Schools and libraries receiving Internet access and internal connection services supported by the schools and libraries universal service support mechanism must certify that they are enforcing a policy of Internet safety and enforcing the operation of a technology prevention measure in compliance with the Children's Internet Protection Act (CIPA). Administrative Authorities for Billed Entities and their consortia generally must submit signed certifications on FCC Form 479 to the Billed Entity, or to their consortium, certifying as to the status of the Billed Entity in its compliance with CIPA. Billed Entities must use the FCC Form 486 to authorize payment of invoices from service providers, indicate approval of technology plans, and indicate compliance with CIPA. Billed Entities use the FCC Form 500 to make adjustments to previously filed forms. The FCC forms in this collection have been revised to reflect the most current information available, added updated language to the forms and instructions, and reflect the most current burden information. In addition, the FCC Form 486 has added a certification that the technology plan was approved before the receipt of services (Schools and Libraries Fifth Report and Order in FCC 04-190).

OMB Control No.: 3060-0856.

Title: Universal Service—Schools and Libraries Universal Service Program Reimbursement Forms.

Form Nos.: FCC Forms 472, 473 and 474.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit and not-for-profit institutions.

Number of Respondents: 21,200.

Estimated Time per Response: 1—1.5 hours.

Frequency of Response: On occasion and annual reporting requirements and third party disclosure requirement.

Total Annual Burden: 133,650 hours.

Privacy Act Impact Assessment: N/A.

Needs and Uses: This collection will be submitted as a revision after this 60 day comment period to Office of Management and Budget (OMB) in order to obtain the full three year clearance.

The Commission adopted rules in May 1997 providing discounts on telecommunications services, Internet access, and internal connections for eligible schools and libraries under the Schools and Libraries Universal Service program. FCC Forms 472, 473, and 474 are utilized to administer these requirements and obligations. The purpose of FCC Form 472 is to establish the process and procedure for an eligible entity to seek reimbursement from the service provider for the discounts on services paid in full. The purpose of FCC Form 473 is to establish that the participating service provider is eligible to participate in the program. The purpose of FCC Form 474 is to establish the process and procedure for a service provider to seek payment for the discounted costs of services it provided to Billed Entities for eligible services. The forms and instructions in this collection will be modified to utilize a format previously approved by OMB in 1998 and 2001, but have been revised to reflect the most current burden information available with updated language to the forms and instructions. The FCC Form 472 also contains a revision reflecting the timing of reimbursements. Service providers must forward reimbursement payments to a school or library within 20 business days, rather than 10 calendar days, of receipt of such funds from the Universal Service Administrative Company (USAC), (Schools and Libraries Second Report and Order in FCC 03-101). And, in addition, the FCC Form 473 has added a certification that the service provider has complied with the universal service competitive bidding rules (Schools and Libraries Fifth Report and Order in FCC 04-190). These revised forms and instructions will assist in the implementation of the Schools and Libraries Universal Service Program. As a result, the Commission is now seeking OMB approval for the changes to the forms and instructions.

OMB Control No.: 3060-0952.

Title: Proposed Demographic Information and Notifications, Second FNPRM, CC Docket No. 98-147 and Fifth Nprm, CC Docket No. 96-98.

Number of Respondents: 1,400.

Estimated Time per Response: 4 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Total Annual Burden: 5,600 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: N/A.

Needs and Uses: This collection will be submitted as an extension (no change in reporting or third party disclosure requirements) after this 60 day comment period to Office of Management and Budget (OMB) in order to obtain the full three year clearance.

The reporting requirements contained in this collection implement Section 706 of the Communications Act of 1934, as amended, to promote deployment of advanced services without significantly degrading the performance of other services. In CC Docket No. 98-147, the Commission sought comment on whether requesting carriers should receive demographic and other information from incumbent local exchange carriers (ILECs) to determine whether they wish to collocate at particular remote terminals. In CC Docket No. 96-98, comment was sought on whether ILECs should provide certain notifications to competing carriers.
