#### SUPPLEMENTARY INFORMATION:

##### Paperwork Reduction Act

No collection of information pursuant to section 3504(h) of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) is contained in the proposed rule. Consequently, no information was

submitted to the Office of Management and Budget for review.

#### Regulatory Flexibility Act

Pursuant to section 605(b) of the Regulatory Flexibility Act (Pub. L. 96-354, 5 U.S.C. 601 *et seq.*), it is certified that the proposed rule will not have significant impact on a substantial number of small entities.

#### Background

Section 218 of the Farm Credit System Reform Act of 1996 ("Reform Act") amended the Farm Credit Act of 1971 by adding a new section 5.61B. *See* Public Law 104-105, Feb. 10, 1996. This section authorizes the Corporation to prohibit or limit, by regulation or order, golden parachute and indemnification payments. *See* 12 U.S.C. 2277a-10b. Section 5.61B is similar to legislative authorities given to the other Federal financial institution regulators. *See e.g.* 12 U.S.C. 1828(k).

The terms golden parachute and indemnification payment are defined in the statute at 12 U.S.C. 2277a-10b(a)(1) and (2). In general, golden parachutes are employment contracts that offer substantial payments when employment is terminated. Indemnification payments are often used to reimburse officers or directors for personal losses due to judgments or litigation costs incurred while exercising official duties. The golden parachute portion of the proposed rule applies to any Farm Credit System institution seeking to make golden parachute payments only when the institution is in a "troubled condition." The indemnification part of the proposed rule applies to Farm Credit System institutions regardless of their financial condition. Its primary purpose is to prohibit reimbursements that benefit wrongdoers. For example, an institution could not indemnify officers or directors for legal expenses or liabilities that result from a successful Farm Credit Administration (FCA) administrative action. However, if the officer or director is cleared of the charges, legal fees and costs can be reimbursed.

#### Golden Parachute Prohibition

The regulation follows the statutory definition of a golden parachute payment. It is a payment (or an agreement to make a payment) that:

- Is in the nature of compensation by any System institution for the benefit of

any current or former institution-related party;

- Is based on an obligation that is contingent on termination; and
- Is received on or after, or is made in contemplation of certain events that signify the System institution is in a troubled condition.

Following the criteria set out in section 5.61B(a)(1) of the Reform Act, the proposed rule prohibits golden parachute payments by institutions that are insolvent, in conservatorship or receivership, or rated a "4" or "5" in the FCA Financial Institution Rating System. Section 5.61B(a)(1)(A) also authorizes the Corporation to define by regulation other circumstances that warrant a determination that an institution is in a troubled condition.

The proposed rule defines troubled condition to include any institution: (1) Subject to a cease-and-desist order or written agreement issued by the FCA requiring it to improve its financial condition; (2) subject to an FCA proceeding that may result in an order that requires improvement in financial condition; or (3) informed in writing by the Corporation that it is in troubled condition based on its most recent report of examination or other pertinent information. For banks, troubled condition also includes a bank that is: (1) Unable to make timely payments of principal and interest on bank-insured obligations; or (2) receiving assistance from the Insurance Fund. For the Federal Agricultural Mortgage Corporation ("Farmer Mac"), troubled condition also includes inability to make timely payments of principal and interest on its debt obligations or an inability to fulfill its guarantee obligations. The definition of troubled condition in the proposed rule is similar to the definition in rules adopted by the other Federal financial institution regulators. *See e.g.*, 12 CFR 359.1(f); 12 CFR 563.555 and 12 CFR 701.14.

#### Exceptions

The proposed rule lists eight exceptions to the prohibition on golden parachute payments in § 1412.2(f)(2). Four of these are listed in the statute: ERISA<sup>1</sup> qualified retirement plans; nonqualified "bona fide" deferred or supplemental compensation plans; other nondiscriminatory benefit plans;

<sup>1</sup> Employee Retirement Income Security Act of 1974, as amended. (29 U.S.C. 1002(1)).

and payments made by reason of death or disability. *See* 12 U.S.C. 2277a–10b(a)(1)(c).

