

this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely makes a technical amendment and gives notice of a partial delegation of administrative authority. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

Executive Order 13175, entitled "Consultation and Coordination with Indian Tribal Governments" (65 FR 67249, November 6, 2000), requires EPA to develop an accountable process to ensure "meaningful and timely input by tribal officials in the development of regulatory policies that have tribal implications." "Policies that have tribal implications" is defined in the Executive Order to include regulations that have "substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and the Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes." Under section 5(b) of Executive Order 13175, EPA may not issue a regulation that has tribal implications, that imposes substantial direct compliance costs, and that is not required by statute, unless the Federal government provides the funds necessary to pay the direct compliance costs incurred by tribal governments, or EPA consults with tribal officials early in the process of developing the proposed regulation. Under section 5(c) of Executive Order 13175, EPA may not issue a regulation that has tribal implications and that preempts tribal law, unless the Agency consults with tribal officials early in the process of developing the regulation. EPA has concluded that this rule may have tribal implications. EPA's action fulfills a requirement to publish a notice announcing partial delegation of administrative authority to the Quinault Indian Nation and noting the partial delegation in the CFR. However, it will neither impose substantial direct compliance costs on tribal governments, nor preempt tribal law. Thus, the requirements of sections 5(b) and 5(c) of the Executive Order do not apply to this rule.

This action also does not have Federalism implications because it does

not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This technical amendment merely notes that partial delegation of administrative authority to the Quinault Indian Nation is in effect. This rule also is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

This action does not involve technical standards; thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by June 2, 2008. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).

List of Subjects in 40 CFR Part 49

Environmental protection, Administrative practice and procedure, Air pollution control, Indians, Intergovernmental relations, Reporting and recordkeeping requirements.

Dated: March 14, 2008.

Elin D. Miller,

Regional Administrator, Region 10.

■ Chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 49—[AMENDED]

■ 1. The authority citation for part 49 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart M—[Amended]

■ 2. Section 49.10590 is amended by adding a note to the end of the section to read as follows:

§ 49.10590 Federally-promulgated regulations and Federal implementation plans.

* * * * *

Note to § 49.10590: EPA entered into a Partial Delegation of Administrative Authority with the Quinault Indian Nation on October 4, 2007 for the rules listed in paragraphs (b), (g), and (i) of this section.

[FR Doc. E8-6669 Filed 4-2-08; 8:45 am]

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 60 and 61

[AZ and NV-EPA-R09-OAR-2006-1014; FRL-8551-1]

Delegation of New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants for the States of Arizona and Nevada

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is updating the Code of Federal Regulations (CFR) delegation tables to reflect the current delegation status of the New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAPs) in Arizona and Nevada. These updates were proposed in the **Federal Register** on June 21, 2007.

DATES: *Effective Date:* This rule is effective on *May 5, 2008*.

ADDRESSES: EPA established docket number EPA-R09-OAR-2006-1014 for this action. The index to the docket is available electronically at <http://www.regulations.gov> and in hard copy at EPA, Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in

the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available in either location (e.g., confidential business information). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT:
Cynthia G. Allen, EPA Region IX, (415) 947-4120, allen.cynthia@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, “we,” “us” and “our” refer to EPA.

Table of Contents

- I. Background
- II. Public Comment and EPA Response
- III. EPA Action
- IV. Statutory and Executive Order Reviews

I. Background

On June 21, 2007, EPA proposed to update the delegation tables in the Code of Federal Regulations, Title 40 (40 CFR) Parts 60 and 61, to allow easier access by the public to the status of delegations in Arizona and Nevada jurisdictions (see 72 FR 34209). The updated delegation tables include the delegations approved in response to recent requests, as well as those previously granted. The tables are shown at the end of this document.

II. Public Comment and EPA Response

EPA’s proposed action provided a 30-day public comment period. During this period, we received one comment from the State of Nevada’s Division of Environmental Protection (NDEP). NDEP noted that it requested delegation of Appendix B, Performance Specifications, of 40 CFR Part 60 (Appendix B), and that EPA approved this request by letter dated January 12, 2007. However, EPA’s proposed rulemaking did not include Appendix B in the “Delegation Status for NSPS for Nevada” table. NDEP requested that EPA add Appendix B to Nevada’s NSPS delegation status table.

