

to assess, upon further instruction by the Department, countervailing duties on all unliquidated relevant entries of potassium phosphate salts from the PRC entered, or withdrawn from warehouse, for consumption on or after March 8, 2010, the date on which the Department published its preliminary affirmative countervailing duty determination in the **Federal Register**, and before July 6, 2010, the date on which the Department instructed CBP to discontinue the suspension of liquidation in accordance with section 703(d) of the Act. See *Certain Potassium Phosphate Salts from the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Countervailing Duty*

Determination with Final Antidumping Duty Determination, 75 FR 10466 (March 8, 2010). Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Entries of potassium phosphate salts made on or after July 6, 2010, and prior to the date of publication of the ITC's final determination in the **Federal Register**, are not liable for the assessment of countervailing duties, due to the Department's discontinuation, effective July 6, 2010, of the suspension of liquidation.

In accordance with section 706 of the Act, the Department will direct CBP to reinstitute the suspension of liquidation

for DKP and TKPP from the PRC, effective the date of publication of the ITC's notice of final determination in the **Federal Register**, and to assess, upon further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. On or after the date of publication of the ITC's final injury determination in the **Federal Register**, CBP must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the rates noted below:

Producer/exporter	Subsidy rate
Lianyungang Mupro Import Export Co Ltd	109.11 percent <i>ad valorem</i> .
Mianyang Aostar Phosphate Chemical Industry Co. Ltd	109.11 percent <i>ad valorem</i> .
Shifang Anda Chemicals Co. Ltd	109.11 percent <i>ad valorem</i> .
All-Others	109.11 percent <i>ad valorem</i> .

This notice constitutes the countervailing duty order with respect to phosphate salts from the PRC pursuant to section 706(a) of the Act. Interested parties may contact the Department's Central Records Unit, Room 1117 of the main Commerce building, for copies of an updated list of countervailing duty orders currently in effect.

This notice is issued and published in accordance with sections 705(c)(2), 706(a) and 777(i)(1) of the Act, and 19 CFR 351.211.

Dated: July 19, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Certain Potassium Phosphate Salts From the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the "Department") and the International Trade Commission ("ITC"), the Department is issuing an

antidumping duty order on certain potassium phosphate salts from the People's Republic of China ("PRC").

DATES: *Effective Date:* July 22, 2010.

FOR FURTHER INFORMATION CONTACT: Kathleen Marksberry, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230; telephone: (202) 482-7906.

SUPPLEMENTARY INFORMATION

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended, ("Act"), the Department published the final determination of sales at less than fair value ("LTFV") in the antidumping investigation of certain potassium phosphate salts from the PRC. See *Certain Potassium Phosphate Salts from the People's Republic of China: Final Determination of Sales at Less Than Fair Value and Termination of Critical Circumstances Inquiry*, 75 FR 30377 (June 1, 2010) (*Final Determination*). On July 15, 2010, the ITC notified the Department of its affirmative determination of material injury to a U.S. industry. See *Certain Potassium Phosphate Salts from the People's Republic of China*, USITC Publication 4171, Investigation Nos. 701-TA-473 and 731-TA-1173 (Final) (July 2010). Pursuant to section 736(a) of the Act, the Department is issuing the antidumping duty order on certain

potassium phosphate salts from the PRC.

Scope of the Order

The phosphate salts covered by this order include anhydrous Dipotassium Phosphate ("DKP") and Tetrapotassium Pyrophosphate ("TKPP"), whether anhydrous or in solution (collectively "phosphate salts").

TKPP, also known as normal potassium pyrophosphate, Diphosphoric acid or Tetrapotassium salt, is a potassium salt with the formula K₄P₂O₇. The CAS registry number for TKPP is 7320-34-5. TKPP is typically 18.7% phosphorus and 47.3% potassium. It is generally greater than or equal to 43.0% P₂O₅ content. TKPP is classified under heading 2835.39.1000, Harmonized Tariff Schedule of the United States ("HTSUS").

DKP, also known as Dipotassium salt, Dipotassium hydrogen orthophosphate or Potassium phosphate, dibasic, has a chemical formula of K₂HPO₄. The CAS registry number for DKP is 7758-11-4. DKP is typically 17.8% phosphorus, 44.8% potassium and 40% P₂O₅ content. DKP is classified under heading 2835.24.0000, HTSUS.