Nondiscriminatory means a plan or arrangement that applies to all employees who meet customary eligibility requirements such as minimum length-of-service standards. We understand that many severance plans pay somewhat more generous benefits to higher ranking employees. The proposed rule would allow a modest disparity in nondiscriminatory severance benefits linked to objective criteria like job title or length of service. The proposed definition of nondiscriminatory specifies a maximum 20 percent in any one criteria, unless a request for a larger amount is granted by the Corporation. For example, if lower-level employees are provided 50 percent of their yearly salary and 1 week of salary for each year of service, higher level employees could receive 60 percent of their yearly salary plus 1 week of salary for each year of service. Our hope is that this permitted modest discrepancy would allow System institutions to offer severance benefits that conform to industry norms for nondiscriminatory benefit plans. The statute grants the Corporation authority to determine other permissible arrangements and four of the eight exceptions in § 1412.2(f)(2) are exceptions added by the Board for System institutions. They include payments required by state or foreign law and a safe harbor provision.

Section 1412.2(f)(2)(viii) adds an exception that can be used in lieu of paragraph (f)(2)(vii) for severance pay plans or arrangements that do not meet the regulatory definition of nondiscriminatory. We understand that at times different benefit arrangements may be made available to different employees. For example, an institution that is experiencing financial trouble may want to terminate some employees immediately while providing incentive payments to employees with critical functions so as to delay their departures. The proposed rule limits payments or arrangements under this exception to 12-months' base salary, unless a request for a larger payment is granted by the Corporation. Minor deviations in severance benefits that involve tangible property would also be permitted. For example, an institution may want to give some departing employees their laptops but other employees would get no additional benefits. We would not treat this as a prohibited golden parachute payment, as long as the cost is reasonable and the practice customary. We hope this provision provides a workable safe harbor for

institutions that want to reward more highly compensated employees that have greater responsibilities without undermining the intent of the legislation.

Section 1412.5(a)(2) permits a troubled institution to hire a “white knight”, an individual hired to improve the institution’s condition, and agree to pay a golden parachute payment upon termination of employment, provided the institution obtains the prior written consent of the FCA and the Corporation. Such an agreement has the potential to benefit the institution and the Insurance Fund. We recognize that individuals who possess the experience and expertise necessary to reverse a troubled institution may not take the job unless they receive an agreement for a severance payment reflecting market rates, in the event that their efforts are not successful.

Section 1412.5(a)(3) contains an exception for a change in control. System institutions may pay up to 12-month’s salary in the event of a change of control with the prior consent of the FCA. The Board believes 1-year’s salary should be a sufficient incentive for a senior executive to objectively consider a merger that may result in the loss of that executive’s job at a troubled institution.

Finally, the proposed rule in § 1412.5(a)(1) sets out a procedure to allow System institutions to request authority for what would otherwise be a prohibited golden parachute payment. This provision recognizes that there may be valid business reasons to seek an agreement not covered by any of the express exceptions, which the institution believes should not be prohibited. If an institution seeks such an authorization, the statute sets out a number of factors that the FCA and the Corporation may consider. *See* 12 U.S.C. 2277a–10b(c). The proposed rule at § 1412.5(a)(4) and (b) enumerates the factors that the FCA and the Corporation will consider, including whether the IRP committed any fraudulent acts, breached a fiduciary duty or played a substantial role in the institution’s troubled condition. Under the proposed rule, the institution making the request should address the factors specified in the rule so that the FCA and the Corporation can consider whether the requested payment would be contrary to the intent of the prohibition. The institution should include any information of which it has knowledge that indicates there is a reasonable basis to believe that the IRP satisfies any of the criteria set out in § 1412.5(a)(4) and (b). If the applicant is not aware of any

such information, it shall certify that it is not.

### Indemnification Payments

The statute prohibits Farm Credit System institutions from making an indemnification payment for any liability or legal expense arising from an administrative or civil action brought by FCA that results in a civil money penalty, removal from office or a prohibition on participation in the System institution’s business. *See* 12 U.S.C. 2277a–10b(a)(2). Institutions may purchase directors and officers insurance to cover the legal expenses even if the individual loses the legal action and pays settlement costs. *See* 12 U.S.C. 2277a–10b(e)(l). Nevertheless, the institution cannot use directors and officers insurance to pay the civil money penalty.

