**Full Text of Announcement**

*I. Funding Opportunity Description*

*A. Program Description.* In accordance with Section 24(a) of the United States Housing Act of 1937 (1937 Act) (42 U.S.C. 1437v), the purpose of HOPE VI revitalization grants is to assist PHAs to:

1. Improve the living environment for public housing residents of severely distressed public housing projects through the demolition, rehabilitation, reconfiguration, or replacement of obsolete public housing projects (or portions thereof);

2. Revitalize sites (including remaining public housing dwelling units) on which such public housing projects are located and contribute to the improvement of the surrounding neighborhood;

3. Provide housing that will avoid or decrease the concentration of very low-income families; and

4. Build sustainable communities.

*B. Authority.* 1. The funding authority for HOPE VI revitalization grants under this HOPE VI NOFA is provided by the Consolidated Appropriations Act, 2004 (Pub. L. 108-199, approved January 23, 2004) under the heading "Revitalization of Severely Distressed Public Housing (HOPE VI)."

2. The program authority for the HOPE VI program is Section 24 of the 1937 Act, as amended by Section 402 of the HOPE VI Program Reauthorization and Small Community Mainstreet Rejuvenation and Housing Act of 2003 (Pub. L. 108-186, approved December 16, 2003).

*C. Definitions.* 1. *Developer.* A developer is an entity contracted to develop (and possibly operate) a mixed finance development that includes public housing units, pursuant to 24 CFR part 941, subpart F. A developer most often has an ownership interest in

the entity that is established to own and operate the replacement units (e.g., as the general partner of a limited partnership).

2. *Leverage.* See Section III.C.4. and IV.B.6.c. of this NOFA for the meaning of leverage.

3. *Replacement Housing.* Under this HOPE VI NOFA, a HOPE VI replacement housing unit shall be deemed to be any combination of public housing rental units, eligible homeownership units under Section 24(d)(1)(j) of the 1937 Act, and HCV assistance that does not exceed the number of units demolished and disposed of at the targeted severely distressed public housing project.

4. *Severely Distressed.* a. In accordance with Section 24(j)(2) of the 1937 Act, the term "severely distressed public housing" means a public housing project (or building in a project) that:

(1) Requires major redesign, reconstruction, or redevelopment—or partial or total demolition—to correct serious deficiencies in the original design (including inappropriately high population density), deferred maintenance, physical deterioration or obsolescence of major systems, and other deficiencies in the physical plan of the project;

(2) Is a significant contributing factor to the physical decline of, and disinvestment by public and private entities in, the surrounding neighborhood;

(3) (a) Is occupied predominantly by families who are very low-income families with children, have unemployed members, and are dependent on various forms of public assistance; (b) has high rates of vandalism and criminal activity (including drug-related criminal activity) in comparison to other housing in the area; or (c) is lacking in sufficient appropriate transportation, supportive services, economic opportunity, schools, civic and religious institutions, or public services, resulting in severe social distress in the project;

(4) Cannot be revitalized through assistance under other programs, such as the Capital Fund and Operating Fund programs for public housing under the 1937 Act, or the programs under Sections 9 or 14 of the 1937 Act (as in effect before the effective date under Section 503(a) of the Quality Housing and Work Responsibility Act of 1998 (Pub. L. 105-276, approved October 21, 1998), because of cost constraints and inadequacy of available amounts; and

(5) In the case of an individual building:

(a) Is sufficiently separable from the remainder of the project of which the

building is part, such that the revitalization of the building is feasible; or

(b) Was part of a project described in your application's response to Section V.A. of this NOFA that has been legally vacated or demolished, but for which HUD has not yet provided replacement housing assistance (other than tenant-based assistance). "Replacement housing assistance" are funds that have been furnished by HUD to perform major rehabilitation on, or reconstruction of, the public housing units that have been legally vacated or demolished.

b. For the purposes of the "severely distressed" threshold requirement, Replacement Housing Factor funds will not be considered as "replacement housing assistance."

c. A severely distressed project that has been legally vacated or demolished (but for which HUD has not yet provided replacement housing assistance, other than tenant-based assistance) must have met the definition of physical distress not later than the day the demolition application approval letter was dated by HUD.

**D. Eligible Revitalization Activities.** HOPE VI Revitalization grants may be used for activities to carry out revitalization programs for severely distressed public housing in accordance with Section 24(d) of the 1937 Act. Revitalization activities approved by HUD must be conducted in accordance with the requirements of this NOFA. The following is a list of eligible activities.

1. *Relocation.* Relocation, including reasonable moving expenses, for residents displaced as a result of the revitalization of the project. See Sections III.C., IV.B. and V.A.6. of this NOFA for relocation requirements.

2. *Demolition.* Demolition of dwelling units or nondwelling facilities, in whole or in part, although demolition is not a required element of a HOPE VI Revitalization Plan.

3. *Disposition.* Disposition of a severely distressed public housing site, by sale or lease, in whole or in part, in accordance with Section 18 of the 1937 Act and implementing regulations at 24 CFR part 970. A lease of one year or more that is not incident to the normal operation of a project is considered a disposition that is subject to Section 18 of the 1937 Act.

4. *Rehabilitation and Physical Improvement.* Rehabilitation and physical improvement of public housing and community facilities primarily intended to facilitate the delivery of community and supportive services for residents of the project and residents of

off-site replacement housing, in accordance with 24 CFR 968.112(b), (d), (e), and (g)-(o) and 24 CFR 968.130 and 968.135(b) and (d) or successor regulations, as applicable.

5. *Development.* Development of public housing replacement units and other units (e.g., market-rate units), provided a need exists for such units and such development is performed with non-public housing funds.

6. *Homeownership Activities.* Assistance involving the rehabilitation and development of homeownership units. Assistance may include:

a. Downpayment or closing cost assistance;

b. Second mortgages; or

c. Construction or permanent financing for new construction, acquisition, or rehabilitation costs related to homeownership replacement units.

7. *Acquisition.* Acquisition of rental units, land for the development of off-site replacement units, and land for economic development-related activities.

8. *Management Improvements.* Necessary management improvements, including transitional security activities.

9. *Administration, Planning, Etc.* Administration, planning, technical assistance, and other activities (including architectural and engineering work, program management, and reasonable legal fees) that are related to the implementation of the Revitalization Plan, as approved by HUD. See Cost Control Standards in Section IV.E. of this NOFA.

10. *Community and Supportive Services (CSS).* a. The CSS component of the HOPE VI program encompasses all activities that are designed to promote upward mobility, self-sufficiency, and improved quality of life for the residents of the public housing project involved.

b. *CSS activities.* CSS activities may include, but are not limited to:

(1) Educational activities that promote learning and serve as the foundation for young people from infancy through high school graduation, helping them to succeed in academia and the professional world. Such activities, which include after-school programs, mentoring, and tutoring, must be created with strong partnerships with public and private educational institutions.

(2) Adult educational activities, including remedial education, literacy training, tutoring for completion of secondary or postsecondary education, assistance in the attainment of certificates of high school equivalency,

and English as a Second Language courses, as needed.

(3) Readiness and retention activities, which frequently are key to securing private sector commitments to the provision of jobs.

(4) Employment training activities that include results-based job training, preparation, counseling, development, placement, and follow-up assistance after job placement.

(5) Programs that provide entry-level, registered apprenticeships in construction, construction-related, maintenance, or other related activities. A registered apprenticeship program is a program that has been registered with either a State Apprenticeship Agency recognized by the Department of Labor's (DOL) Office of Apprenticeship Training, Employer and Labor Services (OATELS) or, if there is no recognized state agency, by OATELS. See also DOL regulations at 29 CFR part 29.

(6) Life skills training on topics such as parenting, consumer education, and family budgeting.

(7) Creation and operation of credit unions to serve residents, including capitalization and technical assistance to foster new credit unions on-site and to encourage existing community credit unions to expand their coverage to include on-site coverage.

(8) Homeownership counseling that is scheduled to begin promptly after grant award so that, to the maximum extent possible, qualified residents will be ready to purchase new homeownership units when they are completed. The Family Self-Sufficiency program can also be used to promote homeownership, providing assistance with escrow accounts and counseling.

(9) Coordinating with health care providers or providing on-site space for health clinics, doctors, wellness centers, dentists, etc. that will primarily serve the public housing residents. HOPE VI funds may not be used to provide direct medical care to residents.

(10) Substance and alcohol abuse treatment and counseling.

(11) Activities that address domestic violence treatment and prevention.

(12) Child care services that provide sufficient hours of operation to facilitate parental access to education and job opportunities, serve appropriate age groups, and stimulate children to learn.

(13) Transportation, as necessary, to enable all family members to participate in available CSS activities and to commute to their places of employment.

(14) Entrepreneurship training and mentoring, with the goal of establishing resident-owned businesses.

11. *Leveraging.* Leveraging other resources, including additional housing

resources, supportive services, job creation, and other economic development uses on or near the project that will benefit future residents of the site.

12. *SuperNOFA Reference.* Section I, "Funding Opportunity Description," of the *Notice of HUD's Fiscal Year 2004 Notice of Funding Availability (NOFA) Policy Requirements and General Section to the Super NOFA for HUD's Discretionary Programs (SuperNOFA)*, Docket No. FR-4900-N-01, published in the **Federal Register** on May 14, 2004, is hereby incorporated by reference.

II. Award Information

Housing Choice Voucher Assistance .....	20,000,000
Total .....	140,000,000

1. *Revitalization Grants.*

Approximately \$120 million of the FY2004 HOPE VI appropriation has been allocated to fund HOPE VI Revitalization grants and will be awarded in accordance with this NOFA. There will be approximately six awards.

2. *Housing Choice Voucher Assistance.*

Approximately \$20 million of the HOPE VI appropriation will be allocated for Housing Choice Voucher (HCV) assistance. HCV assistance will be provided to HOPE VI Revitalization NOFA awardees. If \$20 million is more than the amount necessary to fund the HOPE VI grantee's HCV needs, the remaining funds will be used for other eligible activities under Section 24 of the 1937 Act.

5. *SuperNOFA Reference.* Section II., "Funding Available," of the SuperNOFA is hereby incorporated by reference.

III. Eligibility Information

A. *Eligible Applicants.* 1. PHAs that have severely distressed housing in their inventory and are otherwise in conformance with the threshold requirements provided in Section III.C. of this NOFA. See Section IV.B.4. of this NOFA for threshold documentation requirements.

2. *Housing Choice Voucher Programs Only and Tribal Housing Agencies.* PHAs that only administer HCV programs, e.g., Section 8, HCV, and tribal PHAs and tribally-designated housing entities, are not eligible to apply.

3. *Troubled Status.* If HUD has designated your housing authority as troubled pursuant to Section 6(j)(2) of the 1937 Act, HUD will use documents and information available to it to determine whether you qualify as an eligible applicant. In accordance with Section 24(j) of the 1937 Act, the term "applicant" means:

a. Any PHA that is not designated as "troubled" pursuant to Section 6(j)(2) of the 1937 Act; b. Any PHA for which a private housing management agent has been selected, or a receiver has been appointed, pursuant to Section 6(j)(3) of the 1937 Act; and c. Any PHA that is designated as "troubled" pursuant to Section 6(j)(2) of the 1937 Act and that:

- (1) Is designated as troubled principally for reasons that will not affect its capacity to carry out a revitalization program;
- (2) Is making substantial progress toward eliminating the deficiencies of the agency that resulted in its troubled status; or
- (3) Is otherwise determined by HUD to be capable of carrying out a revitalization program.

B. *Cost Sharing or Matching.*

1. *Match Requirements.*

a. *Revitalization Grant Match.* HUD is required by the Quality Housing and Work Responsibility Act (42 U.S.C. 1437v(c)(1)(A)) to include the requirement for matching funds for all HOPE VI-related grants. You are required to have in place a match in the amount of 5 percent of the requested grant amount in cash or in-kind donations. Applications that do not demonstrate the minimum 5 percent match will not be considered for funding.

b. *Additional Community and Supportive Services (CSS) Match.*

(1) In addition to the 5 percent revitalization grant match in Section a. above, you may be required to have in place a CSS match. Funds used for the Revitalization grant match cannot be used for the CSS match.

(2) If you are selected for funding through this NOFA, you may use up to 15 percent of your grant for such activities. However, if you propose to use more than 5 percent of your HOPE VI grant for CSS activities, you must have in place funds from sources other than HOPE VI, that match the amount between 5 and 15 percent of the grant that you will use for CSS activities.

c. In accordance with Section 24(c) of the Act, for purposes of calculating the amount of matching funds required by Sections a. and b. above, you may include amounts from public housing sources other than HOPE VI Revitalization (such as HOPE VI

Demolition grants and Capital Funds may be included). In addition, other federal sources, any state or local government source, any private contributions, the value of donated material or buildings, the value of any lease on a building, the value of the time and services contributed by volunteers, and the value of any other in-kind services or administrative costs provided.

d. Match donations must be firmly committed. "Firmly committed" means that the amount of match resources and their dedication to HOPE VI Revitalization activities must be explicit, in writing, and signed by a person authorized to make the commitment.

e. You may propose to use your own non-public housing grant funds to meet the match requirement.

f. Matching funds must be directly applicable to the revitalization of the site and the transformation of the lives of residents.

g. The PHA's staff time is not an eligible cash or in-kind match.

h. See Section IV.B.3 of this NOFA for match other documentation requirements.

C. *Other.*

1. *Thresholds.* If you have not met a threshold, or have not included in the application the complete, correct, required documentation that demonstrates the threshold has been met, the application will not be rated or ranked and will be ineligible for funding. Threshold insufficiency cannot be cured after the application due date. See Section IV.B. of this NOFA for documentation requirements.

a. *One application.* Each applicant may submit only one HOPE VI Revitalization application as described in this NOFA. If a single applicant submits more than one application, all applications will be disqualified and no application will be eligible for funding.

b. *Appropriateness of Proposal.* In accordance with Section 24(e)(1) of the 1937 Act, each application must demonstrate the appropriateness of the proposal (revitalization plan) in the context of the local housing market relative to other alternatives. You must briefly discuss other possible alternatives to your proposal and explain why your plan is more appropriate. This is a statutory requirement and an application threshold. If you do not demonstrate the appropriateness of the proposal (revitalization plan) in the context of the local housing market relative to other alternatives, your application will not be rated or ranked and will be ineligible for funding. Examples of alternative proposals may include:

(1) Rebuilding or rehabilitating an existing project or units at an off-site location that is in an isolated, non-residential, or otherwise inappropriate area;

(2) Proposing a range of incomes, housing types (rental, homeownership, market-rate, public housing, townhouse, detached house, etc.), or costs which cannot be supported by a market analysis; or

(3) Proposing to use the land in a manner that is contrary to the goals of your agency.

c. *Contiguous, Single, and Scattered-Site Projects.* Except as provided in sections (1) and (2) below, each application must target one severely distressed public housing project (*i.e.*, with one project number).

(1) *Contiguous Projects.* Each application may request funds for more than one project if those projects are immediately adjacent to one another or within a quarter-mile of each other. If you include more than one project in your application, you must provide a map that clearly indicates that the projects are within a quarter-mile of each other. If HUD determines that they are not, your application will be ineligible for funding.

(2) *Scattered Site Projects.* Your application may request funds to revitalize a scattered site public housing project. The sites targeted in an application proposing to revitalize scattered sites (regardless of whether the scattered sites are under multiple project numbers) must fall within an area with a one-mile radius. You may identify a larger site if you can show that all of the targeted scattered site units are located within the hard edges (*e.g.*, major highways, railroad tracks, lakeshore, *etc.*) of a neighborhood. If you propose to revitalize a project that extends beyond a one-mile radius or is otherwise beyond the hard edges of a neighborhood, your application will not be rated or ranked and will be ineligible for funding.

d. *Desegregation Orders.* You must be in full compliance with any desegregation or other court order and voluntary compliance agreements related to Fair Housing (*e.g.*, Title VI of the Civil Rights Act of 1964, the Fair Housing Act, and Section 504 of the Rehabilitation Act of 1973) that affects your public housing program and that is in effect on the date of application submission. If you are not in full compliance with any desegregation or other court orders, your application will be ineligible for funding.

e. *Non-Public Housing Funding for Non-Public Housing or Replacement Units.* If the application demonstrates

that you are planning to use public housing funds, which include HOPE VI funds, to develop: retail or commercial space; economic development space (community building, *etc.*); or housing units that are not Replacement Housing (See Section I.C. of this NOFA), your application will not be rated or ranked and will be ineligible for funding. See Section IV.B.4. for documentation requirements regarding this threshold.

f. *Open Inspector General Audits.* (1) If you have an open Inspector General (IG) or Government Accountability Office (GAO) audit finding that has not been resolved to HUD's satisfaction before the due date of this NOFA, the application will not be rated or ranked and will be ineligible for funding.

(2) HUD's decision regarding whether a charge, lawsuit, or a letter of findings has been satisfactorily resolved will be based on whether appropriate actions have been taken to address the findings.

g. *Performance of Existing HOPE VI Grantees.* (1) The application will not be rated or ranked and will be ineligible for funding if you have an existing HOPE VI Revitalization grant, and

(a) The grant development is delinquent due to actions or inactions that are not beyond the control of the grantee; and

(b) The grantee is not making substantial progress toward eliminating the delinquency.

(2) "Delinquent" means that resident relocation, unit demolition, unit construction, unit rehabilitation, unit occupancy, or unit re-occupancy have not occurred in accordance with the grantee's current Revitalization Plan.

(3) Reasons that are beyond the control of the grantee include, but are not limited to, the following:

- (a) Litigation;
- (b) Court Orders; and
- (c) Emergency and natural disasters.

(4) HUD will use documents and information available to it to determine whether the grant is delinquent due to reasons that are beyond the control of the grantee and whether the grantee is making substantial progress toward eliminating the delinquency.

h. *Previously Funded Sites.* You may submit a Revitalization application that targets a project that is being revitalized or replaced under an existing HOPE VI Revitalization grant. However, you may not apply for new HOPE VI Revitalization funds for units in that project that were funded by the existing HOPE VI Revitalization grant or other HUD funds which are used to achieve significant revitalization of units (as opposed to regular upkeep), even if those funds are inadequate to pay the costs to revitalize or replace all of the

targeted units. For example, if a project has 700 units and you were awarded a HOPE VI Revitalization grant or other HUD public housing funds to address 300 of those units, you may submit an FY2004 HOPE VI Revitalization application to revitalize the remaining 400 units. You may not apply for funds to supplement work on the original 300 units. If you request funds to revitalize units or buildings that have been funded by an existing HOPE VI Revitalization grant or other HUD funds, your application will not be rated or ranked and will be ineligible for funding.

i. *Program Schedule.* Your application must contain a program schedule that provides a feasible plan to meet the schedule requirements of Section VI.B.2. of this NOFA, with no impediments such as litigation that would prevent timely startup. The program schedule must indicate the date on which the development proposal, *i.e.*, whether mixed-finance development, homeownership development, *etc.*, for each phase of the revitalization plan will be submitted to HUD. For application evaluation only, you should assume the following award and post-award dates.

Milestone	Date
Grant Award .....	April 1, 2005.
Grant Agreement Execution.	July 1, 2005.
HUD's written request for Supplemental Submissions.	August 1, 2005.
HUD's approval of Supplemental Submissions.	September 1, 2005.

If grant award takes place after October 1, 2004, the grantee's program schedule may be changed in the Supplemental Submissions to account for the period of time between October 1, 2004, and the actual date of grant award. If your application does not contain a program schedule, as described above, the application will not be rated or ranked and will be ineligible for funding.

j. *Separability.* In accordance with Section 24(j)(2)(A)(v) of the 1937 Act, if you propose to target only a portion of a project for revitalization, you must:

(1) Demonstrate to HUD's satisfaction that the severely distressed public housing is sufficiently separable from the remainder of the project of which the building is part to make use of the building feasible for revitalization. Separations may include a road, berm, catch basin, or other recognized neighborhood distinction.

(2) Demonstrate that the site plan and building designs of the revitalized

portion will provide defensible space for the occupants of the revitalized building(s) and that the properties that remain will not have a negative influence on the revitalized buildings(s), either physically or socially.

(3) If your application does not demonstrate separability, your application will not be rated or ranked and will be ineligible for funding.

k. *Severe Distress of Target Project.* The targeted public housing project or building in a project targeted by a HOPE VI Revitalization application must be severely distressed. See Section I.C. of this NOFA for the definition of "severely distressed." If the targeted project or building is not severely distressed, your application will not be rated or ranked and will be ineligible for funding.

l. *Site Control.* (1) If you propose to develop off-site housing in any phase of your proposed revitalization plan, you MUST provide evidence in your application that you (not your developer) have site control of the property(ies).

(2) Site control may only be contingent upon:

(a) The receipt of the HOPE VI grant;

(b) Satisfactory compliance with the environmental review requirements of this NOFA; and

(c) The site and neighborhood standards in Section III.C.4. of this NOFA.

(3) If you demonstrate site control through an option to purchase, the option must extend for at least 180 days after the application due date.

