Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The purpose of this information collection request is to assist the United States Environmental Protection Agency (EPA or the Agency) in selecting Federal advisory committee members who will be appointed as Special Government Employees (SGEs), mostly to EPA's scientific and technical committees. To select SGE members as efficiently and cost effectively as possible, the Agency needs to evaluate potential conflicts of interest before a candidate is hired as an SGE and appointed as a member to a committee by EPA's Administrator or Deputy Administrator. Agency officials developed the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency," also referred to as Form 3110-48, for a greater inclusion of information to discover any potential conflicts of interest as recommended by the Government Accountability Office.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average one hour per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Candidates for membership as Special Government Employees (SGEs) on EPA federal advisory committees.

Estimated total number of potential respondents: 300.

Frequency of response: Annual.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 300 hours.

Estimated total annual costs: \$33,000. There are no capital or O&M costs.

Changes in the Estimates: There is an increase of 24 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. The burden estimates have been changed to reflect an expected increase of the number of respondents (from 276 to 300), as well as an increase of respondents costs to complete the form, to cover the next 3 years.

Dated: February 4, 2008.

Sara Hisel-McCoy,

Director, Collection Strategies Division.
