SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59396; File No. SR-NASDAQ-2009-004]

Self-Regulatory Organizations; NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Consolidating Into a Single Rule Certain Requirements for Products Traded on the Exchange Pursuant to Unlisted Trading Privileges

February 11, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 30, 2009, NASDAQ Stock Market LLC ("Nasdaq" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as constituting a non-controversial rule change under Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to adopt rules reflecting the requirements for trading products on the Exchange pursuant to

¹ 15 U.S.C. 78s(b)(1).

unlisted trading privileges (“UTP”) that have been established in various new product proposal previously approved by the Commission.

The text of the proposed rule change is available from Nasdaq’s Web site at <http://nasdaq.cchwallstreet.com>, at Nasdaq’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its rules to reflect certain requirements for trading products on the Exchange pursuant to UTP that have been established in various new product proposals previously approved by the Commission. The Exchange is amending and moving part of the introductory language of Equity Rule 4420 to become introductory language to Equity Rule 4421 to provide that it may extend UTP to any security that is an NMS Stock (as defined in Rule 600 of Regulation NMS) that is listed on another national securities exchange, as well as to consolidate the UTP concept within the rulebook. Any such security will be subject to all of the Exchange’s trading rules applicable to NMS Stocks, unless otherwise noted, including the provisions of Equity Rules 4120, 4420, 4630, and new Rule 4421 described below. The Exchange will file with the Commission a Form 19b-4(e) with respect to any such security that is a “new derivative securities product” as defined in Rule 19b-4(e) under the Act⁵ (defined as a “UTP Derivative Security”). In addition, any new derivative securities product traded on the Exchange will be subject to the criteria described below.

Proposed Equity Rule 4421(a)(2) provides that the Exchange will

distribute an information circular prior to the commencement of trading in a UTP Derivative Security, which generally will include the same information as the information circular provided by the listing exchange, including: (1) The special risks of trading the UTP Derivative Security; (2) The Rules of the Exchange that will apply to the UTP Derivative Security, including Equity Rule 2310, the Exchange’s suitability rule; (3) information about the dissemination of the value of the underlying assets or indexes; and (4) the applicable trading hours for the UTP Derivative Security and risks of trading during the Exchange’s pre-market session (7 a.m. to 9:30 a.m.) and post-market session (4 p.m. to 8 p.m.) due to the lack of calculation or dissemination of the underlying index value, the intraday indicative value, or a similar value.

Proposed Equity Rule 4421(a)(3)(A) reminds Members⁶ that they are subject to the prospectus delivery requirements under the Securities Act of 1933, as amended (the “Securities Act”), unless a UTP Derivative Security is the subject of an order by the Commission exempting the product from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 (the “1940 Act”) and the product is not otherwise subject to prospectus delivery requirements under the Securities Act. The Exchange will inform its Members of the application of these provisions to a particular UTP Derivative Security governed by the 1940 Act by means of an information circular.

The Exchange is amending Equity Rule 4120(b) to more fully address trading halts in UTP Derivative Securities traded on the Exchange pursuant to UTP. As currently in effect, Rule 4120(b) provides for trading halts of “Derivative Securities Products,” which are defined as a series of Portfolio Depository Receipts, Index Fund Shares, Managed Fund Shares, Trust Issued Receipts, Commodity-Related Securities, or securities representing interests in unit investment trusts or investment companies. Although this definition covers a wide range of products that would be considered UTP Derivative Securities, for the avoidance of doubt, the Exchange is explicitly amending the definition to include all UTP Derivative Securities. The current rule also contains a definition of “Required Value” and provides for trading halts in certain circumstances where a Required Value is not being

disseminated. Currently, “Required Value” is defined to mean “(i) The value of any index or any commodity-related value underlying a Derivative Security Product and (ii) the indicative optimized portfolio value, intraday indicative value, or other comparable estimate of the value of a share of a Derivative Securities Product updated regularly during the trading day.” The Exchange proposes to amend the definition to also include “(iii) a net asset value in the case of a Derivative Securities Product for which a net asset value is disseminated, and (iv) a ‘disclosed portfolio’ in the case of a Derivative Securities Product that is a series of managed fund shares or actively managed exchange-traded funds for which a disclosed portfolio is disseminated.”

Thus, as amended, the rule provides that the Exchange, upon notification by the listing market of a halt due to a temporary interruption in the calculation or wide dissemination of a Required Value for a Derivative Securities Product, will immediately halt trading in that product on the Exchange. If the Required Value continues not to be calculated or widely disseminated at the commencement of trading on the Exchange on the next business day, the Exchange shall not commence trading of the product on that day. If an interruption in the calculation or wide dissemination of the Required Value continues, the Exchange may resume trading in the Derivative Securities Product only if calculation and wide dissemination of the Required Value resumes or trading in such product resumes on the listing market.