The proposed rule, at § 1412.2(l), follows the definition of a prohibited indemnification payment set out in the statute. It includes any payment or agreement to pay an institution-related party for any civil money penalty or judgment resulting from an administrative or civil action brought by FCA where the person must pay a civil money penalty, is removed from office or is subject to a cease and desist action. There are two exceptions in the proposed rule. The first allows System institutions to purchase commercial insurance to cover expenses other than judgments and penalties. Second, the proposed rule permits a partial indemnification. If there has been a finding that clears the individual, indemnification is permitted for the legal or professional expenses attributable to these charges. In addition, § 1412.6 sets out criteria for permissible “up front” indemnification payments. The System institution’s board of directors must determine that the party requesting indemnification acted in good faith. Also, the payment cannot materially adversely affect the institution’s safety and soundness. Finally, the party must agree to reimburse the institution for advanced indemnification payments if they become prohibited payments later, due to an unfavorable ruling.

### Farm Credit System Institutions

The prohibitions in 12 U.S.C. 2277a–10b apply to all Farm Credit System institutions. The proposed rule at § 1412.2(b) defines Farm Credit System institutions to include all associations, banks, service corporations and their subsidiaries and affiliates, except the Farm Credit Financial Assistance Corporation. It also includes Farmer Mac and its subsidiaries and affiliates,

which is described in 12 U.S.C. 2279aa-1(a)(2) as an institution of the Farm Credit System. Furthermore, 12 U.S.C. 2277a-10b(b) specifies that the prohibition on golden parachute and indemnity payments was meant to include all Farm Credit System institutions, including even a conservatorship or receivership of Farmer Mac. The legislative history of the Reform Act makes this point clear. It states: "New subsection (a) provides that FCSIC has authority to prohibit or limit golden parachutes or indemnifications, including the Federal Agricultural Mortgage Corporation (Farmer Mac)." H.R. Rep. 104-421, 104th Cong., 1st Sess. 12 (1995).

### Institution-Related Party

The proposed rule prohibits certain golden parachute and indemnification payments made to or for an institution-related party. The term institution-related party (IRP) is defined in the statute at 12 U.S.C. 2277a-10b(a)(3). It includes directors, officers, employees or agents for a Farm Credit System institution, stockholders (other than another Farm Credit System institution), consultants, joint venture partners and any one else who FCA determines has participated in the affairs of the institution. Additionally, IRPs include independent contractors, including attorneys, appraisers or accountants, that knowingly or recklessly participate in an unsafe or unsound practice that caused or is likely to cause harm to the institution. We will examine very closely any attempt by a Farm Credit System institution to avoid the regulation by employing the IRP in some other capacity (e.g., a consultant) and calling the arrangement consulting compensation rather than a severance payment or golden parachute.

### Receivership Issues

Section 1412.8 explains that this regulation is not meant to bind any receiver of a failed Farm Credit System institution. The fact that FCSIC or FCA consents to a particular payment does not mean that the approving entity or the receiver will be responsible for making the payments in the event of a receivership or that the recipient will receive some sort of preference over other creditors from the receivership.

### Enforcement

The statute at 12 U.S.C. 2277a-10b(b) grants the FCSIC authority to prohibit golden parachute and indemnity payments by regulation or order. The Board believes that a regulation proscribing limits, defining "troubled condition" and setting out procedures

for seeking approval of a payment that is not specified in one of the exceptions is usually preferable to a case-by-case approach. Nevertheless, FCSIC could deal with abuses on a case-by-case basis through an enforcement proceeding.

The proposed regulation is similar to the regulations of the other Federal financial regulators with similar statutory authority. *See, e.g.*, 12 CFR part 359. Rather than prohibit all the golden parachute payments above a certain threshold, the proposed regulation allows a Farm Credit System institution that is in a troubled condition, as defined in the regulation, to seek approval for an otherwise prohibited golden parachute payment to an IRP. Similarly, the proposal rule on indemnity payments seeks a rational and fair approach for determining indemnification in order to avoid abuses.

The statute at 12 U.S.C. 2277a-10b(c) provides that FCSIC "shall prescribe, by regulation, the factors to be considered by the Corporation in taking any action under subsection (b) [its authority to prohibit or limit golden parachute payments and indemnity payments]. The section also sets out a number of illustrative factors that may be considered when taking action under subsection (b): For Example, whether an IRP has committed acts of fraud, breach of fiduciary duty, or insider abuse that has had a detrimental effect on the financial condition of the institution; whether there is a reasonable basis to believe that the IRP has violated the law or regulations; whether the IRP was in a position of managerial or fiduciary responsibility; and the length of time the party was related to the institution and the reasonableness of the compensation. In addition, section 2277a-10b(d) specifies that certain payments are prohibited. No Farm Credit System institution may prepay the salary or any liability or legal expense of any IRP if the payment is made in contemplation of insolvency or such payment has the result of preferring one creditor over another.