(4) If you propose to develop off-site housing and you do not provide acceptable evidence of site control, your ENTIRE application will not be rated or ranked and will be ineligible for funding.

m. *Zoning Approval.* (1) If you are proposing to use off-site parcels of land for housing development or other uses that, until this point in time have been zoned for a purpose different than the one proposed in your revitalization plan, your application must include:

(a) A certification from the appropriate local official documenting that all required zoning approvals have been secured for such parcels; or

(b) The actual zoning approval document(s) for the parcel(s).

(2) If you are proposing to use off-site parcels of land for housing development or other uses and those parcels are already zoned for your chosen use, your application must include a certification signed by the executive director stating that all current zoning allows all proposed HOPE VI activities.

(3) For example, if you propose to develop housing on land that is currently zoned as parkland, you must provide evidence in the application that the zoning change has been secured to permit housing development. If you propose to keep the land as parkland, you must provide a certification in the application that the zoning is for parkland.

(4) If zoning approval/certification is not properly included in your application, the application will not be rated or ranked and will be ineligible for funding.

n. *Requirements and Procedures Applicable to All Programs:* (1) SuperNOFA References. The following subsections of Section III.C. of the SuperNOFA are hereby incorporated by reference:

(a) Dun and Bradstreet Data Universal Numbering System (DUNS) Number Requirement;

(b) Compliance with Fair Housing and Civil Rights Laws;

(c) Conducting Business In Accordance with Core Values and Ethical Standards;

(d) Delinquent Federal Debts;

(e) Name Check Review;

(f) False Statements;

(g) Prohibition Against Lobbying Activities;

(h) Debarment and Suspension.

(i) Statutory and Regulatory Requirements; and

(j) Ineligible Applicants.

(2) Salary Limitation for Consultants. FY2004 funds may not be used to pay or to provide reimbursement for payment of the salary of a consultant whether retained by the federal government or the grantee at more than the daily equivalent of the rate paid for level IV of the Executive Schedule, unless specifically authorized by law.

2. *Thresholds—Applicant Certifications Covered by the Standard Form 424.* By signing and submitting the Application for Federal Assistance, Standard Form 424, you are certifying to all of the thresholds listed in this section. A false statement in an application is grounds for denial or termination of an award and grounds for possible punishment as provided in 18 U.S.C. 1001, 1010, and 1012, and 32 U.S.C. 3729 and 3802. See Section IV.B. of this NOFA for any documentation requirements related to these certifications. a. If you have not met a threshold on or before the application due date, or have not included in the application the complete, correct, required documentation that demonstrates the threshold has been met, the application will not be rated or ranked and will be ineligible for

funding. For these thresholds, insufficiency cannot be cured after the application due date. See Section IV.B. of this NOFA for documentation requirements.

(1) Selection of Developer. You must certify that:

(a) You have initiated an RFQ by the application due date for the competitive procurement of a developer for your first phase of construction, in accordance with 24 CFR 85.36 and 24 CFR 941.602(d) (as applicable). If you change developers after you are selected for funding, HUD reserves the right to rescind the grant; or

(b) You will act as your own developer for the proposed project. If you change your plan and procure an outside developer after you are selected for funding, HUD reserves the right to rescind the grant.

(2) Resident Involvement in Revitalization Program.

You must certify that you have involved affected public housing residents at the beginning and during the planning process for the revitalization program, prior to submission of your application. If you have not included affected residents your application will not be rated or ranked and will be ineligible for funding. See Section III.C.4. of this NOFA for minimum training and meeting requirements and Section IV.B. of this NOFA for documentation requirements.

b. Omission of any of the mandatory documentation listed in Section IV.B. of this NOFA is considered a Technical Deficiency and must be cured (corrected) within the cure period stated in Section IV.B. of the SuperNOFA. Applications that remain deficient after the cure period will not be rated or ranked and will be ineligible for funding.

(1) Operation and Management Principles and Policies Certification. You must certify that you will implement the Operation and Management Principles and Policies stated in Section III.C.4.h. of this NOFA.

(2) Relocation Plan Certification.

(a) You must certify that the HOPE VI Relocation Plan has been completed and that it conforms to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) requirements as described in Section V.A.6. of this NOFA.

(b) If relocation was completed (*i.e.*, the targeted public housing site is vacant) as of the application due date, rather than certifying that the HOPE VI Relocation Plan has been completed, you certify that the relocation was completed.

(3) Resident Involvement in the Revitalization Program Certification. You must certify that resident training sessions and public meetings were held and that you involved affected public housing residents at the beginning and during the planning process for the revitalization program prior to submission of an application.

(4) Standard Certifications. The last part of your application will be comprised of standard certifications common to many HUD programs. Required forms must be included in the HOPE VI application and will be available over the Internet at <http://www.hud.gov/offices/adm/grants/otherhud.cfm>.

**3. Thresholds—Third-Party Certifications.** The following third-party certifications must be included in your application. a. If you have not included in the application, on or before the application due date, the complete, correct, required documentation that demonstrates the threshold has been met, the application will not be rated or ranked and will be either ineligible for funding or have its funding limited, based upon the threshold. For these thresholds, insufficiency regarding these thresholds cannot be cured after the application due date. See Section IV.B. of this NOFA for any documentation requirements related to these certifications.

(1) Cost Control Standards. Your cost estimates must be certified to meet the cost control standards stated in Section IV.E. by an independent cost estimator, architect, engineer, contractor, or other qualified third party professional. If your costs are not certified, your application will not be rated or ranked and will be ineligible for funding.

(2) Severely Distressed Certification. You must certify that the target project is severely distressed. In order to certify to severe physical distress, your application must include a certification that is signed by an engineer or architect licensed by a state licensing board. The license does not need to have been issued in the same state as the severely distressed project. The engineer or architect must include his or her license number and state of registration on the certification. The engineer or architect may not be an employee of the housing authority or the city. A Certification of Severe Physical Distress is provided on the Internet at <http://www.hud.gov/offices/adm/grants/otherhud.cfm>.

b. Omission of any of the mandatory documentation listed in this section is considered a technical deficiency and must be cured (corrected) within the cure period stated in Section IV.B.4. of the SuperNOFA. Applications that

remain deficient after the cure period will not be rated or ranked and will be ineligible for funding. See Section IV.B. of this NOFA for any documentation requirements related to these certifications.

(1) Market-rate Housing: Market Assessment Certification. If you include market-rate housing, community facilities (if market-driven, e.g., a YMCA or a community facility that is primarily intended to facilitate the delivery of community and supportive services for residents of the targeted severely distressed public housing project and of off-site replacement housing does not need to be addressed in the market assessment letter), economic development, and retail structures in your Revitalization Plan, you must provide a certification by an independent, third party, credentialed market research firm, or professional that describes its assessment of the demand and associated pricing structure for the proposed residential units and any community facilities, economic development, and retail structures, based on the market and economic conditions of the project area.

(2) HOPE VI Revitalization Applicant Certifications. You must include in your application a certification from the Chairman of your Board of Commissioners to the requirements listed in the HOPE VI Revitalization Applicant Certifications. This certification is provided on the Internet at <http://www.hud.gov/offices/adm/grants/otherhud.cfm>.

#### 4. Program Requirements.

a. *Demolition.* (1) You may not carry out nor permit others to carry out the demolition of the project or any portion of the project until HUD approves, in writing, one of the following, and until HUD has also approved a Request for Release of Funds submitted in accordance with 24 CFR part 58 or, if HUD performs an environmental review under 24 CFR part 50, until HUD has approved in writing the property for demolition following its environmental review.

(a) Information in your HOPE VI Revitalization Application, along with Supplemental Submissions requested by HUD after the award of the grant. Section 24(g) of the 1937 Act provides that severely distressed public housing demolished pursuant to a Revitalization Plan is not required to be approved by a demolition application under Section 18 of the 1937 Act or regulations at 24 CFR part 970. If you do not receive a HOPE VI Revitalization grant, the information in your application will not be used to process a request for demolition;

(b) A demolition application under Section 18 of the 1937 Act. While a Section 18 approval is not required by HOPE VI demolition, you will not have to wait for demolition approval through your supplemental submissions, as described in Section (a) above; or

(c) A Section 202 Mandatory Conversion Plan, in compliance with regulations at 24 CFR part 971 and other applicable HUD requirements, if the project is subject to Mandatory Conversion (Section 202 of the Omnibus Consolidated Rescissions and Appropriations Act of 1996 Pub. L. 104-134, approved on April 26, 1996). A Mandatory Conversion Plan concerns the removal of a public housing project from a PHA's inventory.

b. *Development.* (1) For any standard (non-mixed finance) public housing development activity (whether on-site reconstruction or off-site development), you must obtain HUD approval of a standard development proposal submitted under 24 CFR part 941 (or successor part).

(2) For mixed-finance housing development, you must obtain HUD approval of a mixed finance proposal, submitted under 24 CFR part 941, subpart F (or successor part and subpart).

(3) For new construction of community facilities primarily intended to facilitate the delivery of community and supportive services for residents of the project and residents of off-site replacement housing, you must comply with 24 CFR part 941 (or successor part). Information required for this activity must be included in either a standard or mixed finance development proposal, as applicable.

c. *Homeownership.* (1) For homeownership replacement units developed under a Revitalization Plan, you must obtain HUD approval of a homeownership proposal. Your homeownership proposal must conform to either:

(a) Section 24(d)(1)(j) of the 1937 Act; or

(b) Section 32 of the 1937 Act (see 24 CFR part 906). Additional information on this option may be found at <http://www.hud.gov/offices/pih/centers/sac/homeownership>.

(2) The homeownership proposal must be consistent with the 80 percent of Area Median Income (AMI) limitations and any other applicable provisions under the 1937 Act. (HUD publishes AMI tables for each family size in each locality annually. The income limit tables can be found at <http://www.huduser.org/datasets/il/il04/index.html>.)

d. *Acquisition.* (1) Acquisition Proposal. Before you undertake any acquisition activities with HOPE VI or other public housing funds, you must obtain HUD approval of an acquisition proposal that meets the requirements of 24 CFR 941.303.

(2) Rental Units. For acquisition of rental units in existing or new apartment buildings, single family subdivisions, etc., with or without rehabilitation, for use as public housing replacement units, you must obtain HUD approval of a Development Proposal in accordance with 24 CFR 941.304 (conventional development) or 24 CFR 941.606 (mixed finance development).

(2) Land for Off-Site Replacement Units. For acquisition of land for public housing or homeownership development, you must comply with 24 CFR part 941 or successor part.

(3) Land for Economic Development-Related Activities.

(a) Acquisition of land for this purpose is eligible only if the economic development-related activities specifically promote the economic self-sufficiency of residents.

(b) Limited infrastructure and site improvements associated with developing retail, commercial, or office facilities, such as rough grading and bringing utilities to (but not on) the site are eligible activities with prior HUD approval.

e. *Access to Services.* For both on-site and any off-site units, your overall Revitalization Plan must result in increased access to municipal services, jobs, mentoring opportunities, transportation, and educational facilities; *i.e.*, the physical plan and self-sufficiency strategy must be well-integrated and strong linkages must be established with the appropriate federal, state, and local agencies, nonprofit organizations, and the private sector to achieve such access.

f. *Building Standards.* (1) Building Codes. All activities that include construction, rehabilitation, lead-based paint removal, and related activities must meet or exceed local building codes. You are encouraged to read the policy statement and final report of the HUD Review of Model Building Codes that identifies the variances between the design and construction requirements of the Fair Housing Act and several model building codes. That report can be found on the HUD Web site at <http://www.hud.gov/fhe/modelcodes>.

(2) Deconstruction. HUD encourages you to design programs that incorporate sustainable construction and demolition practices, such as the dismantling or "deconstruction" of public housing

units, recycling of demolition debris, and reusing of salvage materials in new construction. "A Guide to Deconstruction" can be found at <http://www.hud.gov/deconstr.pdf>.

(3) Partnership for Advancing Technology in Housing (PATH). HUD encourages you to use PATH technologies in the construction and delivery of replacement housing. PATH is a voluntary initiative that seeks to accelerate the creation and widespread use of advanced technologies to radically improve the quality, durability, environmental performance, energy efficiency, and affordability of our Nation's housing.

(a) PATH's goal is to achieve dramatic improvement in the quality of American housing by the year 2010. PATH encourages leaders from the home building, product manufacturing, insurance and financial industries, and representatives from federal agencies dealing with housing issues to work together to spur housing design and construction innovations. PATH will provide technical support in design and cost analysis of advanced technologies to be incorporated in project construction.

(b) Applicants are encouraged to employ PATH technologies to exceed prevailing national building practices by:

- (i) Reducing costs;
- (ii) Improving durability;
- (iii) Increasing energy efficiency;
- (iv) Improving disaster resistance; and
- (v) Reducing environmental impact.

(c) More information, the list of technologies, the latest PATH Newsletter, results from field demonstrations, and PATH projects can be found at <http://www.pathnet.org>.

(4) Energy Efficiency. (a) New construction must comply with the latest HUD-adopted Model Energy Code issued by the Council of American Building Officials.

(b) HUD encourages you to set higher standards for energy and water efficiency in HOPE VI new construction, which can achieve utility savings of 30 to 50 percent with minimal extra cost.

(c) You are encouraged to negotiate with your local utility company to obtain a lower rate. Utility rates and tax laws vary widely throughout the country. In some areas, PHAs are exempt or partially exempt from utility rate taxes. Some PHAs have paid unnecessarily high utility rates because they were billed at an incorrect rate classification.

(d) Local utility companies may be able to provide grant funds to assist in energy efficiency activities. States may

also have programs that will assist in energy efficient building techniques.

(e) You must use new technologies that will conserve energy and decrease operating costs where cost effective. Examples of such technologies include:

- (i) Geothermal heating and cooling;
- (ii) Placement of buildings and size of eaves that take advantage of the directions of the sun throughout the year;

- (iii) Photovoltaics (technologies that convert light into electrical power);
- (iv) Extra insulation;
- (v) Smart windows; and
- (vi) Energy Star appliances.

(5) Universal Design. HUD encourages you to incorporate the principles of universal design in the construction or rehabilitation of housing, retail establishments, and community facilities, or when communicating with community residents at public meetings or events. Universal design is the design of products and environments to be usable by all people, to the greatest extent possible, without the need for adaptation or specialized design. The intent of universal design is to simplify life for everyone by making products, communications, and the built environment more usable by as many people as possible at little or no extra cost. Universal design benefits people of all ages and abilities. Examples include designing wider doorways, installing levers instead of doorknobs, and putting bathtub/shower grab bars in all units. Computers and telephones can also be set up in ways that enable as many residents as possible to use them. The Department has a publication that contains a number of ideas about how the principles of Universal Design can benefit persons with disabilities. To order a copy of *Strategies for Providing Accessibility and Visitability for HOPE VI and Mixed Finance Homeownership*, go to the publications and resource page of the HOPE VI Web site at <http://www.huduser.org/publications/pubasst/strategies.html>.

(6) Energy Star. HUD has adopted a wide-ranging energy action plan for improving energy efficiency in all program areas. As a first step in implementing the energy plan, HUD, the Environmental Protection Agency (EPA), and the Department of Energy (DoE) have signed a joint partnership to promote energy efficiency in HUD's affordable housing efforts and programs. The purpose of the Energy Star partnership is to promote energy efficiency of the affordable housing stock, but also to help protect the environment. Applicants constructing, rehabilitating, or maintaining housing or community facilities are encouraged to

promote energy efficiency in design and operations. They are urged especially to purchase and use Energy Star-labeled products. Applicants providing housing assistance or counseling services are encouraged to promote Energy Star building by homebuyers and renters. Program activities can include developing Energy Star promotional and information materials, outreach to low- and moderate-income renters and buyers on the benefits and savings when using Energy Star products and appliances, and promoting the designation of community buildings and homes as Energy Star compliant. For further information about Energy Star, see <http://www.energystar.gov> or call 888-STAR-YES (888-782-7937), or for the hearing-impaired, call 888-588-9920 TTY. See also the energy efficiency requirements in Section III.C.4. of this NOFA.

(7) Lead-Based Paint. You must comply with lead-based paint evaluation and reduction requirements as provided for under the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821, *et seq.*). You also must comply with regulations at 24 CFR part 35, 24 CFR 965.701, and 24 CFR 968.110(k), as they may be amended or revised from time to time. Unless otherwise provided, you will be responsible for lead-based paint evaluation and reduction activities. The National Lead Information Hotline is 800-424-5323.

g. *Labor Standards.* The following standards must be implemented as appropriate in regard to HOPE VI grants.

(1) Labor Standards.

(a) Davis-Bacon wage rates apply to development of any public housing rental units or homeownership units developed with HOPE VI grant funds and to demolition followed by construction on the site. Davis-Bacon rates are "prevailing" minimum wage rates set by the Secretary of Labor that all laborers and mechanics employed in the development, including rehabilitation other than routine maintenance of a public housing project must be paid, as set forth in a wage determination that the PHA must obtain prior to bidding on each construction contract. The wage determination and provisions requiring payment of these wage rates must be included in the construction contract;

(b) HUD-determined wage rates apply to:

(i) Operation (including nonroutine maintenance) of revitalized housing, and

(ii) Demolition followed only by filling in the site and establishing a lawn.

(2) Exclusions. Under Section 12(b) of the 1937 Act, wage rate requirements do not apply to individuals who:

(a) Perform services for which they volunteered;

(b) Do not receive compensation for those services or are paid expenses, reasonable benefits, or a nominal fee for the services;

(c) Are not otherwise employed in the work involved (24 CFR part 70).

(3) If other federal programs are used in connection with your HOPE VI activities, labor standards requirements apply to the extent required by the other federal programs on portions of the project that are not subject to Davis-Bacon rates under the 1937 Act.

h. *Operation and Management Policies and Principles.* (1) You and your procured property manager, if applicable, must comply (to the extent required) with the provisions of 24 CFR part 966 in planning for the implementation of the operation and management principles and policies described below.

(a) Rewarding work and promoting family stability by promoting positive incentives such as income disregards and ceiling rents;

(b) Instituting a system of local preferences adopted in response to local housing needs and priorities, *e.g.*, preferences for victims of domestic violence, residency preferences, and disaster victims;

(c) Encouraging self-sufficiency by including lease requirements that promote involvement in the resident association, performance of community service, participation in self-sufficiency activities, and transitioning from public housing;

(d) Implementing site-based waiting lists for the redeveloped public housing and following project-based management principles;

(e) Instituting strict applicant screening requirements such as credit checks, references, home visits, and criminal records checks;

(f) Strictly enforcing lease and eviction provisions;

(g) Improving the safety and security of residents through the implementation of defensible space principles and the installation of physical security systems such as surveillance equipment, control engineering systems, *etc.*;

(h) Enhancing ongoing efforts to eliminate drugs and crime from neighborhoods through collaborative efforts with federal, state, and local crime prevention programs and entities such as:

(i) Local law enforcement agencies;

(ii) Your local United States Attorney;

(iii) The Weed and Seed Program, if the targeted project is located in a

designated Weed and Seed area. Operation Weed and Seed is a multi-agency strategy that "weeds out" violent crime, gang activity, drug use, and drug trafficking in targeted neighborhoods and then "seeds" the target area by restoring these neighborhoods through social and economic revitalization. Law enforcement activities constitute the "weed" portion of the program. Revitalization, which includes prevention, intervention, and treatment services as well as neighborhood restoration, constitutes the "seed" element. For more information, see the Community and Safety and Conservation Web site at <http://www.hud.gov/offices/pih/divisions/cscd/>.

i. *Non-Fungibility for MTW PHAs.* Funds awarded under this NOFA are not fungible under MTW agreements and must be accounted for separately, in accordance with the HOPE VI Revitalization Grant Agreement, the requirements in Section III.C.4.m. of the SuperNOFA, entitled, "*OMB Circulars and Government-wide Regulations Applicable to Financial Assistance Programs*," and GAAP.

j. *Resident and Community Involvement.* (1) General. You are required to involve the affected public housing residents, state and local governments, private service providers, financing agencies, and developers in the planning process, proposed implementation, and management of your Revitalization Plan. This involvement must be continuous from the beginning of the planning process through the implementation and management of the grant, if awarded.

(2) Resident Training Session. You must conduct at least one training session for residents of the severely distressed project on the HOPE VI development process. HUD does not prescribe the content of this meeting.

(3) Public Meetings. (a) You must conduct at least three public meetings with residents and the broader community, in order to involve them in a meaningful way in the process of developing the Revitalization Plan and preparing the application. One of these meetings must have taken place at the beginning of the planning process.

(b) These three public meetings must take place on different days from each other and from the resident training session.

(c) During the course of the three meetings, you must address the following issues listed below (*i.e.*, all issues need not be addressed at each meeting):

(i) The HOPE VI planning and implementation process;

(ii) The proposed physical plan, including site and unit design, and whether the unit design is in compliance with Fair Housing Act and UFAS standards;

(iii) The extent of proposed demolition;

(iv) Planned community and supportive service activities;

(v) Other proposed revitalization activities;

(vi) Relocation issues, including relocation planning, mobility counseling, and maintaining the HOPE VI community planning process during the demolition and reconstruction phases where temporary relocation is involved;

(vii) Reoccupancy plans and policies, including site-based waiting lists; and

(viii) Section 3 and employment opportunities to be created as a result of redevelopment activities.

