

substantially affect the rights or obligations of non-agency parties.

Accordingly, pursuant to the authority contained in § 0.231(b) of the Commission's rules, 47 CFR 0.231 (b), *it is hereby ordered*, that, effective on March 4, 2008, the Fee Schedule contained in § 0.467 of the Commission's rules, 47 CFR 0.467, is amended, as described herein.

List of Subjects in 47 CFR Part 0

Freedom of information.

Federal Communications Commission.

Anthony J. Dale,
Managing Director.

Rule Changes

■ For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 0 as follows:

PART 0—COMMISSION ORGANIZATION

■ 1. The authority citation for part 0 continues to read as follows:

Authority: Sec. 5, 48 Stat. 1068, as amended; 47 U.S.C. 155, 225, unless otherwise noted.

■ 2. Section 0.467 is amended by revising the table following paragraph (a)(1) and its note, and by revising paragraph (a)(2) to read as follows:

§ 0.467 Search and review fees.

(a)(1) * * *

Grade	Hourly fee
GS-1	\$13.43
GS-2	14.62
GS-3	16.48
GS-4	18.49
GS-5	20.69
GS-6	23.06
GS-7	25.63
GS-8	28.38
GS-9	31.36
GS-10	34.52
GS-11	37.93
GS-12	45.47
GS-13	54.06
GS-14	63.89
GS-15	75.14

Note: These fees will be modified periodically to correspond with modifications in the rate of pay approved by Congress.

(2) The fees in paragraph (a)(1) of this section were computed at Step 5 of each grade level based on the General Schedule effective January 2008 and

include 20 percent for personnel benefits.

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 070213033-7033-01]

RIN 0648-XF95

Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pacific Cod in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation.

SUMMARY: NMFS is reallocating the projected unused amount of Pacific cod from vessels using jig gear to catcher vessels less than 60 feet (< 18.3 meters (m)) length overall (LOA) using pot or hook-and-line gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to allow the A season apportionment of the 2008 total allowable catch (TAC) of Pacific cod to be harvested.

DATES: Effective February 28, 2008, through 2400 hrs, Alaska local time (A.l.t.), December 31, 2008.

FOR FURTHER INFORMATION CONTACT: Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The A season apportionment of the 2008 Pacific cod TAC specified for vessels using jig gear in the BSAI is 1,281 metric tons (mt) as established by the 2008 and 2009 final harvest specifications for groundfish in the BSAI (73 FR 10160, February 26, 2008), for the period 1200 hrs, A.l.t., January 1, 2008, through 1200 hrs, A.l.t., April 30, 2008. See § 679.20(a)(7)(ii)(A), § 679.20(c)(3)(iii), and § 679.20(c)(5).

The Acting Administrator, Alaska Region, NMFS, has determined that jig vessels will not be able to harvest 1,200 mt of the A season apportionment of the 2008 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(ii)(A)(1). Therefore, in accordance with § 679.20(a)(7)(iii)(A), NMFS apportions 1,200 mt of Pacific cod from the A season jig gear apportionment to catcher vessels < 60 feet (18.3 m) LOA using pot or hook-and-line gear.

The harvest specifications for Pacific cod included in the harvest specifications for groundfish in the BSAI (73 FR 10160, February 26, 2008) are revised as follows: 81 mt to the A season apportionment for vessels using jig gear and 4,233 mt to catcher vessels < 60 feet (18.3 m) LOA using pot or hook-and-line gear.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the reallocation of Pacific cod specified from jig vessels to catcher vessels < 60 feet (18.3 m) LOA using pot or hook-and-line gear. Since the fishery is currently open, it is important to immediately inform the industry as to the revised allocations. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet as well as processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of February 25, 2008.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 27, 2008.