The Corporation has considered the prohibited payments and the illustrative factors in preparing its proposed regulation. It has also reviewed the legislative history of the Reform Act and the Comprehensive Thrift and Bank Fraud Prosecution and Taxpayer Recovery Act of 1990 (the Fraud Act), which added similar authority for the Federal Deposit Insurance Corporation in a new section 18(k)(1) to the Federal Deposit Insurance Act, Public Law. 101-647, Sec. 2523 (1990). The Corporation is aware that the Federal financial regulators have encountered abuses

with golden parachutes when institutions pay substantial sums to top executives who resign after an institution is troubled or immediately before the institution is sold. Ultimately, the Corporation has concluded that to avoid such abuses golden parachute payments should be prohibited for Farm Credit System institutions that are in a troubled condition, as defined in the regulation, except under the circumstances set forth in the proposed rule. If an institution in a troubled condition or an IRP wants to make a payment or enter into an agreement that it believes should not be prohibited and the payment or agreement is not covered by one of the exceptions specified in the regulation, it may seek approval from FCA and FCSIC. When it does, the regulation requires the institution or IRP to address some of the factors listed in the statute so that the FCA and FCSIC can consider them in determining whether the proposed payment or agreement should be allowed, limited or prohibited. The Corporation believes this rule will best protect the financial integrity of the institution and safeguard its assets as Congress intended.

In issuing the proposed indemnification rule, the Corporation has considered the prohibited payments and the illustrative factors set out in the statute as well as the legislative history. The Corporation believes that individuals that violate the law or regulations should pay penalties out of their own pockets and not be reimbursed by a Farm Credit System institution. The Corporation believes that this proposed regulation on indemnification payments preserves the deterrent effects of administrative enforcements and civil actions even though it does not prohibit all indemnification payments.

As noted, the proposal sets forth circumstances under which indemnification payments may be made. For example, the Corporation has decided to allow indemnification "up front" for an IRP's legal or other professional expenses if: (1) Its board of directors determines that the party requesting indemnification acted in good faith, (2) the payment will not materially adversely affect the institution, and (3) the person agrees in writing to reimburse the institution if the alleged violations of law, regulation or fiduciary duty are upheld. If these criteria are met, the institution's board of directors will have concluded in good faith that the party requesting indemnification did not commit a fraudulent act, insider abuse or some other actionable offense that had a material adverse effect on the financial

condition of the institution.

Consideration of these factors in this regulatory requirement is what Congress intended FCSIC to do in taking action under section 5.61B(b) and (c) (12 U.S.C. 2277a–10b(b) and (c)). Also, the Corporation has decided to permit partial indemnification for that portion of the liability or legal expenses incurred where there is a determination on part of the charges in favor of the IRP. Finally, an institution may purchase insurance to cover expenses other than judgments or penalties.

FCSIC's authority to regulate golden parachutes and indemnity payments is in addition to FCA's safety and soundness enforcement authority pursuant to the Farm Credit Act of 1971, as amended. Furthermore, nothing in this regulation limits the powers, functions, or responsibilities of the FCA.

(i) Recognizes compensation expense and accrues a liability for the benefit payments according to generally accepted accounting principles (GAAP); or

(ii) Segregates or otherwise sets aside assets in a trust which may only be used to pay plan and other benefits, except that the assets of such trust may be available to satisfy claims of the System institution's creditors in the case of insolvency; or

(iii) The IRP has a vested right, as defined under the applicable plan document, at the time of termination of employment to payments under such plan;

(iv) Benefits under such plan are accrued each period only for current or prior service rendered to the employer (except that an allowance may be made for service with a predecessor employer);

(v) Any payment made pursuant to such plan is not based on any discretionary acceleration of vesting or accrual of benefits which occurs at any time later than 1 year prior to any of the events described in paragraph (f)(1)(ii) of this section;

(vi) The System institution has previously recognized compensation expense and accrued a liability for the benefit payments according to GAAP or segregated or otherwise set aside assets in a trust which may only be used to pay plan benefits, except that the assets of such trust may be available to satisfy claims of the System institution's creditors in the case of insolvency; and

(vii) Payments pursuant to such plans shall not be in excess of the accrued liability computed in accordance with GAAP.

