Title of Proposal: Assessment of Native American, Alaska Native and Native Hawaiian Housing Needs

Description of the need for information and proposed use:

The Department is conducting this study under contract with The Urban Institute and its subcontractors, NORC,

Econometrica and SSI. The project is a housing needs assessment that will produce national level estimates of housing needs in tribal areas in the United States. Under the Native American Housing and Self Determination Act of 1996 (NAHASDA), HUD provides funding through several programs to Native American and Alaskan Native populations. The level of housing need is of particular interest to HUD and the Congress has mandated this study (see Senate Report 111-69). HUD has not published a study on housing needs, in general, for this population since 1996. The surveys covered by this data collection include a household survey of tribal members, a telephone, web, and in-person survey of tribes and/or Tribally Designated Housing Entities (TDHEs), an interview guide for tribal leaders, a survey of lenders working in tribal areas, an interview guide for organizations and leaders in Hawaii, and an interview guide for staff at Urban Indian Centers.

Members of the affected public:

- TDHE/tribal housing staff: 80 phone surveys, 24 in-person interviews, and 449 web-based surveys
- Household survey: Approximately 1,280 households
- Lender survey: 30-35 lenders, primarily Section 184 Program approved lenders, but also including tribe-owned credit unions, Native CDFIs, and lenders using state HFA initiatives.
- Urban study telephone interviews: 25 Indian Community Center Directors in urban areas
- In-person interviews for urban study (5 locations): other Indian community center staff; housing agency, homeless shelter, and social service agency staff.

Group discussions: Native Americans residents in urban areas served by the above agencies in 5 locations. Hawaii study: telephone interviews with Native Hawaiian agency staff and stakeholders; homestead associations.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

Respondents	Number of respondents	Number responses per respondent	Average burden/response (in hours)	Total burden hours
Household Survey	1280	1	45 minutes (.75 hour)	960

Lender Telephone Interviews	35	1	45 minutes (.75 hours) ...	26.25

Respondents	Number of respondents	Number responses per respondent	Average burden/response (in hours)	Total burden hours
On-site interviews with Tribal Leaders, Program Staff.	96 (24 sites × 4 per site)	1	1 hour	96
Telephone Interviews of Indian Community Center Directors.	25	1	30 minutes (.5 hours)	12.5
On-site interviews for Urban Indian case studies	25 (5 × 5 per site)	1	1.5 hours	37.5

SUPPLEMENTARY INFORMATION: The Emergency Capital Repair Grants Program is authorized by Section 202(b) of the Housing Act of 1959 (12 U.S.C. 1701q-2). Section 202b was amended to provide grants for ‘substantial capital repairs to eligible multifamily projects with elderly tenants that are needed to rehabilitate, modernize, or retrofit aging structures, common areas or individual dwelling units.’ HUD accepted applications on a first-come, first-serve basis and awarded emergency capital repair grants until available amounts were expended.

The Catalog of Federal Domestic Assistance number for this program is 14.315.

The Emergency Capital Repair Grant is designed to provide funds to make emergency capital repairs to eligible multifamily projects owned by private nonprofit entities designated for occupancy by elderly tenants. The capital repair needs must relate to items that present an immediate threat to the health, safety, and quality of life of the tenants. The intent of these grants is to provide one-time assistance for emergency items that could not be absorbed within the project’s operating budget and other project resources.

A total of \$4,893,248 was awarded to 16 projects and 1,809 units. In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987. 42 U.S.C. 3545), the Department is publishing the grantees and amounts of the awards in Appendix A of this document.
