Data Information System-VA"
(97VA105) as set forth in the **Federal
Register** 72 FR 46130-46133 dated

August 16, 2007. VA is amending the
system by revising the System Location,

Purpose, Routine Uses of Records
Maintained in the System, Record
Source Category, and Appendix 5. VA is
republishing the system notice in its
entirety.

SUPPLEMENTARY INFORMATION: Under
§ 527 of title 38, U.S.C., and the
Government Performance and Results
Act of 1993, Public Law 103-62, VA is
required to measure and evaluate, on an
ongoing basis, the effectiveness of VA
benefit programs and services. In
performing this required function, VA
must collect, collate and analyze full
statistical data regarding participation,
provision of services, categories of
expenditures for all VA programs. This
combined database is necessary for the
Veterans Health Administration (VHA)
to accurately and timely assess the
current health care usage by the patient
population served by VA, to forecast
future demand for VA medical care by
individuals currently eligible for service
by VA medical facilities, and to
understand the numerous implications
of cross-usage between VA and non-VA
health care systems.

As VA has widened its scope of the
Centers for Medicare and Medicaid

Services (CMS) data usage and further
centralized the source of data in order
to improve efficiency and protect
privacy/security of data elements, it was
necessary to implement changes to the
management and use of these records. A
summary of these changes follows:

1. The purpose of this system of
records has been revised to add the need
to use the records and information for
evaluation of Department programs, and
for research as defined by Common
Rule.

2. The records will be retained at the
site listed in Appendix 5.

3. Under Categories of Records
information from the Persian Gulf
registry has been added and the types of
CMS records maintained now includes
health care utilization, demographic,
enrollment, and survey/assessment files
including veteran and non-veteran data.
In addition, information on veterans
enrolled for VA health care who have
participated in the periodic "VHA
Survey of Veteran Enrollees' Health and
Reliance Upon VA" is now included in
the system. Additional data includes:
Civilian Health and Medical Program of
the Department of Veterans Affairs
(CHAMPVA); VA/DOD Identity
Repository (VADIR), as well as the OEF/
OIF roster (Defense Manpower Data
Center); and United States Renal Data
System (USRDS).

4. System Manager and Address was
updated to reflect: Manager, Medicare
and Medicaid Analysis Center, 100
Grandview Rd., Suite 114, Braintree,
MA 02184.

Under section 264, Subtitle F of Title
II of the Health Insurance Portability
and Accountability Act of 1996 (HIPAA)
Public Law 104-191, 100 Stat. 1936,
2033-34 (1996), the Department of
Health and Human Services (HHS)
published a final rule, as amended,
establishing Standards for Privacy of
Individually-Identifiable Health
Information, 45 CFR parts 160 and 164.
VHA may not disclose individually-
identifiable health information (as
defined in HIPAA and the Privacy Rule,
42 U.S.C. 1320(d)(6) and 45 CFR
164.501) pursuant to a routine use
unless either: (a) the disclosure is
required by law, or (b) the disclosure is
also permitted or required by the HHS
Privacy Rule. The disclosures of
individually-identifiable health
information contemplated in the routine
uses published in this amended system
of records notice are permitted under
the Privacy Rule or required by law.
However, to also have authority to make
such disclosures under the Privacy Act,
VA must publish these routine uses.
Consequently, VA is adding a
preliminary paragraph to the routine

uses portion of the system of records notice stating that any disclosure pursuant to the routine uses in this system of records notice must be either required by law or permitted by the Privacy Rule before VHA may disclose the covered information. VA is also proposing to add the following routine use disclosure of information maintained in the system:

- Routine use 8 was added. The record of an individual who is covered by a system of records may be disclosed to a Member of Congress, or a staff person acting for the member, when the member or staff person requests the record on behalf of and at the written request of the individual.

- Routine use 9 was added. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

- Routine use 10 was added. Disclosure to the Equal Employment Opportunity Commission when requested in connection with investigations of alleged or possible discrimination practices, examinations of Federal affirmative employment programs, compliance with the Uniform Guidelines of Employee Selection Procedures, or other functions of the Commission as authorized by law or regulation.

- Routine use 11 was added. Disclosure to a former VA employee or contractor, as well as the authorized representative of a current or former employee or contractor of VA in proceedings before the Merit Systems Protection Board or the Office of the Special Counsel in connection with appeals, special studies of the civil service and other merit systems, review of rules and regulations, investigation of alleged or possible prohibited personnel practices, and such other functions promulgated in 5 U.S.C. 1205 and 1206, or as otherwise authorized by law.

- Routine use 12 was added. Disclosure to the Federal Labor Relations Authority, including its General Counsel, information related to the establishment of jurisdiction, investigation, and resolution of allegations of unfair labor practices, or in connection with the resolution of exceptions to arbitration awards when a question of material fact is raised in matters before the Federal Service Impasses Panel.

The Privacy Act permits VA to disclose information about individuals without their prior written consent for a routine use when the information will be used for a purpose that is compatible with the purpose for which we collected

the information. In all of the routine use disclosures described above, the recipient of the information will use the information in connection with a matter relating to one of VA's programs, and will use the information to provide a benefit to VA, or disclosure is required by law.

The Report of Intent to Publish an Amended System of Records Notice and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director of Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

Approved: March 30, 2011.

John R. Gingrich,
Chief of Staff, Department of Veterans Affairs.
