

A discussion was held on possible methodology for research and gap analysis. Solicitations on how to organize the gathered data and compile lists was sought. It was stated that it is important that topics don't get missed during the first pass of data sorting. To help with this work, Mr. Michael Mitchell volunteered to be a liaison to the PCI Standards organization. He stated that they have a small business section with lots of potentially valuable information and would be happy to work with them on behalf of the Task Force to gather information from them.

The discussion evolved into the need for resources and a software tool to capture, store, and list all of the gathered data. This discussion highlighted the need for qualitative caveats, as the amount of information such as certification and training resources could be enormous. The issue of funding and licenses for the purpose of this project was discussed. A question on Task Force funding was asked. Mr. Pickens stated that an appropriation of finances was included within the authorizing law to support the Task Force. Mr. Pickens agreed to consult the appropriate parties to determine if it was indeed allocated.

During the open floor portion of the meeting, Mr. Terry Erdle volunteered to interface on behalf of CompTIA to the list of Trade Associations, as CompTIA functions both as a certifying body and a Trade Association for the computing technology industry itself. Mr. Aaron Bernstein then volunteered to contact Microsoft to inquire into the possibility of Microsoft providing an online collaborative space software tool for use. Additionally, Dr. Babita Gupta volunteered to look at resources within the nonprofit and academia sectors for available research that would be helpful to the Task Force.

At the conclusion of the meeting, everyone was instructed to take away the draft work plan handout as a starting point for brainstorming how to handle the task of gathering, sorting, and reporting back on the data. Responses on the document were requested to be provided to Mr. Pickens by Friday, December 3, 2010, who will then consolidate them all into a single document for discussion at the next meeting.

The meeting was adjourned at 1:42 p.m.

SMALL BUSINESS ADMINISTRATION

Patriot Express Pilot Loan Initiative

AGENCY: U.S. Small Business Administration (SBA).

ACTION: Notice of extension of the Patriot Express Pilot Loan Initiative.

SUMMARY: This notice extends the Patriot Express Pilot Loan Initiative in its current form through December 31, 2013. This pilot initiative, established in 2007, was designed to increase lending to small businesses owned by members of the military community. It is based on the SBA Express model which uses streamlined documentation but provides a higher SBA guaranty of 85 percent for loans of \$150,000 or less and 75 percent for loans greater than \$150,000 up to \$500,000.

DATES: The Patriot Express Pilot Loan Initiative is extended through December 31, 2013.

FOR FURTHER INFORMATION CONTACT:
Grady B. Hedgespeth, Director, Office of Financial Assistance, U.S. Small Business Administration, 409 Third Street, SW., Washington, DC 20416; Telephone (202) 205-6490; grady.hedgespeth@sba.gov.

SUPPLEMENTARY INFORMATION: The Patriot Express Pilot Loan Initiative was established in 2007 and was based on the Agency's SBA Express Program. Lenders approved for participation in Patriot Express are authorized to use the expedited loan processing procedures in place for SBA Express, in order to specifically support lending to small businesses owned by eligible members of the military community. To encourage lenders to make these loans, SBA provides its full 75-85 percent guaranty, rather than the 50 percent guaranty the Agency provides under SBA Express. Also, the maximum loan amount under this pilot initiative is \$500,000.

On June 22, 2007, SBA published a notice in the **Federal Register** announcing the program. (72 FR 34501) Since the program was implemented, more than 6,800 Patriot Express loans have been approved. SBA believes it is premature to assess the results of this pilot initiative at this time because most of the loans in this pilot were made in the last two years and there has not been

sufficient time to measure their performance. An extension of this pilot for an additional three years will allow SBA time to better evaluate the results of the program and determine whether changes need to be made.

Authority: 15 U.S.C. 636(a)(25); 13 CFR 120.3.

Director, Office of Financial Assistance.

Abstract of Proposed Collection

The Nonimmigrant Visa Electronic Application (DS–160) will be used to collect biographical and other information from individuals seeking a nonimmigrant visa. The consular officer uses the information collected to determine the applicant's eligibility for a visa. This collection combines questions from current information collections DS–156 (Nonimmigrant Visa Application), DS–157 (Nonimmigrant Supplemental Visa Application), and the DS–158 (Contact Information and Work History Application).

Methodology

The DS–160 will be submitted electronically to the Department via the Internet. The applicant will be instructed to print a confirmation page containing a bar-coded record locator, which will be scanned at the time of processing. Applicants who submit the electronic application will no longer submit paper-based applications to the Department.

Dated: December 1, 2010.

David T. Donahue,

Deputy Assistant Secretary, Bureau of Consular Affairs, Department of State.

Abstract of Proposed Collection

INA Section 221(d) requires that prior to the issuance of an immigrant visa the applicant undergo a physical and mental examination. The results of the medical examination are used to determine the alien's eligibility for such a visa under INA 212(a)(1). INA Section 412(b)(4)(B) requires that the United States Government “provide for the identification of refugees who have been determined to have medical conditions affecting the public health and requiring treatment.” Form DS–2053, Medical Examination for Immigrant or Refugee Applicant (1991 Technical Instructions); Form DS–2054, Medical Examination for Immigrant or Refugee Applicant (2007 Technical Instructions); Form DS–3024, Chest X–Ray and Classification Worksheet (1991 Technical Instructions); Form DS–3030, Chest X–Ray and Classification Worksheet (2007 Technical Instructions); Form DS–3025, Vaccination Documentation Worksheet; Form DS–3026, Medical History and Physical Examination Worksheet, are designed to record the results of the medical examination. The panel physician performs the medical examination of the applicant and completes the forms. Medical exams may also be required occasionally for nonimmigrant visa applicants.

Methodology

The electronic medical forms will be submitted electronically to the Department. Doctors who submit the
