EFFECTIVE DATE: 0901 UTC, November 25, 2004.

FOR FURTHER INFORMATION CONTACT: Jesse Patterson, AAL-538G, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number (907) 271-5898; fax: (907) 271-2850; e-mail: Jesse.ctr.Patterson@faa.gov. Internet address: <http://www.alaska.faa.gov/at>.

SUPPLEMENTARY INFORMATION:**History**

On Friday, July 2, 2004, the FAA proposed to revise part 71 of the Federal Aviation Regulations (14 CFR part 71) to create new Class E airspace upward from 700 ft. above the surface at Beaver, AK (69 FR 40330). The action was proposed in order to add Class E airspace sufficient in size to contain aircraft while executing two new SIAPs for the Beaver Airport. The new approaches are (1) Area Navigation-Global Positioning System (RNAV GPS) Runway (RWY) 5, original, and (2) RNAV GPS RWY 23, original. Additional Class E controlled airspace extending upward from 700 feet above the surface within a 6.9-mile radius of the Beaver Airport area is established by this action. Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No public comments have been received, thus, the rule is adopted as proposed.

The area will be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. The Class E airspace areas designated as 700/1200 foot transition areas are published in paragraph 6005 of FAA

Order 7400.9L, *Airspace Designations and Reporting Points*, dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This revision to 14 CFR part 71 establishes Class E airspace at Beaver, Alaska. Additional Class E airspace is being created to accommodate aircraft executing two new SIAPs and will be depicted on aeronautical charts for pilot reference. The intended effect of this rule is to provide adequate controlled airspace for IFR operations at Beaver Airport, Beaver, Alaska.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

RIN 0691–AA56

International Services Surveys: BE–22, Annual Survey of Selected Services Transactions With Unaffiliated Foreign Persons

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Final rule.

SUMMARY: This final rule revises regulations for the BE–22, Annual Survey of Selected Services Transactions with Unaffiliated Foreign Persons.

The BE–22 survey is conducted by the Bureau of Economic Analysis (BEA), U.S. Department of Commerce, under the International Investment and Trade in Services Survey Act. The data are needed to compile the U.S. international transactions, national income and product, and input-output accounts; support U.S. economic policy; assess U.S. competitiveness in international trade in services; and improve the ability of U.S. businesses to identify and evaluate market opportunities.

This final rule changes the services covered by the survey. Specifically, the BE–22 annual survey will no longer cover the services that are covered by the new BE–25, Quarterly Survey of Transactions Between U.S. and Unaffiliated Foreign Persons in Selected Services and in Intangible Assets.

DATES: This final rule will be effective October 12, 2004.

FOR FURTHER INFORMATION CONTACT: Obie G. Whichard, Chief, International Investment Division (BE–50), Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230; phone (202) 606–9800 or email (obie.whichard@bea.gov).

SUPPLEMENTARY INFORMATION: In the June 7, 2004 **Federal Register**, 69 FR 31771–31772, BEA published a notice of proposed rulemaking setting forth revised reporting requirements for the BE–22, Annual Survey of Selected Services Transactions with Unaffiliated Foreign Persons. BEA received one comment on the notice stating that the proposal did not contain enough detail for the public to truly comment and suggesting that it be reposted with fuller information. BEA did not repost the proposed rule for further comment because the original proposed rule contained sufficient information for public comment. BEA did respond to the commenter, explaining the reasons for the form of the proposal and indicating how more information on the BE–22 survey could be obtained. BEA directed the commenter to Internet sites where the existing rule and the survey form and instructions could be viewed and downloaded. Finally, BEA listed the services that would not be covered by the proposed survey but were covered on the prior version of the survey. Because no comments were received on the substance of the proposed rule, the rule is adopted without change.