(4) Accessibility. All training sessions and meetings must be held in facilities that are accessible to persons with disabilities, provide services such as day care, transportation, and sign language interpreters as appropriate, and as practical and applicable, be conducted in English and the language(s) most appropriate for the community.

(5) Allowable Time Period for Training and Meetings.

(a) At least one public meeting, which included representation from both the involved public housing residents and the community, must have been held at the beginning of the revitalization planning period;

(b) At least one training session must have been held after the publication date of this NOFA in the **Federal Register**; and

(c) The minimum of two more public meetings must have been held after the publication date of this NOFA in the **Federal Register**.

(d) The above minimum number of trainings and meetings are required to meet the Resident Involvement threshold in Section III.C. of this NOFA. Additional meetings and trainings will be counted toward demonstration of continual inclusion of the residents and community in the rating factors.

k. *CSS Program Requirements.* (1) Term Period. CSS programs and services must last for the life of the grant and must be carefully planned so that they will be sustainable after the HOPE VI grant period ends.

(2) Allowed Funding Mechanisms:

(a) Maximum CSS grant amount. Consistent with Section 24(j)(3) of the 1937 Act, you may use up to 15 percent of the total HOPE VI grant to pay the costs of CSS activities. See Section

III.B.1. of this NOFA for CSS grant matching requirements. You may spend additional sums on CSS activities using donations, other HUD funds made available for that purpose (leverage), or other PHA funds.

(b) CSS Endowment Trust. Consistent with Section 24(d)(2) of the 1937 Act, you may deposit up to 15 percent of your HOPE VI grant (the maximum amount of the award allowable for CSS activities) into an endowment trust to provide CSS activities. In order to establish an endowment trust, you must first execute with HUD a HOPE VI Endowment Trust Addendum to the grant agreement. When reviewing your request to set up an endowment trust, HUD will take into consideration your ability to pay for current CSS activities with HOPE VI or other funds and the projected long-term sustainability of the endowment trust to carry out those activities.

(3) CSS Team and Partners. (a) The term "CSS Team" refers to PHA staff members and any consultants who will have the responsibility to design, implement, and manage your CSS program.

(b) The term "CSS Partners" refers to the agencies and organizations that you will work with to provide supportive services for residents. A partner could be a local service organization such as a Boys or Girls Club that donates its building and staff to the program, or an agency such as the local TANF agency that works with you to ensure that their services are coordinated and comprehensive.

(c) Partner Agreements. There are several relationships that you may have with your partners:

(i) Subgrant Agreements. You may enter into subgrant agreements with nonprofit organizations or state or local governments for the performance of CSS activities in accordance with your approved CSS work plan.

(ii) Contracts. You may enter into a contract with for-profit businesses, nonprofit organizations, or state or local governments for the performance of CSS activities in accordance with your approved CSS work plan.

(iii) Memoranda of Understanding (MOU). You may enter into an MOU with any entity that furnishes CSS services for the performance of activities in accordance with your approved CSS work plan. However, if money is to change hands, the MOU must be codified with a contract or subgrant.

(iv) Informal Relationships. You may accept assistance from partners without prior documentation of your partner relationship. However, informal relationships do not lend themselves to

planning and should definitely be codified with a contract or subgrant if money changes hands.

(4) Tracking and Case Management. If selected, the grantee is responsible for tracking and providing CSS programs and services to residents currently living on the targeted public housing site and residents already relocated from the site. It is imperative that case management services begin immediately upon award so that residents who will be relocated have time to participate in and benefit from CSS activities before leaving the site, and that residents who have already been relocated are able to participate in and benefit from CSS activities.

(5) CSS Strategy and Objectives Requirements (a) Transition to Housing Self-Sufficiency. One of HUD's major priorities is to assist public housing residents in their efforts to become financially self-sufficient and less dependent upon direct government housing assistance. Your CSS program must include a well-defined, measurable endeavor that will enable public housing residents to transition to other affordable housing programs and to market housing. FSS and CSS activities that are designed to increase education and income levels are considered a part of this endeavor, as is the establishment of reasonable limits on the length of time any resident can reside in a public housing unit within a HOPE VI Revitalization Development.

(b) Neighborhood Networks. All FY2004 Revitalization grantees will be required to establish Neighborhood Networks Centers (NCC). This program provides residents with on-site access to computer and training resources that create knowledge and experience with computers and the Internet as tools to increase access to CSS, job training, and the job market. Grantees may use HOPE VI funds to establish NCCs. More information on the requirements of the NCC program is available on the Neighborhood Networks Web site at <http://www.hud.gov/nnw/nnwindex.html>. There will not be a separate FY2004 funded NOFA for HOPE VI Neighborhood Networks programs.

(c) Quantifiable Goals. The objectives of your CSS program must be results-oriented, with quantifiable goals and outcomes that can be used to measure progress and make changes in activities as necessary.

(d) Appropriate Scale and Type.

(i) CSS activities must be of an appropriate scale, type, and variety to meet the needs of all residents (including adults, seniors, youth ages 16 to 21, and children) of the severely

distressed project, including residents remaining on-site, residents who will relocate permanently to other PHA units or Housing Choice Voucher-assisted housing, residents who will relocate temporarily during the construction phase, and new residents of the revitalized units.

(ii) Non-public housing residents may also participate in CSS activities, as long as the primary participants in the activities are residents as described in Section (i) above.

(e) Coordination. (i) CSS activities must be consistent with state and local welfare reform requirements and goals.

(ii) Your CSS activities must be coordinated with the efforts of other service providers in your locality, including nonprofit organizations, educational institutions, and state and local programs.

(iii) CSS activities must be well-integrated with the physical development process, both in terms of timing and the provision of facilities to house on-site service and educational activities.

(f) Your CSS program must provide appropriate community and supportive services to residents prior to any relocation.

1. *CSS Partnerships and Resources.* The following are the kinds of organizations and agencies that can provide you with resources necessary to carry out and sustain your CSS activities. Note that in order to count as leverage, these funds must be newly generated. Existing and newly generated TANF cash benefits will not count as leverage. Newly generated non-cash services provided by TANF agencies will count as leverage.

(1) Local Boards of Education, public libraries, local community colleges, institutions of higher learning, nonprofit or for-profit educational institutions, and public/private mentoring programs that will lead to new or improved educational facilities and improved educational achievement of young people in the revitalized development, from birth through higher education.

(2) TANF agencies/welfare departments for TANF and non-TANF in-kind services, and non-TANF cash donations, *e.g.*, donation of TANF agency staff. Note that TANF cash benefits themselves will not be counted as leverage.

(3) Job development organizations that link private sector or nonprofit employers with low-income prospective employees.

(4) Workforce Development Agencies.

(5) Organizations that provide residents with job readiness and retention training and support.

(6) Economic development agencies such as the Small Business Administration, which provide entrepreneurial training and small business development centers.

(7) National corporations, local businesses, and other large institutions such as hospitals that can commit to provide entry-level jobs. Employers may agree to train residents or commit to hire residents after they complete jobs preparedness or training programs that are provided by you, other partners, or the employer itself.

(8) Programs that integrate employment training, education, and counseling, and where creative partnerships with local boards of education, state charter schools, TANF agencies, foundations, and private funding sources have been or could be established, such as:

(a) Youthbuild. HUD's Youthbuild program provides grants to organizations that provide education and job training to young adults ages 16 to 24 who have dropped out of school. Participants spend half their time rehabilitating low-income housing and the other half in educational programs. Youthbuild provides a vehicle for achieving compliance with the objective of Section 3, as described in Section III.C.4.c. of the SuperNOFA. More information on HUD's Youthbuild program can be found at <http://www.hud.gov/progdesc/youthb.cfm>.

(b) Step-Up, an apprenticeship-based employment and training program that provides career potential for low-income persons by enabling them to work on construction projects that have certain prevailing wage requirements. Step-Up encourages work by offering apprenticeships through which low-income participants earn wages while learning skills on the job, supplemented by classroom-related instruction. Step-Up can also contribute to a PHA's effort to meet the requirements of Section 3. More information can be found at <http://www.hud.gov/progdesc/stepup.cfm>.

(9) Sources of capital such as foundations, banks, credit unions, and charitable, fraternal, and business organizations.

(10) Nonprofit organizations such as the Girl Scouts and the Urban League, both of which have Memoranda of Agreement (MOA) with HUD. Copies of these MOAs can be found on the Community and Supportive Services page of the HOPE VI Web site at <http://www.hud.gov/hopevi>.

(11) Civil rights and fair housing organizations.

(12) Local area agencies on aging.

(13) Local agencies and organizations serving persons with disabilities.

(14) Nonprofit organizations such as grassroots faith-based and other community-based organizations. HUD encourages you to partner or subgrant with nonprofit organizations, including grassroots faith-based and other community-based organizations, to provide CSS activities. Such organizations have a strong history of providing vital community services such as job training, childcare, relocation supportive services, youth programs, technology training, transportation, substance abuse programs, crime prevention, health services, assistance to the homeless and homelessness prevention, counseling individuals and families on fair housing rights, providing elderly housing opportunities, and homeownership and rental housing opportunities in the neighborhood of their choice. HUD believes that grassroots organizations, *e.g.*, civic organizations, faith-communities, national and local self-help homeownership organizations, faith-based, and other community-based organizations should be more effectively used, and has placed a high priority on expanding opportunities for grassroots organizations to participate in developing solutions for their own neighborhoods. See HUD's Center for Faith-Based and Community Initiatives Web site at <http://www.hud.gov/offices/fbc/index.cfm>.

(a) HUD will consider an organization a "grassroots" organization if it is headquartered in the local community to which it provides services; and

(i) Has an annual social services budget of no more than \$300,000. This cap includes only the portion of the organization's budget allocated to providing social services. It does not include other portions of the budget such as salaries and expenses; or

(ii) Has six or fewer full-time equivalent employees.

(b) Local affiliates of national organizations are not considered "grassroots."

m. *Fair Housing and Equal Opportunity Requirements.* (1) Site and Neighborhood Standards for Replacement Housing. You must comply with the Fair Housing Act and Title VI of the Civil Rights Act of 1964, and regulations thereunder. In determining the location of any replacement housing, you must comply with either the site and neighborhood standards regulations at 24 CFR 941.202 ((b)-(d)) or with the standards outlined in this NOFA. Because the objective of the HOPE VI program is to alleviate distressed conditions at the

development and in the surrounding neighborhood, replacement housing under HOPE VI that is located on the site of the existing development or in its surrounding neighborhood will not require independent approval by HUD under Site and Neighborhood Standards. The term "surrounding neighborhood" means the neighborhood within a three-mile radius of the site of the existing development.

(a) HOPE VI Goals Related to Site and Neighborhood Standards. You are expected to ensure that your revitalization plan will expand assisted housing opportunities in non-poor and non-minority neighborhoods and will accomplish substantial revitalization in the project and its surrounding neighborhood. You are also expected to ensure that eligible households of all races and ethnic groups will have equal and meaningful access to the housing.

(b) Objectives in Selecting HUD-Assisted Sites. The fundamental goal of HUD's fair housing policy is to make full and free housing choice a reality. Housing choice requires that households of all races and ethnicity, or with disabilities, can freely decide the type of neighborhood where they wish to reside, that minority neighborhoods are no longer deprived of essential public and private resources, and that stable, racially-mixed neighborhoods are available as a meaningful choice for all. To make full and free housing choice a reality, sites for HUD-assisted housing investment should be selected so as to advance two complementary goals:

(i) Expand assisted housing opportunities in non-minority neighborhoods, opening up choices throughout the metropolitan area for all assisted households; and

(ii) Reinvest in minority neighborhoods, improving the quality and affordability of housing there to represent a real choice for assisted households.

(c) Compliance with Fair Housing Act and Title VI of the Civil Rights Act of 1964. You must comply with the Fair Housing Act and Title VI of the Civil Rights Act of 1964, and implementing regulations in determining the location of any replacement housing.

(d) Grantee Election of Requirements. You may, at your election, separately with regard to each site you propose comply with the development regulations regarding Site and Neighborhood Standards (24 CFR 941.202 (b)-(d)), or with the Site and Neighborhood Standards contained in this Section.

(e) Replacement housing located on site or in the surrounding neighborhood. Replacement housing under HOPE VI

that is located on the site of the existing project or in its surrounding neighborhood will not require independent approval under Site and Neighborhood Standards, since HUD will consider the scope and impact of the proposed revitalization to alleviate severely distressed conditions at the public housing project and its surrounding neighborhood in assessing the application to be funded under this NOFA.

(f) Off-Site Replacement Housing Located Outside of the Surrounding Neighborhood. Unless you demonstrate that there are already significant opportunities in the metropolitan area for assisted households to choose non-minority neighborhoods (or these opportunities are under development), HOPE VI replacement housing not covered by Section (e) above may not be located in an area of minority concentration (as defined in paragraph (g) below) without the prior approval of HUD. Such approval may be granted if you demonstrate to the satisfaction of HUD that:

(i) You have made determined and good faith efforts, and found it impossible with the resources available, to acquire an appropriate site(s) in an area not of minority concentration; or

(ii) The replacement housing, taking into consideration both the CSS activities or other revitalizing activities included in the Revitalization plan, and any other revitalization activities in operation or firmly planned, will contribute to the stabilization or improvement of the neighborhood in which it is located, by addressing any serious deficiencies in services, safety, economic opportunity, educational opportunity, and housing stock.

(g) Area of Minority Concentration. The term "area of minority concentration" is any neighborhood in which:

(i) The percentage of households in a particular racial or ethnic minority group is at least 20 points higher than the percentage of that minority group for the housing market area; *i.e.*, the Metropolitan Statistical Area (MSA) in which the proposed housing is to be located; or

(ii) The neighborhood's total percentage minority is at least 20 points higher than the total percentage of all minorities for the MSA as a whole; or

(iii) In the case of a metropolitan area, the neighborhood's total percentage of minority persons exceeds 50 percent of its population.

(2) Housing and Services for Persons with Disabilities. (a) Accessibility Requirements. HOPE VI developments are subject to the accessibility

requirements contained in several federal laws. All applicable laws must be read together and followed. PIH Notice 2003-31, available at <http://www.hud.gov/offices/pih/publications/notices/>, and subsequent updates, provides an overview of all pertinent laws and implementing regulations pertaining to HOPE VI. All HOPE VI multifamily housing projects, whether they involve new construction and rehabilitation, are subject to the Section 504 accessibility requirements described in 24 CFR part 8. See in particular, 24 CFR 8.20-8.24. In addition, under the Fair Housing Act, all new construction of covered multifamily buildings must contain certain features of accessible and adaptable design. Units covered are all those in elevator buildings with four or more units and all ground floor units in buildings without elevators. The relevant accessibility requirements are provided in HUD's FHEO Web site at <http://www.hud.gov/groups/fairhousing.cfm>.

(b) Specific Fair Housing requirements are:

(i) The Fair Housing Act (42 U.S.C. 3601-19) and regulations at 24 CFR part 100.

(ii) The prohibitions against discrimination on the basis of disability, including requirements that multifamily housing projects comply with the Uniform Federal Accessibility Standards, and that you make reasonable accommodations to individuals with disabilities under Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and regulations at 24 CFR part 8.

(iii) Title II of the Americans with Disabilities Act (42 U.S.C 12101 *et seq.*) and its implementing regulations at 28 CFR part 35.

(iv) The Architectural Barriers Act of 1968 (42 U.S.C. 4151) and the regulations at 24 CFR part 40.

(c) Accessible Technology. The Rehabilitation Act Amendments of 1998 apply to all electronic information technology (EIT) used by a grantee for transmitting, receiving, using, or storing information to carry out the responsibilities of any federal grant awarded. It includes, but is not limited to, computers (hardware, software, word processing, e-mail, and Web pages) facsimile machines, copiers, and telephones. When developing, procuring, maintaining, or using EIT, grantees must ensure that the EIT allows:

(i) Employees with disabilities to have access to and use information and data that is comparable to the access and use of data by employees who do not have disabilities; and

(ii) Members of the public with disabilities seeking information or service from a grantee must have access to and use of information and data that is comparable to the access and use of data by members of the public who do not have disabilities. If these standards impose an undue burden on a grantee, they may provide an alternative means to allow the individual to use the information and data. No grantee will be required to provide information services to a person with disabilities at any location other than the location at which the information services are generally provided.

*n. Relocation Requirements.* (1) Requirements.

(a) You must carry out relocation activities in compliance with a relocation plan that conforms to the following statutory and regulatory requirements, as applicable:

(i) Relocation or temporary relocation carried out as a result of rehabilitation under an approved Revitalization plan is subject to the URA, the URA regulations at 24 CFR part 24, and regulations at 24 CFR 968.108 or successor part.

(ii) Relocation carried out as a result of acquisition under an approved Revitalization plan is subject to the URA and regulations at 24 CFR 941.207 or successor part.

(iii) Relocation carried out as a result of disposition under an approved Revitalization plan is subject to Section 18 of the 1937 Act, as amended.

(iv) Relocation carried out as a result of demolition under an approved Revitalization plan is subject to the URA regulations at 24 CFR part 24.

(b) You must provide suitable, accessible, decent, safe, and sanitary housing for each family required to relocate as a result of revitalization activities under your Revitalization plan. Any person (including individuals, partnerships, corporations, or associations) who moves from real property or moves personal property from real property directly (1) because of a written notice to acquire real property in whole or in part, or (2) because of the acquisition of the real property, in whole or in part, for a HUD-assisted activity, is covered by federal relocation statute and regulations. Specifically, this type of move is covered by the acquisition policies and procedures and the relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA), and the implementing government-wide regulation at 49 CFR part 24, and CPD Notice 02-08, Guidance on the Applications of the URA and Real

Property Acquisition Policies Act of 1970, as amended, in HOPE VI Projects. The relocation requirements of the URA and the government-wide regulations, as well as CPD Notice 02-08, cover any person who moves permanently from real property or moves personal property from real property directly because of acquisition, rehabilitation, or demolition for an activity undertaken with HUD assistance.

(2) Relocation Plan. Each applicant must complete a HOPE VI Relocation plan in accordance with the requirements stated in Section IV.B.6. of this NOFA.

(a) The HOPE VI Relocation plan is intended to ensure that PHAs adhere to the URA and that all residents who have been or will be temporarily or permanently relocated from the site are provided with CSS activities such as mobility counseling and direct assistance in locating housing. Your HOPE VI Relocation plan must serve to minimize permanent displacement of current residents of the public housing site who wish to remain in or return to the revitalized community. Your HOPE VI Relocation plan must also furnish alternative permanent housing for current residents of the public housing site who do not wish to remain in or return to the revitalized community. Your CSS program must provide for the delivery of community and supportive services to residents prior to any relocation, temporary or permanent.

(b) You are encouraged to involve HUD-approved housing counseling agencies, including faith-based, nonprofit and other organizations, and individuals in the community to which relocatees choose to move, in order to ease the transition and minimize the impact on the neighborhood. HUD will view favorably innovative programs such as community mentors, support groups, and the like.

(c) If applicable, you are encouraged to work with surrounding jurisdictions to assure a smooth transition if residents choose to move from your jurisdiction to the surrounding area.

*o. Well-Functioning Communities.* See Section V.A.8. of this NOFA for requirements that on-site, off-site and homeownership units create a well-functioning community.

*p. Soundness of Approach: Design and Evaluation.* See Section V.A.9. of this NOFA for design and evaluation requirements.

*q. Internet Access.* You must have access to the Internet and provide HUD with e-mail addresses of key staff and contact people.

*5. Number of Units.* The number of units that you plan to develop should

reflect your need for replacement units, the need and market demand for other affordable units and market units, and financial feasibility. The total number of units to be developed may be less than, or more than, the original number of public housing units in the targeted public housing project. HUD will review requests to revitalize projects with small numbers of units on an equal basis with those with large numbers of units.

