SUPPLEMENTARY INFORMATION:

I. Background

On September 10, 2009 (74 FR 46515), FTA issued an Advance Notice of Proposed Rulemaking (ANPRM) to start the process of revising its Project Management Oversight rule at 49 CFR Part 633. This Project Management rulemaking emphasizes a set of standards and principles for sound project management that will affect all FTA-funded fixed guideway capital projects and major capital projects. Specifically, FTA seeks to restructure the current Part 633 to incorporate the best practices in the transit industry with respect to reasonable project management performance measures. When final, this project management rule should articulate the criteria and skills expectations necessary to ensure a project sponsor's successful implementation of a fixed guideway capital project, including a major capital project. Also, the new Part 633 will be updated to reflect oversight tools and methodologies that have been developed since the original rule went into effect. Initially, FTA established a sixty (60) day public comment period for its ANPRM, with a closing date of November 9, 2009. At the request of several interested parties, however, FTA has chosen to extend the comment period for two months and to host two Webinars for the purpose of answering questions about the ANPRM.

II. Extension of Public Comment Period

The Federal Transit Administration (FTA) hereby provides notice that it is extending the public comment period for its Advance Notice of Proposed Rulemaking by approximately sixty (60) days. Comments must be received no later than January 8, 2010.

III. Public Meeting via Webinar

A. Notice

FTA hereby provides notice that it will be holding two public meetings, via webinar, to discuss the subject Advance Notice of Proposed Rulemaking. Through the webinar meetings, FTA will answer questions from interested parties. However, FTA notes that the webinar meetings will be for informational purposes only. In order to be fully considered, all comments must be submitted in writing according to the procedures outlined above. FTA encourages all interested parties to participate in the webinar meetings. The meetings are open to the public on a space-available basis. There is no cost to attend. Details will be published on FTA's web site at <http://www.dot.fta.gov>.

B. Agenda and Format

FTA intends to lead a discussion of the following subjects at the Webinar meetings: (1) The definition of "major capital project," (2) the definition of "technical capacity and capability," (3) principles and requirements for fixed guideway capital projects (4) project management plans, (5) FTA oversight of fixed guideway and major capital projects, (6) any other related subjects. The first webinar will focus primarily on project management (topics 1-4 above). The second webinar will focus on FTA oversight.

C. Registration

FTA requests all parties interested in attending the Webinar meeting to RSVP for the event with Carlos M. Garay at (202) 366-6471 or carlos.garay@dot.gov. All RSVPs for the November 17, 2009, Webinar must be received by November 13, 2009. RSVPs for the December 3, 2009, Webinar must be received by November 20, 2009.

We request information from the public, other concerned governmental agencies, the scientific community, industry, or any other interested parties concerning the status of these species. We are seeking information regarding:

(1) Biological, commercial trade, or other relevant data concerning any threats (or lack thereof) to these species and regulations that may be addressing those threats.
