

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has been filed by Nasdaq as a "non-controversial" rule change pursuant to Section 19(b)(3)(A) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹ Consequently, because the foregoing rule change does not:

(i) significantly affect the protection of investors or the public interest;

(ii) impose any significant burden on competition; and

(iii) become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.¹⁰

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. Nasdaq has requested that the Commission waive the 30-day pre-operative period, which would make the proposed rule operative immediately.

The Commission believes that it is consistent with the protection of investors and the public interest to waive the 30-day pre-operative period in this case.¹¹ Allowing the rule change to become operative immediately should permit Nasdaq to provide Brut users the benefits of enhanced routing functionality as soon as possible.¹² Consequently, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ Rule 19b-4(f)(6) under the Act also requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The NASD complied with this requirement.

¹¹ For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

¹² The Commission notes that Nasdaq intends the proposed rule to enhance the speed and efficiency of order execution by increasing the opportunity for orders to be executed through automated electronic trading venues and notes that use of the Brut system and the Directed Cross Order is voluntary.

¹³ 15 U.S.C. 78s(b)(3)(A).

¹⁴ 17 CFR 240.19b-4(f)(6).

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Auto Ex Order

Except as provided below, [A] an auto ex order is a limit order of 1099 shares or less priced at or above the Exchange’s published offer (in the case of an order to buy) or at or below the Exchange’s published bid (in the case of an order to sell), which a member or member organization has entered for automatic execution in accordance with, and to the extent provided by, Exchange Rules 1000–1005.

Rule 1300. streetTRACKS® Gold Shares

(a) The provisions of this Rule 1300 series apply only to streetTRACKS® Gold Shares, which represent units of fractional undivided beneficial interest in and ownership of the streetTRACKS® Gold Trust. While streetTRACKS® Gold Shares are not technically Investment Company Units and thus are not covered by Rule 1100, all other rules that reference “Investment Company Units,” as defined and used in [Para.] paragraph 703.16 of the Listed Company Manual, including, but not limited to Rules 13, 36.30, 98, 104, 460.10, and 1002[, and 1005] shall also apply to streetTRACKS® Gold Shares. When these rules reference Investment Company Units, the word “index” (or derivative or similar words) will be deemed to be “gold spot price” and the word “security” (or derivative or similar words) will be deemed to be “streetTRACKS® Gold Trust”.

(b) As is the case with Investment Company Units, paragraph (m) of the Guidelines to Rule 105 shall also apply to streetTRACKS® Gold Shares. Specifically, Rule 105(m) shall be deemed to prohibit an equity specialist, his member organization, other member, allied member or approved person in such member organization or officer or employee thereof from acting as a market maker or functioning in any capacity involving market-making responsibilities in physical gold, gold futures or options on gold futures, or any other gold derivatives. However, an approved person of an equity specialist entitled to an exemption from Rule 105(m) under Rule 98 may act in a market making capacity, other than as a specialist in the streetTRACKS® Gold Shares on another market center, in physical gold, gold futures or options on gold futures, or any other gold derivatives.

(c) Except to the extent that specific provisions in this Rule govern, or unless the context otherwise requires, the provisions of the Constitution, all other Exchange Rules and policies shall be applicable to the trading of streetTRACKS® Gold Shares on the Exchange. Pursuant to Exchange Rule 3 (“Security”), streetTRACKS® Gold Shares are included within the definition of “security” or “securities”

as those terms are used in the Constitution and Rules of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Executions of ETF Orders in Direct+ Under Existing Rules

With respect to ETFs, Direct+ currently provides for the automatic execution of straight limit orders (*i.e.* orders without tick restrictions) of 10,000 shares or less⁵ against trading interest reflected in the Exchange’s published quotation. ETF orders capable of execution via Direct+ are defined in NYSE Rule 13 as “auto ex” orders. It is not mandatory that all eligible ETF limit orders be entered as auto ex orders; rather, the member organization entering the ETF order (or its customer if enabled by the member organization) can choose to enter an ETF auto ex order when such member organization (or customer) believes that the speed and certainty of an execution at the Exchange’s published bid or offer price is in the customer’s best interest. Where the customer’s interests are best served by being afforded the opportunity for price improvement, the member organization (or customer) may enter a limit or market order in an ETF by means of the SuperDot(®) (“DOT”) system for representation in the auction market.

ETF Direct+ orders are entered through DOT with the indicator NX

⁵ See Information Memorandum 03–28 (June 20, 2003) (Amendments to Direct+). The Commission approved increasing the size of Direct+ orders in Investment Company Units and Trust Issued Receipts to a maximum level of 10,000 shares. See Securities Exchange Act Release Nos. 47024 (December 18, 2002), 67 FR 79217 (December 27, 2002) (SR–NYSE–2002–37) and 50828 (December 9, 2004), 69 FR 75579 (December 17, 2004) (SR–NYSE–2004–66) (extending Direct+ through December 23, 2005).

added to identify the order as an auto ex order. The ETF auto ex order receives an automatic execution when its limit price is equal to or better than the published bid or offer, without being exposed to the price improvement mechanism of the auction market, provided the bid or offer is still available.⁶ The transaction report is returned through DOT to the member organization (or customer) that entered it.