*6. Environmental Requirements.* a. HUD Approval. HUD notification that you have been selected to receive a HOPE VI grant constitutes only preliminary approval. Grant funds may not be released under this NOFA (except for activities that are excluded from environmental review under 24 CFR part 58 or 50) until the responsible entity, as defined in 24 CFR 58.2(a)(7), completes an environmental review and you submit and obtain HUD approval of a request for release of funds and the responsible entity's environmental certification in accordance with 24 CFR part 58 (or HUD has completed an environmental review under 24 CFR part 50 where HUD has determined to do the environmental review).

b. Responsibility. If you are selected for funding and an environmental review has not been conducted on the targeted site, the responsible entity must assume the environmental review responsibilities for projects being funded by HOPE VI. If you object to the responsible entity conducting the environmental review, on the basis of performance, timing, or compatibility of objectives, HUD will review the facts and determine who will perform the environmental review. At any time, HUD may reject the use of a responsible entity to conduct the environmental review in a particular case on the basis of performance, timing, or compatibility of objectives, or in accordance with 24 CFR 58.77(d)(1). If a responsible entity objects to performing an environmental review, or if HUD determines that the responsible entity should not perform the environmental review, HUD may designate another responsible entity to conduct the review or may itself conduct the environmental review in accordance with the provisions of 24 CFR part 50. You must provide any documentation to the responsible entity (or HUD, where applicable) that is needed to perform the environmental review.

c. Phase I and Phase II Environmental Site Assessments. If you are selected for funding, you must have a Phase I environmental site assessment completed in accordance with the ASTM Standards E 1527-00, as amended, for each affected site. A Phase

I assessment is required whether the environmental review is completed under 24 CFR part 50 or 24 CFR part 58. The results of the Phase I assessment must be included in the documents that must be provided to the responsible entity (or HUD) for the environmental review. If the Phase I assessment recognizes environmental concerns or if the results are inconclusive, a Phase II environmental site assessment will be required.

d. **Request for Release of Funds.** You, and any participant in the development process, may not undertake any actions with respect to the project that are choice-limiting or could have environmentally adverse effects, including demolishing, acquiring, rehabilitating, converting, leasing, repairing, or constructing property proposed to be assisted under this NOFA, and you, and any participant in the development process, may not commit or expend HUD or local funds for these activities, until HUD has approved a Request for Release of Funds following a responsible entity's environmental review under 24 CFR part 58, or until HUD has completed an environmental review and given approval for the action under 24 CFR part 50. In addition, you must carry out any mitigating/remedial measures required by the responsible entity (or HUD). If a remediation plan, where required, is not approved by HUD and a fully-funded contract with a qualified contractor licensed to perform the required type of remediation is not executed, HUD reserves the right to determine that the grant is in default.

e. If the environmental review is completed before HUD approval of the HOPE VI Supplemental Submissions and you have submitted your Request for Release of Funds (RROF), the supplemental submissions approval letter shall state any conditions, modifications, prohibitions, *etc.* as a result of the environmental review, including the need for any further environmental review. You must carry out any mitigating/remedial measures required by HUD, or select an alternate eligible property, if permitted by HUD. If HUD does not approve the remediation plan and a fully funded contract with a qualified contractor licensed to perform the required type of remediation is not executed, HUD reserves the right to determine that the grant is in default.

f. If the environmental review is not completed and you have not submitted the RROF before HUD approval of the supplemental submissions, the letter approving the supplemental submissions will instruct you and any

participant in the revitalization process to refrain from undertaking, obligating, or expending funds on physical activities or other choice-limiting actions until HUD approves your RROF and the related certification of the responsible entity (or HUD has completed the environmental review). The supplemental submissions approval letter also will advise you that the approved supplemental submissions may be modified on the basis of the results of the environmental review.

g. There must not be any environmental or public policy factors such as sewer moratoriums that would preclude development in the requested locality. You will certify to this when signing the HOPE VI Revitalization Grant Application Certifications.

h. HUD's environmental Web site is located at <http://www.hud.gov/offices/cpd/energyenviron/environment/index.cfm>.

#### IV. *Application and Submission Information*

A. **Addresses to Request Application Package.** 1. This section describes how you may obtain application forms, additional information about the HUD program NOFAs, and technical assistance. Copies of the published NOFAs and application forms for HUD programs announced via NOFA may be downloaded from the Grants.gov Find website: <http://www.grants.gov/Find>, or by calling or sending an e-mail message to Lawrence Gnessin, Office of Public and Indian Housing at 202-401-8812,

extension 2676, [Lawrence\\_Gnessin@HUD.gov](mailto:Lawrence_Gnessin@HUD.gov).

a. **Application Kits.** There are no application kits for our programs this year. All the information you need to apply will be in the NOFA and available on the Internet. The published **Federal Register** document is the official document that HUD uses to evaluate applications. Therefore, if there is a discrepancy between any materials published by HUD in its **Federal Register** publications and other information provided in paper copy or on <http://www.Grants.gov/Find>, the **Federal Register** publication prevails. Please be sure to review your application submission against the requirements in the **Federal Register** file of the NOFA.

b. **Further Application Information.** (1) The required HOPE VI Revitalization application documentation is listed in this NOFA. Some required forms, certifications, and other documents may be obtained via the Internet at <http://www.hud.gov/offices/adm/grants/otherhud.cfm>. This NOFA provides explicit, specific instructions as to the format and contents of your HOPE VI application. Your application must conform to the requirements of this NOFA and follow the format described in this NOFA.

(2) The HOPE VI Revitalization application will be available through the Grants.gov Web site at <http://www.grants.gov/Find> and at HUD's grants site at <http://www.hud.gov/offices/adm/grants/otherhud.cfm>. It will not be made available in hardcopy form.

(3) Technical corrections to the NOFA will be posted to the Grants.gov/Find and HUD's grants Web sites. Any technical corrections will also be published in the **Federal Register**. Applicants are responsible for monitoring these Web sites and the **Federal Register** during the application preparation period.

#### B. *Content and Form of Application Submission.* 1. **General.**

a. **Signatures.** Unless otherwise indicated, the Executive Director of the applicant PHA, or his or her designee, must sign each form or certification that is required to be submitted with the application, whether part of an attachment or a standard certification. Signatures need not be original in the duplicate Headquarters copy and the duplicate field office copy.

b. **Page Layout.** (1) Double-space your narrative pages. Single-spaced pages will be counted as two pages.

(2) Use 8½x11-inch paper, one side only. Only the city map may be submitted on an 8½ by 14-inch sheet of

paper. Larger pages will be counted as two pages.

(3) All margins should be approximately 1 inch. If any margin is smaller than 1/2 inch the page will be counted as two pages.

(4) Use 12-point font.

(5) Any pages marked as sub-pages (e.g., with numbers and letters such as 75A, 75B, 75C), will be treated as separate pages.

(6) If a section is not applicable, omit it; do not insert a page marked n/a.

(7) Mark each Exhibit and Attachment with the appropriate tab listed in section IV.B.2. No material on the tab will be considered for review purposes, although pictures are allowed.

(8) No more than one page of text may be placed on one sheet of paper; i.e., you may not shrink pages to get two or more on a page. Shrunken pages will be counted as multiple pages.

(9) Do not format your narrative in columns. Pages with text in columns will be counted as two pages.

(10) The applications (copy and original) should each be packaged in a three-ring binder.

c. *Page Count.* (1) Narrative Exhibits.

(a) The first part of your application will be comprised of narrative exhibits. Your narratives will respond to each rating factor in the NOFA and will also respond to threshold requirements. Among other things, your narratives must describe your overall planning activities, including but not limited to relocation, community, and supportive services, and development issues.

(b) Each HOPE VI Revitalization application must contain no more than 100 pages of narrative exhibits. Any pages after the first 100 pages of narrative exhibits will not be reviewed. Although submitting pages in excess of the page limitations will not disqualify an application, HUD will not consider the information on any excess pages, which may result in a lower score or failure of a threshold. Text submitted at the request of HUD to correct a technical deficiency will not be counted in the 100-page limit.

(2) Attachments. (a) The second part of your application will be comprised of Attachments. These documents will also respond to the rating factors in the NOFA, as well as threshold and mandatory documentation requirements. They will include documents such as maps, photographs, letters of commitment, application data forms, various certifications unique to HOPE VI Revitalization, and other certifications.

(b) Each HOPE VI Revitalization application must contain no more than 125 pages of attachments. Any pages

after the first 125 pages of attachments will not be considered. Although submitting pages in excess of the page limit will not disqualify an application, HUD will not consider the information on any excess pages, which may result in a lower score or failure to meet a threshold.

(3) Exceptions to page limits. The documents listed below constitute the only exceptions and are not counted in the page limits listed in Sections (1) and (2) above:

(a) Additional pages submitted at the request of HUD in response to a technical deficiency.

(b) Attachments that provide documentation of commitments from resource providers or CSS providers.

(c) Attachments that provide documentation of site control and site acquisition in accordance with Section IV.B.4. of this NOFA.

(d) Narratives and Attachments, as relevant, required to be submitted only by existing HOPE VI Revitalization grantees in accordance with Sections V.A.1. of this NOFA (Capacity).

(e) Information required of MTW applicants only.

2. *Application Content.* The following is a list of narrative exhibits and forms that are required as part of the application. Narrative exhibits and forms should be included in the application in the order listed below. Non-submission of these items may lower your rating score or make you ineligible for award under this NOFA. Review the threshold requirements in Section III.C. and mandatory documentation requirements in Section IV.B. of this NOFA to ascertain the affects of non-submission. HUD forms required by this NOFA can be obtained on the Internet at <http://www.hud.gov/offices/adm/grants/otherhud.cfm>.

3. *Match Commitment Letters/MOUs.* If the commitment letter/MOU for any match funds/in-kind services is not included in the application and provided before the NOFA due date, the related match will not be considered. This is not a technical deficiency and cannot be corrected during the deficiency period. If the match is not met, the application will not be rated or ranked and will be ineligible for funding.

4. *Threshold Documentation.*

a. *Appropriateness of Proposal.* In accordance with Section 24(e)(1) of the 1937 Act, each application must demonstrate the appropriateness of the proposal in the context of the local housing market relative to other alternatives. You must briefly discuss other possible alternatives to your proposal and explain why your plan is more appropriate. This is a statutory requirement and an application threshold. Any deficiencies in your narrative may not be corrected after the application is submitted. For examples of alternative proposals, see the Appropriateness of Proposal Threshold in Section III.C.

b. *Contiguous Projects.* If you include more than one project in your application, you must provide a map that clearly indicates that the projects are within a quarter-mile of each other.

c. *Cost Control Standards Certification.* You must include a certification by an independent cost estimator, architect, engineer, contractor, or other qualified third party professional that your cost estimates meet the standards of Section IV.E. of this NOFA. The certifier cannot work for you.

d. *Need for HOPE VI Funding.* In order to document that you need HOPE VI funding to complete your proposed revitalization effort, you must include in your application:

- (1) The portion of your PHA plan that lists the planned uses of your FY1999-2004 Capital Funds (including CGP and

CIAP funds). Funds earmarked in the PHA plan for uses other than the revitalization proposed in this application will not be considered available; and

(2) A table that states:

- (a) The amount of your total FY1999-2004 Capital Funds;
- (b) The amount of your total unobligated FY1999-2004 Capital Funds; and
- (c) The planned amounts and uses of unobligated funds earmarked in your PHA plan for purposes other than your application's proposed HOPE VI activities.

(3) Applicants must ensure that their obligation and expenditure information was updated in LOCCS prior to the application deadline, except in the case of some moving to work applicants, which are not required to enter obligations into LOCCS in accordance with their MTW agreements.

(3) For MTW PHAS that do not record capital funds obligations in LOCCS, you must provide a certification of your obligation rate in order to receive any points for the Need for HOPE VI Funding rating factor.

e. *Non-Public Housing Funding for Non-Public Housing or Replacement Units.* Public housing funds must not be used to develop non-Replacement Housing Units. To demonstrate that non-public housing funds will be of a sufficient amount to develop non-Replacement Housing Units, Attachments 4 and 7 in the Application Data Form, form HUD-52860-A, must show that the ratio of leverage development funds to public housing funds meets or exceeds the ratio of non-Replacement Housing Units to Replacement Housing Units. For example, if Attachment 4 states that you plan to develop a total of 25 affordable and market-rate units plus a total of 50 public housing and Homeownership units, and Attachment 7 shows a total of \$10 million in HOPE VI plus other public housing funds (CGP, CFP, etc.), you must show at least \$5 million in leverage funds. That is, 25 units/50 units: \$5 million/\$10 million.

f. *Program Schedule.* Your application must contain a program schedule that provides a feasible plan to meet the schedule requirements of Section VI.B.2. of this NOFA, with no impediments such as litigation that would prevent timely startup. The program schedule must indicate the date when the development proposal, i.e., whether mixed-finance development, homeownership development, etc., for each phase of the revitalization plan will be submitted to HUD. For application evaluation only,

you should assume the following award and post-award dates.

Milestone	Date
Grant Award .....	April 1, 2005.
Grant Agreement Execution.	July 1, 2005.
HUD's written request for Supplemental Submissions.	August 1, 2005.
HUD's approval of Supplemental Submissions.	September 1, 2005.

If grant award takes place after October 1, 2004, the grantee's program schedule may be changed in the supplemental submissions to account for the period of time between October 1, 2004, and the actual date of grant award.

g. *Selection of Developer.* In order to be eligible for funding, you must provide a signed certification that:

(1) You have initiated an RFQ by the application due date for the competitive procurement of a developer for your first phase of construction. It is not necessary to have executed a Master Development Agreement with the selected developer in order to meet the threshold; or,

(2) You will act as your own developer for the proposed project.

h. *Site Control.* If you propose to develop off-site housing in any phase of your proposed revitalization plan, you MUST provide evidence in your application that you (not your developer) have site control of the property(ies). Evidence may include an option to purchase the property, a sales agreement, a land swap, or a deed. Evidence may not include a letter from the Mayor or other official, letters of support from members of the appropriate municipal entities, or a resolution evidencing the PHA's intent to exercise its power of eminent domain. Evidence of site control may only be made contingent upon the receipt of the HOPE VI grant, satisfactory compliance with the environmental review requirements in accordance with this NOFA, and the site and neighborhood standards in Section III.C.4.m. of this NOFA. If you demonstrate site control through an option to purchase, the option must extend for at least 180 days after the application due date. If you propose to develop off-site housing and you do not provide acceptable site control, your entire application will be ineligible for funding.

i. *Zoning Approval.*

(a) If you are proposing to use off-site parcels of land for housing development or other uses that, until this point in time, have been zoned for a purpose

different than the one proposed in your revitalization plan, your application must include:

(i) a certification from the appropriate local official documenting that all required zoning approvals have been secured for such parcels; or,

(ii) the actual zoning approval document for the parcel(s).

(b) If you are proposing to use off-site parcels of land for housing development or other uses and those parcels are already zoned for your chosen use, your application must include a certification signed by the Executive Director stating that all zoning is correct.

(c) For example, if you propose to develop housing on land that is currently zoned as parkland, you must provide evidence in the application that the zoning change has been secured to permit housing development. If you propose to keep the land as parkland, you must provide a certification in the application that the zoning is for parkland.

5. *Certification Thresholds Documentation.* Omission of, or incorrect/improper signature on, any of the following documents is considered a technical deficiency and must be cured (corrected) within the cure period stated in Section IV.B. of the SuperNOFA. Applications that remain deficient after the cure period will not be rated or ranked and will be ineligible for funding.

a. *Market-rate Housing: Market Assessment Letter.* (1) If you include market-rate housing, community facilities (if market-driven, e.g., a YMCA; a community facility that is primarily intended to facilitate the delivery of community and supportive services for residents of the targeted severely distressed public housing project and of off-site replacement housing does not need to be addressed in the market assessment letter), economic development and retail structures in your Revitalization plan, you must demonstrate that there is a demand for these market-rate housing units, community facilities, economic development and retail structures of the type, number, and size proposed in the location you have chosen.

(2) In your application you must provide a preliminary market assessment letter prepared by an independent, third party, credentialed market research firm, or professional that describes its assessment of the demand and associated pricing structure for the proposed residential units and any community facilities, economic development, and retail structures, based on the market and economic conditions of the project area.

(3) If, after the cure period, this letter is not included in your application, the application will not be rated or ranked and will be ineligible for funding.

b. *Operation and Management Principles and Policies Certification.*

You must certify that you will implement the Operation and Management Principles and Policies stated in Section III.C. of this NOFA. The certification should reference 24 CFR part 966 and should outline the requirements in Section III.C.4.h. If, after the deficiency cure period, this certification is not properly included in your application, the application will be ineligible for funding.

c. *Relocation Plan Certification.* (1) You must certify that the HOPE VI Relocation plan has been completed and that it conforms to the URA requirements as described in Section V.A.6. of this NOFA.

(2) If relocation was completed (i.e., the targeted public housing site is vacant) as of the application due date, rather than providing a certification that the HOPE VI Relocation plan has been completed, a certification that the relocation was completed must be included in the application. This certification may be provided in the form of a letter.

(3) If, after the deficiency cure period, neither of these certifications is properly included in your application, the application will not be rated or ranked and will be ineligible for funding.

d. *Resident Involvement in the Revitalization Program Certification.*

You must submit a signed certification that resident training sessions and public meetings were held and that you involved affected public housing residents at the beginning and during the planning process for the revitalization program, prior to submission of an application. The certification must state that listed topics, as described in Section III.C.4. of this NOFA were covered, that one of the meetings took place at the beginning of the revitalization planning process, and that two of the meetings and one training session took place after the publication date of this NOFA in the **Federal Register**. The certification must include the dates of the training session and meetings. The certification must show that each of the public meetings and resident training took place on different days.

e. *Severely Distressed Certification.* You must certify that the target project is severely distressed. See Section I.C. of this NOFA for the definition of "severely distressed." In order to certify to severe physical distress, your application must include a certification

that is signed by an engineer or architect licensed by a state licensing board. The license does not need to have been issued in the same state as the severely distressed project. The engineer or architect must include his or her license number and state of registration on the certification. The engineer or architect may not be an employee of the housing authority or the city. A Certification of Severe Physical Distress is provided on the Internet at <http://www.grants.gov>.

f. *Standard Forms and Certifications.*

(1) The last part of your application will be comprised of standard certifications common to many HUD programs. Required forms are included in the HOPE VI Application and will be available electronically on the [grants.gov](http://grants.gov) Web site.

(2) These forms must be placed at the back of the application, except for the Application for Federal Assistance (SF-424) and the Acknowledgment of Application Receipt (HUD-2993). These two forms must be the first two pages of your application.

g. *TDC and Extraordinary Site Costs Certification.* (1) An Extraordinary Site Costs Certification must be included in your application if such costs are included in the calculations you used to determine your requested award amount. If this certification is not included in the application on or before the end of the deficient application cure period, extraordinary site costs will not be allowed in the award amount.

(2) The certification must be signed by a licensed engineer or architect who is not an employee of the housing authority or the city. The certification must include an engineer's or architect's license number and state of registration.

6. *Rating Factor Documentation.* To receive points for certain rating factors, you must include specific documentation that is stated in this NOFA. When specific documentation is necessary, that documentation is stated in this section of the NOFA or is cross-referenced here and is included with the related rating factors in Section V.A. of this NOFA.

a. *Documentation for Capacity.* See Section V.A.1. of this NOFA for documentation requirements.

b. *Documentation for Need.* (1) State the number of units that you currently have under ACC.

(2) See Section V.A.2. of this NOFA for the subjects and items that you should include in your Rating Factor narrative.

c. *Documentation for Leverage Resources.* In your application, you will enter basic information about each resource on the appropriate resource summary form: name of the organization

providing the resource, the dollar value of the resource, and its proposed use.

(1) Basic Documentation Requirements. (a) For each resource you list, you must provide a commitment document, such as a letter, memorandum of understanding, agreement to participate, city council resolution, or other evidence of the resource to be committed, which may be subject to the receipt of a HOPE VI Revitalization grant. An official of the organization legally authorized to make commitments on behalf of the organization must sign the commitment document.

(b) Each commitment document must include the dollar value and time duration of the commitment (*e.g.*, \$10,000 will be provided each year for four years for a total commitment of \$40,000). The dollar value must be consistent with the amount entered on the resource summary form. On the form, you will also enter the page number of your application where the commitment document is located.

(c) Endorsements or general letters of support from organizations or vendors alone will not count as resources and should not be included in the application or on a Resources Summary Form.

(d) For CSS leverage resources, include only funds/in-kind services that will be newly generated for HOPE VI activities. If an existing service provider significantly increases the level of services provided at the site, the increased amount of funds may be counted, except for TANF cash benefits. HUD will not count any funds that have already been provided on a routine basis, such as TANF cash benefits and in-kind services that have been supporting ongoing CSS-type activities.

(e) Even though an in-kind CSS contribution may count as a resource, it may not be appropriate to include on the sources and uses attachment. Each source on the sources and uses attachment must be matched by a specific and appropriate use. For example, donations of staff time may not be used to offset costs for infrastructure.

(2) Types of Development Resources. (a) HUD seeks to fund mixed-finance developments that use HOPE VI funds to leverage the maximum amount of other physical development funds, particularly from private sources, that will result in revitalized public housing, other types of assisted and market-rate housing, and private retail and economic development. Each resource may be used for only one leverage category: Development, CSS, Anticipatory, or Collateral, as described

in Section V. A. of this NOFA. Any resource listed in more than one category will be disqualified from all categories. Types of resources that may be counted include:

(i) Private mortgage-secured loans and other debt. Your application must include each loan's expected term maturity and sources of repayment.

(A) Where there is both a construction loan and a permanent take-out loan that will replace that construction loan, you must provide documentation of both, but only the value of the permanent loan will be counted as leverage.

(B) For privately financed homeownership construction loans, acceptable documentation of construction loans will be considered as leverage. Documentation of permanent financing is not required.

(C) If you have obtained a construction loan but not a permanent loan, the value of the acceptably documented construction loan will be counted as leverage.

(ii) Insured loans.

(iii) Donations and contributions.

(iv) Housing trust funds.

