

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add temporary § 165.T11–198 to read as follows:

§ 165.T11–198 Safety Zone; Fireworks Extravaganza, City of Antioch, San Francisco Bay, CA.

(a) *Location.* A temporary, moving safety zone is established for the waters of the San Joaquin River surrounding a barge used as the launch platform for a fireworks display. During the loading of the fireworks barge, during the transit of the fireworks barge to the display location, and until fifteen minutes prior to the start of the fireworks display, the restricted area encompasses the navigable waters around and under the fireworks barge within a radius of 100 feet. During the fifteen minutes preceding the fireworks display and during the twenty minute fireworks display itself, the safety zone increases in size to encompass the navigable waters around and under the fireworks launch barge within a radius of 1,000 feet. Loading of the pyrotechnics onto the fireworks barge is scheduled to commence at 8 a.m. on July 4, 2007, and will take place at Fulton Shipyard in Antioch. Towing of the barge from Fulton Shipyard to the display location is scheduled to take place between 7 p.m. and 9 p.m. on July 4, 2007. During the fireworks display, scheduled to start at approximately 9 p.m. on July 4, 2007, the barge will be located approximately 600 feet off from Antioch's shoreline in the San Joaquin River in approximate position 38°01'21" N, 121°49'06" W and travel east in a straight line to 38°01'11" N, 121°48'15" W.

(b) *Effective period.* This section is effective from 8 a.m. through 9:30 p.m. on July 4, 2007. If the event concludes prior to the scheduled termination time, the Coast Guard will cease enforcement of the safety zone and will announce that fact via Broadcast Notice to Mariners.

(c) *Regulations.* In accordance with the general regulations in § 165.23 of this part, entry into, transit through, or anchoring within this safety zone by all vessels and persons is prohibited, unless specifically authorized by the Captain of the Port San Francisco, or his designated representative.

(d) *Enforcement.* All persons and vessels shall comply with the

instructions of the Coast Guard Captain of the Port, or the designated on-scene patrol personnel. Patrol personnel can be comprised of commissioned, warrant, and petty officers of the Coast Guard onboard Coast Guard, Coast Guard Auxiliary, local, State, and Federal law enforcement vessels. Upon being hailed by U.S. Coast Guard patrol personnel by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed. The U.S. Coast Guard may be assisted in the patrol and enforcement of this safety zone by local law enforcement as necessary.

Dated: June 4, 2007.

W.J. Uberti,

Captain, U.S. Coast Guard, Captain of the Port, San Francisco.

BILLING CODE 4910–15–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD01–07–067]

RIN 1625–AA00

Safety Zone: Summer Solstice/U.S. Chamber of Commerce Fireworks, Mystic Seaport, CT

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the Summer Solstice/U.S. Chamber of Commerce Fireworks from a barge off of Mystic Seaport, Mystic River, Mystic, CT. The safety zone is necessary to protect the life and property of the maritime community from the hazards posed by the fireworks display. Entry into or movement within this safety zone during the enforcement period is prohibited without approval of the Captain of the Port, Long Island Sound.

DATES: This rule is effective from 9 p.m. to 10 p.m. on June 25, 2007.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD01–07–067 and will be available for inspection or copying at Sector Long Island Sound, New Haven, CT, between 9 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Lieutenant D. Miller, Chief, Waterways Management Division, Coast Guard Sector Long Island Sound at (203) 468–4596.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. The Coast Guard did not receive an Application for Approval of Marine Event for this event until April 27, 2007, thereby making an NPRM impracticable. A delay or cancellation of the fireworks display in order to accommodate a full notice and comment period would be contrary to the public interest.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay encountered in this regulation's effective date would be impracticable and contrary to public interest since immediate action is needed to prevent traffic from transiting a portion of Mystic River off Mystic Seaport, Mystic, CT and to protect the maritime public from the hazards associated with this fireworks event.

The safety zone should have minimal negative impact on the public and navigation, because it will be enforced for a one-hour period only. Also, the area closed by the safety zone is minimal thus allowing vessels to continue to transit the Mystic River by going around the safety zone.

Background and Purpose

The Summer Solstice/U.S. Chamber of Commerce Fireworks display will be taking place from a barge in Mystic River, off Mystic Seaport, Mystic, CT from 9 p.m. to 10 p.m. on June 25, 2007. This safety zone is necessary to protect the life and property of the maritime public from the hazards posed by the fireworks display. It will protect the maritime public by prohibiting entry into or movement within this portion of Mystic River for a total of one hour from beginning to completion of the event.

Discussion of Rule

This regulation establishes a temporary safety zone on the navigable waters of Mystic River off Mystic Seaport, Mystic, CT within a 400-foot radius of the fireworks barge located at approximate position 41°22.068' N, 071°57.925' W. The temporary safety zone will be outlined by temporary marker buoys installed by the event organizers.

