

A final comment was received from a State egg association. While the commenter declined to comment on whether the assessment should be increased, the commenter wrote in favor of AEB's programs. The commenter also suggested increasing support funding at the State level for promotion activities. As previously discussed, this would be up to producer members of the AEB to determine.

In addition, the commenter suggested changes concerning board membership that are outside the scope of the proposed rule.

The Act provides that AEB may recommend an increased assessment rate to the Secretary. In accordance with the provisions of the Act, AEB has done so, and the assessment increase provided for herein will be subject to a referendum vote.

The proposed rule published on September 25, 2009, stated that producers owning 75,000 or fewer laying hens were exempt and ineligible to vote, as producers owning 75,000 or fewer laying hens are eligible to receive an exemption. However, § 1250.530 of the regulations provide that, to obtain an exemption, producers must file an exemption statement with their collecting handler(s) and provide a copy to AEB. Producers who would qualify for an exemption but who are not certified for exemption and who pay assessments are not exempt and therefore eligible to vote in the referendum. The referendum order so states.

#### Referendum Order

It is hereby directed that a referendum be conducted among eligible egg producers to determine whether such producers favor the assessment increase.

The procedure applicable to the referendum shall be the procedure for the conduct of referenda in connection with the Egg Research and Promotion Order (7 CFR 1250.200) as published in this issue of the **Federal Register**. The referendum period shall be from October 29 through November 19, 2010.

For the purpose of determining voter eligibility, the representative period is the period January 1 through December 31, 2009. Producers engaged in commercial egg production are eligible to vote in the referendum if they (a) owned more than 75,000 laying hens during that period, or (b) owned 75,000 or fewer laying hens, are not certified as exempt producers, and paid assessments.

For the increase to be approved, it must be approved or favored by at least two-thirds of the producers voting in the referendum, or a majority of such

producers if they represent at least two-thirds of the commercial eggs produced by those voting.

The agents of the Secretary to conduct such referendum are hereby designated to be Angela C. Snyder and Sara D. Lutton, Research and Promotion; Standards, Promotion & Technology Branch; Poultry Programs, AMS, USDA; 1400 Independence Avenue, SW., Room 3932-S Stop 0256; Washington, DC 20250-20549; telephone (202) 720-4476; fax (202) 720-2930, or e-mail at [Angie.Snyder@ams.usda.gov](mailto:Angie.Snyder@ams.usda.gov). The agent may appoint subagents to assist in performing duties related to the referendum.

Ballots, instructions, eligibility requirements, and other information pertinent to the referendum will be mailed to all known eligible egg producers.

If any eligible voter does not receive a ballot by the beginning date of the referendum period, such individual may obtain a ballot from the address provided in the information contact section of this rule. Single copies of the complete text of the proposed amendments to the Egg Research and Promotion Order and Rules and Regulations may also be obtained from this address.

**FOR FURTHER INFORMATION CONTACT:** Anne Sullivan, Office of the General Counsel, 202-551-5019.

**SUPPLEMENTARY INFORMATION:** The Regulatory Flexibility Act ("RFA"), codified at 5 U.S.C. 600-611, requires an agency to review its rules that have a significant economic impact upon a substantial number of small entities within ten years of the publication of such rules as final rules. 5 U.S.C. 610(a). The purpose of the review is "to determine whether such rules should be continued without change, or should be amended or rescinded \* \* \* to minimize any significant economic impact of the rules upon a substantial number of such small entities." 5 U.S.C. 610(a).

The RFA sets forth specific considerations that must be addressed in the review of each rule:

- The continued need for the rule;
- The nature of complaints or comments received concerning the rule from the public;
- The complexity of the rule;
- The extent to which the rule overlaps, duplicates or conflicts with other federal rules, and, to the extent feasible, with state and local governmental rules; and
- The length of time since the rule has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the rule. 5 U.S.C. 610(c).

The Securities and Exchange Commission, as a matter of policy, reviews all final rules that it published for notice and comment to assess not

only their continued compliance with the RFA, but also to assess generally their continued utility. The list below is therefore broader than that required by the RFA, and may include rules that do not have a significant economic impact on a substantial number of small entities. Where the Commission has previously made a determination of a rule's impact on small businesses, the determination is noted on the list. The Commission particularly solicits public comment on whether the rules listed below affect small businesses in new or different ways than when they were first adopted.

The rules and forms listed below are scheduled for review by staff of the Commission during the next twelve months. The list includes rules from 1999. When the Commission implemented the Act in 1980, it stated that it "intend[ed] to conduct a broader review [than that required by the RFA], with a view to identifying those rules in need of modification or even rescission." Securities Act Release No. 6302 (Mar. 20, 1981), 46 FR 19251 (Mar. 30, 1981). The rules are grouped according to which Division or Office of the Commission recommended their adoption.