(v) Net sales proceeds from a homeownership project. Down payments from homebuyers will not be counted. Down payment assistance may be counted as a physical development resource if it is provided by a third party entity not related to the homebuyer.

(vi) Funds committed to build private sector housing in direct connection with the HOPE VI Revitalization plan.

(vii) Tax Increment Funding (TIF).

(viii) Tax Exempt Bonds. Your application must include a description of the use and term.

(ix) Other Public Housing Funds. Other public housing sources include HOPE VI Revitalization funds from other grants, HOPE VI Demolition funds, Capital Fund program funds, and proposals to use operating subsidy for debt service. These HUD public housing funds will not be counted for points under CSS, Development and Collateral leverage in this NOFA. However, they can be used as part of your revitalization plan. Other public housing sources, except for HOPE VI Revitalization funds, will be counted toward your leverage rating for anticipatory leverage and may be used toward your match requirement.

(x) Other Federal Funds. Other federal sources may include non-public housing funds provided by HUD.

(xi) Sale of Land. The value of land may be included as a development resource only if this value is a sales proceed. Absent a sales transaction, the value of land may not be counted.

(xii) Donations of Land. Donations of land may be counted as a development resource, only if the donating entity owns the land to be donated. Donating entities may include a city, county, church, community organization, *etc.* The application must include documentation of this ownership, signed by the appropriate authorizing official.

(xiii) Low-Income Housing Tax Credits (LIHTC). Low-Income Tax Credits are authorized by Section 42 of the IRS Code which allows investors to receive a credit against federal tax owed in return for providing funds to developers to help build or renovate housing that will be rented only to lower-income households for a minimum period of 15 years. There are two types of credits, both of which are available over a 10-year period: a nine percent credit on construction/rehab costs, and a four percent credit on acquisition costs and all development costs financed partially with below-market federal loans (*e.g.*, tax exempt bonds). Tax credits are generally reserved annually through State Housing Finance Agencies, a directory of which can be found at <http://www.ncsha.org/ncsha/public/statehfadirectory/index.htm>. Only tax credits that have been reserved for the project will be counted as development leveraging.

(A) If you propose to include LIHTC equity as a development resource for any phase of development, your application must include a LIHTC reservation letter from your state or local housing finance agency in order to have the tax credit amounts counted as development leveraging. This letter must constitute a firm commitment and can only be conditioned on the receipt of the HOPE VI grant. HUD acknowledges that, depending on the housing finance agency, documentation for four percent tax credits may be represented in the form of a tax-exempt bond award letter. Accordingly, it will be accepted for leverage scoring purposes under this section, if you demonstrate that this is the only available evidence of four percent tax credits, and assuming that this documentation clearly indicates that tax-exempt bonds have been committed to the project.

(B) Only LIHTC commitments that have been secured as of the application deadline will be considered for the scoring under this section. LIHTC commitments that are not secured (*i.e.*, documentation in the application does not demonstrate they have been reserved by the state or local housing

finance agency) will not be counted as leverage for scoring under this section.

(3) Sources of Development

Resources. You must actively enlist other stakeholders who are vested in and can provide significant financial assistance to your revitalization effort. Sources of resources that can be used for leveraging may include:

(a) Public, private, and nonprofit entities, including LIHTC purchasers;

(b) State and local housing finance agencies;

(c) Local governments;

(d) The city's housing and redevelopment agency or other comparable agency. HUD will consider this to be a separate entity with which you are partnering if your PHA is also a redevelopment agency or otherwise has citywide responsibilities.

(i) You are strongly urged to seek a pledge of Community Development Block Grant (CDBG) funds for improvements to public infrastructure such as streets, water mains, etc. related to the revitalization effort. CDBG funds are awarded by HUD by formula to units of general local government and to states, which may then award a grant or loan to a PHA, a partnership, a nonprofit organization, or other entity for revitalization activities, including loans to a project's for-profit partnership. More information about the CDBG Program can be found at <http://www.hud.gov/offices/cpd/index.cfm>.

(ii) The city, county, or state may provide HOME funds to be used in conjunction with HOPE VI funds. The Home Investment Partnership program provides housing funds that are distributed from HUD to units of general local governments and states. Funds may be used for new construction, rehabilitation, acquisition of standard housing, assistance to homebuyers, and tenant-based rental assistance. Current legislation allows HOME funds to be used in conjunction with HOPE VI funds, but they may not be used in conjunction with public housing capital funds under Section 9(d) of the 1937 Act. Information about the HOME program can be found at: <http://www.hud.gov/offices/cpd/affordablehousing/programs/home/index.cfm>.

(e) Foundations;

(f) Government Sponsored Enterprises such as the Federal Home Loan Bank, Fannie Mae, and Freddie Mac;

(g) HUD and other federal agencies;

(h) Financial institutions, banks, or insurers; and

(i) Other private funders.

(4) Types of CSS Resources. (a) HUD seeks to fund mixed-finance developments that use HOPE VI funds

to leverage the maximum amount of other resources to support CSS activities in order to ensure the successful transformation of the lives of residents and the sustainability of the revitalized public housing development.

Leveraging scarce HOPE VI CSS funds with other funds and services is critical to the sustainability of CSS activities so that they will continue after the HOPE VI funds have been expended.

Commitments of funding or in-kind services related to the provision of CSS activities may be counted as CSS resources and toward the calculation of CSS leverage. Note that you may include ONLY funds that will be newly generated for HOPE VI activities, per Section III.C.4.l. of this NOFA. Types of resources that may be counted include but are not limited to:

(i) Materials;

(ii) A building;

(iii) A lease on a building;

(iv) Other infrastructure;

(v) Time and services contributed by volunteers;

(vi) Staff salaries and benefits;

(vii) Supplies; and

(viii) Other types of CSS resources as described in Section III.C.4.l. of this NOFA.

(b) Note that wages projected to be paid to residents through jobs, or projected benefits (e.g., health/insurance/retirement benefits) related to those projected jobs, provided by CSS partners will not be counted as leverage.

(5) Sources of CSS Resources. In order to achieve quantifiable self-sufficiency results, you must form partnerships with organizations that are skilled in the delivery of services to residents of public housing and that can provide commitments of resources to support those services. You must actively enlist as partners other stakeholders who are vested in and can provide commitments of funds and in-kind services for the CSS portion of your revitalization effort. See Section III.C.4.k. and l. for a list of the kinds of organizations, agencies, and other providers that may be used as sources of CSS resources.

d. *Documentation for Resident Involvement.* See Sections IV.B.5. and V.A.4. of this NOFA for documentation requirements.

e. *Documentation for CSS.* See Sections III.C.4. and V.A.5. for documentation requirements.

f. *Documentation for Relocation.*

There is a program requirement that you must complete a HOPE VI Relocation plan.

(1) In your application, you must certify that the HOPE VI Relocation plan has been completed and that it:

(a) Conforms to the URA requirements as described in Section d. below;

(b) Is designed to minimize permanent displacement of current residents of the public housing site who wish to remain in or return to the revitalized community, while furnishing alternative housing to current residents of the public housing site who do not wish to remain in or return to the revitalized community;

(c) Gives existing residents priority for occupancy in planned public housing units, or for residents that can afford to live in other units, priority for those planned units and

(d) In connection with your CSS program, provides for community and supportive services to residents prior to any relocation.

(2) If relocation was completed as of the application deadline (i.e., the targeted public housing site is vacant), rather than providing a certification that the HOPE VI Relocation plan has been completed, a certification that the relocation was completed must be included in the application. This certification may be provided in the form of a letter.

g. *Documentation for Fair Housing and Equal Opportunity.* See Sections III.C.4., IV.B. and V.A.7. for documentation requirements.

h. *Documentation for Well-Functioning Community.* See Sections III.C.4., IV.B. and V.A.8. of this NOFA for documentation requirements.

i. *Documentation for Soundness of Approach.* See Sections IV.B. and V.A.9. of this NOFA for documentation requirements.

j. *Documentation for Incentive Criteria on Regulatory Barrier Removal.* You must include the completed form HUD-27300 in your application.

6. *Housing Choice Voucher (HCV) Assistance.* (1) This NOFA will fund HCVs that are necessary to relocate HOPE VI affected public housing residents. In accordance with HUD Notice PIH 2004-4 (HA), *Submission and Processing of Public Housing Agency (PHA) Applications for Housing Choice Vouchers for Relocation or Replacement Housing Related to Demolition or Disposition (Including HOPE VI), and Plans for Removal (Required/Voluntary Conversion Under Section 33 of the 1937 Act, As Amended, and Mandatory Conversion Under Section 202 of the Omnibus Consolidated Rescissions and Appropriations Act of 1996) of Public Housing Units*, you should determine the number of vouchers that it is eligible for, that are related to this HOPE VI Revitalization development.

(2) You should submit the HCV application, in accordance with HUD Notice PIH 2004-4 (HA), for these HOPE VI related vouchers, as a part of the application.

(a) If you are funded by this NOFA, the HCV application will be processed.

(b) If you are not funded by this NOFA, the HCV application will not be processed.

(3) The HCV request should be located with the Standard Forms and Certifications at the back of the application.

(4) The notice can be obtained through the Internet at <http://www.hudclips.org/cgi/index.cgi>.

(5) To assist HUD in estimating the overall cost of HCV assistance, you should include a copy of the Funding Application, Section 8 Tenant-Based Assistance Rental Certificate Program, Rental Voucher Program, form HUD-52515, in your NOFA application.

7. *Further Application Instructions.* For more detailed application instructions, you should read, "HOPE VI Revitalization Application Instructions," available on the [Grants.gov](http://Grants.gov) Web site.

#### C. *Submission Dates and Times.*

1. *Application Submission Timeframes.* a. *Application Due Date.* Revitalization grant applications are due at HUD Headquarters on February 1, 2005. See Sections IV.F. of this NOFA and the SuperNOFA for application, submission and timely receipt requirements.

2. *Form of Acceptance.* HUD will consider an application as being accepted when it is delivered to the Office of Public Housing Investments, Room 4130, HUD Headquarters, 451 7th Street, SW., Washington, DC 20410. Upon delivery and acceptance, the Grant Administrator will manually add the application's PHA name, development name, time of receipt, and date of receipt to an application receipt log.

3. *Submission Address.* See Section IV.F.1. of this NOFA for the application submission address.

4. *Field Office Copy.* You must send one duplicate copy of your application to your HUD field office. The HUD field office copy of the application is due before 4 p.m. on the application due date. If the HUD field office receives an application on time, but the application is not received on time at Headquarters, it will not be considered.

5. *No Facsimiles or Videos.* HUD will not accept for review and evaluation, or fund, any applications sent by facsimile (fax). However, facsimile corrections to technical deficiencies will be accepted, as described in Section V.B.4. of the

SuperNOFA. Also, videos submitted as part of an application will not be viewed.

6. *Acknowledgement of Application Receipt.* If you wish to receive acknowledgement of HUD's receipt of the application, the Acknowledgment of Application Receipt, form HUD-2993, should be included in the front of the application. After receipt, HUD will return the form to you.

D. *Intergovernmental Review.* Executive Order 12372 was issued to foster intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of federal financial assistance and direct federal development. The order allows each state to designate an entity to perform a state review function. The official listing of state points of contact (SPOC) for this review process can be found at: <http://www.whitehouse.gov/omb/grants/spoc.html>. States that are not listed on the Web site have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within one of those states, you may send applications directly to HUD. If your state has a SPOC, you should contact it to see if it is interested in reviewing your application prior to submission to HUD. Please make sure that you allow ample time for this review process when developing and submitting your application.

#### E. *Funding Restrictions.*

1. *Statutory Time Limits.* a. *Required Obligation Date.* Funds appropriated for the HOPE VI program for FY2004 must be obligated on or before September 30, 2005. Any funds that are not obligated by that date will be recaptured by the Treasury, and thereafter will not be available for obligation for any purpose.

b. *Required Expenditure Date.* In accordance with 31 U.S.C. 1552, all FY2004 HOPE VI funds must be expended by September 30, 2010. Any funds that are not expended by that date will be cancelled and recaptured by the Treasury, and thereafter will not be available for obligation or expenditure for any purpose.

2. *Funding for Applications to this NOFA Only.* HUD will not use any funds from this NOFA to fund any non-selected HOPE VI related applications submitted in previous years. Only applications submitted under this FY2004 NOFA will be considered for funding.

3. *Grant Amount Limitations.* a. *Requested Amount.* The maximum amount you may request in your application for grant award is limited to \$20 million or the sum of the amounts

in Section IV.E.5. below, whichever is lower. HCV assistance is in addition to this amount.

4. *Ineligible Activities.* a. You may not use HOPE VI Revitalization Grant funds to pay for any revitalization activities carried out on or before the date of the letter announcing the award of the HOPE VI Grant.

b. *Market-Rate Units.* HOPE VI funds may not be used to develop market-rate units or affordable housing units that do not qualify as public housing or homeownership replacement units.

c. *Retail or Commercial Development.* HOPE VI funds may not be used for hard construction costs related to, or for the purchase of equipment for, retail, commercial, or non-public housing office facilities.

5. *Total Development Cost (TDC).* a. The "TDC Limit" (24 CFR 941.306, Notice PIH 2004-6 (HA)) refers to the maximum amount of HUD funding that HUD will approve for development of specific public housing units in a given location. The TDC limit applies only to the costs of development of public housing that are paid directly with HUD public housing funds, including HOPE VI funds; a PHA may exceed the TDC limit using non-public housing funds such as CDBG, HOME, low-income housing tax credit equity, etc.

b. The HUD TDC Cost Tables are issued for each calendar year for the building type and bedroom distribution for the public housing replacement units. Use the TDC limits in effect at the time this HOPE VI NOFA is published when making your TDC calculations. TDC definitions and limits in the final rule are summarized as follows:

(1) The total cost of development, including relocation costs, is limited to the sum of:

(a) HUD's TDC limits up to 100 percent of HUD's published TDC limits for the costs of demolition and new construction, multiplied by the number of HOPE VI public housing replacement units; or

(b) Ninety percent of the TDC limits, multiplied by the number of public housing units after substantial rehabilitation and reconfiguration.

(2) The TDC limit for a project is made up of the following components:

(a) Housing Cost Cap (HCC): HUD's published limit on the use of public housing funds for the cost of constructing the public housing units, which includes unit hard costs, builder's overhead and profit, utilities from the street, finish landscaping, and a hard cost contingency. Estimates should take into consideration the Davis-Bacon wage rate and other requirements as described in "Labor

Standards”, Section III.C.4.g. of this NOFA.

(b) Community Renewal (CR): The balance of funds remaining within the project’s TDC limit after the housing construction costs described in (i) above are subtracted from the TDC limit. This is the amount of public housing funds available to pay for PHA administration, planning, infrastructure and other site improvements, community and economic development facilities, acquisition, relocation, demolition, and remediation of units to be replaced on site, and all other development costs.

(3) CSS. You may request an amount not to exceed 15 percent of the total HOPE VI grant to pay the costs of CSS activities, as described in Section III.C.4.k.(2) of this NOFA. These costs are in addition to, *i.e.*, excluded from, the TDC calculation above.

(4) Demolition and Site Remediation Costs of Unreplaced On-site Units. You may request an amount necessary for demolition and site remediation costs of units that will not be replaced on-site. This cost is in addition to (*i.e.*, excluded from) the TDC calculation above.

(5) Extraordinary Site Costs. (a) You may request a reasonable amount to pay extraordinary site costs, which are construction costs related to unusual pre-existing site conditions that are incurred, or anticipated to be incurred. If such costs are significantly greater than those typically required for similar construction, are verified by an independent, certified engineer or architect (*See* Section IV.B. for documentation requirements.), and are approved by HUD, they may be excluded from the TDC calculation above. Extraordinary site costs may be incurred in the remediation and demolition of existing property, as well as in the development of new and rehabilitated units. Examples of such costs include, but are not limited to: Abatement of extraordinary environmental site hazards; removal or replacement of extensive underground utility systems; extensive rock and soil removal and replacement; removal of hazardous underground tanks; work to address unusual site conditions such as slopes, terraces, water catchments, lakes, *etc.*; and work to address flood plain and other environmental remediation issues. Costs to abate asbestos and lead-based paint from structures are normal demolition costs. Extraordinary measures to remove lead-based paint that has leached into the soil would constitute an extraordinary site cost.

(b) Extraordinary site costs must be justified and verified by a licensed engineer or architect who is not an

employee of the housing authority or the city. The engineer or architect must provide his or her license number and state of registration. If this certification is not included in the application after the cure period described in Section IV.B.4. of the SuperNOFA, extraordinary site costs will not be allowed in the award amount. In this case, the amount of the extraordinary site costs included in the application will be subtracted from the grant amount.

6. *Cost Control Standards.* a. Your projected hard development costs must be realistic, developed through the use of technically competent methodologies, including cost estimating services, and comparable to industry standards for the kind of construction to be performed in the proposed geographic area.

b. Your cost estimates must represent an economically viable preliminary plan for designing, planning, and carrying out your proposed activities in accordance with local costs of labor, materials, and services.

c. Your projected soft costs must be reasonable and comparable to industry standards. Upon award, soft costs will be subject to HUD’s “Safe Harbor” cost control standards. For rental units, these safe harbors provide specific limitations on such costs as developer’s fees (between 9 and 12 percent), PHA administration/consultant cost (no more than 3 to 6 percent of the total project budget), contractor’s fee (6 percent), overhead (2 percent), and general conditions (6 percent). HUD’s Cost Control and Safe Harbor Standards can be found on the *Grants.gov Web site*.

d. If you are eligible for funding, HUD will delete any unallowable items from your budget and may reduce your grant accordingly.

7. *Withdrawal of Grant Amounts.* In accordance with Section 24(i) of the 1937 Act, if a grantee does not proceed within a reasonable timeframe, as described in Section VI.B.2. of this NOFA, HUD shall withdraw any unobligated grant amounts. HUD shall redistribute any withdrawn amounts to one or more other applicants eligible for HOPE VI assistance or to one or more other entities capable of proceeding expeditiously in the same locality in carrying out the Revitalization plan of the original grantee.

F. *Other Submission Requirements.*

1. *Address for Submitting Applications.* Send the original and one copy of your completed application to Mr. Milan Ozdinec, Deputy Assistant Secretary for Public Housing Investments, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 4130, Washington,

DC 20410–5000. Please make sure that you note the room number. The correct room number is very important in ensuring that your application is properly accepted and not misdirected.

2. *Wrong Address.* Applications mailed to the wrong location or office designated for receipt of the application, which result in the designated office not receiving your application in accordance with the requirements for timely submission, will result in your application being considered late and will not receive funding consideration. HUD will not be responsible for directing packages to the appropriate office(s).

3. *Delivery and Receipt Procedures.* “Delivery and Receipt Procedures” in Section IV.F. of the SuperNOFA applies, with the following exception:

a. Applications sent to HUD through the United States Postal Service (USPS) will be considered late and ineligible to receive funding if not received on or before the application due date, regardless of the postmark date.

4. *Proof of Timely Submission.* “Proof of Timely Submission” in Section IV.F. of the SuperNOFA applies, with the following exception:

a. Proof of timely submission for all applications, regardless of whether they are delivered through USPS, overnight mail service, courier service or hand-carried, shall be the date and time recorded by the Grant Administrator in the application receipt log. *See* Section IV.C.2. of this NOFA for information on the application receipt log.

5. *SuperNOFA References.* The following sub-sections of Section IV. of the SuperNOFA are hereby incorporated by reference:

- (1) Addresses to Request Application Package;
- (2) Application Kits;
- (3) Guidebook and Further Information; and
- (5) Addresses.

## V. Application Review Information

### A. Criteria.

#### 1. Rating Factor: Capacity—25 Points Total.

a. The term “your Team” includes PHA staff who will be involved in HOPE VI grant administration, and any alternative management entity that will manage the revitalization process, be responsible for meeting construction time tables, and obligating amounts in a timely manner. This includes any developer partners, program managers, property managers, subcontractors, consultants, attorneys, financial consultants, and other entities or individuals identified and proposed to carry out program activities.

b. *Development Capacity.*

(1) Capacity of developer—6 points

(a) You will receive 6 points if your application demonstrates that:

(i) Your developer or other team members have extensive, recent (within the last five years), and successful experience in planning, implementing, and managing physical development, financing, leveraging, and partnership activities that are comparable in character, scale, and complexity to your proposed revitalization activities;

(ii) Your developer or other team members have extensive, recent (within the last five years), and successful experience in planning, implementing, and managing Capital Fund program projects.

(iii) You propose development using low-income tax credits, and you, your developer, or other team members have relevant tax credit experience; and

(iv) If homeownership, rent-to-own, cooperative ownership, or other major development components are proposed, you, your developer, or other team members have relevant, successful experience in development, sales, or conversion activities.

(b) You will receive 4 points if your developer or other team members have some but not extensive experience in the factors described above.

(c) You will receive 0 points if your developer or other team members do not have the experience described and the application does not demonstrate that it has the capacity to carry out your Revitalization plan. You will also receive 0 points if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

c. *Development Capacity of Applicant*—6 points.