Appendix B was included in our approval letter of January 12, 2007 in error. Appendices to 40 CFR Parts 60 and 61 are not performance standards and are not delegable under Clean Air Act Sections 111(c)(1) or 112(l)(1). However, all applicable test methods and other requirements in the Appendices must be followed as required by the delegated subparts (see EPA’s proposed rule published on January 14, 2002 (67 FR 1676) and subsequent final rule published on April 26, 2002 (67 FR 20652)).

III. EPA Action

No comments were submitted that change our assessment of the delegations as described in our proposed action. Therefore, as authorized in Sections 111(c)(1) and 112(l)(1) of the Clean Air Act, EPA is updating the CFR tables for Arizona and Nevada as proposed in the **Federal Register** on June 21, 2007.

IV. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001). This action merely updates the list of approved delegations in the Code of Federal Regulations and imposes no additional requirements. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule does not impose any additional enforceable duty beyond that required by state or local law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely updates the list of already-approved delegations, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 “Protection of Children from Environmental Health Risks and Safety

Risks” (62 FR 19885, April 23, 1997), because it approves a state or local rule implementing a federal standard.

In reviewing state or local delegation submissions, our role is to approve state or local choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State or local government to use voluntary consensus standards (VCS), EPA has no authority to disapprove state or local submissions for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a state or local submission, to use VCS in place of a state or local submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under Section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by June 2, 2008. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see Section 307(b)(2)) of the Clean Air Act.

List of Subjects in 40 CFR Parts 60 and 61

Environmental protection, Administrative practice and procedure, Air pollution control, Hazardous

substances, Intergovernmental relations, Reporting and recordkeeping requirements.

Authority: This action is issued under the authority of Sections 111 and 112 of the Clean Air Act, as amended (42 U.S.C. 7411 and 7412).

Dated: March 19, 2008.

Andrew Steckel,

Acting Director, Air Division, Region IX.

■ For the reasons set out in the preamble, Title 40, Chapter I, Parts 60

and 61 of the Code of Federal Regulations is amended as follows:

PART 60—[AMENDED]

■ 1. The authority citation for Part 60 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart A—General Provisions

■ 2. Section 60.4 is amended by revising paragraphs (d)(1) and (d)(4) to read as follows:

§ 60.4 Address.

(iv) Nevada. The following table identifies delegations as of September 21, 2005:

DELEGATION STATUS FOR NATIONAL EMISSIONS STANDARDS FOR HAZARDOUS AIR POLLUTANTS FOR NEVADA

	Subpart	Air pollution control agency		
		Nevada DEP	Clark County	Washoe County
A	General Provisions	X	X
B	Radon Emissions From Underground Uranium
C	Beryllium	X	X	X
D	Beryllium Rocket Motor Firing	X	X
E	Mercury	X	X
F	Vinyl Chloride	X	X
G	(Reserved)
H	Emissions of Radionuclides Other Than Radon From Department of Energy Facilities	X
I	Radionuclide Emissions From Federal Facilities Other Than Nuclear Regulatory Commission Licensees and Not Covered by Subpart H.	X
J	Equipment Leaks (Fugitive Emission Sources) of Benzene	X
K	Radionuclide Emissions From Elemental Phosphorus Plants	X
L	Benzene Emissions from Coke By-Product Recovery Plants	X
M	Asbestos	X	X
N	Inorganic Arsenic Emissions From Glass Manufacturing Plants	X
O	Inorganic Arsenic Emissions From Primary Copper Smelters	X
P	Inorganic Arsenic Emissions From Arsenic Trioxide and Metallic Arsenic Production Facilities.	X
Q	Radon Emissions From Department of Energy Facilities
R	Radon Emissions From Phosphogypsum Stacks
S	(Reserved)
T	Radon Emissions From the Disposal of Uranium Mill Tailings
U	(Reserved)
V	Equipment Leaks (Fugitive Emission Sources)	X
W	Radon Emissions From Operating Mill Tailings
X	(Reserved)
Y	Benzene Emissions from Benzene Storage Vessels	X
Z-AA	(Reserved)
BB	Benzene Emissions From Benzene Transfer Operations	X
CC-EE ...	(Reserved)
FF	Benzene Waste Operations	X

[FR Doc. E8-6915 Filed 4-2-08; 8:45 am]

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 63**

[EPA-R09-OAR-2008-0229; FRL-8550-9]

Delegation of National Emission Standards for Hazardous Air Pollutants for Source Categories; State of Nevada, Nevada Division of Environmental Protection**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Direct final rule.