(ii) Is received on or after, or is made in contemplation of, any of the following events:

(A) The insolvency (or similar event) of the System institution which is making the payment or bankruptcy or insolvency (or similar event) of the service corporation, subsidiary or affiliate which is making the payment; or

(B) The System institution is assigned a composite rating of 4 or 5 by the FCA; or

(C) The appointment of any conservator or receiver for such System institution; or

(D) A determination by the Corporation, that the System institution is in a troubled condition, as defined in paragraph (m) of this section; and

(2) *Exceptions.* The term "golden parachute payment" shall not include:

(i) Any payment made pursuant to a pension or retirement plan which is qualified (or is intended within a reasonable period of time to be qualified) under section 401 of the Internal Revenue Code of 1986 (26 U.S.C. 401); or

Furthermore, such severance pay plan or arrangement shall not have been adopted or modified to increase the amount or scope of severance benefits at a time when the System institution was in a condition specified in paragraph (f)(1)(ii) of this section or in contemplation of such a condition without the prior written consent of the FCA; or in lieu of a payment made pursuant to this paragraph;

(viii) Any payment made pursuant to a severance pay plan or arrangement that provides severance benefits upon involuntary termination other than for cause, voluntary resignation, or early retirement. Furthermore, such severance pay plan or arrangement shall not have been adopted or modified to increase the amount or the scope of the severance benefits at a time when the System institution was in a condition specified in paragraph (f)(1)(ii) of this section or in contemplation of such a condition without the written approval of the FCA.

(3) Any independent contractor (including any attorney, appraiser, or accountant) who knowingly or recklessly participates in any violation of any law or regulation, any breach of fiduciary duty, or any unsafe or unsound practice, which caused or is likely to cause more than a minimal financial loss to, or a significant adverse effect on, the System institution.

(i) *Liability or legal expense* means:

(1) Any legal or other professional fees and expenses incurred in connection with any claim, proceeding, or action;

(2) The amount of, and any cost incurred in connection with, any settlement of any claim, proceeding, or actions; and

(3) The amount of, any cost incurred in connection with, any judgment or penalty imposed with respect to any claim, processing, or action.

(j) *Nondiscriminatory* means that the plan, contract or arrangement in question applies to all employees of a System institution who meet reasonable and customary eligibility requirements applicable to all employees, such as minimum length of service requirements. A nondiscriminatory plan, contract or arrangement may provide different benefits based only on objective criteria such as salary, total compensation, length of service, job grade or classification, which are applied on a proportionate basis, with a modest disparity in severance benefits relating to any one criterion of 20 percent.

(k) *Payment* means:

(1) Any direct or indirect transfer of any funds or any asset;

(2) Any forgiveness of any debt or other obligation;

(3) The conferring of benefits in the nature of compensation, including but not limited to stock options and stock appreciation rights; or

(4) Any segregation of any funds or assets, the establishment or funding of any trust or the purchase of or arrangement for any letter of credit or other instrument, for the purpose of making, or pursuant to any agreement to make, any payment on or after the date on which such funds or assets are segregated, or at the time of or after such trust is established or letter of credit or other instrument is made available, without regard to whether the obligation to make such payment is contingent on:

(i) The determination, after such date, of the liability for the payment of such amount; or

(ii) The liquidation, after such date, of the amount of such payment.

(l) *Prohibited indemnification payment.* (1) The term "prohibited indemnification payment" means any payment (or any agreement or arrangement to make any payment) by any System institution for the benefit of any person who is or was an IRP of such System institution, to pay or reimburse such person for any civil money penalty or judgment resulting from any administrative or civil action instituted by the FCA, or any other liability or legal expense with regard to any

administrative proceeding or civil action instituted by the FCA which results in a final order or settlement pursuant to which such person:

- (i) Is assessed a civil money penalty;
- (ii) Is removed from office or prohibited from participating in the conduct of the affairs of the institution; or
- (iii) Is required to cease and desist from or take any affirmative action with respect to such institution.