(1) You will receive 6 points if your application demonstrates that:

(i) You have identified potential gaps in your current staffing in relation to development activities, and you have plans to fill such gaps, internally or externally, in a timely manner in order to implement successfully your Revitalization plan;

(ii) You have demonstrated that physical development activities will proceed as promptly as possible following grant award, and you will be able to begin significant construction within 18 months of the award of the grant.

(iii) Your program schedule indicates the date on which the development proposal, *i.e.*, whether mixed-finance development, homeownership development, *etc.*, for each phase of the revitalization plan will be submitted to HUD. For application evaluation only,

you should assume the following award and post-award dates.

Milestone	Date
Grant Award .....	April 1, 2005.
Grant Agreement Execution.	July 1, 2005.
HUD's written request for Supplemental Submissions.	August 1, 2005.
HUD's approval of Supplemental Submissions.	September 1, 2005.

If grant award takes place after October 1, 2004, the grantee's program schedule may be changed in the Supplemental Submissions to account for the period of time between October 1, 2004, and the actual date of grant award; and

(iv) Your management experience and previous experience with development activities, including the dollar amount and timeframe for completion of the project(s), is sufficient to show that you have experience in overseeing affordable housing development, whether it be in-house or implemented by a private entity.

(2) You will receive 4 points if your application demonstrates that you have had experience in managing affordable housing development in accordance with the factors above, but your experience has not been extensive, and your project(s) were completed within the timeframe originally established for the project.

(3) You will receive 1 point if your application demonstrates that you have had experience in managing affordable housing development in accordance with the factors above, but your experience has not been extensive, and your project(s) were not completed within the timeframe originally established for the project.

(4) You will receive 0 points if your application does not demonstrate any experience in managing development activities, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

d. *Capacity of Existing HOPE VI Revitalization Grantees.* (1) This Section applies only to applicants that have received HOPE VI Revitalization grants for fiscal years 1993–2001. If an applicant has more than one HOPE VI Revitalization grant, each will be rated separately, not averaged, and the highest deduction will be made. Applicants with HOPE VI Revitalization grants only from FY2002 or FY2003, or no existing HOPE VI Revitalization grants are not subject to this section.

(2) As indicated in the following tables, up to 5 points will be deducted

if a grantee has failed to achieve adequate progress in relation to cumulative public housing rental unit production. e. *CSS Program Capacity*—3 points. See Sections I.D.10., and III.C.4.k and l, of this NOFA for detailed information on CSS activities.

(1) You will receive 2 points if your application demonstrates one of the following. If you fail to demonstrate one of the following, you will receive 0 points:

(a) If you propose to carry out your CSS plan in-house and you have recent, quantifiable, successful experience in planning, implementing, and managing the types of CSS activities proposed in your application, or

(b) If you propose that a member(s) of your team will carry out your CSS plan, that this procured team member(s) has the qualifications and demonstrated experience to plan, implement, manage, and coordinate the types of activities proposed, and that you have a plan for promptly hiring staff or procuring a team member to do so.

(2) You will receive 1 point if your application demonstrates that:

(a) You have an existing HOPE VI grant and your current CSS team will be

adequate to implement a new program, including new or changing programs, without weakening your existing team.

(b) You do not have an existing HOPE VI Revitalization grant and you demonstrate how your proposed CSS team will be adequate to implement a new program, including new or changing services, without weakening your existing staffing structure.

f. *Property Management Capacity*—5 points. (1) Property management activities may be the responsibility of the PHA or another member of the team, which may include a separate entity that you have procured or will procure to carry out property management activities. In your application you will describe the number of units and the condition of the units currently managed by you or your property manager, your annual budget for those activities, and any awards or recognition that you or your property manager have received.

(2) Past Property Management Experience—3 points. (a) You will receive 3 points if your application demonstrates that you or your property manager currently have extensive knowledge and recent (within the last five years), successful experience in property management of the housing types included in your revitalization plan. This may include market-rate rental housing, public housing, and other affordable housing, including rental units developed with low-income housing tax credit assistance. If your Revitalization plan includes cooperatively-owned housing, rent-to-own units, or other types of managed housing, in order to receive the points for this factor, you must demonstrate recent, successful experience in the management of such housing by the relevant member(s) of your team.

(b) You will receive 1 point if your application demonstrates that you or your property manager have some but not extensive experience of the kind required for your Revitalization plan.

(c) You will receive 0 points if your application does not demonstrate that you or your property manager have the experience to manage your proposed plan, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

(2) Property Management Plan—2 points. (a) You will receive 2 points if your application demonstrates that you or your property manager have the goals and plans necessary to administer the following elements of a property management plan:

(i) Property maintenance

- (ii) Rent collection
- (iii) PIC 50058 reporting
- (iv) Site-based management experience
- (v) Tenant grievances
- (vi) Evictions
- (vii) Occupancy rate
- (viii) Unit turnaround
- (ix) Preventive maintenance
- (x) Work order completion
- (xi) Project-based budgeting
- (xii) Management of Homeownership and rent-to-own programs
- (xiii) Energy Audits
- (xiv) Utility/Energy Incentives

(b) You will receive 0 points if your application does not demonstrate that you or your property manager have the goals and plans necessary to administer the above elements of a property management plan.

g. *PHA Plan*—1 point. (1) You will receive 1 point if your application demonstrates that you have incorporated the revitalization plan described in your application into your most recent PHA plan (whether approved by HUD or pending approval). In order to qualify as "incorporated" under this factor, your PHA plan must indicate the intent to pursue a HOPE VI Revitalization grant and the public housing development for which it is targeted.

(2) You will receive 0 points if you have not incorporated the revitalization plan described in your application into your PHA plan, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

h. *Public Housing Assessment System (PHAS)*—2 points. (1) If you have been rated as a High Performer for your most recent PHAS review, you will receive 2 points.

(2) If you have been rated as a Standard Performer for your most recent PHAS review, you will receive 1 point.

(3) If you have been rated as a Troubled Performer that is either Troubled in One Area or Overall Troubled, you will receive 0 points.

i. *Section 8 Management Assessment Program (SEMAP)*—2 points. (1) If you have been rated as a High Performer for your most recent SEMAP rating, you will receive 2 points.

(2) If you have been rated as Standard for your most recent SEMAP rating, you will receive 1 point.

(3) If you have been rated as Troubled for your most recent SEMAP rating, you will receive 0 points.

2. *Rating Factor: Need*—24 Points Total.

a. *Need for Revitalization: Severe Physical Distress of the Public Housing Development*—10 Points. (1) HUD will

evaluate the extent of the severe physical distress of the targeted public housing development. If the targeted units have already been demolished, HUD will evaluate your description of the extent of the severe physical distress of the site as of the day the demolition application was approved by HUD. You will receive points for the following separate subfactors, as indicated.

(a) You will receive 2 points if your application demonstrates that there are major deficiencies in the project's infrastructure, roofs, electrical, plumbing, heating and cooling, mechanical systems, settlement, and other deficiencies in Housing Quality Standards.

(b) You will receive 2 points if your application demonstrates that there are poor soil conditions, inadequate drainage, deteriorated laterals and sewers, and inappropriate topography.

(c) You will receive 3 points if your application demonstrates that the project has at least three of the following major design deficiencies, including:

- (i) Inappropriately high population density, room, and unit size and configurations;
- (ii) Isolation;
- (iii) Indefensible space;
- (iv) Significant utility expenses caused by energy conservation deficiencies that may be documented by an energy audit; and

(v) Inaccessibility for persons with disabilities with regard to individual units, entrances, and common areas.

(d) You will receive 3 points if your application demonstrates that there are (or were, if the site is already demolished) levels of unmitigated lead-based paint, PCBs, mold, and asbestos that make the site or a portion of the site and its housing structures unsuitable for residential use.

b. *Need for Revitalization: Impact of the Severely Distressed Site on the Surrounding Neighborhood*—3 Points.

(1) HUD will evaluate the extent to which the severely distressed public housing project is a significant contributing factor to the physical decline of, and disinvestment by, public and private entities in the surrounding neighborhood. In making this determination, HUD will evaluate your narrative, crime statistics, photographs or renderings, socio-economic data, trends in property values, evidence of property deterioration and abandonment, evidence of underutilization of surrounding properties, and indications of neighborhood disinvestment.

(2) You will receive 3 Points if your application demonstrates that the project has a significant impact on the

surrounding neighborhood, as documented by each item listed above.

(3) You will receive 2 Points if your application demonstrates that the project has a moderate impact on the neighborhood, and only some of the items listed above are adequately documented.

(4) You will receive 0 Points if your application does not demonstrate that the project has an impact on the surrounding neighborhood, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

*c. Need for HOPE VI Funding—8 Points.* (1) HUD will evaluate the extent to which you could undertake the proposed revitalization activities without a HOPE VI grant. Large amounts of available Capital Funds indicate that the revitalization could be carried out without a HOPE VI grant. Available Capital Funds are defined as non-obligated funds that have not been earmarked for other purposes in your PHA Plan. To determine the amount of FY1999–2004 Capital Fund Program (including CIAP and CGP) funds currently available that could be used to carry out the proposed revitalization activities, HUD will employ data from LOCCS available at the time of the grant application due date and information from the portions of the PHA Plan that you have submitted as part of your application. Funds earmarked in the PHA Plan for uses other than the revitalization proposed in this application will not be considered available. See Section IV.B. of this NOFA for documentation requirements.

(2) You will receive 8 Points if your available Capital Funds balance is up to 20 percent of the amount of HOPE VI funds requested.

(3) You will receive 6 Points if your available balance is 21–45 percent of the amount of HOPE VI funds requested.

(4) You will receive 4 Points if your available balance is 46–70 percent of the amount of HOPE VI funds requested.

(5) You will receive 2 Points if your available balance is 71–90 percent of the amount of HOPE VI funds requested.

(6) You will receive 0 Points if your available balance is more than 90 percent of the amount of HOPE VI funds requested.

*c. Need for Affordable Accessible Housing in the Community—3 Points.*

(1) Your application must demonstrate the need for other housing available and affordable to families receiving tenant-based assistance under section 8 (HCV), as described below and must be the most recent information available at the time of the application deadline.

(2) For purposes of this factor, the need for affordable housing in the community will be measured by Housing Choice Voucher program utilization rates and public housing occupancy rates, excluding the public housing site targeted for revitalization. In figuring the Housing Choice Voucher utilization rate, provide the percentage of units under lease out of the total authorized. In figuring the public housing occupancy rate, provide the percentage of units occupied out of the total in your public housing inventory, not including the targeted public housing site. You should base your calculation on the federal public housing units you manage. You may not exclude units in your public housing inventory that are being reserved for relocation needs related to other HOPE VI Revitalization grant(s); or units in your public housing inventory that are being held vacant for uses related to a Section 504 voluntary compliance agreement. If you are a non-MTW site, you must use information consistent with the Section Eight Management Assessment Program (SEMAP) and/or the Public Housing Assessment System (PHAS) submissions. If you are an MTW site, and do not report into SEMAP and/or PHAS, you must demonstrate your utilization and/or occupancy rate using similar methods and information sources in order to earn points under this rating factor.

(3) You will receive 3 Points if your application demonstrates that:

(a) The utilization rate of your Housing Choice Voucher program is 97 percent or higher; or

(b) The occupancy rate of your public housing inventory is 97 percent or higher.

(4) You will receive 2 Points if your application demonstrates that:

(a) The utilization rate of your Housing Choice Voucher program is between 95 and 96 percent; or,

(b) The occupancy rate of your public housing inventory is between 95 and 96 percent.

(5) You will receive 1 Point if your application demonstrates that:

(a) The utilization rate of your Housing Choice Voucher program is between 93 and 94 percent; or

(b) The occupancy rate of your public housing inventory is between 93 and 94 percent.

(6) You will receive 0 Points if your application demonstrates that:

(a) The utilization rate of your Housing Choice Voucher program is less than 93 percent; or

(b) The occupancy rate of your public housing inventory is less than 93 percent.

*3. Rating Factor: Leveraging—16 Points Total.*

*a. Leverage.* Although related to match, leverage is strictly a rating factor. Leverage consists of firm commitments of funds and other resources. HUD will rate your application based on the amount of funds and other resources that will be leveraged by the HOPE VI grant as a percentage of the amount of HOPE VI funds requested. If leverage sources and amounts are not documented in accordance with Sections III.C.4.l. and IV.B.5. of this NOFA, they will not be counted toward your leverage amounts.

*b. Development Leveraging—7 Points.* For each commitment document, HUD will evaluate the strength of commitment and add the amounts that are acceptably documented. HUD will then calculate the ratio of the amount of HUD funds requested to the amount of funds that HUD deems acceptably documented. HUD will round figures to two decimal points, using standard rounding rules.

(1) You will receive 7 Points if the ratio of the amount of HOPE VI funds requested for physical development activities (not including CSS, administration or relocation) to the dollar value of documented, committed development resources from other sources is 1:3 or higher.

(2) You will receive 6 Points if the ratio is between 1:2.50 and 1:2.99.

(3) You will receive 5 Points if the ratio is between 1:2.0 and 1:2.49.

(4) You will receive 4 Points if the ratio is between 1:1.50 and 1:1.99.

(5) You will receive 3 Points if the ratio is between 1:1.0 and 1:1.49.

(6) You will receive 2 Points if the ratio is between 1:0.50 and 1:0.99.

(7) You will receive 1 Point if the ratio is between 1:0.25 to 1:0.49.

(8) You will receive 0 Points if the ratio is less than 1:0.25, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

*c. CSS Leveraging—5 Points.* (1) You will receive 5 Points if the ratio of the amount of HOPE VI funds requested for CSS activities to the dollar value of documented, committed CSS resources leveraged from other sources is 1:2 or higher. If no HOPE VI funds are requested for CSS activities because all CSS funds will come from outside sources, all adequately-documented funds from such outside sources will be counted and you will receive 5 Points.

(2) You will receive 4 Points if the ratio is between 1:1.75 and 1:1.99.

(3) You will receive 3 Points if the ratio is between 1:1.5 and 1:1.745.

(4) You will receive 2 Points if the ratio is between 1:25 and 1:49.

(5) You will receive 1 Point if the ratio is between 1:1 and 1:1.249.

(6) You will receive 0 Points if the ratio is less than 1:1, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

*d. Anticipatory Resources Leveraging—2 Points.*

Anticipatory Resources relate to activities that have taken place in the past and that were conducted in direct relation to a HOPE VI Revitalization grant. In many cases, PHAs, cities, or other entities may have carried out revitalization activities (including demolition) in previous years in anticipation of your receipt of a HOPE VI Revitalization grant. These expenditures, if documented, may be counted as leveraged anticipatory resources. They cannot duplicate any other type of resource and cannot be counted towards match. Public Housing funds other than HOPE VI Revitalization, *e.g.*, HOPE VI Demolition grant funds, HOPE VI Neighborhood Networks grant funds, Capital Fund Program, may be included, and will be counted, toward your Anticipatory Resources rating below.

(1) You will receive 2 Points if the ratio of the amount of HOPE VI funds requested for physical development activities, not including CSS or administration) to the amount of your documented anticipatory resources is 1:0.1 or higher. Your requested amount for CSS is shown in Budget Line Item 1408 of form HUD-52825-A, HOPE VI Budget and your requested amount for administration is shown in Budget Line Item 1410 of form HUD-52825-A.

(2) You will receive 0 Points if the ratio of the amount of HOPE VI funds requested for physical development activities, not including CSS or administration to the amount of your documented anticipatory resources is less than 1:0.1.

*e. Collateral Investment Leveraging—2 Points.* Collateral investment includes physical redevelopment activities that are currently underway, or that have yet to begin but are projected to be completed before October 2009. In order for a leverage source to be counted as collateral investment, your application must demonstrate that the related activities will directly enhance the new HOPE VI community, but will occur whether or not a Revitalization grant is awarded to you and the public housing project is revitalized. This includes economic or other kinds of development activities that would have occurred with or without the anticipation of HOPE VI

funds. These resources cannot duplicate any other type of resource and cannot be counted as match. Examples of collateral investments include local schools, libraries, subways, light rail stations, improved roads, day care facilities, and medical facilities.

(1) You will receive 2 Points if the ratio of the amount of HOPE VI funds requested for physical development activities (not including CSS or administration) to the amount of your documented collateral resources is 1:1.0 or higher.

(2) You will receive 0 Points if the ratio of the amount of HOPE VI funds requested for physical development activities (not including CSS or administration) to the amount of your documented collateral resources is less than 1:1.0.

*4. Rating Factor: Resident and Community Involvement—3 Points Total.*

a. HUD will evaluate the nature, extent, and quality of the resident and community outreach and involvement you have achieved by the time your application is submitted, as well as your plans for continued and additional outreach and involvement beyond the minimum threshold requirements. See Section III.C. of this NOFA for Resident and Community Involvement requirements.

*b. Resident and Community Involvement—3 Points.* You will receive 1 Point for each of the following criteria met in your application, which are over and above the threshold requirements listed in Section III.C.4. of this NOFA.

(1) Your application demonstrates that you have communicated regularly and significantly with affected residents, state and local governments, private service providers, financing entities, developers, and other members of the surrounding community about the development of your Revitalization plan by giving residents and community members information about your actions regarding the Revitalization plan and providing a forum where residents and community members can contribute recommendations and opinions with regard to the development and implementation of the Revitalization plan.

(2) Your application demonstrates your efforts, past and proposed, to make appropriate HUD communications about HOPE VI available (*i.e.*, a copy of the NOFA, computer access to the HUD Web site, *etc.*).

(3) Your application demonstrates your plans to provide affected residents with reasonable training on the general principles of development, technical assistance, and capacity building so that

they may participate meaningfully in the development and implementation process.

*5. Rating Factor: Community and Supportive Services—10 Points Total.*

*a. CSS Program Requirements.* See Section III.C.4. for CSS program requirements. In your application, you will describe your CSS plan, including any plans to implement a CSS Endowment Trust. Each of the following subfactors will be rated separately.

*b. Case Management—2 points.* You will receive 2 Points if your application demonstrates that you will be able to provide case management within 30 days from the date of grant award execution so that residents who will be relocated have time to participate and benefit from CSS activities before leaving the site.

*c. Needs Identification—1 point.* You will receive 1 Point if your CSS Program has been developed in response to a rigorous resident needs identification process and directly responds to the identified needs.

*d. Transition to Housing Self-Sufficiency—4 points.* You will receive up to 4 Points if you address the methods you will use to assist public housing residents in their efforts to transition to other affordable and market-rate housing, *i.e.*, to gain "housing self-sufficiency."

(1) You will receive up to 4 Points if your application demonstrates that your CSS Program includes and addresses all four of the below items. Your CSS Program:

(a) Provides measurable outcomes for this endeavor;

(b) Relates your other CSS and FSS activities and efforts to the transition of public housing residents to housing self-sufficiency;

(c) Specifically addresses the community partners, faith-based organizations, *etc.* that will join you in the endeavor; and

(d) Establishes reasonable limits on the length of time any resident can reside in a public housing unit within a HOPE VI Revitalization Development.

(2) You will receive up to 2 Points if your CSS Program includes and addresses two of four of the above items (a) through (d).

(3) You will receive 0 Points if your CSS Program includes and addresses less than two of the above items (a) through (d).

*e. Partner Commitments—1 point.* You will receive 1 Point if you provide letters from a variety of experienced organizations and service providers that represent strong relationships and commitments to participate in your CSS

activities and accomplish your CSS goals of the program.

f. *Quality and Results Orientation*—2 points. You will receive 2 Points if you have proposed a high quality, results-oriented CSS program that is based on a comprehensive case management system and enables residents affected by the revitalization plan to access, at a minimum, basic elements of education, job training, and other services that will assist them in transforming their lives and becoming self-sufficient.

6. *Rating Factor: Relocation*—5 Points Total. See Sections III.C.4. and IV.B. of this NOFA for Relocation and Relocation Plan requirements.

a. *You will receive 5 Points for this Factor if:* (1) Your Relocation plan:

(a) Includes a description of specific activities that have (or will) minimize permanent displacement of residents of the units that will be rehabilitated or demolished in the targeted public housing site, provided that those residents wish to remain in or return to the revitalized community;

(b) Includes a description of specific activities that will give existing residents priority over other families for future occupancy of public housing units in completed HOPE VI Revitalization Development projects, or, for existing residents that can afford to live in non-public housing HOPE VI units, priority for future occupancy of those planned units; and

(c) contains a description of specific CSS activities that will be provided to residents prior to any relocation.

