

full calendar months. The waiver, which would be granted by an Exchange official designated by the Exchange's Board of Directors, would only apply if the member purchasing the Trading Rights is not currently an ISE market maker and needs additional time to commence its operations on the Exchange as a market maker. The Exchange believes granting the waiver will provide new market makers sufficient time to become operationally ready.

This proposed fee change will be operative on December 1, 2009.

2. Statutory Basis

The basis under the Securities Exchange Act of 1934 (the "Exchange Act") for this proposed rule change is the requirement under Section 6(b)(4) that an exchange have an equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. In particular, the proposed fee change will allow the Exchange to recoup lost revenue and encourage the timely operation of its CMM Trading Rights.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act⁴ and Rule 19b-4(f)(2)⁵ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

arguments concerning the foregoing, including whether the proposal is consistent with the Act. Comments may be submitted by any of the following methods:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Many of NASDAQ's rules are based on rules of FINRA (formerly the National Association of Securities Dealers ("NASD")). During 2008, FINRA embarked on an extended process of moving rules formerly designated as "NASD Rules" into a consolidated FINRA rulebook. In most cases, FINRA has renumbered these rules, and in some cases has substantively amended them. Accordingly, NASDAQ also proposes to initiate a process of

modifying its rulebook to ensure that NASDAQ rules corresponding to FINRA/NASD rules continue to mirror them as closely as practicable. In some cases, it will not be possible for the rule numbers of NASDAQ rules to mirror corresponding FINRA rules, because existing or planned NASDAQ rules make use of those numbers. However, wherever possible, NASDAQ plans to update its rules to reflect changes to corresponding FINRA rules.

This filing addresses NASDAQ Rule 2330 entitled "Customers' Securities or Funds" and IM-2330 entitled "Segregation of Customers' Securities." NASDAQ Rule 2330 and IM-2330 both make reference to NASD Rule 2330 entitled "Improper Use of Customer's Securities or Funds; Prohibitions Against Guarantees and Sharing in Accounts." FINRA filed a proposed rule change, which will be effective December 14, 2009, to adopt NASD Rule 2330 as FINRA Rule 2150.⁶ FINRA made minor changes to Rule 2150, specifically amending 2150(c). FINRA Rule 2150 prohibits members and associated person from: (a) Making improper use of a customer's securities or funds; (b) guaranteeing a customer against loss in connection with any securities transaction or in any securities account of the customer; and (c) sharing in the profits or losses in the customer's account except under certain limited conditions specified in the Rule. In addition, FINRA added

Supplementary Information to Rule 2150 that codifies existing staff guidance clarifying that: (i) A "guarantee" extended to all holders of a particular security by an issuer as part of that security generally would not be subject to the prohibition against guarantees and that a permissible sharing arrangement remains subject to other applicable FINRA rules; (ii) the rule does not preclude a member from determining on an after-the-fact basis, to reimburse a customer for transaction losses, provided however that the member shall comply with all reporting requirements that may be applicable to such payment; (iii) the rule does not preclude a member from correcting a *bona fide* error; and (iv) the required written authorization(s) shall be preserved for a period of at least six years after the date the account is closed, which is consistent with the retention period under the Act for similar records.

NASDAQ is proposing to amend NASDAQ Rule 2330 and IM-2330 by

renaming Rule 2330 to new Rule 2150 and renaming IM-2330 to new IM-2150, in order to incorporate by reference the FINRA rule. NASDAQ would delete current Rule 2330 and IM-2330. NASDAQ also proposes to amend the references to NASD Rule 2330 to instead state FINRA Rule 2150 in the new Rule 2150 and IM-2150 to reflect the change to the FINRA rules.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Sections 6(b)(5) of the Act,⁸ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed changes will conform NASDAQ Rule 2330 and IM-2330 to recent changes made to a corresponding FINRA rule, to promote application of consistent regulatory standards.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61130; File No. SR-NYSE-2009-118]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Exclude Early Closing Days From Certain ADV Calculations

December 8, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 1, 2009, New York Stock Exchange LLC (the "NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II and III below, which items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its price list to provide that data from days on which the Exchange closes early will not be included in calculations of average daily trading volume for the applicable month in determining member organizations' qualification for pricing tiers and qualification of Supplemental Liquidity Providers ("SLPs") for liquidity credits. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

¹ 15 U.S.C.78s(b)(1).

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The NYSE charges member organizations a lower transaction fee per share when they provide liquidity with respect to specified levels of average daily trading volume ("ADV") in the applicable month. In addition, the Exchange pays credits to SLPs for providing liquidity to the Exchange and, in doing so, pays higher credits to SLPs that provide liquidity in excess of specified levels of ADV for the applicable month. The Exchange proposes to exclude trading volume data from those days on which it closes early from calculations of ADV used in determining member organizations' and SLPs' qualification for more favorable transaction pricing and liquidity credit tiers. The Exchange closes early on a small number of trading days in the course of the year, which are generally the trading days before or after a public holiday (e.g., Christmas Eve and the day after Thanksgiving). As the trading on those days occurs over a shorter time period and is typically very light, the Exchange believes that including it in ADV calculations distorts ADV for the applicable month. Consequently, the Exchange believes it is appropriate to exclude days on which it closes early from ADV calculations. The Exchange notes that it will continue to include early closing days in ADV calculations when determining whether securities are "More Active Securities" or "Less Active Securities" for purposes of determining which rebate tier Designated Market Makers qualify for when adding liquidity to the Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with