Current Direct+ rules restrict the frequency of entry of all auto ex orders including those in ETFs. An ETF auto ex order for any account in which the same person is directly or indirectly interested may only be entered at intervals of no less than 30 seconds between entry of each such ETF order, unless the orders are entered by means of separate order entry terminals, and the member or member organization responsible for entry of the orders to the Floor has procedures in place to monitor compliance with the separate terminal requirement.⁷

Proposed Rule Change

In the hybrid market filings,⁸ the Exchange is proposing, among other things, to remove size and frequency restrictions on auto ex orders. However, in order to increase the ability of customers to automatically execute orders in ETFs, the Exchange is proposing to:

(i) Amend NYSE Rule 13 to eliminate the 10,000 share restriction for auto ex orders in ETFs; and

(ii) Eliminate the 30-second frequency restriction in NYSE Rule 1005 for orders in ETFs.

These proposals would be implemented prior to the implementation of the hybrid market.

The Exchange believes that this proposed change should be implemented for ETFs because of their unique nature (*i.e.*, they are derivatively priced in relation to the values of the underlying component securities, and the high degree of liquidity in ETFs), and to enable the Exchange to remain competitive with other market centers, where there are no size and frequency restrictions on orders in ETFs.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with

Section 6(b) of the Act⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1),¹¹ in that it seeks to assure economically efficient execution of securities transactions, make it practicable for brokers to execute investors' orders in the best market and provide an opportunity for investors' orders to be executed without the participation of a dealer.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and subparagraph (f)(6) of Rule 19b-4 thereunder.¹³

As required under Rule 19b-4(f)(6)(iii),¹⁴ the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of the filing of the proposed rule change. The

Exchange has requested that the Commission waive the 30-day operative delay to immediately expand the availability of Direct+ for orders in ETFs by eliminating order size and frequency restrictions. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest, because this filing should enhance the execution of transactions in ETFs. For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52154; File No. SR-NYSE-2005-51]

Self-Regulatory Organizations; New York Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Eliminate the "All or None" and "Fill or Kill" Order Types in the Exchange's Equity Market

July 28, 2005

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 20, 2005, the New York Stock Exchange, Inc. ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by NYSE. The Exchange filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rules 13, 79A.15, 123B, and 806 in order to eliminate the All or None ("AON") and Fill or Kill ("FOK") order types in the Exchange's equity market. The text of the proposed rule change is available on NYSE's Web site (<http://www.nyse.com>), at NYSE's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Exchange Rule 13 defines AON orders and FOK orders. An AON order is defined as:

A market or limited price order which is to be executed in its entirety or not at all, but, unlike a fill or kill order, is not to be treated as cancelled if not executed as soon as it is represented in the Trading Crowd. The making of "all or none" bids or offers in stocks is prohibited and the making of "all or none" bids or offers in bonds is subject to the restrictions of Rule 61 and Rule 86.

An AON order cannot be represented in the Exchange's published best bid/offer due to the conditional nature of its execution.

An FOK order is defined as:

A market or limited price order which is to be executed in its entirety as soon as it is represented in the Trading Crowd, and such order, if not so executed, is to be treated as cancelled. For purposes of this definition, a "stop" is considered an execution.

The Exchange proposes to eliminate the above two order types in its equity market because, according to the Exchange, such order types are infrequently used and represent a very small percentage of order flow, less than

one-tenth of 1% (approximately .06% for AON orders and .00028% for FOK orders). The average number of AON orders is approximately 12,000 per day and the average number of FOK orders is approximately 55 orders per day, out of approximately 20 million orders received by the Exchange per day. Approximately 65% of all AON orders are cancelled. In addition, the Exchange stated that, in informal discussions it had with both buy-side and sell-side customers, such customers did not object to the proposed elimination of these order types. Furthermore, the Exchange believes that the wider availability of immediate or cancel orders, as proposed in the Exchange Hybrid Market filings,⁵ would provide a useful substitute for customers seeking similar types of executions. In addition, both order types would continue to exist for purposes of the Automated Bond System[®], as discussed in Exchange Rule 86. Exchange Rule 13 also would be amended to clarify this.

In addition to Exchange Rule 13, the proposed rule change would eliminate references to AON orders and FOK orders in Exchange Rules 79A.15(6) (Miscellaneous Requirements on Stock and Bond Market Procedures), 123B (Exchange Automated Order Routing Systems), and 806 (Taking or Supplying Baskets Named in Order).

2. Statutory Basis

The Exchange believes that the basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)⁶ that an exchange have rules that are designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

⁵ See Securities Exchange Act Release Nos. 50173 (August 10, 2004), 69 FR 50407 (August 16, 2004) (Amendment No. 1 to SR-NYSE-2004-05); 50667 (November 15, 2004), 69 FR 67980 (November 22, 2004) (Amendment Nos. 2 and 3 to SR-NYSE-2004-05); and 51906 (June 22, 2005), 70 FR 37463 (June 29, 2005) (Amendment No. 5 to SR-NYSE-2004-05).
