

Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is May 2, 2011.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: April 11, 2011.

Nathaniel J. Davis, Sr.,
Deputy Secretary

BILLING CODE 6717-01-P

(Northern) tendered for filing a *Petition for Approval of Settlement Amendment* including a proposed Amendment to Stipulation and Agreement of Settlement.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on Friday, April 15, 2011.

Dated: April 11, 2011.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL11-28-000]

Solutions for Utilities, Inc. v. Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company, California Public Utilities Commission; Notice of Petition

Take notice that on March 21, 2011, pursuant to section 210(h)(2) of the Public Utility Regulatory Policies Act of 1978 (PURPA),¹ Solutions for Utilities, Inc. filed a petition requesting that the Federal Energy Regulatory Commission (Commission) enforce the requirements of PURPA against Pacific Gas and Electric Company (PG&E), Southern California Edison Company (SCE), San Diego Gas & Electric Company (SDG&E), and the California Public Utilities Commission (CPUC), and find that the CPUC failed to follow Commission Rules and Regulations for interstate wholesale sales of electricity and the Commission's Regulations implementing PURPA, in addition to finding PG&E, SCE, & SDG&E mislead renewable energy developers regarding interconnection to the electric grid; price to be paid to renewable generators; and non-price terms.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9297-2; Docket ID No. EPA-HQ-ORD-2009-0398]

Draft Toxicological Review of Methanol (Non-Cancer) in Support of Summary Information on the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public comment period and listening session.

SUMMARY: EPA is announcing a 60-day public comment period and listening session for the external review draft human health assessment titled, “Toxicological Review of Methanol (Non-Cancer): In Support of Summary Information on the Integrated Risk Information System (IRIS)” (EPA/635/R-11/001). The draft assessment was prepared by the National Center for Environmental Assessment (NCEA) within the EPA Office of Research and Development (ORD). EPA is releasing this draft assessment solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This draft assessment has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

In January 2010, EPA released an external peer review draft IRIS Toxicological Review for methanol (EPA/635/R-09/013), containing both

cancer and non-cancer analyses, and requested that the Science Advisory Board conduct a review of this human health assessment. Following a report from the National Toxicology Program, EPA placed the external peer review of the draft IRIS Methanol Toxicological Review on hold. The National Toxicology Program report recommended that pathology reviews be carried out to resolve differences of opinion in the diagnoses of certain tumors reported in a Ramazzini Institute methanol research study, which was cited and used to support some of the conclusions in the draft IRIS assessment. As a result, EPA and the National Institute of Environmental Health Sciences plan to jointly sponsor an independent Pathology Working Group (PWG) review of select studies conducted at the Institute. EPA is today releasing the draft IRIS Methanol Toxicological Review (Non-Cancer) for public comment while continuing to hold the cancer assessment that was previously released in January 2010. The data and studies used in the draft IRIS Methanol Toxicological Review (Non-Cancer) are unrelated to the tumor diagnoses being re-examined by the PWG. The information, analyses and conclusions of the draft assessment announced in this notice are identical to the non-cancer portions of the draft assessment previously released in January 2010. Comments relevant to the non-cancer methanol assessment that were received during the previous public comment period for the joint cancer and non-cancer assessment will be considered along with new comments.

An EPA listening session will be held on May 26, during the public comment period for this draft assessment. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on the draft IRIS health assessment to EPA and other interested parties attending the listening session. EPA welcomes the comments that will be provided to the Agency by the listening session participants. The comments will be considered by the Agency as it revises the draft assessment after the external peer review. EPA will compile a list of meeting participants, including the name, principal affiliation, and sponsor of each person attending or calling in to the meeting. The list of listening session participants as well as presentations and written materials given to NCEA will be made a part of the public record.

After public review and comment, an EPA contractor will hold a meeting of expert panelists for independent external peer review of this draft

assessment. The public comment period and external peer review meeting are separate processes that provide opportunities for all interested parties to comment on the assessment. The external peer review meeting, to be scheduled at a later date, will be open to the public and announced in the **Federal Register**. Public comments submitted during the public comment period will be provided to the external peer reviewers before the panel meeting and considered by EPA in the disposition of public comments. Public comments received after the public comment period closes will not be submitted to the external peer reviewers and will only be considered by EPA if time permits.

DATES: The public comment period begins April 18, 2011, and ends June 17, 2011. Comments should be in writing and must be received by EPA by June 17, 2011.

The listening session on the draft assessment for methanol will be held on May 26, beginning at 9 a.m. and ending at 4 p.m., Eastern Time. Interested parties who wish to attend the listening session should register no later than May 19. If you wish to present at the listening session, indicate in your registration that you would like to make oral comments and provide the length of your presentation. To register to speak and/or listen send an e-mail to IRISListeningSession@epa.gov (subject line: Methanol Listening Session); call Christine Ross at 703-347-8592; or fax a registration request to 703-347-8689. Please reference the “Methanol Listening Session” and include your name, title, affiliation, sponsor information, full address and contact information. Indicate if you will need audio-visual equipment (e.g., laptop computer and slide projector). In general, each presentation should be no more than 30 minutes. If, however, there are more requests for presentations than the allotted time allows, then the time limit for each presentation will be adjusted. A copy of the agenda for the listening session will be available at the meeting. If no speakers have registered by May 19, the listening session will be cancelled, and EPA will notify those registered of the cancellation.

ADDRESSES: The draft “Toxicological Review of Methanol (Non-Cancer): In Support of Summary Information on the Integrated Risk Information System (IRIS)” is available primarily via the Internet on the NCEA home page under the Recent Additions and Publications menus at <http://www.epa.gov/ncea>. A limited number of paper copies are available from the Information
