*Type of Review:* New.

*Title:* Information Collection for College.gov Account Registration and Inspirational Message Features.

*Frequency:* On occasion.

*Affected Public:* Individuals or household.

*Reporting and Recordkeeping Hour Burden:*

*Responses:* 54,000.

*Burden Hours:* 8,100.

*Abstract:* College.gov's target audience is 9th–12th grade high school students with a focus on students from underrepresented populations. The purpose for including the account registration and inspirational message features in college.gov is to enhance the interactivity and engagement aspects of the site. These features are critical for fully engaging students in the site, for keeping their interest and attention, and for providing inspiration and hope to students (especially to underrepresented populations) that a postsecondary education is possible. The features also support the peer-to-peer aspect of the site and provide relatable role models of students "Just like them" that can show that higher education is possible for all students. Web site users have the option of registering with college.gov. In order to register, a user selects the registration link, inputs six data elements and, after providing consent to the site's terms and conditions, submits that information to the Department. Once the account registration process is completed, the user has the option of creating their own inspirational message by uploading a photo and adding their "I'm Going" statement about why they want to pursue education beyond high school. The inspirational message (hereafter "billboard") is saved within college.gov and can be shared with others. After a user creates a billboard, they can choose to: (1) Have their billboard featured on college.gov's home page (visitors can browse through approved user-generated billboards); (2) send their family, friends and other supporters a link to the college.gov home page with their billboard; (3) add a tool to their Facebook profile that displays their billboard and lets their friends provide messages of support and encouragement; or (4) add the billboard to any of their other Web sites.

**[Project No. 659–000]**

#### **Crisp County Power Commission; Notice of Authorization for Continued Project Operation**

August 12, 2008.

On August 3, 2006, the Crisp County Power Commission, licensee for the Lake Blackshear, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. The Lake Blackshear Hydroelectric Project is located on the Flint River in Worth, Lee, Sumter, Dooly, and Crisp Counties, near Cordele, Georgia.

The license for Project No. 659 was issued for a period ending August 9, 2008. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project

has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 659 is issued to the Crisp County Power Commission, for a period effective August 10, 2008 through August 9, 2009, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before August 9, 2009, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise. If the project is not subject to section 15 of the FPA, notice is hereby given that the Crisp County Power Commission, is authorized to continue operation of the Lake Blackshear Hydroelectric Project until such time as the Commission acts on its application for a subsequent license.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor

must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

### Federal Energy Regulatory Commission

[Docket No. EL08-80-000]

#### **Corporation Commission of the State of Oklahoma, Complainants, v. American Electric Power Company, Inc., American Electric Power Service Corporation, and Public Service Company of Oklahoma, Respondents; Notice of Complaint**

August 12, 2008.

Take notice that on August 11, 2008, the Oklahoma Corporation Commission (OCC) filed a formal complaint against American Electric Power Company, Inc., American Electric Power Service Corporation, and Public Service Company of Oklahoma (collectively, Respondents) pursuant to section 206 of the Federal Power Act (FPA), 16 U.S.C. 824e, and Rule 206 of the Commission's Rules of Practice and Procedure, 18 CFR 385.206. The complaint from the OCC states that allegations have been made in various OCC proceedings that Respondent's implementation of the System Integration Agreement Corporation were alleged to be improper in various OCC proceedings and requests that the Commission review the allocation decisions applicable to

energy trading margins made by American Electric Power Company, Inc. by and through its agent, American Electric Power Service Corporation.

The OCC certifies that copies of the complaint were served on the contacts for Respondents as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
