

CERTIFICATION PURSUANT TO SECTION 620C(d) OF THE FOREIGN ASSISTANCE ACT OF 1961, AS AMENDED

Pursuant to Section 620C(d) of the Foreign Assistance Act of 1961, as amended (the Act), Executive Order 12163 and State Department Delegation of Authority No. 145, I hereby certify that the sale of defense articles and defense services, to include, 50 Enhanced PAVEWAY II kits for use with MK-84 Warheads and continuation of sustainment support for the Hellenic Air Force F-16 which includes Electronic Combat International Security Assistance Program services, Technical Coordination Program services, minor modifications, repair and return, Aircraft Structural Integrity Program services, and other related elements of logistical support, to the Government of Greece is consistent with the principles set forth in Section 620C(b) of the Act.

This certification will be made part of the notification to Congress in accordance with Section 36(b) of the Arms Export Control Act, as amended, regarding the proposed sale of the above-named articles and services and is based on the justification accompanying said notification, of which said justification constitutes a full explanation.

John C. Rood
 Acting Under Secretary of State for
 Arms Control and International
 Security

POLICY JUSTIFICATION**France – Upgrade E-3F AWACS Aircraft with Block 40/45 Mission Computing**

The Government of France has requested a possible sale to upgrade four E-3F Airborne Warning and Control Systems (AWACS) Aircraft with Block 40/45 Mission Computing, Electronic Support Measures (ESM) and Radar System Improvement Program (RSIP) Interface, and Mode 5/S Identification Friend or Foe (IFF). In addition, this proposed sale will include related spare and repair parts, support equipment, publications and technical documentation, integration, personnel training and equipment, contractor engineering and technical support services, and other related elements of program support. The estimated cost is \$400 million.

France is one of the major political and economic powers in Europe and NATO and an ally of the United States in ensuring peace and stability in that region. It is vital to the U.S. national interest to assist France to develop and maintain a strong and ready self-defense capability.

France previously purchased four sets of AWACS mission equipment and needs this upgrade to maintain interoperability and interchangeability with U.S. and other NATO coalition partners. Also, this upgrade will greatly improve the Air Force's capability to contribute to the Global War on Terrorism and NATO operations. France will have no difficulty absorbing the additional AWACS aircraft into its armed forces.

The prime contractor will be Boeing Integrated Defense Systems in Seattle, Washington. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. Government and contractor representatives to France.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
