

NSF-funded research by U.S. academic scientists. NMFS agreed to be a cooperating agency in the preparation of the EIS/OEIS. This EIS/OEIS has not been completed.

Therefore, in order to meet NSF's and NMFS' NEPA requirements for the proposed activity and issuance of an IHA to L-DEO, the NSF has prepared an EA that is specific to the marine geophysical survey conducted by the R/V *Marcus G. Langseth* in the northeast Pacific Ocean. NSF's EA, titled, Marine Seismic Survey in the Northeast Pacific Ocean, August/September, 2009 is based, in part, on an environmental assessment report (hereinafter, Report), prepared by LGL Limited environmental research associates (LGL) on behalf of NSF, titled, "Environmental Assessment of a Marine Geophysical Survey by the R/V *Marcus G. Langseth* in the Northeast Pacific Ocean, August September, 2009." The EA, and Report, specifically analyze the fact that L-DEO intends to obtain an IHA from NMFS in order to conduct the seismic survey. The EA evaluates the impacts of potential incidental Level B harassment resulting from the specified activity in the specified geographic region. The NSF has made a Finding of No Significant Impact (FONSI) determination based on information contained within its EA and Report, that implementation of the proposed action is not a major Federal action having significant effects on the environment within the meaning of NEPA. NSF determined, therefore, that an environmental impact statement would not be prepared.

On May 8, 2009 (74 FR 2163), NMFS noted that the NSF had prepared an EA for the northeast Pacific Ocean surveys and made this EA, and the Report, available upon request. NMFS has independently reviewed the information contained in NSF's EA and determined that the NSF EA describes the proposed action alternative and evaluates and discloses the potential impacts on marine mammals, endangered species, and other marine life that could be impacted by the preferred alternative and the other alternatives. Accordingly, NMFS has adopted the NSF EA, and incorporated Report, under 40 CFR 1506.3 and made its own FONSI. The NMFS FONSI also takes into consideration additional mitigation measures required by the IHA that are not in NSF's EA or Report. Therefore, NMFS has determined that it is not necessary to issue a new EA, supplemental EA or an EIS for the issuance of an IHA to L-DEO for this activity. A copy of the EA and the

NMFS FONSI for this activity is available upon request (see **ADDRESSES**).

#### Determinations

NMFS has determined that the impact of conducting the seismic survey in the northeast Pacific Ocean may result, at worst, in a temporary modification in behavior (Level B harassment) of small numbers of 33 species of cetaceans. Though NMFS believes that take of the requested numbers is unlikely, we still find these numbers small relative to the population sizes. Further, this activity is not expected to adversely affect any species or stock through effects on annual recruitment or survival. Therefore, NMFS has determined that the activity will have a negligible impact on the affected species or stocks.

The provision requiring that the activity not have an unmitigable adverse impact on the availability of the affected species or stock for subsistence uses is not implicated for this proposed action. There is no subsistence harvest of marine mammals in the proposed research area; therefore, there will be no impact of the activity on the availability of the species or stocks of marine mammals for subsistence uses.

The negligible impact determination is supported by: (1) the likelihood that, given sufficient warning through relatively slow ship speed, marine mammals are expected to move away from a noise source that is annoying prior to it becoming potentially injurious; (2) the fact that marine mammals would have to be closer than 40 m (131 ft) in deep water, when a single airgun is in use from the vessel to be exposed to levels of sound (180 dB) believed to have even a minimal chance of causing TTS; (3) the fact that marine mammals would have to be closer than 950 m (0.5 nm) in deep water, when the full array is in use at a 9–15 m (29.5–49.2 ft) tow depth from the vessel to be exposed to levels of sound (180 dB) believed to have even a minimal chance of causing TTS; (4) the likelihood that marine mammal detection ability by trained observers is good at those distances from the vessel; (5) the use of PAM, which is effective out to tens of km, will assist in the detection of vocalizing marine mammals at greater distances from the vessel; (6) the incorporation of other required mitigation measures (i.e., ramp-up, power-down, and shutdown); and (7) the limited duration of the seismic survey in the study area (approximately 39 days). As a result, no take by injury or death is anticipated, and the potential for temporary or permanent hearing impairment is very low and will be avoided through the incorporation of

the required monitoring and mitigation measures.

While the number of potential incidental harassment takes will depend on the distribution and abundance of marine mammals in the vicinity of the survey activity, the number of potential harassment takings is estimated to be small, relative to the affected species and stock sizes, and has been mitigated to the lowest level practicable through incorporation of the measures mentioned previously in this document.

#### Authorization

As a result of these determinations, NMFS has issued an IHA to L-DEO for conducting a marine geophysical survey in the northeast Pacific Ocean in August October, 2009, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated.

Dated: August 19, 2009.

## DEPARTMENT OF COMMERCE

### International Trade Administration

#### Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce ("the Department") has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with July anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews. The Department also received a request to revoke one antidumping duty order in part.

**DATES:** *Effective Date:* August 25, 2009.

**FOR FURTHER INFORMATION CONTACT:** Sheila E. Forbes, Office of AD/CVD Operations, Customs Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482–4697.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing

duty orders and findings with July anniversary dates. The Department also received a timely request to revoke in part the antidumping duty order on Certain Frozen Warmwater Shrimp from India with respect to one producer/exporter.

#### Notice of No Sales

Under 19 CFR 351.213(d)(3), the Department may rescind a review where there are no exports, sales, or entries of subject merchandise during the respective period of review (“POR”) listed below. If a producer or exporter named in this initiation notice had no exports, sales, or entries during the POR, it should notify the Department within 30 days of publication of this notice in the **Federal Register**. The Department will consider rescinding the review only if the producer or exporter, as appropriate, submits a properly filed and timely statement certifying that it had no exports, sales, or entries of subject merchandise during the POR. All submissions must be made in accordance with 19 CFR 351.303 and are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended (“the Act”). Six copies of the submission should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on every party on the Department’s service list.

#### Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews, the Department intends to select respondents based on U.S. Customs and Border Protection (“CBP”) data for U.S. imports during the POR. We intend to release the CBP data under Administrative Protective Order (“APO”) to all parties having an APO within five days of publication of this initiation notice and to make our decision regarding respondent selection within 20 days of publication of this **Federal Register** notice.

The Department invites comments regarding the CBP data and respondent selection within 10 calendar days of

publication of this **Federal Register** notice.

#### Separate Rates

In proceedings involving non-market economy (“NME”) countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department’s policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, the Department analyzes each entity exporting the subject merchandise under a test arising from the *Final Determination of Sales at Less Than Fair Value: Sparklers from the People’s Republic of China*, 56 FR 20588 (May 6, 1991), as amplified by *Final Determination of Sales at Less Than Fair Value: Silicon Carbide from the People’s Republic of China*, 59 FR 22585 (May 2, 1994). In accordance with the separate-rates criteria, the Department assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate-rate status in the administrative reviews involving NME countries must complete, as appropriate, either a separate-rate application or certification, as described below. For these administrative reviews, in order to demonstrate separate-rate eligibility, the Department requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on the Department’s website at <http://www.trade.gov/ia> on the date of publication of this **Federal Register**. In responding to the certification, please follow the “Instructions for Filing the Certification” in the Separate Rate Certification. Separate Rate

Certifications are due to the Department no later than 30 calendar days of publication of this **Federal Register** notice. The deadline and requirement for submitting a Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding<sup>1</sup> should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,<sup>2</sup> should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Application will be available on the Department’s website at <http://ia.ita.doc.gov/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Status Application, refer to the instructions contained in the application. Separate Rate Status Applications are due to the Department no later than 60 calendar days of publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Status Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase and export subject merchandise to the United States.

For exporters and producers who submit a separate-rate status application or certification and subsequently are selected as mandatory respondents, these exporters and producers will no longer be eligible for separate-rate status unless they respond to all parts of the questionnaire as mandatory respondents.

#### Initiation of Reviews

In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings. We intend to issue the final results of these reviews not later than July 31, 2010.

<sup>1</sup> Such entities include entities that have not participated in the proceeding, entities that were preliminarily granted a separate rate in any currently incomplete segment of the proceedings (e.g., an ongoing administrative review, new

shipper review, etc.) and entities that lost their separate rate in the most recently complete segment of the proceeding in which they participated.

<sup>2</sup> Only changes to the official company name, rather than trade names, need to be addressed via

a Separate Rate Application. Information regarding new trade names may be submitted via a Separate Rate Application.

<sup>3</sup>On April 7, 2009, the Department published a notice of initiation of administrative reviews for the orders covering certain frozen warmwater shrimp (shrimp) from Brazil, India, and Thailand. See *Certain Frozen Warmwater Shrimp from Brazil, India and Thailand: Notice of Initiation of Administrative Reviews*, 74 FR 15699 (April 7, 2009). This notice should have also indicated that the Department received a timely request to revoke, in part, the antidumping duty order on shrimp from India with respect to Devi Sea Foods Limited, an exporter and producer of shrimp from India.

<sup>4</sup>The Department received a request for an administrative review of the antidumping order on stainless steel sheet and strip in coils ("SSSSC") from Taiwan with respect to Tung Mung Development Co., Ltd. ("Tung Mung") (as to subject merchandise as set forth in *Notice of Amended Final Determination in Accordance With Court Decision of the Antidumping Duty Investigation of Stainless Steel Sheet and Strip in Coils From Taiwan*, 69 FR 67311 (Nov. 17, 2004)). SSSSC produced and exported by Tung Mung was excluded from this order effective October 16, 2002. Id. However, exports of SSSSC produced by Tung Mung and exported to the United States by Ta Chen Stainless Pipe Co., Ltd. ("Ta Chen") remain subject to the order, and thus this administrative review covers exports of SSSSC produced by Tung Mung in Taiwan and exported to the United States by Ta Chen.

<sup>5</sup>If one of the above named companies does not qualify for a separate rate, all other exporters of Circular Welded Carbon Quality Steel Pipe from the People's Republic of China ("PRC") who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

<sup>6</sup>If one of the above named companies does not qualify for a separate rate, all other exporters of Persulfates from the PRC who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

<sup>7</sup>If one of the above named companies does not qualify for a separate rate, all other exporters of Saccharin from the PRC who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an antidumping order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), the Secretary, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine, consistent with *FAG Italia v. United States*, 291 F.3d 806 (Fed. Cir. 2002), as appropriate, whether

antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305. On January 22, 2008, the Department published *Antidumping and Countervailing Duty Proceedings:*

*Documents Submission Procedures; APO Procedures*, 73 FR 3634 (January 22, 2008). Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (e.g., the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

These initiations and this notice are in accordance with section 751(a) of the Tariff Act of 1930, as amended (19 USC 1675(a)) and 19 CFR 351.221(c)(1)(i).

Dated: August 19, 2009.

## DEPARTMENT OF EDUCATION

#### Office of Elementary and Secondary Education; Impact Aid Program— American Recovery and Reinvestment Act of 2009—Impact Aid Discretionary Construction Program

**ACTION:** Notice inviting applications for  
new awards under the American  
Recovery and Reinvestment Act of  
2009—Impact Aid Discretionary  
Construction Program; Correction.

**SUMMARY:** On August 17, 2009, we  
published in the **Federal Register** (74  
FR 41407) a notice inviting applications  
for new awards under the American  
Recovery and Reinvestment Act of  
2009—Impact Aid Discretionary  
Construction Program. The notice  
specified a deadline of October 1, 2009  
for the submission of applications.  
Since publication, however, we have  
learned that the Department’s e-  
Application system will be shut down  
on October 1 in connection with the  
Department’s transition of its systems to  
the new fiscal year, which begins on  
October 1. Therefore, we are correcting  
the deadline for the submission of  
applications to October 8, 2009.

On page 41407, first column, the date  
listed for *Deadline for Transmittal of  
Applications* is corrected to read  
“October 8, 2009.” On page 41407, first
