

for further review may be made has expired.

(6) *Final resolution* occurs when the designated or related summons or any order enforcing any part of the designated or related summons is fully complied with and all appeals or requests for further review are disposed of, the period in which an appeal may be taken has expired or the period in which a request for further review may be made has expired.

(d) *Special rules*—(1) *Number of summonses that may be issued*—(i) *Designated summons*. Only one designated summons may be issued in connection with the examination of a specific taxable year or other period of a corporation. A designated summons may cover more than one year or other period of a corporation. The designated summons may require production of information that was previously sought in a summons (other than a designated summons) issued in the course of the examination of that particular corporation if that information was not previously produced.

(ii) *Related summonses*. There is no restriction on the number of related summonses that may be issued in connection with the examination of a corporation. As provided in paragraph (c)(2) of this section, however, a related summons must be issued within the 30-day period that begins on the date on which the designated summons to which it relates is issued and must relate to the same return as the designated summons. A related summons may request the same information as the designated summons.

(2) *Time within which court proceedings must be brought*. In order for the period of limitations on assessment to be suspended under section 6503(j), a court proceeding to enforce or to quash a designated or related summons must be instituted within the period of limitations on assessment provided in section 6501 that is otherwise applicable to the tax return.

(3) *Computation of suspension period if multiple court proceedings are instituted*. If multiple court proceedings are instituted to enforce or to quash a designated or one or more related summonses concerning the same tax return, the period of limitations on assessment is suspended beginning on the date the first court proceeding is brought. The suspension shall end on the date that is the latest date on which the judicial enforcement period, plus the 120 day or 60 day period (depending on whether the court requires any compliance) as provided in paragraph

(b) of this section, expires with respect to each summons.

(4) *Effect on other suspension periods*—(i) *In general*. Suspensions of the period of limitations under section 6501 provided for under subsections 7609(e)(1) and (e)(2) do not apply to any summons that is issued pursuant to section 6503(j). The suspension under section 6503(j) of the running of the period of limitations on assessment under section 6501 is independent of, and may run concurrent with, any other suspension of the period of limitations on assessment that applies to the tax return to which the designated or related summons relates.

(ii) *Examples*. The rules of paragraph (d)(4)(i) of this section are illustrated by the following examples:

Example 1. The period of limitations on assessment against Corporation P, a calendar year taxpayer, for its 2007 return is scheduled to end on March 17, 2011. (Ordinarily, Corporation P's returns are filed on March 15th of the following year, but March 15, 2008, was a Saturday, and Corporation P timely filed its return on the subsequent Monday, March 17, 2008, making March 17, 2011 the last day of the period of limitations on assessment for Corporation P's 2007 tax year.) On January 4, 2011, a designated summons is issued to Corporation P concerning its 2007 return. On March 3, 2011 (14 days before the period of limitations on assessment would otherwise expire with respect to Corporation P's 2007 return), a court proceeding is brought to enforce the designated summons issued to Corporation P. On June 6, 2011, the court orders Corporation P to comply with the designated summons. Corporation P does not appeal the court's order. On September 6, 2011, agents for Corporation P deliver material that they state are the records requested by the designated summons. On October 13, 2011, a final resolution to Corporation P's response to the designated summons occurs when it is determined that Corporation P has fully complied with the court's order. The suspension period applicable with respect to the designated summons issued to Corporation P consists of the judicial enforcement period (March 3, 2011, through October 13, 2011) and an additional 120-day period under section 6503(j)(1)(B), because the court required Corporation P to comply with the designated summons. Thus, the suspension period applicable with respect to the designated summons issued to Corporation P begins on March 3, 2011, and ends on February 10, 2012. Under the facts of this *Example 1*, the period of limitations on assessment against Corporation P further extends to February 24, 2012, to account for the additional 14 days that remained on the period of limitations on assessment under section 6501 when the suspension period under section 6503(j) began.

Example 2. Assume the same facts set forth in *Example 1*, except that in addition to the issuance of the designated summons and related enforcement proceedings, on April 5, 2011, a summons concerning Corporation P's

2007 return is issued and served on individual A, a third party. This summons is not a related summons because it was not issued during the 30-day period that began on the date the designated summons was issued. The third-party summons served on individual A is subject to the notice requirements of section 7609(a). Final resolution of individual A's response to this summons does not occur until February 15, 2012. Because there is no final resolution of individual A's response to this summons by October 5, 2011, which is six months from the date of service of the summons, the period of limitations on assessment against Corporation P is suspended under section 7609(e)(2) to the date on which there is a final resolution to that response for the purposes of section 7609(e)(2). Moreover, because final resolution to the summons served on individual A does not occur until after February 10, 2012, the end of the suspension period for the designated summons, the period of limitations on assessment against Corporation P expires 14 days after the date that the final resolution as provided for in section 7609(e)(2) occurs with respect to the summons served on individual A.