(2) You provide a certification that *all* of the residents of the targeted severely distressed public housing project have been relocated *and tracked* as of the HOPE VI Revitalization application due date;

b. *You will receive 4 Points for this Factor if:* (1) Your Relocation Plan:

(a) minimizes permanent displacement of current residents of the public housing site who wish to remain in or return to the revitalized community and you provide general information on the method you will use to promote this;

(b) contains general information about the amount of CSS that will be provided to residents prior to any relocation; and

(c) gives existing residents priority for occupancy of planned public housing units, or for residents that can afford to live in other HOPE VI units, priority for those planned units and includes general information on the method you will use to provide this; and

(2) You: (a) Provide a certification that *all* of the residents of the targeted severely distressed public housing project have been relocated but you

were unable to track all residents, as of the HOPE VI Revitalization application due date. You must describe the efforts undertaken to track residents and reasons why all residents were not tracked; or

(b) Describe in your application: (i) An effective plan to track residents who have been or will be relocated from the targeted project; and

(ii) A comprehensive plan that will provide mobility counseling and direct assistance in locating housing to residents who choose Housing Choice Voucher assistance that will help them to fully understand the full range of housing opportunities available to them in neighborhoods throughout the jurisdiction and to find housing in non-poverty areas. You must provide a list of available units to persons with disabilities as required under 24 CFR 8.28(a)(3);

c. *You will receive 2 Points if:* (1) You meet only one of the factors described in Section b. above and only state that your plan will minimize permanent relocation and give housing priority to current residents.

d. *You will receive 0 Points if:* (a) Your application:

(i) Does not meet either of the factors described in Section (2)(a)(ii) above;

(ii) Does not include minimization of permanent displacement; or

(iii) Does not give priority for occupancy in completed HOPE VI Revitalization developments to current residents; or

(b) Your application does not address this factor to an extent that makes HUD's rating of this factor possible.

7. *Rating Factor: Fair Housing and Equal Opportunity*—7 Points Total.

a. *FHEO Disability Issues*—4 Points Total. (1) Accessibility—2 Points.

(a) Over and above the accessibility requirements listed in Section III.C. of this NOFA, you will receive 2 Points if your application demonstrates that you have a *detailed* plan to:

(i) Provide accessibility in homeownership units (*e.g.*, setting a goal of constructing a percentage of the homeownership units as accessible units for persons with mobility impairments; promising to work with prospective disabled buyers on modifications to be carried out at a buyer's request; exploring design alternatives that result in townhouses that are accessible to persons with disabilities);

(ii) Provide one-bedroom accessible rental units for single individuals with disabilities;

(iii) Provide for accessibility modifications, where necessary, to Housing Choice Voucher-assisted units

of residents who relocate from the targeted project to private or other public housing due to revitalization activities. The Department has determined that the costs of such modifications are eligible costs under the HOPE VI program;

(iv) Where playgrounds are planned, propose ways to make them accessible to children with disabilities, over and above statutory and regulatory requirements; and

(v) Where possible, design units with accessible front entrances.

(b) You will receive 1 Point if your application demonstrates that you have a detailed plan to implement from one to four of the accessibility priorities stated above, explaining why and how you will implement the identified accessibility priorities.

(c) You will receive 0 Points if your application does not demonstrate that you have a detailed plan that meets the specifications above, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

(2) Universal Design—2 Points. (a)

You will receive 2 Points if your application demonstrates that you have a specific plan to meet:

(i) The adaptability standards adopted by HUD at 24 CFR 8.3 that apply to those units not otherwise covered by the accessibility requirements. Adaptability is the ability of certain elements of a dwelling unit, such as kitchen counters, sinks, and grab bars, to be added to, raised, lowered, or otherwise altered, to accommodate the needs of persons with or without disabilities, or to accommodate the needs of persons with different types or degrees of disability. For example, the wiring for visible emergency alarms may be installed so that a unit can be made ready for occupancy by a hearing-impaired person (For information on adaptability, see <http://www.hud.gov/offices/pih/programs/ph/hope6/pubs/glossary.pdf>); and

(ii) The visitability standards recommended by HUD that apply to units not otherwise covered by the accessibility requirements. Visitability standards allow a person with mobility impairments access into the home, but do not require that all features be made accessible. A visitable home also serves persons without disabilities, such as a mother pushing a stroller or a person delivering a large appliance. See <http://www.hud.gov/offices/pih/programs/ph/hope6/pubs/glossary.pdf> for information on visitability. The two standards of visitability are:

(A) At least one entrance at grade (no steps), approached by a sidewalk; and

(B) The entrance door and all interior passage doors are at least 2 feet 10 inches wide, allowing 32 inches of clear passage space.

(b) You will receive 0 Points if your application does not demonstrate that you have specific plans to implement both (i) and (ii) as specified above, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

b. *Fair Housing and Section 3—3 Points Total.* (1) Fair Housing—2 Points.

(a) You will receive 2 Points if your application demonstrates that:

(i) You have made and will make specific efforts to attract families from all segments of the population on a non-discriminatory basis and with a broad spectrum of incomes to the revitalized site through intensive affirmative marketing efforts and how these efforts contribute to the deconcentration of low-income neighborhoods;

(ii) You have made and will make specific efforts to target your marketing and outreach activities to those persons and groups least likely to know about these housing opportunities, in order to promote housing choice and opportunity throughout your jurisdiction and contribute to the deconcentration of both minority and low-income neighborhoods. In your application, you must describe how your outreach and marketing efforts will reach out to persons of different races and ethnic groups, families with or without children, persons with disabilities and able-bodied persons, and the elderly; and

(iii) The specific steps you plan to take through your proposed activities to affirmatively further fair housing. These steps can include, but are not limited to:

(A) Addressing impediments to fair housing choice relating to your operations;

(B) Working with local jurisdictions to implement their initiatives to affirmatively further fair housing;

(C) Implementing, in accordance with Departmental guidance, relocation plans that result in increased housing choice and opportunity for residents affected by HOPE VI revitalization activities funded under this NOFA;

(D) Implementing admissions and occupancy policies that are nondiscriminatory and help reduce racial and national origin concentrations; and

(E) Initiating other steps to remedy discrimination in housing and promote fair housing rights and fair housing choice.

(b) You will receive 1 Point if you address all of the above issues only in a general way.

(c) You will receive 0 Points if you do not address all of the above issues, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

(2) Economic Opportunities for Low- and Very Low-Income Persons (Section 3)—1 Point.

(a) HOPE VI grantees must comply with Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) (Economic Opportunities for Low- and Very Low-Income Persons in Connection with assisted Projects) and its implementing regulations at 24 CFR part 135. Information about Section 3 can be found at HUD's Section 3 Web site at <http://www.hud.gov/fhe/sec3over.html>.

(b) You will receive 1 Point if your application demonstrates that you have a feasible plan to implement Section 3 that not only meets the minimum requirements described in Section (a) above but also exceeds those requirements. Your plan must include your goals by age group, types of jobs and other opportunities to be provided, and plans for tracking and evaluation. Section 3 firms must be in place quickly so that residents are trained in time to take advantage of employment opportunities such as jobs and other contractual opportunities in the pre-development, demolition, and construction phases of the revitalization. Your Section 3 plan must demonstrate that you will, to the greatest extent feasible, direct training, employment, and other economic opportunities to:

(i) Low- and very low-income persons, particularly those who are recipients of government assistance for housing, and

(ii) Business concerns which provide economic opportunities to low- and very low-income persons.

(b) You will receive 0 Points if your plan to implement Section 3 does not meet the standards listed in Section (b) above, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

8. *Rating Factor: Well-Functioning Communities—8 Points Total.*

a. *Affordable Housing.* (1) Housing Definitions. For the purposes of this rating section, housing units are defined differently than in PIH housing programs, as follows:

(a) "project-based affordable housing units" are defined as housing units where there are affordable-housing use restrictions, e.g., public housing, project-based Section 8 (HCV), LIHTC units, HOME units, etc.

(b) "public housing rental units" are defined as rental units that will be subject to the ACC.

(c) Homeownership units and lease-purchase units are not considered as public housing.

(d) Units sold under Section 32 are not considered as public housing.

(2) Unit Mix and Need for Affordable Housing—3 Points. (a) Your proposed unit mix should sustain or create more project-based affordable housing units that will be available to persons eligible for public housing in markets where the plan shows there is demand for the maintenance or creation of such units. While it is up to you to determine the unit mix that is appropriate for your site, it is essential that this unit mix include a sufficient amount of public housing rental units and other project-based affordable units. To the extent that the local market shows there is a demand for it, applicants are encouraged to create additional project-based affordable housing units to be made available for persons eligible for public housing.

(b) No Need for Additional Affordable Housing.

(i) You will receive 1 Point for this factor if your application demonstrates that:

(A) The utilization rate of your Housing Choice Voucher program is less than 95 percent; or

(B) The occupancy rate of your public housing inventory is less than 95 percent.

(c) Need for Additional Affordable Housing.

(i) For this factor, HUD considers you in need of project-based affordable housing if:

(A) The utilization rate of your Housing Choice Voucher program is 95 percent or more; or

(B) The occupancy rate of your public housing inventory is 95 percent or more.

(ii) The percentages below are defined as the number of planned project-based affordable units divided by the number of public housing units that the targeted project contained on the application due date;

(iii) You will receive 3 Points if your application demonstrates that the number of project-based affordable units in your plan is 125 percent of the number of public housing units that the targeted project contained on the application due date;

(iv) You will receive 2 Points if your application demonstrates that the number of project-based affordable units in your plan is 110 percent of the number of public housing units that the targeted project contained on the application due date

(v) You will receive 1 Point if your application demonstrates that the number of project-based affordable units in your plan is 100 percent of the number of public housing units that the targeted project contained on the application due date.

(vi) You will receive 0 Points if your application demonstrates that the number of project-based affordable units in your plan is less than the number of public housing units that the targeted project contained on the application due date or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

**b. Off-Site Housing.** (1) Factor Background.

(a) Although not required, you are encouraged to consider development of replacement housing in locations other than the original severely distressed site (*i.e.*, off-site housing). Locating off-site housing in neighborhoods with low levels of poverty and low concentrations of minorities will provide maximized housing alternatives for low-income residents who are currently on-site and assist the goal of creating desegregated, mixed-income communities. The effect on-site will be to assist in the deconcentration of low-income residents and increase the number of replacement units.

(b) Although it is acknowledged that off-site housing is not appropriate in some communities, if you do not propose to include off-site housing in your Revitalization plan, you are not eligible to receive this point.

(c) If you propose an off-site housing component in your application, you must be sure to include that component when you discuss other components (*e.g.* on-site housing, homeownership housing, *etc.*). Throughout your application, your unit counts and other numerical data must take into account the off-site component.

(2) Off-Site Housing—1 Point. You will receive 1 Point if you propose to develop an off-site housing component(s) and document that: you have site control of the property(ies), that the site(s) meets all environmental review requirements, and that the site(s) meets site and neighborhood standards, in accordance with Section III.C.4.m(1) of this NOFA.

**c. Homeownership Housing—4 Points.** The Department has placed the highest priority on increasing homeownership opportunities for low- and moderate-income persons, persons with disabilities, the elderly, minorities, and families where English may be a second language. Too often these individuals and families are shut out of the housing

market through no fault of their own. HUD encourages applicants to work aggressively to open up the realm of homeownership.

(1) Your application will receive 4 Points if your application demonstrates that your Revitalization plan includes homeownership and that you have a feasible, well-defined plan for homeownership. In order to demonstrate this, your application should include descriptions of the following:

(a) The purpose of your homeownership program;

(b) The number of units planned and their location(s);

(c) A description and justification of the families that will be targeted for the program;

(d) The proposed source of your construction and permanent financing of the units; and

(e) A description of the homeownership counseling you or a HUD-approved housing counseling agency will provide to prospective families, including such subjects as the homeownership process, housing in non-impacted areas, credit repair, budgeting, and home maintenance.

(2) You will receive 2 Points for this factor if you address in your description from one to four of the items listed under (1).

(3) You will receive 0 Points for this factor if you do not propose to include homeownership units in your Revitalization plan, your proposed program is not feasible and well defined, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

**9. Rating Factor: Soundness of Approach—25 Points Total.**

**a. Quality and Consistency of the Application—2 Points.** (1) The information and strategies described in your application must be well organized, coherent, and internally consistent. Numbers and statistics in your narratives must be consistent with the information provided in the attachments. Also, the physical and CSS aspects of the application must be compatible and coordinated with each other. Pay particular attention to the data provided for:

(a) Types and numbers of units;

(b) Budgets;

(c) Other financial estimates, including sources and uses; and

(d) Numbers of residents affected.

(2) You will receive 2 points if your application demonstrates a high level of quality and consistency;

(3) You will receive 1 point if your application has a high level of quality,

but contains minor internal discrepancies;

(4) You will receive 0 points if your application fails to demonstrate an acceptable level of quality and consistency;

**b. Appropriateness and Feasibility of the Plan—5 Points.** (1) You will receive 5 points if your application demonstrates that your Revitalization plan is:

(a) Appropriate and suitable, in the context of the community and other revitalization options, in accordance with the Appropriateness of Proposal threshold in Section III.C. of this NOFA;

(b) Marketable, in the context of local conditions;

(c) Financially feasible, as demonstrated in the financial structure(s) proposed in the application.

(2) You will receive 3 points if your application only moderately demonstrates the criteria of (1)(a)–(c) above.

(3) You will receive 0 Points if your application does not demonstrate the criteria of (1)(a)–(c) above.

**c. Neighborhood Impact and Sustainability of the Plan—5 Points.** (1) You will receive 5 Points if your application demonstrates your Revitalization plan, including plans for retail, office, other economic development activities, as appropriate, will:

(a) Result in a revitalized site that will enhance the neighborhood in which the project is located;

(b) Spur outside investment into the surrounding community;

(c) Enhance economic opportunities for residents; and

(d) Remove an impediment to continued redevelopment or start a community-wide revitalization process.

(2) You will receive 3 Points if your application demonstrates that your Revitalization plan will have only a moderate effect on activities in the surrounding community, as described in (a)(i)–(iv) above.

(3) You will receive 0 Points if your application does not demonstrate that your Revitalization plan will have an effect on the surrounding community, as described in (a)(i)–(iv) above, or if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

**d. Project Readiness—7 Points.** HUD places top priority on projects that will be able to commence immediately after grant award. You will receive the following points for each applicable subfactor certified in your application.

(1) You will receive 2 Points if the targeted severely distressed public housing site is completely vacant, *i.e.*, all residents have been relocated.

(2) You will receive 2 Points if the targeted severely distressed public housing site is cleared, *i.e.*, all buildings are demolished, or your Revitalization plan only includes rehabilitation and no demolition of public housing units..

(3) You will receive 1 Point if a Master Development Agreement (MDA) has been developed and is ready to submit to HUD. However, in cases where the PHA (not an affiliate/subsidiary/instrumentality) will act as its own developer for all components of the Revitalization plan, then an MDA is not needed and the one point will be awarded automatically.

(4) You will receive 1 Point if your preliminary site design is complete.

(5) You will receive 1 Point if you have held five (5) or more public planning sessions leading to resident acceptance of the plan.

*e. Design—3 Points.* HUD is seeking excellence in design. We urge you to carefully select your architects and planners, and to enlist local affiliates of national architectural and planning organizations such as the American Institute of Architects, the American Society of Landscape Architects, the American Planning Association, the Congress for the New Urbanism, and the department of architecture at a local college or university to assist you in assessing qualifications of design professionals or participating on a selection panel that results in the procurement of excellent design services.

HUD encourages you to select a design team that is committed to a process in which residents, including young people and seniors, the broader community, and other stakeholders participate in designing the new community.

Your proposed site plan, new units, and other buildings must be designed to be compatible with and enrich the surrounding neighborhood. Local architecture and design elements and amenities should be incorporated into the new or rehabilitated homes so that the revitalized sites and structures will blend into the broader community and appeal to the market segments for which they are intended. Housing, community facilities, and economic development space must be well integrated. You must select members of your team who have the ability to meet these requirements.

(1) You will receive 3 Points if your proposed site plan, new dwelling units, and buildings demonstrate that:

(a) You have proposed a site plan that is compact, pedestrian-friendly, with an interconnected network of streets and public open space;

(b) Your proposed housing, community facilities, and economic development facilities are thoroughly integrated into the community through the use of local architectural tradition, building scale, grouping of buildings, and design elements; and

(c) Your plan proposes appropriate enhancements of the natural environment.

(2) You will receive 1 Point if your proposed site plan, new dwelling units, and buildings demonstrate design that adequately addresses one or two, but not all three of the elements above.

(3) You will receive 0 Points if your proposed design is perfunctory or otherwise does not address the above elements. You will also receive 0 Points if your application does not address this factor to an extent that makes HUD's rating of this factor possible.

*f. Evaluation—3 Points.* You are encouraged to work with your local university(ies), other institutions of learning, foundations, or others to evaluate the performance and impact of their HOPE VI Revitalization plan over the life of the grant. The proposed methodology must measure success against goals you set at the outset of your revitalization activities. Evaluators must establish baselines and provide ongoing interim reports that will allow you to make changes as necessary as your project proceeds. Where possible, you are encouraged to form partnerships with Historically Black Colleges and Universities (HBCUs); Hispanic-Serving Institutions (HSIs); Community Outreach Partnership Centers (COPCs); the Alaskan Native/Native Hawaiian Institution Assisting Communities Program (as appropriate); and others in HUD's University Partnerships Program.

(1) You will receive 3 Points if your application includes a letter(s) from an institution(s) of higher learning, foundations, or other organization that specializes in research and evaluation that provides a commitment to work with you to evaluate your program and describes its proposed approach to carry out the evaluation if your application is selected for funding. The letter must provide the extent of the commitment and involvement, the extent to which you and the local institution of higher learning will cooperate, and the proposed approach. The commitment letter must address all of the following areas for evaluation:

(a) The impact of your HOPE VI effort on the lives of the residents;

(b) The nature and extent of economic development generated in the community;

(c) The effect of the revitalization effort on the surrounding community,

including spillover revitalization activities, property values, etc.; and

(d) Your success at integrating the physical and CSS aspects of your strategy.

(2) You will receive 0 Points if your application does not include a commitment letter that conforms to the specifications in paragraph (b) above.

*10. Rating Factor: Incentive Criteria on Regulatory Barrier Removal—2 Points Total.*

*a. Description.* (1) HUD's Notice, *America's Affordable Communities Initiative, HUD's Initiative on Removal of Regulatory Barriers: Announcement of Incentive Criteria on Barrier Removal in HUD's FY 2004 Competitive Funding Allocations*, **Federal Register** Docket Number FR-4882-N-03, published on March 22, 2004, provides that most HUD competitive NOFAs will include an incentive for local and state governments to decrease their regulatory barriers to the development of affordable housing.

(2) Form HUD-27300 contains questions that describe your local and state governments' efforts to decrease regulatory barriers.

*b. Scoring.* (1) If you are considered a local unit of government with land use and building regulatory authority, an agency or department of a local unit of government, a nonprofit organization, or other qualified applicant applying for funding for a project located in the local unit of government's jurisdiction, you are invited to answer the 20 questions in PART A of form HUD-27300. For those applications in which regulatory authority is split between jurisdictions (*e.g.*, county and town) the applicant should answer the question for that jurisdiction that has regulatory authority over the issue at question.

(a) If you check Column 2 for five to ten questions from PART A, you will receive 1 point in the NOFA evaluation.

(b) If you check Column 2 for eleven or more questions from PART A, you will receive 2 points in the NOFA evaluation.

(2) If you are considered a state government, or an agency or department of a state government, applying for funding for a project located in the state government's jurisdiction, or areas otherwise not covered in Part A, you are invited to answer the 15 questions in PART B.

(a) If you check Column 2 for four to seven questions from PART B, you will receive one point in the NOFA evaluation.

(b) If you check Column 2 for eight or more questions from PART B, you will receive two points in the NOFA evaluation.

(3) Applicants that will be providing services in multiple jurisdictions may choose to address the questions in either PART A or PART B for that jurisdiction in which the preponderance of services will be performed if an award is made.

(4) In no case will an applicant receive for this policy priority greater than two points for barrier removal activities.

**B. Reviews and Selection Process.** HUD's selection process is designed to ensure that grants are awarded to eligible PHAs with the most meritorious applications. HUD will consider the information you submit by the application due date. After the application due date, HUD may not, consistent with its regulations in 24 CFR part 4, subpart B, consider any unsolicited information that you or any third party may want to provide.

1. *Application Screening.* a. HUD will screen each application to determine if:

(1) it meets the threshold criteria listed in Section III.C. of this NOFA; and  
(2) it is deficient, *i.e.*, contains any Technical Deficiencies.

b. See Section III.C. of this NOFA for case-by-case information regarding thresholds and technical deficiencies. See Section IV.B. of this NOFA for documentation requirements that will support threshold compliance and will avoid technical deficiencies.

*c. Corrections to Deficient Applications.* The subsection entitled, "Corrections to Deficient Applications," in Section V.B.4. of the SuperNOFA applies. This sub-section describes the Technical Deficiencies cure period.

*d. Applications that will not be rated or ranked.* HUD will not rate or rank applications that are deficient at the end of the cure period stated in Section V.B. of the SuperNOFA or have not met the thresholds described in Section III.C. of this NOFA. Such applications will not be eligible for funding.

2. *Preliminary Rating and Ranking.*

*a. Rating.* (1) HUD staff will preliminarily rate each eligible application, SOLELY on the basis of the rating factors described in Section V.A. of this NOFA.

(2) When rating applications, HUD reviewers will not use any information included in any HOPE VI application submitted in a prior year.