(2) *Exceptions.* (i) The term “prohibited indemnification” payment shall not include any reasonable payment by a System institution which is used to purchase any commercial insurance policy or fidelity bond, provided that such insurance policy or bond shall not be used to pay or reimburse an IRP for the cost of any judgment or civil money penalty assessed against such person in an administrative proceeding or civil action commenced by the FCA, but may pay any legal or professional expenses incurred in connection with such proceeding or action or the amount of any restitution to the System institution or receiver.

(ii) The term “prohibited indemnification payment” shall not include any reasonable payment by a System institution that represents partial indemnification for legal or professional expenses specifically attributable to particular charges for which there has been a formal and final adjudication or finding in connection with a settlement that the IRP has not violated certain FCA laws or regulations or has not engaged in certain unsafe or unsound practices or breaches of fiduciary duty, unless the administrative action or civil proceedings has resulted in a final prohibition order against the IRP.

(m) *Troubled condition* means a System institution that:

(1) Is subject to a cease-and-desist order or written agreement issued by the FCA that requires action to improve the financial condition of the System institution or is subject to a proceeding initiated by the FCA which contemplates the issuance of an order that requires action to improve the financial condition of the institution, unless otherwise informed in writing by the FCA; or

(2) Is unable to make a timely payment of principal or interest on any insured obligation (as defined in section 5.51(3) of the Farm Credit Act; 12 U.S.C. 2277a(3)); or

(3) Is receiving assistance as described in section 5.61 of the Farm Credit Act, 12 U.S.C. 2277a-10; or

(4) Is unable to make timely payment of principal or interest on debt obligations issued under the authority of section 8.6(e)(2) of the Farm Credit Act; 12 U.S.C. 2279aa-6(e)(2) or is unable to fulfill the guarantee obligations provided under section 8.6 of the Farm Credit Act; 12 U.S.C. 2279aa-6; or

(5) Is informed in writing by the Corporation that it is in a “troubled condition” for purposes of the requirements of this subpart on the basis of the System institution’s most recent report of condition or report of examination or other information available to the Corporation.

#### **§ 1412.3 Golden parachute payments prohibited.**

No System institution shall make or agree to make any golden parachute payment, except as provided in this part.

#### **§ 1412.4 Prohibited indemnification payments.**

No System institution shall make or agree to make any prohibited indemnification payment, except as provided in this part.

#### **§ 1412.5 Permissible golden parachute payments.**

(a) A System institution may agree to make or may make a golden parachute payment if and to the extent that:

(1) The FCA, with the written concurrence of the Corporation, determines that such a payment or agreement is permissible; or

(2) Such an agreement is made in order to hire a person to become an IRP either at a time when the System institution satisfies or in an effort to prevent it from imminently satisfying any of the criteria set forth in § 1412.2(f)(1)(ii), and the FCA and the Corporation consent in writing to the amount and terms of the golden parachute payment. Such consent by the Corporation and the FCA shall not improve the IRP’s position in the event of the insolvency of the institution since such consent can neither bind a receiver nor affect the provability of receivership claims. In the event that the institution is placed into receivership or conservatorship, the Corporation and/or the FCA shall not be obligated to pay the promised golden parachute and the IRP shall not be accorded preferential treatment on the basis of such prior approval; or

(3) Such a payment is made pursuant to an agreement which provides for a reasonable severance payment, not to exceed 12-months’ salary, to an IRP in the event of a change in control of the System institution; *provided, however*, that the System institution shall obtain

the consent of the FCA prior to making such a payment and this paragraph (a)(3) shall not apply to any change in control of System institution which results from an assisted transaction as described in section 5.61 of the Farm Credit Act; 12 U.S.C. 2277a-10 or the System institution being placed into conservatorship or receivership; and

(4) A System institution or IRP making a request pursuant to paragraphs (a)(1) through (3) of this section shall demonstrate that it is not aware of any information, evidence, documents or other materials which would indicate that there is a reasonable basis to believe, at the time such payment is proposed to be made, that:

(i) The IRP has committed any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the System institution that has had or is likely to have a material adverse effect on the institution;

(ii) The IRP is substantially responsible for the insolvency of, the appointment of a conservator or receiver for, or the troubled condition, as defined by applicable regulations concerning the System institution;

(iii) The IRP has materially violated any applicable Federal or state law or regulation that has had or is likely to have a material effect on the System institution; and

(iv) The IRP has violated or conspired to violate section 215, 657, 1006, 1014, or 1344 of title 18 of the United States Code or section 1341 or 1343 of such title affecting a Farm Credit System institution.

