

collection has a total of \$4,184,250 in filing fees per year.

There are capital start-up costs associated with submitting sequence listings and CRF copies to the USPTO on CD. Applicants who submit sequence listings on CD must submit two copies of the CD (or three copies for international applications) along with a transmittal letter stating that the copies are identical. This process requires additional supplies, including blank recordable CD media and padded envelopes for shipping. The USPTO estimates that the cost of these supplies will be approximately \$3 per CD submission and that it will receive approximately 1,600 CD submissions per year, for a total of \$4,800. In addition, customers who submit sequence listings on paper or CD must also submit a separate CRF copy of the listing, which may be submitted on CD. The USPTO estimates that it will receive approximately 13,112 CRF copies for paper and CD sequence listings at an estimated cost of \$2 per copy, for a total of \$26,224. Therefore, this collection has total capital start-up costs of \$31,024 per year associated with submitting sequence listings and CRF copies on CD.

Applicants who submit sequence listings on CD may also incur recordkeeping costs. The USPTO advises applicants to retain a back-up copy of CD submissions and associated documentation for their records. The USPTO estimates that it will take applicants five minutes to produce a back-up CD copy and two minutes to print copies of documentation, for a total of seven minutes (0.12 hours) to make a back-up copy of the CD submission. The USPTO estimates that approximately 1,600 CD submissions will be received per year, for a total of 192 hours for making back-up CD copies. The USPTO expects that these back-up copies will be prepared by paraprofessionals at an estimated rate of \$90 per hour, for a total recordkeeping cost of \$17,280 per year.

Customers may incur postage costs when submitting a sequence listing to the USPTO by mail. Mailed submissions may include the sequence listing on either paper or CD, the CRF copy of the listing on CD, and a transmittal letter containing the required identifying information. The USPTO estimates that the average postage cost for a paper or CD sequence listing submission will be \$4.05 and that 13,112 sequence listings will be mailed to the USPTO per year, for a total postage cost of \$53,104 per year.

The total non-hour respondent cost burden for this collection in the form of

filing fees, capital start-up costs, recordkeeping costs, and postage costs is estimated to be \$4,285,658 per year.
