SUPPLEMENTARY INFORMATION: USTR is providing notice that the DSB has established, at the request of Japan, a dispute settlement compliance panel pursuant to the WTO *Understanding on Rules and Procedures Governing the Settlement of Disputes* ("DSU"). Such panel will hold any hearing in Geneva, Switzerland. It is possible that the public will be able to observe the hearing of the panel. If so, then USTR would intend to provide notice on USTR's Web site (under "Opportunities to View Dispute Settlement Hearings" on the Web page http://www.ustr.gov/Trade_Agreements/Monitoring_Enforcement/Dispute_Settlement/WTO/Section_Index.html) of the public hearing and the means by which the public may observe.

Major Issues Raised by Japan

In Japan's request for the establishment of a panel in connection with the dispute *United States—Measures Relating to Zeroing and Sunset Reviews; Recourse to Article 21.5 of the DSU by Japan*, Japan challenges the following:

- The consistency with DSU Articles 17.14, 21.1, and 21.3 of the continued use of zeroing in transaction-to-transaction comparisons in original investigations, in any comparison methodology in periodic reviews, and in any comparison methodology in new shipper reviews; Japan also alleges that the failure to eliminate zeroing in these contexts is a breach of Articles 2.4, 2.4.2, 9.3, and 9.5 of the Antidumping Agreement and Articles VI:1 and VI:2 of the GATT 1994;

- The alleged failure to eliminate zeroing in eight periodic reviews, and, since the expiration of the implementation deadline, through the eight periodic reviews at issue and related instructions and notices, the continued imposition, collection, and/or assessment of antidumping duties in excess of the proper margin of dumping; Japan claims that the failure to eliminate zeroing in these periodic reviews is inconsistent with Articles 17.14, 21.1, and 21.3 of the DSU, Articles 2.4 and

9.3 of the Antidumping Agreement, and Article VI:2 of the GATT 1994;

- The consistency of alleged measures taken to comply with the DSB's recommendations and rulings with Articles 2.4, 9.2, and 9.3 of the Antidumping Agreement and Article II:1(a), II:1(b), VI:1, and VI:2 of the GATT 1994;

- The alleged failure by the United States to take any action to bring the sunset review determination of November 4, 1999 regarding the antidumping duty order on Anti-Friction Bearings from Japan, as well as the sunset review determination of the same order of May 4, 2006, into conformity with its WTO obligations; Japan alleges that as a result, the United States acts inconsistently with Articles 17.14, 21.1, and 21.3 of the DSU, and Article 11.3 of the Antidumping Agreement.

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the U.S. Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for review

of an expiring information collection. Standard Form 1153, Claim for Unpaid Compensation for Deceased Civilian Employee, is used to collect information from individuals who have been designated as beneficiaries of the unpaid compensation of a deceased Federal employee or who believe that their relationship to the deceased entitles them to receive the unpaid compensation of the deceased Federal employee. OPM needs this information in order to adjudicate the claim and properly assign a deceased Federal employee's unpaid compensation to the appropriate individual(s).

The proposed revision to the expiring information collection responds to suggestions received from users. Part B, 1. is changed to clarify a beneficiary may include a legal entity or estate as provided for in 5 CFR 178.203(c) and to provide instructions if more room is needed to list designated beneficiaries.

Approximately 3,000 SF 1153 forms are submitted annually. It takes approximately 15 minutes to complete the form. The annual estimated burden is 750 hours.

Comments are particularly invited on:

- Whether this collection of information is necessary for the proper performance of functions of OPM, and whether it will have practical utility;
- Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology; and
- Ways in which we can minimize the burden of the collection of information on those who are to respond, through use of the appropriate technological collection techniques or other forms of information technology.

For copies of this proposal, contact Mary Beth Smith-Toomey on (202) 606-8358, FAX (202) 418-3251, or e-mail to mbtoomey@opm.gov. Please include a mailing address with your request.
