

August 10, 1999), because it merely proposes to approve a state rule implementing a Federal requirement, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This proposed rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this proposed rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct. EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the executive order.

This proposed rule, pertaining to amendments to existing regulation provisions concerning Virginia's nonattainment, maintenance, and PSD areas, does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Nitrogen dioxide, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: June 1, 2006.

Donald S. Welsh,

Regional Administrator, Region III.

BILLING CODE 6560-50-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-D-7660]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Department of Homeland Security, Mitigation Division.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr. CFM, Acting Section Chief, Engineering Management Section, Mitigation Division, 500 C Street, SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: FEMA proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Mitigation Division Director certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to establish and maintain community eligibility in the NFIP. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, flood insurance, reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

| Source of flooding | Location of referenced elevation | #Depth in feet above ground. *Elevation in feet (NGVD) •Elevation in feet (NAVD) | | Communities affected |

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance.")
 Dated: June 5, 2006.

David I. Maurstad,
 Director, Mitigation Division, Federal
 Emergency Management Agency, Department
 of Homeland Security.
 [FR Doc. 06-5309 Filed 6-9-06; 8:45 am]
BILLING CODE 9110-12-P

**DEPARTMENT OF HOMELAND
 SECURITY**

**Federal Emergency Management
 Agency**

44 CFR Part 67

[Docket No. FEMA-D-7662]

**Proposed Flood Elevation
 Determinations**

AGENCY: Federal Emergency
 Management Agency (FEMA),
 Department of Homeland Security,
 Mitigation Division.

ACTION: Proposed rule.

SUMMARY: Technical information or
 comments are requested on the
 proposed Base (1% annual chance)
 Flood Elevations (BFEs) and proposed
 BFE modifications for the communities
 listed below. The BFEs are the basis for
 the floodplain management measures
 that the community is required either to
 adopt or to show evidence of being
 already in effect in order to qualify or
 remain qualified for participation in the
 National Flood Insurance Program
 (NFIP).

DATES: The comment period is ninety
 (90) days following the second
 publication of this proposed rule in a
 newspaper of local circulation in each
 community.

ADDRESSES: The proposed BFEs for each
 community are available for inspection
 at the office of the Chief Executive
 Officer of each community. The
 respective addresses are listed in the
 table below.

FOR FURTHER INFORMATION CONTACT:
 William R. Blanton, Jr. CFM, Acting
 Section Chief, Engineering Management
 Section, Mitigation Division, 500 C
 Street, SW., Washington, DC 20472,
 (202) 646-3151.

SUPPLEMENTARY INFORMATION: FEMA
 proposes to make determinations of
 BFEs and modified BFEs for each
 community listed below, in accordance
 with Section 110 of the Flood Disaster
 Protection Act of 1973, 42 U.S.C. 4104,
 and 44 CFR 67.4(a).

These proposed BFEs and modified
 BFEs, together with the floodplain
 management criteria required by 44 CFR
 60.3, are the minimum that are required.
 They should not be construed to mean
 that the community must change any
 existing ordinances that are more
 stringent in their floodplain
 management requirements. The
 community may at any time enact
 stricter requirements of its own, or
 pursuant to policies established by other
 Federal, State or regional entities. These
 proposed elevations are used to meet
 the floodplain management
 requirements of the NFIP and are also
 used to calculate the appropriate flood
 insurance premium rates for new
 buildings built after these elevations are
 made final, and for the contents in these
 buildings.

National Environmental Policy Act.
 This proposed rule is categorically
 excluded from the requirements of 44
 CFR part 10, Environmental
 Consideration. No environmental
 impact assessment has been prepared.

Regulatory Flexibility Act. The
 Mitigation Division Director certifies
 that this proposed rule is exempt from
 the requirements of the Regulatory
 Flexibility Act because proposed or
 modified BFEs are required by the Flood
 Disaster Protection Act of 1973, 42
 U.S.C. 4104, and are required to
 establish and maintain community
 eligibility in the NFIP. As a result, a
 regulatory flexibility analysis has not
 been prepared.

Regulatory Classification. This
 proposed rule is not a significant
 regulatory action under the criteria of
 Section 3(f) of Executive Order 12866 of
 September 30, 1993, Regulatory
 Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism.
 This rule involves no policies that have
 federalism implications under Executive
 Order 13132.

*Executive Order 12988, Civil Justice
 Reform.* This rule meets the applicable
 standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and
 procedure, flood insurance, reporting
 and recordkeeping requirements.

Accordingly, 44 CFR part 67 is
 proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67
 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*;
 Reorganization Plan No. 3 of 1978, 3 CFR,
 1978 Comp., p. 329; E.O. 12127, 44 FR 19367,
 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the
 authority of § 67.4 are proposed to be
 amended as follows:

| State | City/town/county | Source of flooding | Location | #Depth in feet above ground. *Elevation in feet (NGVD) •Elevation in feet (NAVD) | |
|--|--|---|---|--|------------|
| | | | | Existing | Modified |
| Massachusetts | Plymouth (Town), .. Plymouth County ... | Plymouth Harbor/Plymouth Bay | At Clarks Island Approximately 500 feet north of the inter- section of State Route 3A and Clifford Road. | •12 •18 | •10 •29 |
| Maps available for inspection at the Plymouth Town Hall, 11 Lincoln Street, Plymouth, Massachusetts. Send comments to Mr. Mark Sylvia, Plymouth Town Manager, 11 Lincoln Street, Plymouth, Massachusetts 02360. | | | | | |
| North Carolina | Atkinson (Town), Pender County. | Mill Branch (of Moores Creek). | Approximately 0.7 mile downstream of NC Highway 53. At Church Street (NC Highway 53) | None None | •43 •64 |
