original primary systems of records which they are a part.

In general, the exemptions were claimed in order to protect properly classified information relating to national defense and foreign policy, to avoid interference during the conduct of criminal, civil, or administrative actions or investigations, to ensure protective services provided the President and others are not compromised, to protect the identity of confidential sources incident to Federal employment, military service, contract, and security clearance determinations, to preserve the confidentiality and integrity of Federal testing materials, and to safeguard evaluation materials used for military promotions when furnished by a confidential source. The exemption rule for the original records will identify the specific reasons why the records are exempt from specific provisions of 5 U.S.C. 552a.

An exemption rule for this system has been promulgated in accordance with the requirements of 5 U.S.C 553(b)(1), (2), and (3), (c) and (e) and published in 32 CFR part 319.

TRICARE; Hospital Outpatient Radiology Discretionary Appeal Adjustments

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Notice.

SUMMARY: This notice is to advise hospitals of an opportunity for net adjusted payments for radiology services for which TRICARE payments were not comparable to the pre-Outpatient Prospective Payment System (OPPS) Medicare fair rates for the period

August 1, 2003, to May 1, 2009 (or other appropriate end date for OPSS-exempt hospitals.)

DATES: The agency must receive a hospital's request on or before June 23, 2011, or October 11, 2011 for hospitals that did not receive notification by letter.

ADDRESSES: TRICARE Management Activity (TMA), Medical Benefits and Reimbursement Branch, 16401 East Centretech Parkway, Aurora, CO 80011-9066.

FOR FURTHER INFORMATION CONTACT: Martha M. Maxey, Medical Benefits and Reimbursement Branch, TMA, telephone (303) 676-3627.

SUPPLEMENTARY INFORMATION: In reviewing payments for hospital outpatient services, DoD has determined that, for radiology services specified in the regulation as being reimbursed under the allowable charge methodology, the technical component of the allowable charge did not approximate the Medicare fair payment for such hospital services as well as it could have. That is, in looking at the Medicare reimbursement methodologies in existence prior to adoption of Medicare's OPSS in 2000, (methodologies resulting in fair payment for Federal health care, which TRICARE allowable charges for hospitals outpatient services were intended to emulate), some radiology services were underpaid in comparison.

The National Defense Authorization Act for Fiscal Year 2002 required that TRICARE use Medicare reimbursement rates for hospitals to the extent practicable. While payments were made in accordance with 32 Code of Federal Regulation, 199.14, there is a basis for TRICARE to make discretionary net adjusted payments for radiology services for which TRICARE payments were not comparable to the pre-OPSS Medicare fair rates for the period in question.

On April 25, 2011, TMA mailed letters to thousands of hospitals notifying them of this opportunity. The hospitals (or their recovery agents) have until June 23, 2011, 60 days from the date of notification, to file an appeal for pay adjustments that will be adjudicated by TMA. Hospitals that did not receive notification by mail have 60 days from August 10, 2011.

Critical Access Hospitals (CAHs) which are not subject to TRICARE's OPSS shall submit a request for the period August 1, 2003, to November 30, 2009. As of December 1, 2010, the payments to CAHs are based on reasonable cost and thus potential

adjustments would not apply. Other hospitals not subject to OPSS (such as Cancer and Children's hospitals) shall submit a request for the period August 1, 2003, to December 31, 2010.

The payment adjustment process along with the notification letter to hospitals can be viewed at TMA's Web site at: <http://www.tricare.mil/RadiologyDiscretionaryAppealAdjustments>.

Abstract: Teaching and Learning International Survey (TALIS), is an international survey of the teaching workforce, teaching as a profession, and the learning environments of schools. Data are collected through questionnaires from individual teachers and their school principals in lower secondary schools (grades 7, 8 and 9) in the United States. TALIS' main objective is to help countries review current policy and develop informed education policy by providing accurate and relevant international indicators on teachers and teaching. TALIS offers an opportunity for teachers and school principals to provide their perspectives on the state of education in their own countries. Both teacher and principal questionnaires include questions about teacher and principal background and characteristics; teacher and principal professional development; school leadership and management; teacher appraisal and feedback; teachers' instructional beliefs and pedagogical practices; school climate and ethos;