(3) HUD will assign a preliminary score for each rating factor and a preliminary total score for each eligible application.

(4) The maximum number of points for each application is 125.

*b. Ranking.* (1) After preliminary review, applications will be ranked in score order.

3. *Final Panel Review.* a. A Final Review Panel made up of HUD staff will:

(1) Review the Preliminary Rating and Ranking documentation to:

(a) Ensure that any inconsistencies between preliminary reviewers have been identified and rectified; and

(b) Ensure that the Preliminary Rating and Ranking documentation accurately reflects the contents of the application.

(2) Assign a final score to each application; and

(3) Recommend for selection the most highly rated applications, subject to the amount of available funding, in accordance with the allocation of funds described in Section II of this NOFA.

4. HUD reserves the right to make reductions in funding for any ineligible items included in an applicant's proposed budget.

5. In accordance with the FY2003 HOPE VI appropriation, HUD may not use HOPE VI funds to grant competitive advantage in awards to settle litigation or pay judgments.

6. *Tie Scores.* If two or more applications have the same score and there are insufficient funds to select all of them, HUD will select for funding the application(s) with the highest score for the Soundness of Approach Rating Factor. If a tie remains, HUD will select for funding the application(s) with the highest score for the Capacity Rating Factor. HUD will select further tied applications with the highest score for the Need Rating Factor.

7. *Remaining Funds.* a. HUD reserves the right to reallocate remaining funds from this NOFA to other eligible activities under Section 24 of the Act.

(1) If the total amount of funds requested by all applications found eligible for funding under Section V.B. of this NOFA is less than the amount of funds available from this NOFA, all eligible applications will be funded and those funds in excess of the total requested amount will be considered remaining funds.

(2) If the total amount of funds requested by all applications found eligible for funding under Section V.B. of this NOFA is greater than the amount of funds available from this NOFA, eligible applications will be funded until the amount of non-awarded funds is less than the amount required to feasibly fund the next eligible application. In this case, the funds that have not been awarded will be considered remaining funds.

## VI. Award Administration Information

### A. Award Notices.

1. *Initial Announcement.* The HUD Reform Act prohibits HUD from notifying you as to whether or not you have been selected to receive a grant until it has announced all grant recipients. In determining reasonableness of such timeframe, HUD will take into consideration those delays caused by factors beyond your control. These timeframes must be reflected in the form of a program schedule, in accordance with the threshold requirement at Section V.A.

a. Grantees must submit Supplemental Submissions within 90 days from the date of HUD's written request.

b. Grantees must submit CSS work plans within 90 days from the execution of the grant agreement.

The program schedule must indicate the date on which the development proposal for each phase of the revitalization plan will be submitted to HUD.

f. The closing of the first phase must take place within 15 months of grant award. For this purpose, "closing" means all financial and legal arrangements have been executed and actual activities (construction, etc.) are ready to commence.

g. Grantees must complete construction within 48 months from the date of HUD's approval of your Supplemental Submissions. This time period for completion may not exceed 54 months from the date the grant agreement is executed.

(A) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the Revitalization plan and demolition activities that would otherwise not be available;

(B) Whether an opportunity was provided for open competitive bidding or negotiation;

(C) Whether the person affected is a member of a group or class intended to be the beneficiaries of the Revitalization plan and Demolition plan and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;

(D) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision making process, with respect to the specific activity in question;

(E) Whether the interest or benefit was present before the affected person was in a position as described in Section (iii) above;

(F) Whether undue hardship will result either to the grantee or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and

(G) Any other relevant considerations.

9. *Flood Insurance.* In accordance with the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001-4128), your application may not propose to provide financial assistance for acquisition or construction (including rehabilitation) of properties located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, unless:

a. The community in which the area is situated is participating in the National Flood Insurance program (see 44 CFR parts 59 through 79), or less than one year has passed since FEMA notification regarding such hazards; and

b. Where the community is participating in the National Flood Insurance Program, flood insurance is obtained as a condition of execution of a grant agreement.

(4) Grantees must also report obligations and expenditures in LOCCS, or its successor system, on a quarterly basis.

2. *Logic Model Reporting.* a. #### VIII. Other Information

A. *Waivers.* Any HOPE VI-funded activities at public housing projects are subject to statutory requirements applicable to public housing projects under the 1937 Act, other statutes, and the annual contributions contract (ACC). Within such restrictions, HUD seeks innovative solutions to the long-standing problems of severely distressed public housing projects. You may request, for the revitalized project, a waiver of HUD regulations, subject to statutory limitations and a finding of good cause under 24 CFR 5.110 if the waiver will permit you to undertake measures that enhance the long-term viability of a project revitalized under this program. HUD will assess each request to determine whether good cause is established to grant the waiver.

B. *Environmental Impact.* A Finding of No Significant Impact with respect to the environment has been made for this notice in accordance with HUD regulations at 24 CFR part 50 that implement Section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332). TDC/Grant Limitations Worksheet**

**COMPLETE THIS WORKSHEET LAST**

To determine the maximum grant amount that may be requested in this HOPE VI revitalization application, enter the requested information. If you are using the Excel form, totals are calculated automatically. If you are manually calculating the maximum grant amount that may be requested on this Attachment 9, follow the calculation instructions provided below on this worksheet.

6(d) TDC limit, unadjusted (entered automatically from "TDC Limit Calculation") \$ -  
(To calculate manually, enter the TDC Limit Total for all New and Rehabilitation Units from 6(c), page 2)

Step 7. Enter HOPE VI request for CSS funding. \$ -  
(from Attachment 7, Sources and Uses Budget)  
(Note: request for HOPE VI Community and Supportive Services (CSS) funding may not exceed 15% of total grant requested, and amounts above 5% of grant must be matched by other sources.)

Step 8. Enter HOPE VI funds requested for demolition and remediation of dwelling units. \$ -  
(Enter the combined total of the dwelling unit remediation and dwelling unit demolition line items from Attachment 7, Sources and Uses Budget)

Step 9. Enter number of PH units to be demolished (after date of application only). [ ]

10(b) Percent of original PH units to be demolished and not replaced back on original site [ ] %  
(Number of units identified in 10(a), divided by number of units identified in Step 9)  
Example: Step 9 = 100 units to be demolished. Step 10 = 40 PH units to be built back on original site. 10(a) = 60 units demolished and not built back on original site. 10(b) = 60/100 = 60%

10(c) Demo/abatement costs attributable to units to be demolished and not replaced on orig. site \$ -  
(Dollar amount identified in Step 8, multiplied by percentage identified in 10(b))

Step 11. Enter HOPE VI request for "extraordinary site costs" (certified by architect or engineer). \$ -

## ATTACHMENT 10: EXTRAORDINARY SITE COSTS CERTIFICATION

I hereby certify that:

1. I am a licensed engineer  architect  (check one).
2. I am not an employee of the applicant public housing authority or unit of local government in which the public housing project identified below is located.
3. Extraordinary site costs may be incurred in the revitalization and demolition of existing property, as well as in the development of new and rehabilitated units. Examples of such costs include, but are not limited to: abatement of extraordinary environmental site hazards; removal or replacement of extensive underground utility systems; extensive rock and/or soil removal and replacement; removal of hazardous underground tanks; work to address unusual site conditions such as slopes, terraces, water catchments, lakes, etc.; and work to address flood plain and other environmental remediation issues. Costs to abate asbestos and lead-based paint should be included in normal demolition costs where such items are found within the structures themselves. An example of extraordinary lead-based paint would be where the lead has leached into the soil and extraordinary measures are needed to remove the lead.
4. I have reviewed the attached description of the extraordinary site costs requested by the applicant Housing Authority identified below, and affirm that these costs qualify as extraordinary site costs (as that term is defined in Paragraph 3 above) and that the costs are justified and reasonable in light of my assessment of the site of the severely distressed project and the work proposed to be completed at that site.

I hereby certify that:

1. I am a licensed engineer  architect  (check one).
2. I am not an employee of the applicant public housing authority or unit of local government in which the public housing project identified below is located.

*Requires major redesign, reconstruction or redevelopment, or partial or total demolition, to correct serious deficiencies in the original (including inappropriately high population density), deferred maintenance, physical deterioration or obsolescence of major systems, and other deficiencies in the physical plant of the project*

check one:

- A.  The development currently meets the above definition of severe physical distress; or
- B.  The development has been legally demolished and HUD has not yet provided replacement housing assistance, other than tenant-based assistance, for the demolished units. However, the development satisfied the definition of severe physical distress (as defined above) as of the day the demolition was approved by HUD.

**Column 4 and Column 5: Benchmarks:** These columns ask you to identify benchmarks that will be used in measuring the progress of your services or activities. **Column 4** asks for specific interim or final products (called outputs) that you establish for your program's services or activities. **Column 5** should identify the results associated with the product or output. These may be numerical measures characterizing the results of a program activity, service or intervention and are used to measure performance. These outputs should lead to targets for achievement of outcomes. Results should be represented by both the actual # and % of the goal achieved.

**Column 4: Benchmarks/Output Goal:** Set quantifiable output goals, including timeframes. These should be products or interim products, which will allow you and HUD to monitor and assess your progress in achieving your program workplan.

**Column 5: Benchmark/ Output Result:** Report actual result of your benchmarks. The actual result could be number of housing units developed or rehabilitated, jobs created, or number of persons assisted. Outputs may be short, intermediate or long-term. *(Do not fill out this section with the application)*

**Column 6 and Column 7: Outcomes:** **Column 6 and Column 7** ask you to report on your expected and actual outcomes – the ultimate impact you hope to achieve. **Column 6** asks you to identify outcomes in terms of the impact on the community, people's lives, changes in economic or social status, etc. **Column 7** asks for the actual result of the outcome measure listed in Column 6, which should be updated as applicable.

**Column 6: Outcomes/ Goals:** Identify the outcomes that resulted in broader impacts for individuals, families/households, and/or the community. For example, the program may seek to improve the environmental conditions in a neighborhood, increase affordable housing, increase the assets of a low-income family, or improve self-sufficiency.

Proxy Outcome(s): Often direct measurement of the intended outcome is difficult or even impossible -- to measure. In these cases, applicants/grantees should use a proxy or surrogate measure that corresponds with the desired outcome. For example, improving quality of life in a neighborhood could be measured by a proxy indicator such as increases in home prices or decreases in crime. Training programs could be measured by the participant's increased wages or reading skills. The person receiving the service must meet eligibility requirements of the program.

**Column 7: Outcomes/Actual Result:** Identify specific achievements of outcomes listed in Column 6. *(Do not fill out this section with the application)*

**Column 8: Measurement Reporting Tools:** (a) List the tools used to track output or outcome information (e.g., survey instrument; attendance log; case report; pre-post test; waiting list; etc); (b) Identify the place where data is maintained, e.g. central database; individual case records; specialized access database, tax assessor database; local precinct; other; (c) Identify the location, e.g. on-site; subcontractor; other; (d) Indicate how often data is required to be collected, who will collect it and how often data is reported to HUD; and (e) Describe methods for retrieving data, e.g. data from case records is retrieved manually, data is maintained in an automated database. This tool will be available for HUD review and monitoring and should be used in submitting reporting information.

**Column 9: Evaluation Process:** Identify the methodology you will periodically use to assess your success in meeting your benchmark output goals and output results, outcomes associated to the achievement of the purposes of the program, as well as the impact that the work has made on the individuals assisted, the community, and the strategic goals of the Department. If you are not meeting the goals and results projected for your performance period, the evaluation process should be used as a tool to ensure that you can adjust schedules, timing, or business practices to ensure that goals are met within your performance period.

### Questionnaire for HUD's Initiative on Removal of Regulatory Barriers

#### Part A. Local Jurisdictions. Counties Exercising Land Use and Building Regulatory Authority and Other Applicants Applying for Projects Located in such Jurisdictions or Counties [Collectively, Jurisdiction]

	<b>1</b>	<b>2</b>
<p>1. Does your jurisdiction's comprehensive plan (or in the case of a tribe or TDHE, a local Indian Housing Plan) include a "housing element? A local comprehensive plan means the adopted official statement of a legislative body of a local government that sets forth (in words, maps, illustrations, and/or tables) goals, policies, and guidelines intended to direct the present and future physical, social, and economic development that occurs within its planning jurisdiction and that includes a unified physical plan for the public development of land and water. If your jurisdiction does not have a local comprehensive plan with a "housing element," please enter no. If no, skip to question # 4.</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>2. If your jurisdiction has a comprehensive plan with a housing element, does the plan provide estimates of current and anticipated housing needs, taking into account the anticipated growth of the region, for existing and future residents, including low, moderate and middle income families, for at least the next five years?</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>3. Does your zoning ordinance and map, development and subdivision regulations or other land use controls conform to the jurisdiction's comprehensive plan regarding housing needs by providing: a) sufficient land use and density categories (multifamily housing, duplexes, small lot homes and other similar elements); and, b) sufficient land zoned or mapped "as of right" in these categories, that can permit the building of affordable housing addressing the needs identified in the plan? (For purposes of this notice, "as-of-right," as applied to zoning, means uses and development standards that are determined in advance and specifically authorized by the zoning ordinance. The ordinance is largely self-enforcing because little or no discretion occurs in its administration.). If the jurisdiction has chosen not to have either zoning, or other development controls that have varying standards based upon districts or zones, the applicant may also enter yes.</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>4. Does your jurisdiction's zoning ordinance set minimum building size requirements that exceed the local housing or health code or is otherwise not based upon explicit health standards?</p>	<input type="checkbox"/> Yes	<input type="checkbox"/> No

<p>5. If your jurisdiction has development impact fees, are the fees specified and calculated under local or state statutory criteria? If no, skip to question #7. Alternatively, if your jurisdiction does not have impact fees, you may enter yes.</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>6. If yes to question #5, does the statute provide criteria that sets standards for the allowable type of capital investments that have a direct relationship between the fee and the development (nexus), and a method for fee calculation?</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>7. If your jurisdiction has impact or other significant fees, does the jurisdiction provide waivers of these fees for affordable housing?</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>8. Has your jurisdiction adopted specific building code language regarding housing rehabilitation that encourages such rehabilitation through graduated regulatory requirements applicable as different levels of work are performed in existing buildings? Such code language increases regulatory requirements (the additional improvements required as a matter of regulatory policy) in proportion to the extent of rehabilitation that an owner/developer chooses to do on a voluntary basis. For further information see HUD publication: "<i>Smart Codes in Your Community: A Guide to Building Rehabilitation Codes</i>" (<a href="http://www.huduser.org/publications/destech/smartcodes.html">www.huduser.org/publications/destech/smartcodes.html</a>)</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>9. Does your jurisdiction use a recent version (i.e. published within the last 5 years or, if no recent version has been published, the last version published) of one of the nationally recognized model building codes (i.e. the International Code Council (ICC), the Building Officials and Code Administrators International (BOCA), the Southern Building Code Congress International (SBCI), the International Conference of Building Officials (ICBO), the National Fire Protection Association (NFPA)) without significant technical amendment or modification. In the case of a tribe or TDHE, has a recent version of one of the model building codes as described above been adopted or, alternatively, has the tribe or TDHE adopted a building code that is substantially equivalent to one or more of the recognized model building codes?</p> <p>Alternatively, if a significant technical amendment has been made to the above model codes, can the jurisdiction supply supporting data that the amendments do not negatively impact affordability.</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes
<p>10. Does your jurisdiction's zoning ordinance or land use regulations permit manufactured (HUD-Code) housing "as of right" in all residential districts and zoning classifications in which similar site-built housing is permitted, subject to design, density, building size, foundation requirements, and other similar requirements applicable to other housing that will be deemed realty, irrespective of the method of production?</p>	<input type="checkbox"/> No	<input type="checkbox"/> Yes

11. Within the past five years, has a jurisdiction official (i.e., chief executive, mayor, county chairman, city manager, administrator, or a tribally recognized official, etc.), the local legislative body, or planning commission, directly, or in partnership with major private or public stakeholders, convened or funded comprehensive studies, commissions, or hearings, or has the jurisdiction established a formal ongoing process, to review the rules, regulations, development standards, and processes of the jurisdiction to assess their impact on the supply of affordable housing?	<input type="checkbox"/> No	<input type="checkbox"/> Yes
12. Within the past five years, has the jurisdiction initiated major regulatory reforms either as a result of the above study or as a result of information identified in the barrier component of the jurisdiction's "HUD Consolidated Plan?" If yes, attach a brief list of these major regulatory reforms.	<input type="checkbox"/> No	<input type="checkbox"/> Yes

14. Does your jurisdiction give "as-of-right" density bonuses sufficient to offset the cost of building below market units as an incentive for any market rate residential development that includes a portion of affordable housing? (As applied to density bonuses, "as of right" means a density bonus granted for a fixed percentage or number of additional market rate dwelling units in exchange for the provision of a fixed number or percentage of affordable dwelling units and without the use of discretion in determining the number of additional market rate units.)	<input type="checkbox"/> No	<input type="checkbox"/> Yes
15. Has your jurisdiction established a single, consolidated permit application process for housing development that includes building, zoning, engineering, environmental, and related permits? Alternatively, does your jurisdiction conduct concurrent, not sequential, reviews for all required permits and approvals?	<input type="checkbox"/> No	<input type="checkbox"/> Yes
16. Does your jurisdiction provide for expedited or "fast track" permitting and approvals for all affordable housing projects in your community?	<input type="checkbox"/> No	<input type="checkbox"/> Yes
17. Has your jurisdiction established time limits for government review and approval or disapproval of development permits in which failure to act, after the application is deemed complete, by the government within the designated time period, results in automatic approval?	<input type="checkbox"/> No	<input type="checkbox"/> Yes
18. Does your jurisdiction allow "accessory apartments" either as: a) a special exception or conditional use in all single-family residential zones or, b) "as of right" in a majority of residential districts otherwise zoned for single-family housing?	<input type="checkbox"/> No	<input type="checkbox"/> Yes
19. Does your jurisdiction have an explicit policy that adjusts or waives existing parking requirements for all affordable housing developments?	<input type="checkbox"/> No	<input type="checkbox"/> Yes
20. Does your jurisdiction require affordable housing projects to undergo public review or special hearings when the project is otherwise in full compliance with the zoning ordinance and other development regulations?	<input type="checkbox"/> Yes	<input type="checkbox"/> No

HUD will make available to the public all applicant disclosure reports for five years in the case of applications for competitive assistance, and for generally three years in the case of other applications. Update reports will be made available along with the disclosure reports, but in no case for a period generally less than three years. All reports, both initial reports and update reports, will be made available in accordance with the Freedom of Information Act (5 U.S.C. §552) and HUD's implementing regulations at 24 CFR Part 15. #### Part I. Threshold Determinations - Applicants Only

Part I contains information to help the applicant determine whether the remainder of the form must be completed. **Recipients filing Update Reports should not complete this Part.**

If the answer to *either* questions 1 or 2 is No, the applicant need not complete Parts II and III of the report, but must sign the certification at the end of the form.

#### Part II. Other Government Assistance and Expected Sources and Uses of Funds.

**A. Other Government Assistance.** This Part is to be completed by both applicants and recipients for assistance and recipients filing update reports. Applicants and recipients must report any other government assistance involved in the project or activity for which assistance is sought. Applicants and recipients must report any other government assistance involved in the project or activity. Other government assistance is defined in note 4 on the last page. For purposes of this definition, other government assistance is expected to be made available if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the assistance will be forthcoming.

Both applicant and recipient disclosures must include all other government assistance involved with the HUD assistance, as well as any other government assistance that was made available before the request, but that has continuing vitality at the time of the request. Examples of this latter category include tax credits that provide for a number of years of tax benefits, and grant assistance that continues to benefit the project at the time of the assistance request.

The following information must be provided:

1. Enter the name and address, city, State, and zip code of the government agency making the assistance available.
2. State the type of other government assistance (e.g., loan, grant, loan insurance).

**B. Non-Government Assistance.** Note that the applicant and recipient disclosure report must specify all expected sources and uses of funds - both from HUD *and any other source* - that have been or are to be, made available for the project or activity. Non-government sources of

funds typically include (but are not limited to) foundations and private contributors.

### Part III. Interested Parties.

Residency of an individual in housing for which assistance is being sought is not, by itself, considered a covered financial interest.

The information required below must be provided.

1. Enter the full names and addresses. If the person is an entity, the listing must include the full name and address of the entity as well as the CEO. Please list all names alphabetically.
2. Entry of the Social Security Number (SSN) or Employee Identification Number (EIN), as appropriate, for each person listed is optional.

#### Certification Regarding Drug-Free Workplace Requirements

##### Instructions for Drug-Free Workplace Requirements Certification:

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

**Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

**Conviction** means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

**Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

**Employee** means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All *direct charge* employees; (ii) All *indirect charge* employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees or subrecipients or subcontractors in covered workplaces).

A. The grantee certifies that it will or will continue to provide a drug-free workplace by:

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) Establishing an ongoing drug-free awareness program to inform employees about:
  - (1) The dangers of drug abuse in the workplace;
  - (2) The grantee's policy of maintaining a drug-free workplace;
  - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
  - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:
  - (1) Abide by the terms of the statement; and
  - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted:

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
