

7317.00.20 and 7317.00.30. Also excluded from the scope of this proceeding are thumb tacks, which are currently classified under

HTSUS 7317.00.10.00. Also excluded from the scope of this proceeding are certain brads and finish nails that are equal to or less than 0.0720 inches in shank diameter, round or rectangular in cross section, between 0.375 inches and 2.5 inches in length, and that are collated with adhesive or polyester film tape backed with a heat seal adhesive. Also excluded from the scope of this proceeding are fasteners having a case hardness greater than or equal to 50 HRC, a carbon content greater than or equal to 0.5 percent, a round head, a secondary reduced-diameter raised head section, a centered shank, and a smooth symmetrical point, suitable for use in gas-actuated hand tools.

While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this proceeding and are listed in the Appendix to this notice and addressed in the Issues and Decision Memorandum (“Final Decision Memo”), which is hereby adopted by this notice. Parties can find a complete discussion of the issues raised in this new shipper review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit (“CRU”), room 1117 of the main Department of Commerce building. In addition, a copy of the Final Decision Memo can be accessed directly on our website at <http://ia.ita.doc.gov/>. The paper copy and electronic version of the Final Decision Memo are identical in content.

Changes Since the Preliminary Results

Based on a review of the record as well as comments received from parties regarding our *Preliminary Results*, we have made revisions to the margin calculation for Qingdao Denarius in the final results. For all changes to the calculations of Qingdao Denarius, see the Final Decision Memo and Final Analysis Memorandum. For changes to the surrogate values see Memorandum to the File, through Alex Villanueva, Program Manager, AC/CVD Operations, Office 9, from Tim Lord, Case Analyst, AD/CVD Operations, Office 9, Analysis of the Final Results of the First New Shipper Review of Certain Steel Nails from the People’s Republic of China: Qingdao Denarius Manufacture Co., Ltd. (“Qingdao Denarius”).

Final Results of the Review

The weighted-average dumping margin for the POR is as follows:

CERTAIN STEEL NAILS FROM PRC

Manufacturer/Exporter	Weighted-Average Margin (Percent)
Qingdao Denarius	34.14

Assessment

The Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries, pursuant to 19 CFR 351.212(b)(1). We have calculated importer-specific duty assessment rates on a per-unit basis. Specifically, we divided the total dumping margins (calculated as the difference between normal value and export price) for each importer by the total quantity of subject merchandise sold to that importer during the POR to calculate a per-unit assessment amount. In this and future reviews, we will direct CBP to assess importer-specific assessment rates based on the resulting per-unit (i.e., per-kilogram) rates by the weight in kilograms of each entry of the subject merchandise during the POR. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this new shipper review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results of this new shipper review for all shipments of subject merchandise by Qingdao Denarius, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (“Act”): (1) for subject merchandise produced and exported by Qingdao Denarius, the cash deposit rate will be the percent listed above, or the equivalent per-unit rate; (2) for subject merchandise exported by Qingdao Denarius, but not manufactured by Qingdao Denarius, the cash deposit rate will continue to be the PRC-wide rate of 118.04 percent; and (3) for subject merchandise manufactured by Qingdao Denarius, but exported by any party other than Qingdao Denarius, the cash deposit rate will be the rate applicable to the exporter. These cash deposit requirements will remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their

responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination in accordance with sections 751(a)(2)(B) and 777(i) of the Act, and 19 CFR 351.214(h) and 351.221(b)(5).

Dated: June 10, 2010.

Taking and Importing Marine Mammals: Taking Marine Mammals Incidental to Navy Training Exercises in Three East Coast Range Complexes

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of three Letters of Authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), as amended, and implementing regulations, notification is hereby given that NMFS has issued three one-year Letters of Authorization (LOAs) to take marine mammals by harassment incidental to the U.S. Navy's training activities within the Navy's Virginia Capes (VACAPES), Jacksonville (JAX), and Cherry Point Range

Complexes to the Commander, U.S. Fleet Forces Command, 1562 Mitscher Avenue, Suite 250, Norfolk, VA 23551-2487 and persons operating under his authority.

DATES: Effective from June 5, 2010, through June 4, 2011.

ADDRESSES: Copies of the Navy's January 28, 2010, LOA applications, the LOAs, the Navy's 2009 marine mammal monitoring report and the Navy's 2009 exercise report are available by writing to P. Michael Payne, Chief, Permits, Conservation, and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910, by telephoning the contact listed here (see **FOR FURTHER INFORMATION CONTACT**), or online at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm#applications>.

Documents cited in this notice may be viewed, by appointment, during regular business hours, at the aforementioned address.

FOR FURTHER INFORMATION CONTACT: Shane Guan, Office of Protected Resources, NMFS (301) 713-2289 x 137.

SUPPLEMENTARY INFORMATION:

Background

Section 101(a)(5)(A) of the MMPA (16 U.S.C. 1361 *et seq.*) directs the Secretary of Commerce to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a military readiness activity if certain findings are made and regulations are issued.

Authorization may be granted for periods of 5 years or less if NMFS finds that the taking will have a negligible impact on the species or stock(s), and will not have an unmitigable adverse impact on the availability of the species or stock(s) for certain subsistence uses. In addition, NMFS must prescribe regulations that include permissible methods of taking and other means effecting the least practicable adverse impact on the species and its habitat, and on the availability of the species for subsistence uses, paying particular

attention to rookeries, mating grounds, and areas of similar significance. The regulations also must include requirements pertaining to the monitoring and reporting of such taking.

Regulations governing the taking of marine mammals incidental to the U.S. Navy's training activities at the Navy's VACAPES, JAX, and Cherry Point Range Complexes were published on June 15, 2009 (VACAPES: 74 FR 28328; JAX: 74 FR 28349; Cherry Point: 74 FR 28370), and remain in effect through June 4, 2014. They are codified at 50 CFR part 218 subpart A (for VACAPES Range Complex), subpart B (for JAX Range Complex), and subpart C (for Cherry Point Range Complex). These regulations include mitigation, monitoring, and reporting requirements for the incidental taking of marine mammals by the Navy's range complex training exercises. For detailed information on these actions, please refer to the June 15, 2009 **Federal Register** Notices and 50 CFR part 218 subparts A, B, and C.

Summary of LOA Request

NMFS received an application from the U.S. Navy for three LOAs covering the Navy's training activities at the VACAPES, JAX, and Cherry Point Range Complexes off the US East Coast under the regulations issued on June 15, 2009 (VACAPES: 74 FR 28328; JAX: 74 FR 28349; Cherry Point: 74 FR 28370). The Navy requested that these LOAs become effective on June 5, 2010. The application requested authorization, for a period not to exceed one year, to take, by harassment, marine mammals incidental to proposed training activities that involve underwater explosives.

Summary of Activity under the 2009 LOA

As described in the Navy's exercise reports, in 2009, the training activities conducted by the Navy were within the scope and amounts contemplated by the final rule and authorized by the 2009 LOAs. In fact, the number of training