(5) *Computation of 60-day period when last day of assessment period falls on a weekend or holiday*. For purposes of paragraph (c)(1)(ii) of this section, in determining whether a designated summons has been issued at least 60 days before the date on which the period of limitations on assessment prescribed in section 6501 expires, the provisions of section 7503 apply when the last day of the assessment period falls on a Saturday, Sunday, or legal holiday.

(e) *Effective/applicability date*. This section is applicable on July 31, 2009.

Approved: July 15, 2009.

Linda E. Stiff,

Deputy Commissioner for Services and Enforcement.

Michael Mundaca,

Acting Assistant Secretary of the Treasury (Tax Policy).

I. Background

II. Comments

III. Commission Analysis

IV. Ordering Paragraphs

I. Background

The Postal Service seeks to add a new product identified as Priority Mail Contract 14 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request.

On June 29, 2009, the Postal Service filed a formal request pursuant to 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.* to add Priority Mail Contract 14 to the Competitive Product List.¹ The Postal Service asserts that the Priority Mail Contract 14 product is a competitive product “not of general applicability” within the meaning of 39 U.S.C. 3632(b)(3). This Request has been assigned Docket No. MC2009–30.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. The contract has been assigned Docket No. CP2009–40.

In support of its Request, the Postal Service filed the following materials: (1) A redacted version of the contract which, among other things, provides that the contract will expire 3 years from the effective date, which is proposed to be 1 day after the Commission issues all regulatory approvals;² (2) requested changes in the Mail Classification Schedule product list;³ (3) a Statement of Supporting Justification as required by 39 CFR 3020.32;⁴ and (4) certification of compliance with 39 U.S.C. 3633(a).⁵ The Postal Service also references Governors’ Decision 09–6, filed in Docket No. MC2009–25, as authorization of the new product. *Id.*

In the Statement of Supporting Justification, Mary Prince Anderson,

Acting Manager, Sales and Communications, Expedited Shipping, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to coverage of institutional costs, and will increase contribution toward the requisite 5.5 percent of the Postal Service’s total institutional costs. Request, Attachment C, at 1. W. Ashley Lyons, Manager, Regulatory Reporting and Cost Analysis, Finance Department, certifies that the contract complies with 39 U.S.C. 3633(a). *See id.*, Attachment D.

The Postal Service filed much of the supporting materials, including the supporting data and the unredacted contract, under seal.⁶ In its Request, the Postal Service maintains that the contract and related financial information, including the customer’s name and the accompanying analyses that provide prices, terms, conditions, and financial projections, should remain confidential. *Id.* at 2–3.

In Order No. 234, the Commission gave notice of the two dockets, appointed a public representative, and provided the public with an opportunity to comment.⁷ On July 1, 2009, Chairman’s Information Request No. 1 (CHIR No. 1) was issued.⁸ The Postal Service filed its response to Question No. 4 on July 1, 2009, and its responses to Question Nos. 1 through 3 (under seal) on July 8, 2009.⁹

II. Comments

Comments were filed by the Public Representative.¹⁰ No comments were submitted by other interested parties. The Public Representative states that the Postal Service’s filing satisfies the procedural requirements for proposing a new product and concludes that the Priority Mail Contract 14 agreement meets the pertinent elements of title 39. *Id.* at 1, 3–4. He further states that the

agreement appears to be beneficial to the general public. *Id.* at 4.

The Public Representative believes that “[f]or the sake of the general public, some mention in the text of the Notice, or a copy of the Governors’ Decision (albeit already filed with the Commission), would be helpful.” *Id.* at 4. In support of this contention, he notes that the “general public may only access (absent a qualified [and granted] request to the Commission for access to confidential material) the public materials in this docket posted online.” *Id.*

III. Commission Analysis

The Commission has reviewed the Request, the contract, the financial analysis provided under seal that accompanies it, the responses to CHIR No. 1, and the comments filed by the Public Representative.

Statutory requirements. The Commission’s statutory responsibilities in this instance entail assigning Priority Mail Contract 14 to either the Market Dominant Product List or to the Competitive Product List. 39 U.S.C. 3642. As part of this responsibility, the Commission also reviews the proposal for compliance with the Postal Accountability and Enhancement Act (PAEA) requirements. This includes, for proposed competitive products, a review of the provisions applicable to rates for competitive products. 39 U.S.C. 3633.