SUMMARY: EPA is amending certain regulations to reflect the current delegation status of national emission standards for hazardous air pollutants (NESHAP) in Nevada. Several NESHAP were delegated to the Nevada Division of Environmental Protection on December 4, 2007. The purpose of this action is to update the listing in the Code of Federal Regulations.

DATES: This rule is effective on June 2, 2008 without further notice, unless EPA receives adverse comments by May 5, 2008. If we receive such comments, we will publish a timely withdrawal in the **Federal Register** to notify the public that this direct final rule will not take effect.

ADDRESSES: Submit comments, identified by docket number EPA-R09-OAR-2008-0229, by one of the following methods:

1. *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions.

2. *E-mail:* steckel.andrew@epa.gov.

3. *Mail or delivery:* Andrew Steckel (AIR-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Instructions: All comments will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through <http://www.regulations.gov> or e-mail. <http://www.regulations.gov> is an “anonymous access” system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send e-

mail directly to EPA, your e-mail address will be automatically captured and included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Docket: The index to the docket for this action is available electronically at <http://www.regulations.gov> and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Mae Wang, EPA Region IX, (415) 947-4124, wang.mae@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, “we,” “us” and “our” refer to EPA.

- II. EPA Action
- III. Statutory and Executive Order Reviews

I. Background*A. Delegation of NESHAP*

Section 112(l) of the Clean Air Act, as amended in 1990 (CAA), authorizes EPA to delegate to state or local air pollution control agencies the authority to implement and enforce the standards set out in the Code of Federal Regulations, Title 40 (40 CFR), part 63, National Emission Standards for Hazardous Air Pollutants for Source Categories. On November 26, 1993, EPA promulgated regulations, codified at 40 CFR part 63, Subpart E (hereinafter referred to as “Subpart E”), establishing procedures for EPA’s approval of state rules or programs under section 112(l) (see 58 FR 62262). Subpart E was later amended on September 14, 2000 (see 65 FR 55810).

Any request for approval under CAA section 112(l) must meet the approval criteria in 112(l)(5) and Subpart E. To streamline the approval process for future applications, a state or local agency may submit a one-time demonstration that it has adequate authorities and resources to implement and enforce any CAA section 112 standards. If such demonstration is approved, then the state or local agency

would no longer need to resubmit a demonstration of these same authorities and resources for every subsequent request for delegation of CAA section 112 standards. However, EPA maintains the authority to withdraw its approval if the State does not adequately implement or enforce an approved rule or program.

B. NDEP Delegations

On May 27, 1998, EPA published a direct final action delegating to the Nevada Division of Environmental Protection (NDEP) several NESHAP and approving NDEP’s delegation mechanism for future standards (see 63 FR 28906). That action explained the procedure for EPA to grant delegations to NDEP by letter, with periodic **Federal Register** listings of standards that have been delegated. On November 1, 2007, NDEP requested delegation of the following NESHAP contained in 40 CFR part 63:

- Subpart III—NESHAP: Surface Coating of Automobiles and Light-Duty Trucks
- Subpart PPPP—NESHAP for Surface Coating of Plastic Parts and Products
- Subpart GGGGG—NESHAP: Site Remediation
- Subpart HHHHH—NESHAP: Miscellaneous Coating Manufacturing
- Subpart DDDDDD—NESHAP for Polyvinyl Chloride and Copolymers Production Area Sources
- Subpart EEEEE—NESHAP for Primary Copper Smelting Area Sources
- Subpart FFFFFFF—NESHAP for Secondary Copper Smelting Area Sources
- Subpart GGGGGG—NESHAP for Primary Nonferrous Metals Area Sources—Zinc, Cadmium, and Beryllium

On December 4, 2007, EPA granted delegation to NDEP for these NESHAP, along with any amendments to previously-delegated NESHAP, as of July 1, 2007. Today’s action is serving to notify the public of the December 4, 2007, delegations and to codify these delegations into the Code of Federal Regulations.

II. EPA Action

Today’s document serves to notify the public of the delegation of NESHAP to NDEP on December 4, 2007. Today’s action will codify these delegations into the Code of Federal Regulations.

III. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and
