

verify that sources subject to the standard are meeting the emission reductions mandated by the Clean Air Act.

Owners/operators of asphalt processing and roofing manufacture are required to submit one-time only notification of construction/reconstruction, actual startup, initial performance test, physical or operational changes, and demonstration of a continuous monitoring system. Records must be maintained of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications reports, and records are essential in determining compliance; and are required, in general, of all sources subject to NSPS.

Any owner or operator subject to the provisions of this part shall maintain a file of these measurements, and retain the file for at least two years following the date of such measurements, maintenance reports, and records. All reports are sent to the delegated state or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office. This information is being collected to assure compliance with 40 CFR part 60, subpart UU, as authorized in section 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined to be private.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Number for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 113 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to

respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Asphalt processing and roofing manufacture.

Estimated Number of Respondents: 144.

Frequency of Response: Initially, and semiannually.

Estimated Total Annual Hour Burden: 33,912.

Estimated Total Annual Cost: \$8,714,925, which includes \$200,000 annualized Capital Startup costs, \$5,040,000 annualized Operating and Maintenance (O&M) costs, and \$3,474,925 annualized Labor costs.

Changes in the Estimates: There is an adjustment increase in the total estimated burden hours as currently identified in the OMB inventory of burdens because the previous tables did not represent all of the reporting requirements. The decrease in the number of sources was caused by buy-outs and/or consolidation which the industry has been experiencing for the last several years. The decrease in the capital startup and O&M costs estimates as compared with the previous ICR is attributed solely to the decrease in the number of sources. This ICR corrects the deficiencies.

Agency Information Collection Activity; Proposed Collection; Comment Request; National Wastewater Operator Training and Technical Assistance Program (Renewal), EPA ICR Number 1977.03, OMB Control Number 2040-0238

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). Before submitting the ICR to OMB for review

and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before March 24, 2008.

ADDRESSES: Submit your comments, referencing docket ID number EPA-HQ-OW-2003-0078, by one of the following methods:

- www.regulations.gov: Follow the online instructions for submitting comments.
- E-mail: ow-docket@epa.gov (Identify Docket ID number EPA-HQ-OW-2003-0078, in the subject line)
- Mail: Water Docket, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.
- Hand Delivery: EPA Docket Center, EPA West, Room 3334, 1301 Constitution Avenue, NW., Washington, DC. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments identified by the Docket ID number EPA-HQ-OW-2003-0078. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or

viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for the ICR identified in this document (ID number EPA-HQ-OW-2003-0078), which is available for online viewing at www.regulations.gov, or in person viewing at the Water Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/ DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Water Docket is 202-566-2426.

Use www.regulations.gov to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) Enhance the quality, utility, and clarity of the information to be collected; and
- (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic,

mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of technical information/data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under **DATES**.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Affected entities: Entities potentially affected by this action are state and local governments, state and county colleges, and organizations that provide training assistance through the Clean Water Act 104(g)(1) Program to municipal wastewater treatment plants.

Title: National Wastewater Operator Training and Technical Assistance Program (Renewal).

ICR numbers: EPA ICR No. 1977.03, OMB Control No. 2040-0238.

ICR status: The current ICR expires on June 30, 2008. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control

numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The Wastewater Operator Training Program provides on-site technical assistance to municipal wastewater treatment plants. Information will be collected from the network of forty-six states or the 104(g)(1) training centers set up throughout the United States. The information will be collected to identify the facilities assisted, the different types of assistance the program provides and the environmental outcomes and benefits of the assistance provided by the program. The information will be collected and submitted on either an annual or semi-annual basis. A Microsoft Access database and an Excel spreadsheet have been developed for this purpose. This ICR will be used by EPA for the technical and financial management of the 104(g)(1) Program. The 104(g)(1) Program training centers participate in the information collection in compliance with the grant conditions. All information in the data system will be made public upon request.

Burden Statement: The total number of respondents is estimated to be 46 including the states and the training centers. The annual public reporting and recordkeeping burden for this collection of information is estimated to be seven hours per respondent for 46 respondents with a total burden of 322 hours at an annual cost of \$14,361 (assuming an average hourly salary of \$44.60). All forty-six (46) training centers and EPA have the necessary equipment, desk-top computers and software, to collect and manage this information. There will be no additional start-up or maintenance costs associated with this project to perform this information collection request. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and use technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose information. The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 46.

Frequency of response: Three times a year.

Estimated total average number of responses for each respondent: Three.

Estimated total annual burden hours: 322 hours.

Estimated total annual costs: \$14,361. This includes an estimated reporting burden cost of \$14,361 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

Changes in the Estimates: There is no change in the total estimated respondent burden hours compared with that identified in the ICR currently approved by OMB. EPA has not modified the requirements that were included in the previous ICR.

Dated: January 8, 2008.

Director, Office of Wastewater Management.

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from October 2, 2007 through November 30, 2007, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

DATES: Comments identified by the specific PMN number or TME number, must be received on or before February 22, 2008.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2007-1193, by one of the following methods:

• **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