Product list assignment. In determining whether to assign Priority Mail Contract 14 as a product to the Market Dominant Product List or the Competitive Product List, the Commission must consider whether the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products. 39 U.S.C. 3642(b)(1). If so, the product will be categorized as market dominant. The competitive category of products shall consist of all other products.

The Commission is further required to consider the availability and nature of enterprises in the private sector engaged in the delivery of the product, the views of those who use the product, and the likely impact on small business concerns. 39 U.S.C. 3642(b)(3).

The Postal Service asserts that its bargaining position is constrained by the existence of other shippers who can provide similar services, thus precluding it from taking unilateral action to increase prices without the

risk of losing volume to private companies. Request, Attachment C, para. (d). The Postal Service also contends that it may not decrease quality or output without risking the loss of business to competitors that offer similar expedited delivery services. *Id.* It further states that the contract partner supports the addition of the contract to the Competitive Product List to effectuate the negotiated contractual terms. *Id.* at para. (g). Finally, the Postal Service states that the market for expedited delivery services is highly competitive and requires a substantial infrastructure to support a national network. It indicates that large carriers serve this market. Accordingly, the Postal Service states that it is unaware of any small business concerns that could offer comparable service for this customer. *Id.* at para. (h).

No commenter opposes the proposed classification of Priority Mail Contract 14 as competitive. Having considered the statutory requirements and the support offered by the Postal Service, the Commission finds that Priority Mail Contract 14 is appropriately classified as a competitive product and should be added to the Competitive Product List.

Cost considerations. The Postal Service presents a financial analysis showing that Priority Mail Contract 14 results in cost savings while ensuring that the contract covers its attributable costs, does not result in subsidization of competitive products by market dominant products, and increases contribution from competitive products.

Based on the data submitted, the Commission finds that Priority Mail Contract 14 should cover its attributable costs (39 U.S.C. 3633(a)(2)), should not lead to the subsidization of competitive products by market dominant products (39 U.S.C. 3633(a)(1)), and should have a positive effect on competitive products' contribution to institutional costs (39 U.S.C. 3633(a)(3)). Thus, an initial review of proposed Priority Mail Contract 14 indicates that it comports with the provisions applicable to rates for competitive products.

Other considerations. The Postal Service shall promptly notify the Commission of the scheduled termination date of the agreement. If the agreement terminates earlier than anticipated, the Postal Service shall inform the Commission prior to the new termination date. The Commission will then remove the product from the Mail Classification Schedule at the earliest possible opportunity.

Furthermore, the Commission agrees with the Public Representative's suggestion that due to confidentiality concerns, each docket should be self-

contained. In the future, the Postal Service should not cross-reference to other dockets (where documents in that referenced docket are filed under seal) in support of a different docket. This ensures that participants will have complete access to all information upon which the Postal Service proposes to rely.

In conclusion, the Commission approves Priority Mail Contract 14 as a new product. The revision to the Competitive Product List is shown below the signature of this order and is effective upon issuance of this order.

IV. Ordering Paragraphs

It is ordered:

1. Priority Mail Contract 14 (MC2009–30 and CP2009–40) is added to the Competitive Product List as a new product under Negotiated Service Agreements, Domestic.

2. The Postal Service shall notify the Commission of the scheduled termination date and update the Commission if termination occurs prior to that date, as discussed in this order.

3. The Secretary shall arrange for the publication of this order in the **Federal Register**.

Issued: July 14, 2009.

By the Commission.

Acting Secretary.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R06–OAR–2009–0214; FRL–8939–4]

Approval and Promulgation of Air Quality Implementation Plans; Texas; Control of Emissions of Nitrogen Oxides (NO_x)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The EPA is taking a direct final action to approve revisions to the Texas State Implementation Plan (SIP). We are approving revisions to 30 TAC Chapter 117, “Control of Air Pollution from Nitrogen Compounds,” that the State submitted on March 10, 2009. These revisions amend the Beaumont-Port Arthur (BPA) 8-Hour Ozone Nonattainment Area Major Source rules, the Houston-Galveston-Brazoria (HGB) 8-Hour Ozone Nonattainment Area Major Source rules, and the HGB 8-Hour Ozone Nonattainment Area Minor Source rules. These revisions add

flexibility and consistency to the current stationary reciprocating internal combustion engine and gas turbine monitoring specifications found in Chapter 117 by allowing for an additional option for monitoring nitrogen oxides (NO_x) emissions. These revisions are consistent with the Clean Air Act (CAA). Therefore, EPA is approving these revisions pursuant to section 110 of the CAA.

DATES: This direct final rule will be effective September 29, 2009 without further notice unless EPA receives relevant adverse comments by August 31, 2009. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

Instructions: Direct your comments to Docket No. EPA–R06–OAR–2009–0214. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.
