Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel CARRERA.

SUMMARY: As authorized by Public Law 105-383 and Public Law 107-295, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD-2008-0004 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with Public Law 105-383 and MARAD's regulations at 46 CFR part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

FOR FURTHER INFORMATION CONTACT: Jennifer Timian, Recall Management Division (NVS-215), Room W46-324, NHTSA, 1200 New Jersey Ave., SE., Washington, DC 20590. Telephone: (202) 366-0209.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995,

before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation, *see* 5 CFR 1320.8(d), an agency must ask for public comment on the following:

- (i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) How to enhance the quality, utility, and clarity of the information to be collected; and
- (iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information:

Title: Names and Addresses of First Purchasers of Motor Vehicles.

OMB Control Number: 2127-0044.

Type of Request: Renewal of a currently approved information collection.

Affected Public: Businesses or others for profit.

Abstract: Pursuant to 49 U.S.C. 30117(b), a manufacturer of a motor vehicle or tire (except a retreaded tire) must maintain a record of the name and address of the first purchasers of each vehicle or tire it produces and, to the extent prescribed by regulation of the Secretary, must maintain a record of the name and address of the first purchaser of replacement equipment (except a tire) that the manufacturer produces.

Vehicle manufacturers presently collect and maintain purchaser information for business reasons, such as for warranty claims processing and marketing, and experience with this statutory requirement has shown that manufacturers have retained this information in a manner sufficient to enable them to expeditiously notify vehicle purchasers in the case of a safety recall. Based on industry custom and

this experience, NHTSA therefore determined that the regulation mentioned in 49 U.S.C. 30117(b) was unnecessary as to vehicle manufacturers. As an aside, the requirements for maintaining tire purchaser information are contained in 49 CFR part 574, Tire Identification and Recordkeeping, and the burden of that information collection is not part of this information collection.

Estimated Annual Burden:

Previously, NHTSA estimated this collection's burden at 1,075,000 hours. This was reached from our estimate that there was an annual burden of 875,000 hours associated with the recording of purchaser information at the time of sale by dealers, and an additional 200,000 burden hours associated with recordkeeping by manufacturers.

As discussed above, as a practical matter vehicle manufacturers are presently collecting from their dealers and then maintaining first purchaser information for their own commercial reasons. Therefore, we do not believe that the requirement in 49 U.S.C. 30117(b) imposes any additional burden on that community. We believe our previous estimate is inaccurate and greatly exaggerates the burden on vehicle manufacturers. Accordingly, we have revised the estimated annual burden for this collection to zero burden hours.

Number of Respondents: We estimate that there are roughly 1,000 manufacturers of motor vehicles that collect and keep first purchaser information.

Issued on: January 15, 2008.

Kathleen C. DeMeter,

Director, Office of Defects Investigation.
