- Compliance with all applicable executive orders

#### Preliminary Alternatives

As required by Council on Environmental Quality (CEQ) implementing regulations (40 CFR

1502.2[e]), a range of reasonable alternatives will be evaluated in detail in the EIS. These alternatives will include No Action and may include alternatives such as development of alternative project configurations, water supplies, and types of water treatment. A preferred alternative has not been identified yet.

#### Public Disclosure Statement

To assist Reclamation in determining issues related to the proposed Federal action, comments made during formal scoping and later on the draft EIS should be as specific as possible. It is very important that those interested in this proposed Federal action participate by the close of the scoping period so that substantive comments are made available to Reclamation at a time when the agency can meaningfully consider and respond to them.

If you wish to comment, you may mail or e-mail your comments as indicated under the Addresses section. Before including your name, address, phone number, e-mail address, or any other personal identifying information in your comment, you should be aware that your entire comment (including your personal identifying information) may be made available to the public at any time. While you can request in your comment for us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: July 27, 2010.