(b) In making a determination under paragraphs (a)(1) through (3) of this section the FCA and the Corporation may consider:

(1) Whether, and to what degree, the IRP was in a position of managerial or fiduciary responsibility;

(2) The length of time the IRP was affiliated with the System institution, and the degree to which the proposed payment represents reasonable compensation earned over the period of employment and reasonable payment for services rendered; and

(3) Any other factors or circumstances which would indicate that the proposed payment would be contrary to the intent of the Act or this part.

#### **§ 1412.6 Permissible indemnification payments.**

(a) A System institution may make or agree to make reasonable indemnification payments to an IRP with respect to an administrative proceeding or civil action initiated by the FCA if:

(1) The System institution's board of directors, in good faith, determines in writing after due investigation and consideration that the IRP acted in good faith and in a manner he/she believed to be in the best interests of the institution;

(2) The System institution's board of directors, in good faith, determines in writing after due investigation and consideration that the payment of such expenses will not materially adversely affect the institution's safety and soundness;

(3) The indemnification payments do not constitute prohibited indemnification payments as that term is defined in § 1412.2(l); and

(4) The IRP agrees in writing to reimburse the System institution, to the extent not covered by payments from insurance or bonds purchased pursuant to § 1412.2(l)(2), for that portion of the advanced indemnification payments which subsequently become prohibited indemnification payments, as defined herein.

(b) An IRP requesting indemnification payments shall not participate in any way in the board's discussion and approval of such payments; *provided, however*, that such IRP may present his/her request to the board and respond to any inquiries from the board concerning his/her involvement in the circumstances giving rise to the administrative proceeding or civil action.

(c) In the event that a majority of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the remaining members of the board may authorize independent legal counsel to review the indemnification request and provide the remaining members of the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the remaining members of the board of directors may rely on such opinion in authorizing the requested indemnification.

(d) In the event that all of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the board shall authorize independent legal counsel to review the indemnification request and provide the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the

board of directors may rely on such opinion in authorizing the requested indemnification.

#### § 1412.7 Filing instructions.

Requests to make excess nondiscriminatory severance plan payments and permitted golden parachute payments shall be submitted in writing to the FCA and the Corporation. The request shall be in letter form and shall contain all relevant factual information as well as the reasons why such approval should be granted.

#### § 1412.8 Applicable in the event of receivership.

The provisions of this part or any consent or approval granted under the provisions of this part by the Corporation (in its corporate capacity), shall not in any way bind any receiver of a failed System institution. Any consent or approval granted under the provisions of this part by the Corporation or the FCA shall not in any way obligate such agency or receiver to pay any claim or obligation pursuant to any golden parachute, severance, indemnification or other agreement. Claims for employee welfare benefits or other benefits which are contingent, even if otherwise vested, when the Corporation is appointed as receiver for any System institution, including any contingency for termination of employment, are not provable claims or actual, direct compensatory damage claims against such receiver. Nothing in this part may be construed to permit the payment of salary or any liability or legal expense of any IRP contrary to 12 U.S.C. 2277a-10b(d).

Dated: July 13, 2004.

### Federal Aviation Administration

#### 14 CFR Part 39

[Docket No. FAA-2004-18593; Directorate Identifier 2004-NM-21-AD]

RIN 2120-AA64

#### **Airworthiness Directives; Airbus Model A300 B2, A300 B4, A300 B4-600, and A300 B4-600R Series Airplanes; and Model A300 C4-605R Variant F and A300 F4-605R Airplanes**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** The FAA proposes to supersede an existing airworthiness directive (AD) for all Airbus Model A300 B4-601, A300 B4-603, A300 B4-620, A300 B4-605R, A300 B4-622R, and A300 F4-605R airplanes. That AD currently requires repetitive inspections for cracking in the area surrounding certain fuselage attachment holes, installation of new fasteners for certain airplanes, and certain follow-on corrective actions if necessary. This proposed AD would require modifying certain fuselage frames, which would terminate certain repetitive inspections. This proposed AD would also add airplanes to the applicability. This proposed AD is prompted by the development of a modification intended to prevent cracking of the center section of the fuselage, which could result in a ruptured frame foot and reduced structural integrity of the airplane.

**DATES:** We must receive comments on this proposed AD by August 16, 2004.
