

B. Self-Regulatory Organization's Statement on Burden on Competition

BSE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the forgoing rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹² However, Rule 19b-4(f)(6)(iii)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would permit position and exercise limits for options on IWM to continue at 500,000 option contracts for an approximately six-month pilot period. For this reason, the Commission designates the proposed rule change to be effective and operative upon filing with the Commission.¹⁴

At any time within 60 days of the filing of such proposed rule change the

¹¹ 17 CFR 240.19b-4(f)(6).

¹² 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has decided to waive the five-day pre-filing notice requirement.

Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55174; File No. SR-CBOE-2007-07]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Duration of the SizeQuote Mechanism Pilot

January 25, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 17, 2007, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared substantially by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission.⁵ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot in CBOE Rule 6.74(f) pertaining to the SizeQuote Mechanism, which is a process by which a Floor Broker may execute and facilitate large-sized orders in open outcry. The Exchange is proposing to extend the pilot program, which would otherwise expire on February 15, 2007, through February 15, 2008. No other changes are being made to the pilot program through this rule

filings.⁶ The text of the proposed rule change is available at <http://www.cboe.org/Legal>, at the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

CBOE Rule 6.74(f), which relates to the open outcry "SizeQuote" Mechanism, was approved on a pilot basis in February 2005 and was expanded to include solicited orders in January 2006.⁷ The pilot program has been extended once and is currently set to expire on February 15, 2007.⁸ The pilot program provides a process by which a Floor Broker, using his/her exercise of due diligence to execute orders at the best price(s), may execute and facilitate large-sized orders in open outcry. Under the pilot program, the ICMPs have priority to trade a SizeQuote Order at the best price communicated by the ICMPs in their

response to a Floor Broker's SizeQuote request and at one increment better, while a Floor Broker can execute the entire SizeQuote Order with a facilitation order, one or more solicited orders, or a combination of solicited and facilitation orders at a price two trading increments better than the best price provided by the ICMPs in their response to the SizeQuote request. For purposes of the pilot program, the minimum qualifying order size is 250 contracts⁹ and Floor Brokers must stand ready to facilitate the entire size of the order for which they request SizeQuotes.

The instant rule change seeks to extend the existing pilot program, which would otherwise expire on February 15, 2007, through February 15, 2008. The Exchange notes that, as part of the original pilot program approval order and subsequent filing to extend the pilot program,¹⁰ the Exchange represented that it would provide the Commission a report at the end of the pilot period summarizing the effectiveness of the SizeQuote program. In that regard, though the SizeQuote Mechanism has been made available during the pilot period in all equity option classes traded on the Exchange for orders of 250 contracts or more, the Exchange's continued experience has been that Floor Brokers have not generally availed themselves of the SizeQuote Mechanism to facilitate large-sized orders.¹¹ However, the Exchange continues to believe that the SizeQuote Mechanism enhances ICMPs' ability and incentive to quote competitively and participate in open outcry trades while at the same time creates a process that gives greater certainty to Floor Brokers in the execution of large orders in that ICMPs only have one opportunity to respond with a quote response (which further enhances an ICMP's incentive to quote competitively). The Exchange is therefore seeking to extend the existing pilot program for another year through February 15, 2008 in order to continue its evaluation of the utility of the SizeQuote Mechanism.

⁶ A separate rule change proposal has been filed and is currently pending with the Commission that would make amendments to the SizeQuote Mechanism. See SR-CBOE-2005-115 (proposal to modify the pilot program in various respects, including to permit a Floor Broker to execute the entire SizeQuote Order at a price at least one trading increment better than the best price communicated by the in-crowd market participants ("ICMPs") in their responses to the SizeQuote request).

⁷ See Securities Exchange Act Release Nos. 51205 (February 15, 2005), 70 FR 8647 (February 22, 2005) (approving SR-CBOE-2004-72 on a pilot basis through February 15, 2006) and 53135 (January 17, 2006), 71 FR 3908 (January 24, 2006) (approving SR-CBOE-2005-83, which modified the pilot program to enable a Floor Broker to execute a SizeQuote Order with either a firm facilitation order, one or more solicited orders, or a combination of the Floor Broker's facilitation order and such solicited order(s)).

⁸ See Securities Exchange Act Release No. 53252 (February 8, 2006), 71 FR 8012 (February 15, 2006) (immediately effective proposal, SR-CBOE-2006-05, extending the pilot program from February 15, 2006 to February 15, 2007).

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act¹² in general and furthers the objectives of Section 6(b)(5) of the Act¹³ in particular in that it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55173; File No. SR-Phlx-2006-85]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing of Proposed Rule Change Relating to Listing Standards for Basket Linked Notes

January 25, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 12, 2006, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Phlx. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to amend Phlx Rule 803—Criteria for Listing—Tier 1, regarding listing standards for Basket Linked Notes ("BLNs"). The text of the proposed rule change is available on Phlx's Web site at <http://www.phlx.com>, at Phlx's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to conform Phlx's listing standards for Basket Linked Notes, specifically Phlx Rule 803(k), to that of other exchanges. Phlx Rule 803 provides listing standards for Basket Linked

Notes, which are income instruments whose values are linked to the performance of highly capitalized, actively traded common stock.

Specifically, BLNs are non-convertible debt of an issuer, whose value is based, at least in part, on the value of another issuer's common stock or non-convertible preferred stock.

Phlx Rule 803(k) details Phlx's listing standards for BLNs. Specifically, Phlx Rule 803(k)(3) currently requires, among other things, that securities linked to BLNs either: (i) Have a minimum market capitalization of \$3 billion and during the 12 months preceding listing are shown to have traded at least 2.5 million shares; (ii) have a minimum market capitalization of \$1.5 billion and during the 12 months preceding listing are shown to have traded at least 10 million shares; or (iii) have a minimum market capitalization of \$500 million and during the 12 months preceding listing are shown to have traded at least 15 million shares.

On December 7, 2000, the Commission granted authority to the Phlx to list and trade notes linked to more than one equity security.³ Each of the underlying securities of a BLN is required to meet the standards for linked securities set forth in Phlx Rule 803(k). However, the 2000 Order limited the basket of underlying securities that may be linked to a BLN to no more than twenty. At this time, Phlx proposes to increase the number of underlying securities that may be linked to a BLN from no more than 20 to no more than thirty.⁴

The Phlx believes that expanding the basket of equity securities that may be linked to a BLN will enhance competition and benefit investors and the marketplace through additional product choices and alternatives. The Phlx also believes that there would be no investor protection concerns with expanding the number of equity securities that may be linked to a BLN from more than one common stock to up to thirty common stocks.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶
