BILLING CODE 6560-50-S

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-B-7756]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1 percent annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the

downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before April 15, 2008.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community are available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-7756, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151 or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new

buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

Administrative Procedure Act Statement. This matter is not a rulemaking governed by the Administrative Procedure Act (APA), 5 U.S.C. 553. FEMA publishes flood elevation determinations for notice and comment; however, they are governed by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and the National Flood Insurance Act of 1968, 42 U.S.C. 4001, *et seq.*, and do not fall under the APA.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001, *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Flooding source(s)	Location of referenced elevation**	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground		Communities affected
		Effective	Modified	
Pulaski County, Arkansas, and Incorporated Areas				
Arkansas River	Intersection with IH 440	+246	+247	Unincorporated Areas of Pulaski County, City of Little Rock, City of Maumelle, City of North Little Rock.
Bayou Two Prairie	Confluence with Palarm Creek	+269	+268	Unincorporated Areas of Pulaski County.
	Intersection with Highway 5 (county line)	None	+280	
Blue Branch	Approximately 1,050 feet upstream of Private Road ...	None	+314	Unincorporated Areas of Pulaski County.
	Confluence with Bayou Two Prairie	None	+286	
Ferndale Creek	Approximately 2,180 feet upstream of Highway 89 intersection.	None	+318	Unincorporated Areas of Pulaski County.
	Confluence with Little Maumelle River	None	+362	
Fletcher Creek	Approximately 1,300 feet upstream of Ferndale Rd. (county line).	None	+453	Unincorporated Areas of Pulaski County.
	Confluence with Little Maumelle River	None	+328	
Glade Branch	Approximately 3,200 feet upstream of Walnut Grove Trail.	None	+429	Unincorporated Areas of Pulaski County.
	Approximately 580 Feet upstream of Highway 67/167	None	+266	
Good Earth Drain	Approximately 6,300 feet upstream of Roland Rd intersection.	None	+353	City of Little Rock.
	Confluence with Taylor Loop Creek	None	+280	
Isom Creek	Divergence from Taylor Loop Creek	None	+285	Unincorporated Areas of Pulaski County, City of Little Rock.
	Confluence with Taylor Loop Creek	+264	+265	
Jacks Bayou	Approximately 100 feet upstream of Russ Street	None	+345	Unincorporated Areas of Pulaski County, City of Jacksonville.
	Approximately 500 feet downstream of Union Pacific Railroad intersection (county line).	+254	+252	
Jacks Bayou Tributary 10	Approximately 150 feet upstream of Peters Rd. intersection.	None	+283	Unincorporated Areas of Pulaski County.
	Confluence with Jacks Bayou	None	+271	
Kinley Creek	Approximately 700 feet upstream of Hercules Dr. intersection.	None	+279	Unincorporated Areas of Pulaski County.
	Approximately 8,010 feet downstream from intersection with Garrison Rd.	+350	+349	
Little Maumelle River	Approximately 1,130 feet upstream from intersection with Garrison Rd.	+425	+424	Unincorporated Areas of Pulaski County.
	Approximately 2,570 feet downstream from confluence with Arkansas River.	+257	+262	
Neal Creek	Approximately 5,300 feet upstream from intersection with Carnation Lane.	+564	+561	Unincorporated Areas of Pulaski County.
	Confluence with Kinley Creek	None	+380	
Nowlin Creek	Approximately 7,200 feet upstream of intersection with Condor Rd.	None	+514	Unincorporated Areas of Pulaski County.
	Approximately 25,098 feet upstream from intersection with Goodson Rd.	+497	+495	
South Loop	Approximately 25,348 feet upstream from intersection with Goodson Rd.	+500	+497	Unincorporated Areas of Pulaski County.
	Approximately 1,358 feet upstream from confluence with Taylor Loop Creek.	None	+266	
South Split	Approximately 1,801 feet downstream from confluence with Taylor Loop Creek.	None	+299	Unincorporated Areas of Pulaski County.
	At confluence with South Loop	None	+280	
Taylor Loop Creek	Approximately 194 feet downstream from confluence with South Loop.	None	+290	Unincorporated Areas of Pulaski County.
	Approximately 475 feet downstream from intersection with Railroad.	None	+266	

Flooding source(s)	Location of referenced elevation**	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground		Communities affected
		Effective	Modified	
Tributary 4 to Little Maumelle River.	Approximately 1,451 feet downstream from intersection with Jennifer Dr.	None	+430	Unincorporated Areas of Pulaski County, City of Little Rock.
	Confluence with Little Maumelle River	None	+240	
Tributary 5 to Little Maumelle River.	Intersection with Cantrell Rd	None	+301	Unincorporated Areas of Pulaski County.
	Confluence with Little Maumelle River	None	+266	
Tributary 6 to Fletcher Creek	Approximately 120 feet downstream of Guenther Rd ..	None	+282	Unincorporated Areas of Pulaski County.
	Confluence with Fletcher Creek	None	+366	
Tributary 7 to Little Maumelle River.	Approximately 6,150 feet upstream of intersection with Walnut Grove Rd.	None	+427	Unincorporated Areas of Pulaski County.
	Approximately 3,275 feet downstream from intersection with Ferndale Rd.	None	+316	
Tributary 8 to Fletcher Creek	Approximately 12,163 feet upstream from intersection with Ferndale Rd.	None	+455	Unincorporated Areas of Pulaski County.
	Approximately 233 feet upstream from confluence with Fletcher Creek.	None	+404	
Tributary 9 to Little Maumelle River.	Approximately 3,488 feet upstream from intersection with Autumn Blaze Trail.	None	+509	Unincorporated Areas of Pulaski County.
	Approximately 748 feet upstream from confluence with Little Maumelle River.	None	+330	
White Oak Branch	Approximately 1,160 feet upstream of intersection with Garrison Rd.	None	+512	Unincorporated Areas of Pulaski County.
	Approximately 123 feet upstream from intersection with Highway 5.	None	+288	
	Approximately 6,051 feet upstream from intersection with Mount Pleasant.	None	+329	

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-B-7757]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1 percent annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before April 15, 2008.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-7757, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151 or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency
