Title of Proposal: Manufactured Home Construction and Safety Standards Act Reporting Requirements.

OMB Approval Number: 2502–0253.

Form Numbers: None.

Description of the Need for the Information and Its Proposed Use: The Federal Standards and Procedural Regulations require manufactured home producers to place labels and notices in and on manufactured homes and mandate State and Private agencies participating in the Federal program to issue reports. These Standards will protect the HUD's interests by requiring certain features of design and construction. In addition, some information collected assists both HUD and State Agencies in locating manufactured homes with defects, which then would create the need for notification and/or correction by the manufacturer.

Frequency of Submission: On occasion, Monthly.
