waiver are that the borrower applied for commercial credit from at least two commercial lenders and was unable to obtain a commercial loan, including a loan guaranteed by the Secretary.

Emergency Loan Eligibility for Quarantine Losses

Section 5201 of the 2002 Act authorizes emergency (EM) loans for losses resulting from quarantines imposed by the Secretary under the Plant Protection Act or animal quarantine laws as defined in section 2509 of the Food, Agriculture, Conservation, and Trade Act of 1990. This rule amends 7 CFR 764.2 to add a definition of "quarantine" and revise the definition of "disaster" to comply with this requirement.

Entity Eligibility

Section 5302 of the 2002 Act adds trusts and limited liability companies to the list of entities eligible for EM loans and direct and guaranteed OL and FO loans. Thus, 7 CFR 762.102, 764.2, 1910.4, 1924.74, 1941.4 and 1943.4 are amended by revising the definitions of "entity" and "joint operation" to comply with this requirement.

Simplified Loan Guarantee Application

Section 5307 of the 2002 Act increases the loan amount for which FSA can accept a simplified guaranteed loan application from \$50,000 to \$125,000. Accordingly, 7 CFR 762.102 and 762.110 have been amended to meet this requirement.

Beginning Farmer Definition

Section 5310 of the 2002 Act changes the definition of qualified beginning farmer or rancher by increasing the acres of land that these applicants may own to a maximum of 30 (instead of 25) percent of the average farm or ranch size in the county. This rule amends 7 CFR 762.102, 1941.4 and 1943.4 definitions accordingly to comply with this requirement.

Term and Interest Rate Changes for Seed Loans

Section 10103 of the 2002 Act extends to 36 (from 18) months the period of time for which the zero percent interest rate may apply to loans made under the Emergency Loan for Seed Producers Program. The Act also increases the term of these loans to the earlier of 36 months or the settlement of the bankruptcy proceeding involving AgriBiotech. These requirements are implemented in this rule by amending 7 CFR 774.18.

Eligibility Criteria for Direct Loans

Section 227(b) of the Department of Agriculture Reorganization Act of 1994 repealed a portion of section 333 of the CONACT, which contained eligibility criteria relating to an applicant's character and honesty. Therefore, this rule removes these obsolete eligibility criteria from 7 CFR 1941.12 and 1943.12.

Debt Settlement

Section 5303 of the 2002 Act provides the Secretary the authority to approve or disapprove applications for debt settlement and release of liability without the recommendation of, but after consultation with, the local FSA County Committee (COC). The COC will be consulted by the Agency prior to an action of this type to comply with this statute and ensure that all available

information is considered. Also, the previous regulation described many actions involving debt settlement processing and COC recommendation which are internal and have been removed. This rule amends 7 CFR parts 1951, 1955, 1956, 1962, and 1965 accordingly to remove references to COC recommendations.

Interest Rate Options for Loans in Servicing

Section 5305 of the 2002 Act amended the CONACT by requiring FSA to use the lowest of the interest rate in effect at the time the borrower applies for Primary Loan Servicing (PLS), the original interest rate on the loan, or the interest rate being charged for the loan type at the time of deferral, consolidation, rescheduling, or reamortization. Prior to this statutory change, only the latter two options were specified. For the first new option, the time of PLS application will be the time the complete application is received by FSA. This method will be used on program loans with regular or limited resource interest rates. This rule, therefore, revises 7 CFR 1951.909 and Exhibit A of Attachment 1 of part 1951, subpart S accordingly.

Inventory Property

Section 5308 of the Act increases the time that the Agency is allowed to sell real estate inventory property to beginning farmers and ranchers from 75 days to 135 days. Section 5308 further emphasizes the need to maximize opportunities for beginning farmers by combining or subdividing inventory property. This rule amends 7 CFR 1955.63 and 1955.107 accordingly to comply with these requirements. In addition, Exhibits G and G-1 of 7 CFR part 1955, subpart A are removed as they contain only administrative provisions which do not impact the public.