The Exchange is also amending Equity Rule 4630, which governs the activities of registered market makers in Commodity-Related Securities. A “Commodity-Related Security” is defined to mean a security that is issued by a trust, partnership, commodity pool or similar entity that invests, directly or through another entity, in any combination of commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives, or the value of which is determined by the value of commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives. A “commodity” is defined in Section 1(a)(4) of the Commodity Exchange Act, a definition that includes currencies. As amended, the rule provides that a registered market maker in a Commodity-Related Security is prohibited from acting or registering as a market maker in any commodities, futures contracts, options on futures

⁵ 17 CFR 240.19b-4(e).

contracts, forward contracts, commodity swaps, or other related derivatives underlying such Commodity-Related Security. The rule further provides that a member acting as a registered market maker in a Commodity-Related Security must file with the Exchange's Regulation Department in a manner prescribed by such Department and keep current a list identifying all accounts for trading in commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives underlying such Commodity-Related Security, in which the market maker holds an interest, over which it may exercise investment discretion, or in which it shares in the profits and losses. No market maker shall trade in, or exercise investment discretion with respect to, such underlying commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives, in an account in which a market maker, directly or indirectly, controls trading activities, or has an interest in the profits or losses thereof, that has not been reported as required by the Rule.

In addition, a member acting as a registered market maker in a Commodity-Related Security is obligated to establish adequate information barriers when such market maker engages in communications to other departments within the same firm or the firm's affiliates that involve trading in commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives underlying such Commodity-Related Security. The member acting as a registered market maker in a Commodity-Related Security shall make available to the Exchange's Regulation Department such books, records or other information pertaining to transactions by such entity or registered or non-registered employee affiliated with such entity for its or their own accounts for trading commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives underlying such Commodity-Related Security, as may be requested by the Regulation Department. Finally, in connection with trading a Commodity-Related Security or commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives underlying a Commodity-Related Security, the member acting as a market maker in a Commodity-Related Security shall not use any material nonpublic

information received from any person associated with the member or employee of such person regarding trading by such person or employee in the commodities, futures contracts, options on futures contracts, forward contracts, commodity swaps, or other related derivatives underlying such Commodity-Related Security.

The Exchange represents that its surveillance procedures for UTP Derivative Securities traded on the Exchange will be similar to the procedures used for equity securities traded on the Exchange and will incorporate and rely upon existing Exchange surveillance procedures. The Exchange will closely monitor activity in UTP Derivative Securities traded on the Exchange pursuant to UTP to deter any potential improper trading activity. The proposed rule change also provides that the Exchange will enter into a comprehensive surveillance sharing agreement ("CSSA") with a market trading components of the index or portfolio on which the UTP Derivative Security is based to the same extent as the listing exchange's rules require the listing market to enter into a CSSA with such market.

Finally, the Exchange is amending provisions of Equity Rule 4120 and 4630 that stipulate that the Exchange will file separate proposals under Section 19(b)(2) of the Act for each issue of Managed Fund Shares or Commodity-Based Securities that it trades on a UTP basis. Because the new rules being adopted by the Exchange consolidate the requirements for trading such securities that have been established in new product proposals previously approved by the Commission, separate proposals under Section 19(b)(2) of the Act are no longer required for trading these securities.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general and with Section 6(b)(5) of the Act,⁸ in particular, in that it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest by providing for the trading of securities, including UTP Derivative Securities, on the Exchange pursuant to UTP, subject to consistent and reasonable standards.

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

The Exchange has asked the Commission to waive the 30-day operative delay. The Commission believes that such waiver is consistent with the protection of investors and the public interest because such waiver should benefit investors by creating, without undue delay, additional competition in the trading of UTP Derivative Securities, subject to consistent and reasonable standards. The proposed rule change is modeled closely after similar rules of other national securities exchanges¹¹ and does not raise any novel or significant regulatory issues. Therefore, the Commission designates the proposed rule change as operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change the

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, as required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five days prior to the filing of the proposed rule change.

¹¹ See NSX Rule 15.9 and Securities Exchange Act Release No. 57448 (March 6, 2008), 73 FR 13597 (March 13, 2008) (SR-NSX-2008-05); ISE Rule 2101 and Securities Exchange Act Release No. 57387 (February 27, 2008), 73 FR 11965 (March 5, 2008) (SR-ISE-2007-99); and BATS Rule 14.1 and Securities Exchange Act Release No. 58623 (September 23, 2008), 73 FR 57169 (October 1, 2008) (SR-BATS-2008-004).

¹² For purposes only of waiving the operative date of this proposal, the Commission has considered the rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2009-004 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Commission, 100 F Street, NE., Washington, DC 20549-1090. All submissions should refer to File Number SR-NASDAQ-2009-004. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number SR-NASDAQ-2009-004 and should be submitted on or before March 11, 2009.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³
