DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS 2006-0077]

Privacy Act; Redress and Response System of Records

AGENCY: Privacy Office, Office of the Secretary, Department of Homeland Security

ACTION: Notice of Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security (DHS) is giving notice that it proposes to add a new system of records to its inventory of record systems, the DHS Redress and Response Records System. This system maintains records for the DHS Traveler Redress Inquiry Program (TRIP), which is the traveler redress mechanism being established by DHS in connection with the Rice-Chertoff Initiative, as well as in accordance with other policy and law. As the manifestation of the one-stop redress for travelers objective stated in the Rice-Chertoff Initiative, DHS TRIP will facilitate the public's ability to provide appropriate information to DHS for redress requests when they believe they have been denied entry, refused boarding for transportation, or identified for additional screening by DHS components or programs at their operational locations, including airports, seaports, train stations and land borders that may have resulted in
