

consider under section 246 of the Trade Act are:

1. Whether a significant number of workers in the workers' firm are 50 years of age or older.
2. Whether the workers in the workers' firm possess skills that are not easily transferable.
3. The competitive conditions within the workers' industry (i.e., conditions within the industry are adverse).

The Department has determined that criterion 2 has not been met. The investigation revealed that the workers in the workers' firm possess skills that are easily transferable.

Conclusion

After careful review of the facts obtained in the investigation, I determine that increases of imports of articles like or directly competitive with those produced by the subject firm contributed importantly to the total or partial separation of workers and to the decline in sales or production at that firm. In accordance with the provisions of the Act, I make the following certification:

"All workers of Campbell Hausfeld/Scott Fetzer Company, including leased on-site production workers from Superior Staffing, Leitchfield, Kentucky, who became totally or partially separated from employment on or after February 2, 2005, through two years from the date of certification, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974."

I further determine that all workers of Campbell Hausfeld/Scott Fetzer Company, including leased on-site production workers from Superior Staffing, Leitchfield, Kentucky, are denied eligibility to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974, as amended.

Signed in Washington, DC, this 13th day of March, 2006.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

Fraser NH LLC, Berlin, NH and Fraser NH LLC, Gorham, NH; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification Regarding Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on March 29, 2006, applicable to workers of Fraser Paper LLC, Berlin, New Hampshire. The notice will be published soon in the **Federal Register**.

Workers at the Berlin, New Hampshire location produce paper pulp that is used by the workers at the Gorham, New Hampshire location to produce fine paper and towel paper.

New information provided by the company shows that workers are sent back and forth between the Berlin, New Hampshire facility and the Gorham, New Hampshire facility; therefore, workers are not separately identifiable by product line or by location. The two facilities essentially worked as one unit via a two mile pipeline connecting the

facilities. Worker separations have occurred at both the Berlin, New Hampshire and Gorham, New Hampshire facilities of Fraser NH LLC.

Accordingly, the Department is amending the certification to also cover workers of the Gorham, New Hampshire location of Fraser NH LLC and to correct the name of the subject firm from Fraser Paper, L.L.C. to read Fraser NH LLC.

The intent of the Department's certification is to include all workers of Fraser NH LLC who were adversely affected by increased company imports.

The amended notice applicable to TA-W-59,031 is hereby issued as follows:

All workers of Fraser NH LLC, Berlin, New Hampshire and Fraser NH LLC, Gorham, New Hampshire, who became totally or partially separated from employment on or after March 14, 2005, through March 29, 2008, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974 and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed at Washington, DC, this 14th day of April 2006.

Elliott S. Kushner,
Certifying Officer, Division of Trade Adjustment Assistance.

In order to make an affirmative determination and issue a certification of eligibility to apply for Trade Adjustment Assistance, the group eligibility requirements in either paragraph (a)(2)(A) or (a)(2)(B) of section 222 of the Trade Act must be met. It is determined in this case that the requirements of (a)(2)(A) of section 222 have been met.

The investigation was initiated on February 21, 2006 in response to a petition filed by a company official on behalf of workers of Hayes Lemmerz International, Huntington, Indiana. The workers produce cast aluminum wheels for the automotive industry.

The investigation revealed that employment, sales, and production at the subject firm declined from 2004 through 2005.