This action is intended to prohibit vessel traffic in a portion of Mystic River off Mystic Seaport, Mystic, CT to provide for the protection of life and property of the maritime public. The

safety zone will be enforced from 9 p.m. until 10 p.m. on June 25, 2007. Marine traffic may transit safely outside of the safety zone during the event thereby allowing navigation of the rest of Mystic River except for the portion delineated by this rule.

The Captain of the Port anticipates minimal negative impact on vessel traffic from this event due to the limited area and duration covered by this safety zone. Public notifications will be made prior to the effective period via local notice to mariners and marine information broadcasts.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

This regulation may have some impact on the public, but the potential impact will be minimized for the following reasons: Vessels will only be excluded from the area of the safety zone for one hour and vessels will be able to operate in other areas of Mystic River off Mystic Seaport, Mystic, CT during the enforcement period.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule will have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities, some of which may be small entities: The owners or operators of recreational vessels intending to transit or anchor in those portions of Mystic River covered by the closure. For the reasons outlined in the Regulatory Evaluation section above, this rule will not have a significant impact on a substantial number of small entities.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it

qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under subsection 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 [Pub. L. 104–121], the Coast Guard wants to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking process. If this rule will affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call Lieutenant D. Miller, Chief, Waterways Management Division, Sector Long Island Sound, at (203) 468–4596.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such

expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these

standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D and Department of Homeland Security Management Directive 5100.1, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of the categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation. This rule falls under the provisions of paragraph (34)(g) because the rule establishes a safety zone.

A final “Environmental Analysis Check List” and a final “Categorical Exclusion Determination” will be available in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226 and 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add temporary § 165.T01–067 to read as follows:

§ 165.T01–067 Safety Zone: Summer Solstice/US Chamber of Commerce Fireworks, off Mystic Seaport, Mystic, CT.

(a) *Location.* The following area is a safety zone: All navigable waters of Mystic River in a 400-foot radius of a fireworks barge located at approximate

position 41°22.068' N, 071°57.925' W. All coordinates are North American Datum 1983.

(b) *Definition.* The following definition applies to this section: *Designated on-scene patrol personnel* means any commissioned, warrant, and petty officer of the U.S. Coast Guard operating a Coast Guard vessel who has been authorized to act on the behalf of the Captain of the Port, Long Island Sound.

(c) *Regulations.* (1) The general regulations contained in 33 CFR 165.23 apply.

(2) In accordance with the general regulations in § 165.23 of this part, entry into or movement within this zone is prohibited unless authorized by the Captain of the Port, Long Island Sound.

(3) All persons and vessels shall comply with the Coast Guard Captain of the Port or designated on-scene patrol personnel.

(4) Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel shall proceed as directed.

(5) Persons and vessels may request permission to enter the zone on VHF–16 or via telephone at (203) 468–4401.

(d) *Enforcement period.* This section will be enforced from 9 p.m. to 10 p.m. on Monday June 25, 2007.

Dated: June 5, 2007.

J.J. Plunkett,

Commander, U. S. Coast Guard, Captain of the Port, Long Island Sound, Acting.

[FR Doc. E7–11861 Filed 6–19–07; 8:45 am]

BILLING CODE 4910–15–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD01–07–065]

RIN 1625–AA00

Safety Zone: City of Long Beach Fireworks, Atlantic Ocean, Long Beach, NY

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the City of Long Beach Fireworks on the Atlantic Ocean off of Riverside Boulevard, Long Beach, NY. The safety zone is necessary to protect the life and property of the maritime community from the hazards posed by the fireworks display. Entry into or movement within this safety zone during the enforcement

period is prohibited without approval of the Captain of the Port, Long Island Sound.

DATES: This rule is effective from 8:30 p.m. on July 6, 2007 to 10:30 p.m. on July 7, 2007.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD01–07–065 and will be available for inspection or copying at Sector Long Island Sound, New Haven, CT, between 9 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant D. Miller, Chief, Waterways Management Division, Coast Guard Sector Long Island Sound at (203) 468–4596.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. The Coast Guard did not receive an Application for Approval of Marine Event for this event in sufficient time to conduct a notice and comment period, thereby making an NPRM impracticable. A delay or cancellation of the fireworks display in order to accommodate a full notice and comment period would be contrary to the public interest.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay encountered in this regulation's effective date would be impracticable and contrary to public interest since immediate action is needed to prevent vessel traffic from transiting a navigable portion of the Atlantic Ocean, near Long Beach, NY and to protect the maritime public from the hazards associated with this fireworks event.

The temporary zone should have minimal negative impact on the public and navigation because it will be enforced for a two hour period on a single day and the area closed by the safety zone is minimal, thus allowing vessels to transit around the safety zone on the Atlantic Ocean, near Long Beach, NY.

Background and Purpose

The City of Long Beach Fireworks display will be taking place in the Atlantic Ocean off Riverside Blvd., Long Beach, NY from 8:30 p.m. to 10:30 p.m. on July 6, 2007. If the fireworks display is cancelled due to inclement weather on July 6, 2007, it will take place from
