DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****44 CFR Part 67**

[Docket No. FEMA–B–7790]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1 percent annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before September 29, 2008.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community are available for inspection at the community’s map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA–B–7790, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–3151 or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make

determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

Administrative Procedure Act Statement. This matter is not a rulemaking governed by the Administrative Procedure Act (APA), 5 U.S.C. 553. FEMA publishes flood elevation determinations for notice and comment; however, they are governed by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and do not fall under the APA.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order in DA 08-1359, adopted and released June 16, 2008.

Synopsis of the Order

1. On March 5, 2008, the Commission released a *Report and Order and Third Further Notice of Proposed Rule Making ("Order and Third Further Notice")* establishing new rules and seeking comment on other rule proposals to increase participation in the broadcasting industry by new entrants and small businesses, including minority- and women-owned businesses. The current deadlines to file comments and reply comments in this proceeding are June 30, 2008, and July 14, 2008, respectively.

2. In the *Order and Third Further Notice*, the Commission seeks comment on various proposals to increase participation in the broadcasting industry by new entrants and small businesses, especially minority- and women-owned businesses, with the goal of promoting innovation, diversity of ownership and viewpoints, spectrum efficiency, and competition in media markets.

3. On June 5, 2008, the Diversity and Competition Supporters ("DCS") filed a motion requesting that the deadline to file comments be extended to July 30, 2008 and that the deadline to file reply comments be extended to August 29, 2008. DCS is a coalition of 29 organizations. DCS identifies 18 entities, representing a broad range of interests, that support its extension request. These 18 entities are: Belo Corp.; Benton Foundation; Common Cause; Community Broadcasters Association; Council Tree Communications, Inc.; Destiny Communications LLC; Dover Capital Partners, LLC; First Broadcasting Investment Partners, LLC; Gannett Co., Inc.; Granite Broadcasting Corporation; Independent Spanish Broadcasters Association; Media Alliance; Mullaney Engineering; National Association of Broadcasters; National Organization for Women; News Corporation; Spanish Broadcasting System, Inc.; and ZGS Communications.

4. Citing the broad range of the proposals at issue in the proceeding, DCS argues that an extension is warranted to allow DCS to work with various stakeholders to explain the proposals, hear their concerns, and seek their support, and that this extension of time would facilitate the development of a full record.

5. As set forth in Section 1.46(a) of the Commission's Rules, 47 CFR 1.46, the Commission's policy is that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. In this case, however, given the breadth and importance of the issues in this proceeding, the Commission grants an extension of time to facilitate the development of a full record. The new deadline for comments is July 30, 2008, and the new deadline for reply comments is August 29, 2008. This action is taken pursuant to authority found in Sections 4(i), 4(j), and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), and 303(r) and Sections 0.61, 0.283, and 1.46 of the Commission's rules, 47 CFR 0.61, 0.283, and 1.46.
