SUPPLEMENTARY INFORMATION:

A. Background

This proposed rule revises DFARS 204.804 to remove text addressing DoD procedures for closeout of contract files. The text will be relocated to the DFARS companion resource, Procedures, Guidance, and Information (PGI). The proposed rule also amends DFARS 244.304 to clarify an existing reference to corresponding PGI text.

Additional information on PGI is available at <http://www.acq.osd.mil/dpap/dars/pgi/index.htm>.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule pertains to administrative procedures for contract closeout functions performed by the Government. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2006–D045.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
