Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to *omb@cdc.gov*. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

The Outcome Evaluation of the CDC National Prevention Information Network (NPIN, formerly known as the National AIDS Clearinghouse, OMB No. 0920-0768) — Revision—National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

NCHHSTP has the primary responsibility within the CDC and the U.S. Public Health Service for the prevention and control of HIV infection, viral hepatitis, sexually transmitted diseases (STDs), and tuberculosis (TB), as well as for community-based HIV prevention activities, syphilis, and TB elimination programs. NPIN serves as the U.S. reference, referral, and

distribution service for information on HIV/AIDS, viral hepatitis, STDs, and TB, supporting NCHHSTP’s mission to link Americans to prevention, education, and care services. NPIN is a critical member of the network of government agencies, community organizations, businesses, health professionals, educators, and human services providers that educate the American public about the grave threat to public health posed by HIV/AIDS, viral hepatitis, STDs, and TB. NPIN provides the most comprehensive listing of HIV/AIDS, viral hepatitis, STD, and TB resources and services for prevention partners and the American public throughout the country and makes it available on the NPIN Web site. More than 29 million hits to the Web site are recorded annually.

To accomplish CDC’s goal of consistently improving NPIN’s Web site, and NPIN’s other products and services, and meet the ever-growing needs of the prevention professionals, prevention partners, and the general public, it is necessary to collect feedback from visitors to the NPIN Web site and the users of NPIN’s products and services on a on-going basis. Every effort has been made to minimize the burden on prevention professionals and the general public.

Evaluation Method and Recruitment

The evaluation will be accomplished by survey data collection from two groups—users of the NPIN Web site and users of NPIN products and services. Respondents for each survey will include representatives from government agencies, community-based organizations, advocacy organizations, various other organizations involved in the prevention and/or treatment of HIV/AIDS, STDs, TB, and/or viral hepatitis, and the general public. The NPIN Web site user survey will be conducted on an ongoing basis via the Web site and a blast e-mail reminder will be sent out annually. The NPIN products and services user survey will be conducted on a bi-annual basis with a blast email sent out every 6 months. When

appropriate, NPIN will distribute the surveys at conferences and via social networks. Some of the NPIN Web site user surveys and the NPIN products and services surveys will be conducted over the phone as needed, which will be kept to an absolute minimum.

The information collected from the surveys is not intended to provide statistical data for publication. The purpose of this activity is solely to obtain user feedback that will help identify opportunities to improve the services and products provided to the public by NPIN and to ultimately allow NPIN to fulfill its mission.

Collecting the information described in this package allows NPIN to:

- Acquire accurate, up-to-date information from users of the NPIN Web site, and other products and services on a regular basis and in a timely manner.
- Identify the service needs of NPIN users and implement new features to meet those needs.
- Identify the strengths and weaknesses of the NPIN Web site, and others products and services.
- Collect data using a consistent format.
- Comply with requirements under the Public Health Service Act, Executive Order 12862, and GPRA.
- Provide the highest quality products and services to NPIN users.

Without this information collection, CDC will be hampered in successfully carrying out its mission of providing quality products and services to populations served. Failure to continue with our data collection effort would compromise efforts to meet the legislative requirement of being as responsive as possible to the public who consistently seek information about the prevention and treatment of HIV/AIDS, STDS, TB, and viral hepatitis. Moreover, it would diminish NPIN’s value to the public in terms of usability and credibility as a comprehensive Federal information and education resource. The total estimated annualized burden hours are 342.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Responses per respondent	Average burden per response (in hours)
NPIN Web Site User	NPIN Web site User Survey	500	1	15/60
NPIN Products and Services User	NPIN Products and Services User Survey	500	2	13/60

Dated: January 20, 2011.

Carol E. Walker,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

Advisory Committee on Immunization Practices (ACIP)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announce the following meeting of the aforementioned committee:

Times and Dates:

8 a.m.–6 p.m., February 23, 2011.

8 a.m.–5 p.m., February 24, 2011.

Place: CDC, Tom Harkin Global

Communications Center, 1600 Clifton Road, NE., Building 19, Kent “Oz” Nelson Auditorium, Atlanta, Georgia 30333.

Status: Open to the public, limited only by the space available.

Purpose: The committee is charged with advising the Director, CDC, on the appropriate uses of immunizing agents. In addition, under 42 U.S.C. 1396s, the committee is mandated to establish and periodically review and, as appropriate, revise the list of vaccines for administration to vaccine-eligible children through the Vaccines for Children (VFC) program, along with schedules regarding the appropriate periodicity, dosage, and contraindications applicable to the vaccines.

Matters To Be Discussed: The agenda will include discussions on: immunization of healthcare personnel; Japanese encephalitis vaccine; 13-valent pneumococcal conjugate vaccine; human papillomavirus (HPV) vaccines; human immunodeficiency virus (HIV); hepatitis B vaccine; pertussis vaccine; influenza; herpes zoster vaccine. Agenda items are subject to change as priorities dictate.

Contact Person for More Information: Stephanie B. Thomas, National Center for Immunization and Respiratory Diseases, CDC, 1600 Clifton Road, NE., Mailstop E-05, Atlanta, Georgia 30333, Telephone: (404) 639-8836, Fax: (404) 639-8905, e-mail acip@cdc.gov.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention, and the Agency for Toxic Substances and Disease Registry.

Dated: January 20, 2011.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.