The products covered by this order include the foregoing phosphate salts in all grades, whether food grade or technical grade. The products covered by this order includes anhydrous DKP without regard to the physical form, whether crushed, granule, powder or fines. Also covered are all forms of TKPP, whether crushed, granule, powder, fines or solution.

For purposes of the order, the narrative description is dispositive, not the tariff heading, American Chemical Society, CAS registry number or CAS name, or the specific percentage chemical composition identified above.

Amendment to the Final Determination

In the *Final Determination* we determined that several companies qualified for a separate rate. See *Final Determination*, 75 FR at 30378. In the preliminary determination, we stated that the antidumping duty margin for companies receiving a separate rate would be based on an average of the rates submitted in the Petition. See *Certain Potassium Phosphate Salts From the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value* 75 FR 12508 (March 16, 2010) (*Preliminary Determination*). For the *Preliminary Determination*, the Department calculated the average margin for the separate rate companies based on the margins in the petition for TKPP, DKP and anhydrous monopotassium phosphate ("MKP"). However, as explained below, because the ITC made a negative determination of material injury with respect to MKP, the Department is basing its calculation of the separate rate margin on the petition margins for TKPP and DKP only. Therefore, the separate rate margin has been amended to 62.23 percent. The PRC-wide rate of 95.4 percent was based on the highest margin alleged in the petition. Because the highest petition margin of 95.4 percent was for DKP, the

PRC-wide rate has not changed. The revised dumping margins are listed in the chart below.

Antidumping Duty Order

Antidumping Duty Order

On July 15, 2010, in accordance with section 735(d) of the Act, the ITC notified the Department of its final determination in this investigation. In its determination, the ITC found three domestic like products (DKP, TKPP, and MKP), covering the scope of subject merchandise subject to the investigation. The ITC made affirmative determinations with respect to DKP and TKPP, and a negative determination with respect to MKP. Since the ITC made different affirmative injury determinations for domestic like products, the Department must instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on entries of DKP and TKPP separately from MKP.

MKP

Because the ITC made a negative determination of material injury with respect to MKP, the Department will direct CBP to terminate the suspension of liquidation for entries of MKP from the PRC entered, or withdrawn from warehouse, and to release any bond or other security, and refund any cash deposit, posted to secure the payment of estimated antidumping duties with respect to these entries.

DKP and TKPP

Because the ITC determined that imports of DKP and TKPP from the PRC are materially injuring a U.S. industry, all unliquidated entries of such potassium phosphate salts from the PRC, entered or withdrawn from warehouse, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct CBP to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise for all relevant entries of certain potassium phosphate salts from the PRC. These antidumping duties will be assessed on unliquidated entries of DKP and TKPP from the PRC entered, or withdrawn from the warehouse, for consumption on or after March 16, 2010, the date on which the Department published its *Preliminary Determination*.

Effective on the date of publication of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as listed below. See section 736(a)(3) of the Act. The "PRC-wide" rate applies to all exporters of subject merchandise not specifically listed. The weighted-average dumping margins are as follows:

Exporter	Supplier	Weighted-average margin
Snow-Apple Group Limited	Chengdu Long Tai Biotechnology Co., Ltd	62.23
Tianjin Chengyi International Trading (Tianjin) Co., Limited	Zhenjiang Dantu Guangming Auxiliary Material Factory	62.23
Tianjin Chengyi International Trading (Tianjin) Co., Limited	Sichuan Shifang Hongsheng Chemicals Co., Ltd	62.23
Wenda Co., Ltd	Thermphos (China) Food Additive Co., Ltd	62.23
Yunnan Newswift Company Ltd	Guangxi Yizhou Yisheng Fine Chemicals Co., Ltd	62.23
Yunnan Newswift Company Ltd	Mainzhu Hanwang Mineral Salt Chemical Co., Ltd	62.23
Yunnan Newswift Company Ltd	Sichuan Shengfeng Phosphate Chemical Co., Ltd	62.23
PRC-Wide ¹	95.40

This notice constitutes the antidumping duty order with respect to certain potassium phosphate salts from the PRC pursuant to section 736(a) of the Act. Interested parties may contact the Department's Central Records Unit, Room 1117 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This notice is published in accordance with sections 735(d) and 736(a) of the Act and 19 CFR 351.210(c) and 351.211.

Dated: July 19, 2010.
Ronald K. Lorentzen,