Annual Review of Borrowers

Section 5318 of the Act requires that FSA conduct annual loan assessments of direct loan borrowers. As this review was previously required twice per year, 7 CFR 1924.55 is amended to comply with this requirement.

* * * * *

Interest Rate for Loan Servicing

When loans are consolidated, rescheduled, or reamortized, the interest rate of the new loan will be either the interest rate on the original loan, the interest rate on the date you submit a complete application for loan servicing, or the interest rate for that type of loan on the date of restructure, whichever is less. If you meet the eligibility requirements, you may be able to get the limited resource interest rate on OL, SW, or FO loans, if the loan was not originally approved with a limited resource rate. For information about current interest rates, contact the FSA county office.

* * * * *

Approval Requirements

If you sell your collateral, you must apply the proceeds from the sale to your FSA account before you can be considered for debt settlement. In the case of compromise or adjustment, however, you may keep your collateral if you are unable to pay your total FSA debt and pay FSA the present market value of your collateral along with any additional amount you are able to pay as determined by FSA. You will be allowed to retain a reasonable equity in

essential nonsecurity property to continue your normal operations and meet minimum family living expenses. FSA will not finance a compromise or adjustment offer.

The County Committee will be consulted on all debt settlements of FLP loans. FSA must find that the statements on your application are true, and that you do not have assets or income in addition to what you stated in your application. You must also have not previously received any form of debt forgiveness from FSA on any other direct farm loan. If you qualify, your application must also be approved by the FSA State Executive Director or the FSA Administrator depending on the amount of the debt to be settled.

(2) *Consolidated Farm and Rural Development Act (CONACT) loans to individuals.* If the Agency indebtedness plus any prior liens exceeds the market value of the property, the indebtedness cannot be satisfied but a credit can be given equal to the market value less prior liens. Debt settlement will be considered in accordance with subpart B of part 1956 of this chapter.

(i) *Crediting accounts.* The Agency will credit an account by an amount equal to the market value less prior liens, unless the borrower is Native American. Native American borrower-owners will be credited with the fair market value or the Agency debt against the property, whichever is greater, provided:

(3) *Loans to organizations.* When an offer of voluntary conveyance is received from an organization borrower, and the market value of the property being conveyed (less prior liens, if any) is less than the Government debt, full consideration must be given to the borrower's present situation and future prospects for paying all or a part of the debt.

Farm properties may be subdivided or grouped according to § 1955.140, as feasible, to carry out the objectives of the applicable loan program. Properties may also be subdivided to facilitate the granting or selling of a conservation easement or the fee title transfer of portions of a property for conservation purposes. All prospective buyers will be notified in writing as part of the property advertisement of the presence of any highly erodible land, converted wetlands, floodplains, wetlands, or other special characteristics of the property that may limit its use or cause an easement to be placed on the property.

(1) *Advertising surplus property.* FSA will advertise surplus property for sale by sealed bid or auction within 15 days from the date of acquisition or, for those suitable properties not sold to beginning farmers or ranchers in accordance with this section, within 135 days of the date of acquisition.

(2) *Sale by sealed bid or auction.* Surplus real estate must be offered for public sale by sealed bid or auction and must be sold no later than 165 days from the date of acquisition to the highest bidder. (iii) After FSA has completed the determination of whether the wetlands or converted wetlands located on an inventory property were used for cropland or farming, the U.S. Fish and Wildlife Service (FWS) will be contacted. * * *

§ 1956.96 Delinquent adjustment agreements.

A 90-day extension for making the payments may be given by the Agency when the circumstances of the case justify an extension. A decision not to extend the time for making payments is not appealable. If the debtor is delinquent under the terms of the adjustment agreement and is likely to be financially unable to meet the terms of the agreement, the Agency may cancel the existing agreement and process a different type of settlement more consistent with the debtor's repayment ability, provided the facts in the case justify such action. The cancellation of an adjustment agreement is appealable. If an agreement is cancelled, any payments received shall be retained as payments on the debt owed at the time of the adjustment agreement.
