Title: Examination Questionnaire.

OMB Control No.: 1557-0199.

Affected Public: Businesses or other for-profit.

Type of Review: Regular review.

Abstract: The OCC has revised its Examination Questionnaire and updated the estimated burden hours to reflect the reduction in the number of national banks. Completed Examination Questionnaires provide the OCC with information needed to properly evaluate the effectiveness of the examination process and agency communications. The OCC will use the information to identify problems or trends that may impair the effectiveness of the examination process, to identify ways to improve its service to the banking industry, and to analyze staff and training needs. A questionnaire is provided to each national bank at the conclusion of their supervisory cycle (12 or 18-month period). A banker may now choose to complete this questionnaire on National BankNet, the OCC's extranet site.

Estimated Number of Respondents: 1,800.

Estimated Number of Responses: 1,602.

SUPPLEMENTARY INFORMATION: The OCC is proposing to extend OMB approval of the following information collection:

Title: Assessment of Fees—12 CFR 8.

OMB Control No.: 1557-0223.

Affected Public: Business or other for-profit.

Type of Review: Regular review.

Abstract: The OCC is requesting comment on its proposed extension, without change, of the information collection titled, "Assessment of Fees—12 CFR 8." The National Bank Act authorizes the OCC to collect assessments, fees, and other charges as necessary or appropriate to carry out the responsibilities of the OCC. The OCC will require national banks to provide the OCC with "receivables attributable" data from independent credit card banks, that is, national banks that primarily engage in credit card operations and are not affiliated with a full service national bank. "Receivables attributable" are the total amount of outstanding balances due on credit card accounts owned by an independent credit card bank (the receivables attributable to those accounts) on the last day of an assessment period, minus receivables retained on the bank's balance sheet as of that day. The OCC will use the information to verify the accuracy of each bank's assessment computation and to adjust the assessment rate for independent credit card banks over time.

Estimated Number of Respondents: 11.

Estimated Number of Responses: 22.

Frequency of Response:

Semiannually.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden: 22 hours.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;
