[Docket No. FEMA–B–7739]

Withdrawal of Proposed Flood Elevation Determination for the Unincorporated Areas of Richland County, SC

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; withdrawal.

SUMMARY: The Federal Emergency Management Agency (FEMA) withdraws the proposed flood elevation determination published October 16, 2007 for the Unincorporated Areas of Richland County, South Carolina (72 FR 58598).

DATES: The proposed flood elevation determination published on October 16, 2007 at 72 FR 58598, the September 12, 2007 Physical Map Revision, and the November 1, 2007 to January 31, 2008 appeal period associated with the withdrawn proposed flood elevation determinations are withdrawn as of January 24, 2008.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–3151 or e-mail *bill.blanton@dhs.gov*.

SUPPLEMENTARY INFORMATION: On September 12, 2007, FEMA issued Preliminary Flood Insurance Rate Maps (FIRMs) through a Physical Map Revision to identify flood hazards along the Congaree River in the Unincorporated Areas of Richland County, South Carolina, hereafter referred to as ''Richland County''. On October 16, 2007, FEMA published a proposed rule at 72 FR 58598, October 16, 2007 proposing flood elevation determinations along the Congaree River in Richland County. On October 17, 2007, FEMA issued a letter to the Chairman of the Richland County Council explaining that the appeal period for the proposed flood elevation determinations would begin on November 1, 2007 and end on January 31, 2008.

The purpose of this **Federal Register** publication is to withdraw the proposed flood elevation determination published October 16, 2007 at 72 FR 58598 for the Unincorporated Areas of Richland County, South Carolina. This document also provides notice that FEMA has withdrawn the September 12, 2007 Physical Map Revision and canceled the November 1, 2007 to January 31, 2008 appeal period associated with the withdrawn proposed flood elevation determinations. The reason for this withdrawal and cancelation is to address a federal district court's November 14, 2007 finding that the October 16, 2007 notice proposing new flood elevation determinations for the Congaree River in the unincorporated areas of Richland County did not comply with the Court's November 18, 2005 Order of Vacatur. FEMA intends to initiate a new revision and propose new flood hazard information; however, affected areas should utilize the effective flood hazard information, in

accordance with the November 18, 2005 Order of Vacatur, until such time as updated flood hazard information is proposed by FEMA.

Regulatory Classification. Since this notice withdraws a notice of proposed rulemaking, it is neither a proposed nor a final rulemaking and therefore is not within the scope of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735 or the Regulatory Flexibility Act, 5 U.S.C. 601–612.

RIN 2127–AK11

Tire Registration and Recordkeeping

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: Our regulation for tire identification and recordkeeping requires manufacturer owned tire distributors and dealers to register the names and addresses of the people to whom they sell or lease new tires, and specifies the use of standardized paper forms for this purpose. It also requires independent distributors and dealers to provide purchasers with standardized registration forms they can complete and mail to the manufacturer or its designee.

We propose to amend the regulation by codifying existing interpretations regarding opportunities under the regulation for electronic registration of tire sales and leases and by creating new opportunities. The names and addresses of purchasers and lessees are used by a tire manufacturer to contact those people in the event that the manufacturer must conduct a campaign to recall and remedy tires that either fail to comply with an applicable Federal motor vehicle safety standard or have a safety-related defect.

I. Background

A. Tire Registration Requirements

As originally enacted, the National Traffic and Motor Vehicle Safety Act of 1966 (now codified at Title 49 U.S.C. Chapter 301 *Motor Vehicle Safety*) did not include a requirement for tire registration. However, in May 1970, Congress amended the law to mandate that every tire manufacturer shall maintain records of the names and addresses of the first purchaser of tires produced by that manufacturer.[1] NHTSA was given the authority to establish procedures to be followed by manufacturers in establishing and maintaining such records, including
