

Deep Creek Hydroelectric Project to be located on Deep Creek, Oxbow Creek, and Snake River in Adams County, Idaho. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project will consist of the following: (1) a 20-foot-wide, 6-feet-high concrete diversion on Deep Creek; (2) a 20-foot-wide, 6-feet-high concrete diversion on Oxbow Creek; (3) a 10,000-foot-long, 2-foot-diameter steel penstock; (4) a powerhouse situated at the confluence of Deep Creek and the Snake River containing one Pelton-type impulse turbine at 3-megawatts; (5) a 500-foot-long, 12.5-kilovolt-ampere transmission line connecting to the Idaho Power Company's Hell Canyon Dam sub-station at the Hells Canyon Dam; (6) a 10,000-foot-long gravel road. The estimated annual generation of the project would be 13 gigawatt-hours.

Applicant Contact: Mr. John J. Straubhar, P.O. Box 5071, Twinfalls, ID 83303; *phone:* (208) 794-2930.

FERC Contact: Ian Smith; *phone:* (202) 502-8943.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/>

ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14102-000) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: June 8, 2011.

Kimberly D. Bose,
Secretary.

Federal Energy Regulatory Commission

[Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a

summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact FERC, Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9319-4]

Science Advisory Board Staff Office Notification of a Public Meeting of the Science Advisory Board Panel for the Review of Great Lakes Restoration Initiative Action Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces a public face-to-face meeting of the SAB panel to review the interagency *Great Lakes Restoration Initiative (GLRI) Action Plan (FY 2010-FY2014)* that describes restoration priorities, goals, objectives, measurable ecological targets, and specific actions for the Great Lakes.

DATES: The meeting will be held on July 12, 2011 from 9 a.m. to 5:30 p.m. and July 13, 2011 from 8 a.m. to 5 p.m. (Central Time).

ADDRESSES: The Panel meeting will be held at the *Congress Plaza Hotel, 520 South Michigan Avenue, Chicago, IL 60605.*

FOR FURTHER INFORMATION: Any member of the public wishing further information regarding this meeting may contact Mr. Thomas Carpenter, Designated Federal Officer (DFO), SAB Staff Office, by telephone/voice mail at (202) 564-4885; by fax at (202) 565-2098 or via e-mail at carpenter.thomas@epa.gov. General information concerning the EPA Science Advisory Board can be found at the EPA SAB Web site at <http://www.epa.gov/sab>. Any inquiry regarding the Great Lakes Restoration Initiative's Action Plan should be directed to Mr. Paul Horvatin, Chief, Monitoring Indicators and Reporting Branch, horvatin.paul@epa.gov (312) 353-3612, or Mr. Todd Nettlesheim, nettesheim.todd@epa.gov (312) 353-9153, U.S. EPA Great Lakes National Program Office, 77 West Jackson Boulevard (G-17J), Chicago, Illinois 60604.

SUPPLEMENTARY INFORMATION:

Background: The SAB was established pursuant to the

Environmental Research, Development, and Demonstration Authorization Act (ERDAA) codified at 42 U.S.C. 4365, to provide independent scientific and technical peer review, advice, consultation, and recommendations to the EPA Administrator on the technical basis for EPA actions. As a Federal Advisory Committee, the SAB conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

EPA is leading an interagency Great Lakes Restoration Initiative (GLRI) to protect and restore the chemical, biological, and physical integrity of the Great Lakes. The GLRI Action Plan is designed to target the most significant environmental problems in the region, as documented in extensive scientific studies, conferences and workshops. To guide the efforts of the GLRI, EPA and its Federal partners, through the Great Lakes Interagency Task Force, developed a comprehensive multi-year Action Plan. The GLRI Action Plan identifies outcome-oriented performance goals, objectives, measurable ecological targets, and specific actions for five major focus areas: Toxic substances and areas of concern; invasive species; near-shore health and nonpoint source pollution; habitat and wildlife protection and restoration; and accountability, education, monitoring, evaluation, communication, and partnerships. EPA is seeking SAB review and comment regarding the Great Lakes Restoration Initiative's Action Plan. The SAB Staff Office requested public nominations of experts to serve on a review panel to advise the Agency on scientific and technical issues related to the GLRI Action Plan (75 FR 185, 58383-58385, September 24, 2010). The SAB Staff Office sought nominations of nationally and internationally recognized scientists and engineers with demonstrated expertise and research or management experience in one or more of the following areas: Limnology, landscape ecology, restoration ecology, ecotoxicology, population biology, aquatic biology, fisheries and wildlife management, invasive species, water chemistry, environmental engineering, environmental monitoring, and environmental assessment. Information about formation of the panel, the Action Plan, and additional information describing the scientific background and basis for the Action Plan can be found at http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/

Review%20of%20GLRI%20

Action%20Plan?OpenDocument. The purpose of the July 12-13, 2011, meeting is for the Panel to discuss their review comments on The Great Lakes Restoration Initiative Action Plan and scientific background document.

Availability of the review materials: The GLRI Action Plan is available on the Great Lakes National Program Office Web site http://greatlakesrestoration.us/?page_id=24. The agenda, the GLRI Action Plan, and scientific background document are available at the SAB Web site http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/Review%20of%20GLRI%20Action%20Plan?OpenDocument. For questions concerning the GLRI, please contact Paul Horvatin, Chief, Monitoring Indicators and Reporting Branch, U.S. EPA Great Lakes National Program Office, 77 West Jackson Boulevard (G-17J), Chicago, Illinois 60604, phone (312) 353-3612; fax (312) 385-5456, or at horvatin.paul@epa.gov.

Procedures for Providing Public Input: Public comment for consideration by EPA's Federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a Federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. Input from the public to the SAB will have the most impact if it consists of comments that provide specific scientific or technical information or analysis for SAB panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the Designated Federal Officer for the relevant advisory committee directly. *Oral Statements:* In general, individuals or groups requesting an oral presentation at this public meeting will be limited to five minutes per speaker. Interested parties should contact Mr. Thomas Carpenter, DFO, in writing (preferably via e-mail), at the contact information noted above, by June 28, 2011 to be placed on the list of public speakers for the meeting. *Written Statements:* Written statements should be received in the SAB Staff Office by July 5, 2011 so that the information may be made available to the SAB Panel for their consideration. Written statements should be supplied to the DFO in the following formats: One hard copy with
