(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: August 9, 2007.

David I. Maurstad,

Federal Insurance Administrator of the National Flood Insurance Program, Department of Homeland Security, Federal Emergency Management Agency.

[FR Doc. E7-16286 Filed 8-17-07; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Modified Base (1% annual-chance) Flood Elevations (BFEs) are finalized for the communities listed below. These modified BFEs will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: The effective dates for these modified BFEs are indicated on the following table and revise the Flood Insurance Rate Maps (FIRMs) in effect for the listed communities prior to this date.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Section, Mitigation

Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below of the modified BFEs for each community listed. These modified BFEs have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Mitigation Division Director of FEMA resolved any appeals resulting from this notification.

The modified BFEs are not listed for each community in this notice. However, this final rule includes the address of the Chief Executive Officer of the community where the modified BFEs determinations are available for inspection.

The modified BFEs are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

These modified BFEs are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings. The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132, Federalism.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

■ Accordingly, 44 CFR part 65 is amended to read as follows:

PART 65—[AMENDED]

Authority: 42 U.S.C. 4001 *et seq.*;
Reorganization Plan No. 3 of 1978, 3
CFR,1978 Comp., p. 329; E.O. 12127, 44 FR

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

50 CFR Parts 20 and 21

RIN 1018-AV15

Migratory Bird Permits; Regulations for Managing Resident Canada Goose Populations

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: On August 10, 2006, the U.S. Fish and Wildlife Service (Service or "we") published a final rule on resident Canada goose management. This final rule clarifies and slightly modifies several program requirements regarding eligibility, definitions, methodologies, and dates.

DATES: This final rule becomes effective on August 20, 2007.

ADDRESSES: You may inspect comments received on the proposed rule during normal business hours in Room 4107, 4501 North Fairfax Drive, Arlington, Virginia. You may obtain copies of the FEIS from the above address or from the Division of Migratory Bird Management Web site at <http://fws.gov/migratorybirds/issues/cangeese/finales.htm>.

FOR FURTHER INFORMATION CONTACT: Robert Blohm, Chief, Division of Migratory Bird Management, or Ron Kokel (703) 358-1714 (see **ADDRESSES**).

SUPPLEMENTARY INFORMATION:

Authority and Responsibility

Migratory birds are protected under four bilateral migratory bird treaties the United States entered into with Great Britain (for Canada in 1916 as amended in 1999), the United Mexican States (1936 as amended in 1972 and 1999), Japan (1972 as amended in 1974), and the Soviet Union (1978). Regulations allowing the take of migratory birds are authorized by the Migratory Bird Treaty Act (16 U.S.C. 703-711), and the Fish and Wildlife Improvement Act of 1978 (16 U.S.C. 712). The Migratory Bird Treaty Act (Act), which implements the

above-mentioned treaties, provides that, subject to and to carry out the purposes of the treaties, the Secretary of the Interior is authorized and directed to determine when, to what extent, and by what means allowing hunting, killing, and other forms of taking of migratory birds, their nests, and eggs is compatible with the conventions. The Act requires the Secretary to implement a determination by adopting regulations permitting and governing those activities.

Canada geese are Federally protected by the Act by reason of the fact that they are listed as migratory birds in all four treaties. Because Canada geese are covered by all four treaties, regulations must meet the requirements of the most restrictive of the four. For Canada geese, this is the treaty with Canada. All regulations concerning resident Canada geese are compatible with its terms, with particular reference to Articles VII, V, and II.

Each treaty not only permits sport hunting, but permits the take of migratory birds for other reasons, including scientific, educational, propagative, or other specific purposes consistent with the conservation principles of the various Conventions. More specifically, Article VII, Article II (paragraph 3), and Article V of "The Protocol Between the Government of the United States of America and the Government of Canada Amending the 1916 Convention between the United Kingdom and the United States of America for the Protection of Migratory Birds in Canada and the United States" provides specific limitations on allowing the take of migratory birds for reasons other than sport hunting. Article VII authorizes the take, kill, etc., of migratory birds that, under extraordinary conditions, become seriously injurious to agricultural or other interests. Article V relates to the taking of nests and eggs, and Article II, paragraph 3, states that, in order to ensure the long-term conservation of migratory birds, migratory bird populations shall be managed in accord with listed conservation principles.

The other treaties are less restrictive. The treaties with both Japan (Article III, paragraph 1, subparagraph (b)) and the Soviet Union (Article II, paragraph 1, subparagraph (d)) provide specific exceptions to migratory bird take prohibitions for the purpose of protecting persons and property. The treaty with Mexico requires, with regard to migratory game birds, only that there be a "closed season" on hunting and that hunting be limited to 4 months in each year.

Regulations governing the issuance of permits to take, capture, kill, possess, and transport migratory birds are promulgated in title 50, Code of Federal Regulations (CFR), parts 13 and 21, and issued by the Service. The Service annually promulgates regulations governing the take, possession, and transportation of migratory birds under sport hunting seasons in 50 CFR part 20.

Background

On August 10, 2006, we published in the **Federal Register** (71 FR 45964), a final rule establishing regulations in 50 CFR parts 20 and 21 authorizing State wildlife agencies, private landowners, and airports to conduct (or allow) indirect and/or direct population control management activities, including the take of birds, on resident Canada goose populations. Since publication of the August 10 rule, several questions and issues have been raised by the public regarding various restrictions and requirements of the new regulations.

On March 22, 2007, we published in the **Federal Register** (72 FR 13459) a proposed rule to clarify and slightly modify several program requirements regarding eligibility, definitions, methodologies, and dates. This final rule addresses comments we received on the March 22 proposed rule and modifies regulations contained in 50 CFR parts 20 and 21 pertaining to several program requirements regarding eligibility, definitions, methodologies, and dates.

Public Comments and Responses

We received public comments on the March 22 proposed rule from four State wildlife resource agencies: The Missouri Department of Conservation (Missouri), the New York Division of Fish, Wildlife, and Marine Resources (New York), the Wisconsin Department of Natural Resources (Wisconsin), and the Wyoming Game and Fish Department (Wyoming). We considered all comments.

In general, New York and Wyoming supported all of the proposed changes and clarifications, and Wisconsin supported the clarification of methods for nest and egg destruction and the inclusion of local units of government in the nest and egg depredation order. Other, more specific comments are described, and responded to, below:

(1) New York sees no biological reason to limit the definition of "resident Canada geese" to Canada geese nesting within the lower 48 States or District of Columbia during the months of March, April, May, or June. New York recommends expanding the