James P. Burgess

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Atlantic Coastal Fisheries Cooperative Management Act Provisions; Weakfish Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS issues this final rule to decrease the incidental catch allowance for weakfish caught in the Exclusive Economic Zone (EEZ) from 300 lb (135 kg) to no more than 150 lb (67 kg) per day or trip, whichever is longer in duration. The intent of this final rule is to modify regulations for the Atlantic coast stock of weakfish to be consistent with the Atlantic States Marine Fisheries Commission's (Commission) Interstate Fishery Management Plan (ISFMP) for weakfish, as set forth in the Atlantic Coastal Fisheries Cooperative Management Act (Atlantic Coastal Act).

DATES: Effective April 3, 2008.

ADDRESSES: Copies of supporting documents are available from Chris Moore, Chief, Partnerships and Communications Division (SF8), Office of Sustainable Fisheries, National Marine Fisheries Service, 1315 East-West Highway, Suite 13317, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Brian Hooker, 301–713–2334.

SUPPLEMENTARY INFORMATION:

Background

The Commission approved Addendum II to Amendment 4 of the

Weakfish ISFMP in February 2007. Included in the management measures for this addendum was a reduction of the bycatch limit of weakfish in commercial fisheries from 300 lb (135 kg) to 150 lb (67 kg). These measures were developed in response to recent stock assessment data that suggested low weakfish biomass. While the reduced bycatch provision would not itself resolve the biomass issue, the Commission thought it a measure that might potentially slow the decline and have some positive effect. A more detailed discussion of the stock assessment and Commission action is set forth in the proposed rule for this action that was published in the **Federal Register** on June 14, 2007 (72 FR 32830).

NMFS analyzed the Commission's bycatch recommendation and similarly concluded that although the measure would not itself remedy the low weakfish biomass, the recommendation appeared reasonable, prudent and positive. The measure would also support the Commission's Weakfish ISFMP and, importantly, would further the consistency between State and Federal weakfish regulations.

Comments and Responses

NMFS received no public comments on the proposed rule for this action.

Classification

This final rule is published under the authority of the Atlantic Coastal Fisheries Cooperative Management Act (Atlantic Coastal Act). Paragraphs (A) and (B) of section 804(b) (1) of the Atlantic Coastal Act, 16 U.S.C. 5103(a)-(b), authorizes the Secretary of Commerce to implement regulations in the EEZ in the absence of a Magnuson-Stevens Fishery Conservation Management Act (Magnuson-Stevens Act) fishery management plan. Such regulations must be compatible with the effective implementation of a Commission's ISFMP, and consistent with the national standards set forth in section 301 of the Magnuson-Stevens Act.

The Assistant Administrator for Fisheries has determined that this action is compatible with the effective implementation of the Commission's ISFMP for weakfish and consistent with

the national standards of the Magnuson-Stevens Act.

The Chief Counsel for Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration during the proposed rule stage that this action would not have a significant economic impact on a substantial number of small entities. The factual basis for the certification was published in the proposed rule and is not repeated here. No comments were received regarding this certification. As a result, a regulatory flexibility analysis was not required and none was prepared.

This final rule has been determined to be not significant for the purposes of Executive Order 12866.

List of Subjects in 50 CFR Part 697

Fisheries, Fishing.

Dated: February 28, 2008.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

■ For the reasons set out in the preamble, 50 CFR part 697, is amended as follows:

PART 697—ATLANTIC COASTAL FISHERIES COOPERATIVE MANAGEMENT

■ 1. The authority citation for 50 CFR part 697 continues to read as follows:

Authority: 16 U.S.C. 5101 *et seq.*

■ 2. In § 697.7, paragraph (a) (4) is revised to read as follows:

§ 697.7 Prohibitions.

(a) * * *

(4) Possess more than 150 lb (67 kg) of weakfish during any one day or trip, whichever is longer, in the EEZ when using a mesh size less than 3 1/4-inch (8.3 cm) square stretch mesh (as measured between the centers of opposite knots when stretched taut) or 3 3/4-inch (9.5 cm) diamond stretch mesh for finfish trawls and 2 7/8-inch (7.3 cm) stretch mesh for gillnets.
